REVIEWS

"If you want a small and cheap power station, the big brands have several options. Go for it. But if you are smart, a person who does thorough research, and want something better than those without spending a fortune... ALL ROADS LEAD TO The OCPH POWERHOUSE!"

~ DUANE DE CASTRO
OCPH Powerhouse Owner

"... this product and the company's owner is a great asset to the power storage industry in this country! And this is coming from me who has been powering my home with solar energy since 2013."

~ ERVIN MALICDEM
OCPH Powerhouse Owner

"If you are looking for a power station, get this one. Choco was very helpful and accommodating. His workmanship is well thought off. The price is absolutely affordable for its specs compared to imported brands. We're very satisfied with this product and we highly recommend it!"

~ ANTHONY MANUNGAY
OCPH Powerhouse Owner

"Simply massive power capacity! A great piece of equipment and excellent after-sales service."
