2026 STBBA EXTRAVAGANZA AND SALE

NOVEMBER 13 – 14, 2026
FAYETTE COUNTY FAIRGROUNDS | LA GRANGE, TEXAS

A Message from the President

Dear BBU Members, Fellow Beefmaster Breeders, and Commercial Cattlemen,

On behalf of the South Texas Beefmaster Breeders Association (STBBA), it is my pleasure to personally invite you to join us for our **2026 STBBA Extravaganza and Sale, November 13 – 14, 2026, at the Fayette County Fairgrounds in La Grange, Texas.**

This annual event is more than just a cattle sale. It is an opportunity to bring together fellow breeders, commercial cattlemen, families, and friends who share a passion for the Beefmaster breed and the future of our industry.

One of the highlights of this year's Extravaganza will be the **Miss South Texas Futurity**, showcasing an outstanding group of females that represent the quality, genetics, and dedication of our breeders. In addition to the exceptional females being offered, we will have **several high-quality, purebred Beefmaster bulls available for purchase**, just in time for the upcoming breeding season. Whether you are looking to strengthen your purebred operation or add performance, maternal ability, and efficiency to your commercial herd, we encourage you to come see what these cattle have to offer.

During my term as President of STBBA, I have been incredibly grateful for the opportunity to serve this great association. Serving as President has been both an honor and a tremendous learning experience. I have gained a greater appreciation for the work, dedication, and commitment it takes to keep an organization like ours moving forward.

Throughout my term, I have had the privilege of working alongside some outstanding individuals who genuinely care about the Beefmaster breed and its future. I am especially thankful to our board of directors, fellow breeders, volunteers, and supporters who have given their time, knowledge, and resources to help make our association successful. I have learned a great deal from each of you, and those experiences are something I will carry with me for years to come.

I firmly believe that **the future of the Beefmaster breed is bright**, but continued success will depend on our willingness to work together, support one another, welcome new breeders, and demonstrate the value of Beefmaster genetics to the commercial cattle industry. Our strength has always been in our people and the quality of cattle we produce, and I look forward to seeing where the next generation of breeders takes this great breed.

I encourage each of you to make plans to attend this year's Extravaganza, enjoy the fellowship, support our consignors, and take advantage of the opportunity to invest in some outstanding Beefmaster genetics.

Thank you again for allowing me the privilege of serving as your President.

I look forward to seeing everyone in La Grange on November 13 – 14!

God Bless,

Philip Walther

2026 STBBA Futurity Judges

Casey Buzzard

Casey Buzzard is the owner and manager of Southern Jewel Cattle Company where he focuses on the production and promotion of elite Simmental and Brangus cattle. Casey and his family, wife Amber and kids Bailey and Brynley, have chosen to locate their cattle operation in Navasota, Tx where they will keep the legacy of Southern Jewel Cattle Company growing.

His passion for all cattle, both in the showing and out, has come from a lifetime of experiences all around the country and across just about every breed. In his time, he has had the ability and honor to raise and exhibit many National and International Champions spread across many breeds. Casey also enjoys and is proud to have had the opportunity to evaluate cattle in many states as well as in Mexico.

He is currently working as the Business Development Specialist for National Service Alliance based out of Houston, Texas where he drives sales for electrical systems integration.

Justin Rhodes

Justin Rhodes brings a producer-focused perspective to improving beef cattle operations through extensive experience in phenotypic evaluation, genetic selection, and advanced reproductive technologies. His career of working on and with some of the most progressive seedstock and commercial programs across multiple breeds of cattle and production environments, has given him a practical understanding of the challenges and opportunities facing today's breeders.

As Regional Business Manager for Trans Ova Genetics, Justin works with operations throughout the United States and internationally to develop breeding strategies that drive genetic progress and profitability. Widely respected as a trusted evaluator of beef cattle, he combines the discipline and analytical skills developed as a successful collegiate livestock judge with decades of real-world industry experience. Many of the most prominent breeders inside the American Breeds of cattle regularly seek his insight when making important breeding and selection decisions.

Justin is particularly known for his expertise in integrating in vitro fertilization (IVF) and embryo transfer technologies into successful breeding programs. His ability to connect cattle evaluation, breeding objectives, and reproductive technology helps producers maximize the impact of elite genetics and achieve long-term genetic improvement.

