

Tiptree

Welcome to *Tiptree*

Welcome to the Tiptree Tea Room, set within the historic Wilkin & Sons jam factory, a site central to village life since 1885. Surrounded by orchards and farmland, the area has long been shaped by fruit growing and jam making, traditions that continue today. Much of the fruit is grown on the estate, made into preserves on site, and served here, completing the journey from field to table. The factory remains a working production centre, blending traditional methods with modern techniques. Nearby, the museum and jam shop celebrate over a century of craftsmanship, allowing visitors to experience and take home a true taste of Tiptree's heritage.

All meals are prepared fresh to order in a kitchen where allergens are used. Whilst we take great care, cross-contamination cannot be entirely avoided.

Kindly inform your server of any allergies or dietary requirements, & they will be happy to help with further information.

Our bread is made in a bakery which uses milk, sesame, sunflower & pumpkin seeds. May contain egg, nuts & sesame.

*Makers of the Finest Preserves at the Tiptree Factory,
since 1885 for the Home and Export Markets*

The Wilkin family have been farming at Tiptree, Essex, since 1757, and making quality preserves there since 1885. We grow a wide range of traditional English fruits and use them to make preserves, condiments, and other treats in our nut free factory by the farm. We received our first Royal Warrant from George V in 1911, and remain Royal Warrant holders as purveyors of Tiptree Products to His Majesty King Charles III. Every member of staff is part of our Employee Benefit Trust, giving each a keen interest in the future of the business.
