FIRE FIGHTING FOAM CLASS A
SAFETY DATA SHEET

Scavenger Fire & Safety
Company Address: 8 Panton Rd, Greenfields WA, 6120
Company Phone: (08) 9584 2500
ABN: 54 127 203 196
General Enquiries Email: sales@scavengersupplies.com.au

Issued by: Hammersley Products (Aust) Pty Ltd | Phone: (02) 4928 2955

Trade Name:	**FIRE FIGHTING FOAM CLASS A**
Product Code:	N/A
Product Use:	Foam for Class A firefighting use
Revision Date:	May 2025
Expiry Date	May 2030

Section 1 - Identification of Chemical Product and Company

Scavenger Fire & Safety
Company Address: 8 Panton Rd, Greenfields WA, 6120
Company Phone: (08) 9584 2500
ABN: 54 127 203 196
General Enquiries Email: sales@scavengersupplies.com.au

Trade Name:	**FIRE FIGHTING FOAM CLASS A**
Product Code:	N/A
Product Use:	Foam for Class A firefighting use
Revision Date:	May 2025
Expiry Date	May 2030

Section 2 - Hazards Identification

Statement of Hazardous Nature	This product is classified as a HAZARDOUS CHEMICAL in accordance with the GHS. It is classified as a NON-DANGEROUS GOOD by the ADG code.
Classification of the substance or mixture:	Eye Irritation – Category 2A
Signal Word:	Warning 
Hazard Statements:	H319 Causes serious eye irritation
Precautionary Statements:	
Prevention	P264 Wash hands thoroughly after handling P280 Wear eye protection/ face protection.
Response	P305 + P351 +P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P337 + P313 If eye irritation persists: Get medical advice/attention.
Storage	-
Disposal	-
SUSMP Classification	Not Scheduled
ADG Classification:	N/A
UN Number:	N/A

THIS SDS SUMMARISES OUR BEST KNOWLEDGE OF THE HEALTH AND SAFETY HAZARD INFORMATION OF THE PRODUCT AND HOW TO SAFELY HANDLE AND USE THE PRODUCT IN THE WORKPLACE. EACH USER MUST REVIEW THIS SDS IN THE CONTEXT OF HOW THE PRODUCT WILL BE HANDLED AND USED IN THE WORKPLACE. IF CLARIFICATION OR FURTHER INFORMATION IS NEEDED TO ENSURE THAT AN APPROPRIATE RISK ASSESSMENT CAN BE MADE, THE USER SHOULD CONTACT THIS COMPANY SO WE CAN ATTEMPT TO OBTAIN ADDITIONAL INFORMATION FROM OUR SUPPLIERS OUR RESPONSIBILITY FOR PRODUCTS SOLD IS SUBJECT TO OUR STANDARD TERMS AND CONDITIONS, A COPY OF WHICH IS SENT TO OUR CUSTOMERS AND IS ALSO AVAILABLE ON REQUEST.

Section 3 - Composition/Information on Ingredients

Ingredients	CAS No.	Conc,%
Surfactant Blend	Not Available	10 to 30%
Dipropylene glycol monomethyl ether	34590-94-8	<10%
Other ingredients deemed not to be hazardous	Not Available	To 100%

Section 4 - First Aid Measures

Eye Contact	Hold eyelids apart and flush the eye continuously with running water for at least several minutes. If irritation persists, seek medical attention.
Skin Contact	Remove contaminated clothing and wash skin thoroughly with water. If irritation occurs - Seek medical advice.
Inhalation	Remove patient to fresh air avoid becoming a casualty. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Seek medical attention.
If Swallowed	Do NOT induce vomiting. Rinse mouth with water and give water to drink. Seek medical attention. For advice, contact a Poisons Information Centre (Phone 131126) or a doctor.
Advice to Doctor	Treat Symptomatically.
Additional Information	-

Section 5 - Firefighting Measures

This product is not likely to be the initiator of a fire.

Suitable Extinguishing Equipment:	If involved in a fire, appropriate extinguishing media include fine water spray, dry extinguishing media, foam and carbon dioxide
Special Protective Equipment and Precautions for Fire Fighters:	When fighting fires involving significant quantities of this product, wear a splash suit complete with self contained breathing apparatus.
Specific hazards arising from the chemical:	Toxic and/or irritating fumes including carbon monoxide and carbon dioxide may be emitted.
Hazchem Code:	Not applicable.