Dr. Lance Bauer

Dr. Lance Bauer serves as Executive Vice President of Beefmaster Breeders United (BBU), where he leads initiatives focused on genetic advancement, member services, and the continued growth of the Beefmaster breed.

Raised in the Texas Hill Country in a family involved in commercial cattle and sheep production, Bauer developed an early passion for livestock and seedstock improvement. He earned both his bachelor's degree in animal science and his Ph.D. in animal breeding and genetics from Texas A&M University.

His doctoral research examined the relationships among fertility, feed efficiency, growth, and carcass traits in Beefmaster cattle, work that continues to inform breed improvement efforts.

SALE TERMS & CONDITIONS

BEEFMASTER BREEDERS UNITED

EPD's are only accurate at the time of printing and can change.

Bidding: Each animal will be sold to the highest bidder without reserve.

Bidding Dispute: The Auctioneer in charge will settle any dispute as to bids, and his decision on such matters shall be final.

Cash Sale: All sales are for cash unless satisfactory credit arrangements, including any possible reservation of security interest by the seller, have been made with the seller prior to sale. The failure of a member buyer to pay the appropriate party the sale amounts when due may constitute a cause for exclusion from BBU pursuant to Article I, Section 10 of the BBU Bylaws.

Buyer's Risk at the Time of Sale: The risk of loss and injury of each animal passes to the buyer as soon as it is sold.

Certificates of Registration: A transferred certificate of registration must be furnished by the seller free of charge to the buyer for each animal within 45 days following the later of either the date of sale or upon the receipt of full payment. Bbu certificates are now paperless and can be downloaded by the buyer through DIGITAL BEEF.

Health Guarantee: Unless otherwise announced, the seller guarantees that all animals are eligible for interstate shipment as required by applicable federal and state regulations.

Announcements: If there is any inconsistency in information in terms of the sales materials (e.g., sale catalog, supplemental sheets, sale day announcements, 1) sale day announcements will control over both the supplement sheet and the sale catalog, and 2) the supplement sheet will control over the sale catalog.

Identification Responsibilities: 1) Prior to the sale, the seller must ensure that each animal has a readable permanent identification mark (tattoo, hot-iron brand or freeze brand) corresponding to its registration identification and 2) The buyer must check all permanent identification marks for accuracy upon possession and report any discrepancies to the seller immediately.

Artificial Insemination (AI) Certificates and Embryo Transfer (ET) Bills of Sale: AI certificates and ET bills of sale will be the responsibility of the seller.

Conformance with Registration Guarantees: 1) The seller guarantees that all sold animals are registered in accordance with the rules of BBU and 2) The seller guarantees to the buyer that all sold animals conform to the registration certificate as entered in the Herd Book of BBU.

Official BBU Information: All existing available official BBU information, including calf source, service sire and/or potential service sires (registration numbers) and performance data must be included in the final sales catalog.

Pedigree, Performance and Genetic Information Guarantees: The seller guarantees to the buyer that: 1) the pedigree, performance data and genetic information, as represented in any sales materials (including sale catalog, supplemental sheet or sale day announcement), are accurate; and, 2) all information from the BBU database is accompanied by an accurately stated "as of" date. The absence in any sales materials of a specific designation on the pedigree of an animal does not establish that the animal in question is not a carrier of such genetic defect.

Breeding Guarantees:

The seller guarantees that all animals are breeders, with the exception of: (a) calves under 12 months of age at the time of the sale; (b) animals shown after the sale has occurred (in such cases, the breeding guarantees, if any, will be those guarantees as are agreed upon between the seller and the buyer); (c) animals who suffer injury or disease following the sale; (d) animals administered any super ovulation drug or growth hormone after purchase; and, (e) animals subjected to gross negligence by or willful misconduct on the part of the buyer.

Bulls eighteen (18) months or older are guaranteed by the seller to have

passed a Bull Breeding Soundness Evaluation (BSE) and to have been certified a satisfactory potential breeder by a licensed veterinarian within forty-five (45) days prior to sale date. Results of the BSE must be reported on a fully completed official form and attached to the health papers required for the sale.

