Mildmay Racing Syndicates

This year I have once again put together a small leaflet which provides details of how we work for those interested in share ownership for the first time, details of our past achievements and information about the horses with shares available to lease or purchase. I very much hope you will enjoy reading about our horses.

How the syndicates work :-

Shares in yearlings are generally available to purchase or lease, a share usually being 1/10th of the horse. You can purchase more than one share or a half share providing there are no more than 14 owners per horse. This is to ensure sufficient owner's badges are available every time the horse runs. An owner with a 1/10th share is usually provided with two badges and those with a half share one badge. Any shares not sold are retained and offered as lease shares in subsequent years. Owner of lease shares effectively become an owner for a year, having all the same rights and privileges including their share of the prize money but do not benefit from a tax free gain if the horse is sold for a profit.

The price of shares quoted are only valid at time of publication and are subject to change as a result of the progress made by the horse. For example prices may increase if the horse wins or, in the case of sale shares in fillies, if a close relative does well thereby increasing the breeding value.

Joining one of our syndicates :-

By joining one of our syndicates you will become part of a successful breeding and racing operation. Since we started in 2003 we have had 148 winners and won £1.681m in prize money. In 2018 we had a runner in the Oaks and two runners at Royal Ascot and further runners at Royal Ascot in 2019 and 2020. Nate the Great won over £80k in 2022 and took us to an all expenses paid trip to Saudi Arabia. In 2025 American Gal won a Stakes race in France and ran in the French Oaks before being offered an expenses paid trip to Dubai.

We have 5 exciting new 2 year old's for 2026, including a daughter of Too Darn Hot out of a half-sister to Invincible Spirit, so why not join us and become part of the team. You can find more details of our operation by visiting our website www.mildmayracing.com. If you are interested in becoming involved whether it by purchasing or leasing a share in a yearling, leasing a share in an older horse, or by joining our Racing Supporters Club, we would just love to hear from you. Please feel free to call Nick on 07956 137918 and we can talk through any questions or queries you may have or, if you prefer, send either Bridget or Nick an email.

Currently we have horses in training with Andrew Balding, Ed Walker, Tom Ward, or Patrick Chamings but we have had horses with Clive Cox and Ralph Beckett previously and are often adding new trainers to the list . Members are welcome to visit the horses at Larksborough Farm and to come with me to see them work on the gallops.

The initial payment covers the purchase cost and 50% of the estimated training fees for the first year. The second 50% of the estimated costs are paid six months later. At the end of the first year the accounts are prepared and the fees for the second year are adjusted for extraordinary costs and prize money won. Fees for the second year are also due in two equal installments. At the end of the second year members can decide whether they want the horse to continue in training for a further year or sell their share. If the horse is sold, the selling price is added to the balance of money remaining and distributed between the members. If the horse is retained but some members wish to sell their share, it is valued by two independent agents so members wishing to leave can be paid out.

Share leasing or buying options are generally available – share purchase has a higher initial cost but allows you to capitalise on any profits on the sale of the horse while share leasing usually involves paying only for your share of the training costs. Prize money is returned with both options.

The benefits of joining a Mildmay Racing syndicate are:-

- ❖ Exclusivity and enjoyment - each syndicate contain no more than 14 members. This is so you can be guaranteed an owners badge allowing you to enjoy the exclusive benefits of the parade ring, owners bar and the winner's enclosure every time your horse runs.
- ❖ Ownership involvement - the members own a share in the horse (except horses leased) so can benefit from the re-sale value if the horse or the relatives do well. Profit on race horses is tax free.
- ❖ Real value for money – no commission on purchase or sale, no agent's fees, VAT returns and accounts completed in house to minimise the cost and your capital is protected by mortality insurance.
- ❖ Regular updates and stable visits – Regular emails and owners are welcome to see their horses work on the gallops.

High success rates:

We've had 148 (12%) winners and have been in the winner's enclosure 519 times (43%) of our 1206 runs. Our horses have won c£1.7m in prize money and bonuses, and several have sold for significant profits. We've had runners in two classics, eight races at Royal Ascot including the Gold Cup, and we've taken horses to Ireland, France, Italy and Saudi Arabia.

Our horses have included :

American Gal, who was purchased as a yearling from Book3 and syndicated at £26k. She has already won £72k in prize money and bonuses, with three wins, including the Listed Prix des Lilas at Chantilly. She was second in the Group 3 Valiant Stakes at Ascot, and gave us an exciting day in Paris running well in the Prix De Diane. With her extensive pedigree now strengthened by black-type success, she has enhanced her residual value and stands as an attractive future sales prospect as well as an exciting race mare for 2026. We were offered a travel expenses paid trip to Dubai this winter, however we have decided to stay home and target Royal Ascot 2026.

Nate The Great was a homebred which syndicated at £30k. He won 6 races including the Listed Jockey Club Stakes and £278k in prize money. He was rated 109 and took us to Royal Ascot five times, including 2nd in the Chesham and 5th place in the Ascot Gold Cup. He also took us to Ireland, France and Saudi Arabia, and was a wonderfully consistent and popular horse throughout his career.

Perfect Clarity was purchased and syndicated for just £30k. She won on debut and on her second start in the Lingfield Oaks Trial (Listed), establishing her as a leading Classic contender. She subsequently contested the Epsom Oaks and was privately sold for £500,000.

Perfect Angel was purchased and syndicated for only £18k. She won £54k in prize money, with her career highlight being 2nd in the Group 2 Mill Reef Stakes to Harry Angel. She was sold for £400k.

Perfect Tribute was a homebred syndicated at £25k. She was rated 107 won £55k and was sold to Japan from £250k, after winning a Group 3 and breaking course records at Ascot and Lingfield.

Perfect Cracker was a great fun syndicate horse – winning nine races and in the winner's enclosure a further 27 times.

Belle Meade won twice, including when the owners had a great fun trip to San Siro, Milan for a listed win.

Other notable performers, who were all syndicated below £30k, include; Perfect Star rated 105 who won £89k in prize money, including winning the Sherger Cup mile and the Rosemary Stakes at Ascot (pictured), and Secret Night, winner of four races and placed 20 times.

Yearling available for syndication : Too Darn Hot ex Perfect Blessings

		Minstrel Girl			

This colt is by Too Darn Hot and is typical of the sire being a bit small and a little light of bone. This is in contrast to Perfect Blessing's other progeny which have all been very big. It is hoped that because he looks like his sire, he will run like him. He was sent to the Doncaster sales with a scope that the vet had passed and where he was expected to make £100,000. Sadly some of the vets failed at the sale and he was bought back at £32,000. He is currently with Jane Allison and will be overground scoped in three weeks. If he passes, as we expect, he will probably go to the breeze ups, so this may be an investment opportunity. If he does not make enough at the breeze up he would be retained for racing.

His dam, Perfect Blessings is a winner and dual Stakes placed. She is a half sister to five winners including the Stakes winning, Stakes placed and 107 rated Polygreen herself the dam of the Group 1 winning and multiple Group 3 winning 119 rated Polydream and three other black type performers namely the Group 3 winner, Big Brothers Pride; the Group 3 and Stakes winner, Evaporation and the Stakes placed Ankle. Her 2018 yearling realised 600,000 Guineas in Book 1 and was a winner at three.

His sire, Too Darn Hot was the champion two year old in Europe 2018 having won the Group 1 Dewhurst stakes and the Champion three year old in Europe having won the Group 1 Sussex Stakes. He won 6 races and over £1.3m at 2 and 3 years over 7 and 8 furlongs. He retired to stud in 2020 and to date is the sire of over 200 winners of over £13m.