Section 6 - Accidental Release Measures

Personal precautions, protective equipment and emergency procedures:	Personal protective equipment should be worn when cleaning up spills. Restrict access to area until completion of cleanup. Stop leak if safe to do so. May be slippery when spilt.
Methods and Materials for containment and cleaning up:	Contain spill with absorbent material, such as sand, vermiculite or other inert material. Collect and dispose of spilled material according to local regulations. Wash away remnants with copious amounts of cold water. Clean area by working from the periphery to the centre of spill or from the edge of the room to the centre.
Environmental precautions:	Prevent spill entering sewers or waterways.

Section 7 - Handling and Storage

Precautions for Safe Handling:	Observe good personal hygiene practices and recommended procedures. Wash thoroughly after handling.
Conditions for Safe Storage:	Store in a cool, dry, well-ventilated area. Keep containers tightly closed when not in use. Store away from incompatible materials listed in section 10 including acids, alkalis, combustible materials and sources of ignition. Protect from direct sunlight. Store in original packaging as approved by manufacturer.

Section 8 - Exposure Controls and Personal Protection

ASCC Exposure Limits	**TWA (mg/m3)**	**TEL (mg/m3)**
Dipropylene glycol monomethyl ether	308 (50ppm)	

Gloves and safety glasses are recommended to avoid skin and eye contact. The following instructions are for bulk handling or where regular exposure in an occupational setting occurs without proper containment systems.

Ventillation:	Use in a well-ventilated area.
Personal Protective Equipment:	
RESPIRATOR:	Wear an approved respirator where mists/vapours are generated and engineering controls are inadequate.
EYES:	Safety glasses or splash goggles to prevent splashing in the eyes.
HANDS:	Wear chemical resistant gloves.
CLOTHING:	Chemical resistant coveralls and safety footwear.

Section 9 - Physical and Chemical Properties:

Physical Description	Colourless Liquid	**Water Solubility:**	Dispersible
Odour:	Characteristic	**pH:**	4 to 6
Boiling Point:	No data	**Flash PT.:**	No data
Freezing/ Melting Point:	No data	**Volatility:**	No data
Volatiles:	No data	**Odour Threshold:**	No data
Vapor Pressure:	No data	**Evaporation Rate:**	No data
Vapor Density:	No data	**Coeff Oil/ Water Distribution:**	No data
Specific Gravity:	~1	**Autoignition Temp:**	No data

Section 10 - Stability and Reactivity

Reactivity:	This product is unlikely to react or decompose
Chemical Stability:	Stable under normal ambient and anticipated storage and handling conditions of temperature and pressure.
Conditions to Avoid:	This product should be kept in a cool place, preferably below 30°C. Avoid exposure to heat, sources of ignition and open flames. Avoid contact with incompatible materials. Avoid exposure to light.
Incompatible Materials:	Strong oxidising agents, acids, alkalis, combustible materials and sources of ignition.
Hazardous Decomposition Products:	Toxic and/or irritating fumes including silcon oxides, carbon monoxide and carbon dioxide may be released on thermal decomposition.
Hazardous Reactions:	This product will not undergo polymerisation reactions.

Section 11 - Toxicological Information

No adverse health effects expected if this product is handled in accordance with this Safety Data Sheet and the product label. Symptoms or effects that may occur if the product is mishandled or over exposure occurs are:

Swallowed:	Swallowing may result in nausea, vomiting, diarrhoea, abdominal pain and irritation to the gastrointestinal tract.
Eye:	An eye irritant. May result in redness, stinging and excessive tearing.
Skin:	May cause irritation to the skin that may result in redness, itching or swelling.
Inhaled:	Breathing in mists or aerosols may cause respiratory irritation.
Chronic Effects:	No Data Available.
Acute Toxicity:	No Data Available.

Section 12 - Ecological Information

Expected to be biodegradable. Avoid contaminating waterways.

Eco-Toxicity:	No Data Available.
Eye:	No Data Available.

Section 13 - Disposal Considerations

Disposal Method:	Refer to State/Territory Waste Management Authority. Dispose of material through a licensed waste contractor. Rinse empty containers thoroughly before recycling or disposing to an authorised landfill.
Special Features:	-

Section 14 - Transport Information

Not classified as Dangerous Goods by the criteria of the Australian Dangerous Goods Code (ADG Code)

UN Number:	Not Applicable.
UN Proper Shipping Name:	Not Applicable.
Class and Subsidiary Risk:	Not Applicable.
Packing Group:	Not Applicable.
Special Precautions for User:	Not Applicable.
Hazchem Code:	Not Applicable.

Section 15 - Regulatory Information

Poisons Schedule (SUSMP):	Not Scheduled.

All ingredients are listed in the Australia Inventory of Chemical Substances (AICS).

Section 16 - Other Information

Date of Preparation:	May 2025.

This SDS contains only safety-related information. For other data see product literature. Please read all labels carefully before using product.