If within one-hundred twenty (120) days from the date of sale, the bull has failed to pass a BSE certified by a licensed veterinarian, buyer must send seller written notification of the failure of the test within one-hundred and twenty (120) days from the date of sale and include the BSE test results. Within sixty (60) days after seller's notification of the failed BSE test, buyer and seller shall identify a mutually agreeable licensed veterinarian or technician certified by a licensed veterinarian to perform another BSE on the bull at the buyer's expense. The results of the test shall be deemed final and conclusive of this matter and binding on buyer and seller. If, in the opinion of said veterinarian or technician, the bull is unable to pass a BSE and be confirmed a satisfactory potential breeder, he shall so certify in writing to the seller and the buyer which shall include the official form used by the Society of Theriogenology or the official BBU BSE form. In such event the buyer may return the bull to the farm of seller, provided the bull is in good condition and in compliance with the health requirements of the seller's state, for a refund of the full purchase price. The acceptance of the refund of the full purchase price shall in any case be deemed full satisfaction and settlement of the matter. The seller and buyer shall bear equally all reasonable and necessary transportation expenses that are incurred in returning the animal to seller.

Unless otherwise agreed by the buyer and the seller, the seller makes no guarantees with respect to the ability to freeze semen.

Females younger than twenty-four (24) months of age can be sold as open. Females sold as open are guaranteed by seller to be open. Any female is considered a breeder if she is certified to be pregnant by a licensed veterinarian at the time of sale and/or has a nursing calf at side with no further fertility guarantee. Cows (including donor cows) with calves at side six (6) months or older must be certified to be pregnant by a licensed veterinarian.

"Safe-in-calf" females are guaranteed by the seller to have been examined by a competent veterinarian or reproductive technician and determined to be safe-in-calf by examination or other proven method (e.g., ultrasound, pregnancy blood tests, and rectal palpation). "Served" females are not guaranteed to be in calf. "Exposed" females have been exposed but are not guaranteed to be in calf. "Open" females are guaranteed by the seller to be without calf.

A Donor female (unless otherwise agreed by the buyer and the seller) is a female: (a) that has been used in an embryo transfer program and shall not be guaranteed to be a breeder after the date of the sale, (b) that is not guaranteed to be a breeder after the date of the sale, when that female is to be used, or attempted to be used, in an embryo transfer program.

The seller makes the following guarantees with respect to all "pregnant recipients": (a) that the female is pregnant, (b) that the resulting calf is of the pedigree represented, and (c) that the resulting calf is of the sex represented (if so represented).

Flushes and Time Requirements: A flush consists of all viable embryos, transferred or frozen, received from a female as the result of the administration of any super ovulation drug. The sale of a flush or resulting pregnancies must specify in the sale catalog the number of pregnancies guaranteed by seller and the disposition of any other pregnancies resulting from the flush, the disposition of any frozen embryos resulting from the flush and any additional charge for the recipient cows. The maximum time for the delivery of the guaranteed results must be specified along with a payment schedule. Non-delivery or only partial delivery by the specified time by the seller will result in a pro-rata refund of all monies paid by the buyer for such flush or pregnancies not delivered.

Disclosure of Prior Procedures: The seller must disclose in the catalog or from the block any circumcision or other surgical alteration of any underline of any male or female known to the seller and of any

SALE TERMS & CONDITIONS

BEEFMASTER BREEDERS UNITED | CONTINUED

single egg or super-ovulation flush of any female known to the seller.

Semen: Unless otherwise agreed by the buyer and the seller (with respect to the sale of semen), the seller makes no guarantees with respect to the performance or characteristics of such semen and the buyer is purchasing such semen "as is."

Embryos Embryos being offered for sale will be sold "as is" unless the seller provides additional guarantees.

Clones: Only BBU replication cell-cloned animals shall be eligible for registration and eligible to sell. Genetically modified animals shall not be eligible for registration and cannot sell. Cloned animals shall be guaranteed by the seller to be breeders under the same terms of the agreement for females and bulls. Any additional guarantees with respect to clones shall be by separate agreement between buyer and seller.

No Sex Guarantees: There are no representations as to the sex of offspring unless the seller makes a specific guarantee that offspring will be of a particular sex.

Disclosure or Retention of Genetic Materials: If seller retains any genetic materials of an animal being sold that can be used for cloning, the seller must disclose such fact to any potential buyers prior to the sale.

