UNIQUE

BRINGING IDEAS TO LIFE

LEVEL4

INTRODUCTION

TAILORED TO YOUR VISION

By definition, Unique by Level 4 aims to create a variety of bespoke merchandise, tailored to your requirements. This guide will take you through the process and create a simple journey from enquiry to the delivery of product.

At Level 4, we have a wealth of resource at our disposal including first-class creative and commercial teams who have the knowledge and attention to detail that is required to execute the ordering and origination process efficiently.

QUALITY FIRST

Our established network of factories across the Far East have worked with Level 4 and some of the biggest brands in golf for many years and appreciate our demands for quality and innovation. This is now backed up by our own QC based in mainland China who takes personal responsibility for ensuring all goods leave the production facilities to the required exacting standards.

We have a simple premise here at Level 4. Anything is possible to make your products personal. Read on to find out more..

ORDER FLOW

CREATIVE PROCESS

01

ORDER ENQUIRY

The first step in the process is to establish your requirements. We have a wealth of experience with previous projects to draw on that can set the scene for your next order and plenty of inspiration to help you choose the right product and finish.

Your area retail consultant will be able to scope your project with you and create an order form that captures all the information related to your unique brassware project.

02

COST ESTIMATION

Once we have collated the information for your project, we estimate the costs for production and provide you with the details of this. We do not usually start the proofing and specification process until the costs have been agreed between you and your area retail consultant.

03

PROOF & SPECIFICATION

At this stage of the process we bring your ideas to life by producing artwork – or even a series of ideas if this has been agreed between you and your area retail consultant. At this stage, we may also need to carry out any logo or club crest re-drawing if the artwork you have supplied us is not production ready*.

Once we've finished our proofing and specification, we will provide you with a PDF for you to approve before going into production.

04

SUBMISSION

Providing you are happy with the proof and specification, we are then able to send your project into production. At this point we will be able to give a more accurate lead time, but typically we estimate 45 days from submission to delivery.

*Whether or not your artwork is production ready is at the discretion of the Level 4 team. We can only accept the following file formats for bespoke products: .ai, .eps, .svg and .pdf (providing is has been produced using vector drawing software).

PERSONALISED HEADCOVERS

UNIQUE

YOUR CHOICE OF...

DESIGN	Your choice of logos and design elements
MATERIAL	Premium leathers and fabrics of your choice
THREAD COLOUR	Wide choice of thread and fabric colours
STRUCTURE	Tailored construction and padding

MADE TO REPRESENT *YOUR CLUB*

SINGLE PRONG PITCHFORK

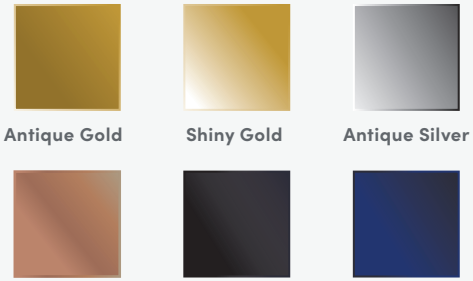
Design a completely bespoke pitchfork inspired by your brand identity, incorporating your logo, colours, shapes, and signature design elements. In this instance using the golf club's iconic clock with the hands set to the time representing the date the club was established to create a product that truly represents your brand.

PRICE

Choice of any colour

You can tailor your product to your brand by selecting any colour and metal finish - from bold enamel tones to brushed, polished, matte, or antique plating - to perfectly match your brand identity and aesthetic.

Popular metal finishes



Choice of any coloured infill

Precision recessed stamping with enamel colour infill

Choice of any shape

You can shape your pitchfork to suit your brand by custom-designing its outline, cutouts, handle form, and engraved or molded logo to match your brand's visual identity and style.

Represent your brand

In this instance using the golf club's iconic clock with the hands set to the time representing the date the club was established to create a product that truly represents your brand.

Choice of any metal coating

In this case, the black areas are solid metal. The colour is applied as a durable metal coating, giving a premium, high-end appearance.