Privileges of Return or Adjustment Options:

With the exception of any applicable transportation expenses described herein, a seller shall never be liable to a buyer for an amount greater than the original selling price of any animal sold under these Sales Terms and Conditions.

Unless otherwise stated, all claims for adjustment or refund must be made in writing to the seller within 180 days following the sale of the animal in question.

If an animal is claimed to be a non-breeder, the animal may be returned to the seller if it is in good condition and complies with the health requirements of the seller's state. At the option of the buyer, the seller may issue a credit to the buyer for use in a future purchase or provide an animal of equal value subject to the approval of buyer. If the buyer exercises either such option, the claim shall be deemed fully and satisfactorily resolved. However, in the event that the buyer requests a refund of the purchase price, the seller may, at its option, either issue a refund of the full purchase price or, shall have 180 days from the date the animal is returned to the seller's farm to conduct a trial to demonstrate the returned animal is a breeder. Refund of the full purchase price or demonstrated proof that the animal is a breeder during the test trial shall be deemed full satisfaction and settlement of the claim. Any expense incurred for transporting an animal claimed to be a non-breeder will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place. If the seller proves the animal to be a breeder, it will be the obligation of the to take delivery of the animal and pay for all transportation expenses.

If a female sold as "safe in calf" proves not to be in calf, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be in writing to the seller within 180 days of the sale of the animal in question.

If a female represented as "safe in calf" to a certain bull at the time of sale proves to have been bred to a different bull, the seller must make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller within 180 days of the birth of the calf.

If a female sold as "open" proves to be with calf, the buyer may return the animal to the farm of the seller prior to calving for a refund of the full purchase price or for another animal of equal value, whichever is acceptable to the buyer. Seller is responsible for all transportation expenses.

If an animal is sold and subsequently becomes ineligible for registration under the rules of BBU for reasons other than incorrect parentage, the seller must make a satisfactory adjustment on the purchase price to the buyer, or at the option of the buyer, refund the purchase price upon the

return of the animal to the farm of the seller.

If an animal (including the offspring of a pregnant recipient) is sold and through parentage verification is proven to have incorrect parentage, as represented by the animal's certificate of registration, and for which correct parentage can be determined, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the second anniversary of the date of the sale.

If the resulting calf of a pregnancy is not of the sex represented at the time of the sale, the seller is obligated to make a satisfactory adjustment on the purchase price to the buyer or, at the buyer's option, refund the purchase price upon the return of the animal to the farm of the seller. Any claim for adjustment or refund under this paragraph must be made in writing to the seller on or before the first anniversary date of the sale.

Unless stated otherwise, all transportation expenses incurred will be the responsibility of the buyer, except that the seller will be responsible for transportation costs in excess of the distance between the buyer's farm and the location where the sale took place.

Genetic Defects and Factors: Required Disclosures Relating to Certain Test Results or Potential Carrier Status of an Animal:

In advance of any sales of an animal, the seller shall have the affirmative duty to notify any potential buyer of any test results in which an animal for sale has tested positive (under a test and at a laboratory approved by BBU) as a carrier of any genetic defect or genetic factor recognized by BBU.

The seller guarantees that a bred female will not produce a calf with an inherited deformity occurring in Bovine for a period of nine months following date of sale.

Miscellaneous:

The above terms and conditions of sale constitute a contract between the buyer and the seller and are equally binding upon both parties. Each sale or resale of an animal constitutes a separate transaction.

Neither BBU nor any director, officer, employee or representative of BBU or any of its related entities shall be liable in any way with respect to a transaction conducted under these Sales Terms and Conditions; nor shall BBU, its directors, officers, employees or representatives be responsible in any way for enforcing the terms and conditions of any agreement between a buyer and a seller. Each buyer and seller agree to hold BBU, its directors, officers, employees, representatives and related entities harmless from all damages, expenses, claims, losses and other liabilities associated with a transaction conducted under these Sales Terms and Conditions.

No sponsor, sale manager, or other person connected with the management of a sale shall be liable in any way with respect to transactions conducted under these Sales Terms and Conditions.

These sale terms and conditions and all rights, obligations and duties arising hereunder and all disputes arising hereunder will be construed in accordance with, and governed by, the laws of the state in which the sale occurs, without giving effect to such state's choice of law rules.

UNLESS OTHERWISE EXPRESSLY STATED IN THESE SALE TERMS AND CONDITIONS OR ANY OTHER WRITTEN AGREEMENT BETWEEN THE PARTIES RELATING TO THE SALE OF BEEFMASTER, BEEFMASTER ADVANCER, E6 OR UPGRADING CATTLE UNDER THESE SALE TERMS AND CONDITIONS, SELLER MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, EVEN IF SUCH PURPOSE IS KNOWN TO THE PARTIES. THE REMEDIES PROVIDED IN THESE SALE TERMS AND CONDITIONS ARE THE EXCLUSIVE REMEDIES OF THE BUYER, OR ANY PARTY CLAIMING THROUGH THE BUYER, AND UNDER NO CIRCUMSTANCES WILL THE SELLER BE LIABLE FOR ANY INCIDENTAL, INDIRECT, SPECIAL, CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES UNDER ANY INDEMNITY PROVISION OR OTHERWISE.

WOOLMAN FARMS OFFERS OUR HEIFER, DIAMOND LADY, AS OUR SECOND OFFERING IN THE 2026 STBBA EXTRAVAGANZA SALE. DIAMOND LADY IS A DARK RED HEIFER WITH CLEAN LINES AND DEPTH. THIS TWELVE MONTH OLD HEIFER HAS THE PERFECT PHENOTYPE AND STYLE THAT WE ALL LOOK FOR IN OUR BEEFMASTER BREED. DIAMOND LADY IS A CF UNRIVALED X CF SOLUTION'S DIAMOND DAUGHTER. THIS MATING WORKED WELL AND PRODUCED A FUTURE DONOR PROSPECT AS WELL AS A FRONT PASTURE ANIMAL.

WOOLMAN FARMS IS PROUD TO OFFER BELL'S OASIS. BELL'S OASIS HAS THAT FEMININE LOOK WITH A POWERFUL STRUCTURE. THIS DARK RED HEIFER HAS CLEAN LINES AND DELIVERS DEPTH AND STYLE. BELL'S OASIS WILL DEFINITELY BE A POTENTIAL DONOR FOR ANY HERD. BELL'S OASIS IS THE FIRST OFFERING OUT OF OUR HERDSIRE INFINITE MIRAGE (INFINITY X OASIS). THIS MATING WITH HER DAM, OUR ELITE DONOR SOUTHERN BELL (BROCK X MISS CJ 99/12 ALSO KNOWN AS TINKERBELL) WILL PROVIDE GENETICS SECOND TO NONE. HER DAM, SOUTHERN BELL POSSESSES THE PROVEN ABILITY TO PASS STRONG MATERNAL TRAITS AND PERFORMANCE TO HER OFFSPRING. WE ARE PROUD THAT SOUTHERN BELL HEIFERS HAVE BEEN THE HIGH SELLING HEIFERS IN THE 2026 STBBA HOUSTON AND STBBA SAN ANTONIO SALES AVERAGING \$23,000.

CWL 6025 IS A POWERFUL, RED CF COMMANDER DAUGHTER THAT COMBINES THE KIND OF PHENOTYPE AND PERFORMANCE WE STRIVE TO PRODUCE AT CIRCLE WL BEEFMASTERS. SHE OFFERS PLENTY OF DEPTH, MASS, CAPACITY AND SUBSTANCE, WHILE MAINTAINING THE FEMININITY AND OVERALL BALANCE YOU WANT IN A REPLACEMENT FEMALE. HER PERFORMANCE BACKS UP HER LOOK, POSTING AN ADJUSTED 205-DAY WEIGHT OF 610 LBS. HER YEARLING ULTRASOUND RECORDED AN ADJUSTED 9.34 SQ. IN. REA, 1.58 IMF, 0.25 IN. RIB FAT, AND 0.39 IN. RUMP FAT. SIRE BY CF COMMANDER AND OUT OF CIRCLE WL MERIDA, HER PEDIGREE COMBINES PROVEN GENETICS FROM COLLIER FARMS, DIAMOND W, THE HOMESTEAD AND KC BEEFMASTERS. CWL 6025 IS DNA VERIFIED AND SELLS AS A FUTURITY OPEN HEIFER. WITH HER RED COLOR, ADDED DIMENSION, PERFORMANCE AND PROVEN PEDIGREE, SHE HAS THE PIECES TO COMPETE IN THE FUTURITY RING AND THEN GO HOME AND BECOME A PRODUCTIVE QUALITY FEMALE.

HERE IS AN EXCITING BREEDING OPPORTUNITY STRAIGHT FROM THE HEART OF THE CIRCLE WL BEEFMASTERS PROGRAM! THIS POWERFUL, DARK RED, DEHORNED BRED HEIFER IS AN EMBRYO TRANSFER DAUGHTER OF CF CODIGO X CWL PRINCESS JASMINE, COMBINING SOME OF THE MOST SOUGHT-AFTER GENETICS IN THE BEEFMASTER BREED. SHE IS 100K DNA TESTED AND PARENT VERIFIED, PROVIDING ADDITIONAL CONFIDENCE IN HER PEDIGREE AND GENETIC FOUNDATION. HER PERFORMANCE NUMBERS SPEAK FOR THEMSELVES! SHE RECORDED AN IMPRESSIVE 802 LB ADJUSTED WEANING WEIGHT, 1,004 LB ADJUSTED YEARLING WEIGHT, AND AN 8.83 SQ. IN. RIBEYE AREA, ALONG WITH 2.61% IMF. WHAT MAKES THIS FEMALE EVEN MORE EXCITING IS WHAT SHE'S CARRYING! CWL PRINCESS CAROLINE SETTLED ON HER VERY FIRST AI SERVICE TO RB HIGH NOON (C1193392), GIVING HER NEW OWNER THE OPPORTUNITY TO RAISE ONE OF THE VERY FIRST RB HIGH NOON CALVES TO HIT THE GROUND! WITH CF CODIGO ON THE TOP SIDE AND THE PROVEN INFLUENCE OF LYSSY'S TONTO AND SYNFL KNOCKOUT ON THE BOTTOM, THIS FEMALE BRINGS TOGETHER AN OUTSTANDING GENETIC PACKAGE WITH TREMENDOUS POTENTIAL AS A FUTURE BROOD COW. DON'T MISS THE OPPORTUNITY TO ADD A DARK RED, 100K PARENT-VERIFIED CF CODIGO DAUGHTER CARRYING AN EARLY RB HIGH NOON CALF TO YOUR PROGRAM. THIS IS THE KIND OF GENETIC OPPORTUNITY THAT CAN MAKE AN IMPACT FOR YEARS TO COME!

COLLIER FARMS REACHED DEEP INTO THE HERD TO OFFER THIS POLLED, HEAVY-BRED FEMALE. SHE IS MADE WITH AMPLE BONE, TREMENDOUS RIB SHAPE, AND FLUID, ATHLETIC MOVEMENT. HER COMBINATION OF PROVEN GENETICS AND OUTSTANDING PHENOTYPE MAKES HER AN IDEAL BROOD COW WITH THE POTENTIAL TO CONSISTENTLY PRODUCE LOW BIRTH WEIGHT, HIGH-GROWTH CALVES EVERY YEAR. SHE SELLS SAFE IN CALF TO CF SECRETARIAT OR THE EXCITING NEW UNICO SON PURCHASED FROM PRO VENTURES LAST FALL.

BEASON SHARP MAN IS A YOUNG, GENTLE, AND SOLID BUILD BULL. OUT OF BFTX CHAMP AND MILLER 785 HE COMBINES SHOW CATTLE AND BEEF ON FORAGE GENETICS TO CREATE A UNIQUE OFFERING AS YOUNG HERD SIRE. SHARP MAN HIMSELF HAS HAD A BRIEF BUT SUCCESSFUL CAREER WITH HIS RECENT WINNINGS AS THE GRAND CHAMPION OPEN AND JUNIOR BEEFMASTER BULL AT THE 2026 AMERICAN CATTLE WORLD EXPO. HIS SIRE BFTX CHAMP WAS ALSO EXTREMELY SUCCESSFUL IN THE SHOW ARENA WITH NOTABLE WINS AT THE SAN ANTONIO LIVESTOCK SHOW AND RODEO AND AT THE JBBA JUNIOR NATIONAL SHOW AND CONVENTION. HIS DAM MILLER 785 IS A TANK 376 DAUGHTER OUT OF SUGAR SHANNA, A CROSS THAT WAS SUCCESSFUL IN THE SHOW ARENA AND IN THE BEEF ON FORAGE PROGRAMS. WE HAVE RETAINED MANY OF SHARP MAN'S SISTERS AND THEREFORE CANNOT USE HIM IN OUR HERD. HE IS BUILD RIGHT AND EASY KEEPING ALONG WITH BEING HALTER BROKE. SHARP MAN WAS COLLECTED EARLY THIS SUMMER AT BRUSHY CREEK SIRES AND FROZE QUALITY SEMEN. BEASON SHARP MAN MAY NOT WORK FOR MY PERSONAL HERD BUT HE IS SURELY THE RIGHT CROSS OF PRETTY AND PRACTICAL OF YOUR HERD.

CWL 9124 ET IS A DARK RED, DEEP BODIED, MASSIVE CF GULF STREAM X SYNFUL KNOCKOUT SON THAT BRINGS TOGETHER POWER, PERFORMANCE, AND MATERNAL GENETICS. HE IS 100K DNA TESTED AND PARENT VERIFIED AND POSTED IMPRESSIVE ACTUAL PERFORMANCE WITH 708 LB WEANING WEIGHT AND 1,110 LB YEARLING WEIGHT. HIS ULTRASOUND SCAN AT 397 DARS SHOWED AN 11.11 SQ. IN. ACTUAL REA (10.67 ADJUSTED), .027 IN ACTUAL RIB FAT, 2.36 (2.30 ADJUSTED) IMF, AND 0.46 IN. RUMP FAT. ON PAPER, HE RANKS IN THE 10% FOR YEARLING WEIGHT, MILK, AND \$T, ALONG WITH THE TOP 25% FOR WEANING WEIGHT, TOTAL MATERNAL, AND \$M. WITH HIS TREMENDOUS DEPTH AND MASS, DARK RED COLOR, PROVEN PERFORMANCE, AND THE GENETIC BACKING OF GULF STREAM AND SYNFUL KNOCKOUT, CWL 9124 ET IS THE KIND OF BULL BUILT TO ADD POUNDS, POWER, AND MATERNAL VALUE TO A PROGRAM.

Registered Account Name/Membership Name:

***Mandatory Field*.** (NOTE: Membership Name is permanent; change is limited/restricted.) This is the name that determines your placement in the membership directory and this is used to sort memberships in alphabetical order by last name. This name prints on certificates.

I (We) hereby make application for the Prefix Name: ***Mandatory Field*** and will apply this Prefix Name, if accepted, to BEEFMASTER cattle of which I am (we are) the breeder and/or first owner. I (We) agree to notify BBU annually, with payment of dues, as to whether I am (we are) still breeding BEEFMASTERS and using this Prefix Name. If I (we) do not so notify BBU, I (we) authorize BBU to discontinue my (our) use of this Prefix Name. (does not apply to Lifetime) A Unique name in the system. Many members use their ranch name (A C FARMS). You may choose to use your membership name. Both the Membership Name and Prefix Name will print on the certificates. This can be up to 25 characters long, including spaces and Prefix Name is permanent; change is limited/restricted.

I (We) will use the following Holding Brand: _____ (please sketch)

I (We) hereby authorize the following **Designated Signers:** _____ ***Mandatory Field*** to exercise all rights and privileges of this membership and, no person other than that named may act for this membership until the BBU Executive Vice President has been notified in writing that another name is being substituted for the above and receipt of notification has been acknowledged in writing. **You (member signing up) will be the primary signer. We recommend at least one other person to be listed. In the case you are not able to conduct business, the secondary signer would be able to. You may list a spouse, children, ranch manager. Junior applicant must have parents/legal guardians listed as their designated signers.**

I (We) hereby authorize the following **Secondary Signers:** _____
These secondary signers cannot change membership but can process work.

I (We), if elected to membership, agree to be governed by the By-Laws, Rules and Regulations of Beefmaster Breeders United, as amended from time to time, and hereby acknowledge receipt of the current By-Laws, Rules and Regulations.

I (We) hereby affirm the above and foregoing is true and correct to the best of my (our) knowledge and belief.
