Our Black Nickel has a stylish shiny modern feel to it, its 304 Grade Stainless Steel provides the consumer with a quality product. Canterbury range has Ingot switches; meaning that the switches are also the steel matching the product. We've reduced the plastic on the front of our switches to provide a more

Minimalistic and quality feel. We have Interchangeable Switches, Can replace the switches on our canterbury with CA029MM intermediate switch.

BRACKETS

Cable Tray Brackets

- Stand off brackets used to support and secure either cable tray or basket tray installations
- Manufactured from continuously hot dipped zinc coated low carbon steel strip to BS EN 10346
- Can connect to flat surfaces or alternatively when reversed can be used in suspended installations
- Standard brackets will fit all three types of cable tray and both mesh sizes of basket tray
- Stand off bracket can be reversed and used to suspend trays using two M6 rods [TF021]

SLIDING WALL BRACKET

Special Features

- **Suitable for mounting electrical boxes and conduit in stud walls**
- **Quick and easy installation**

QSB1016

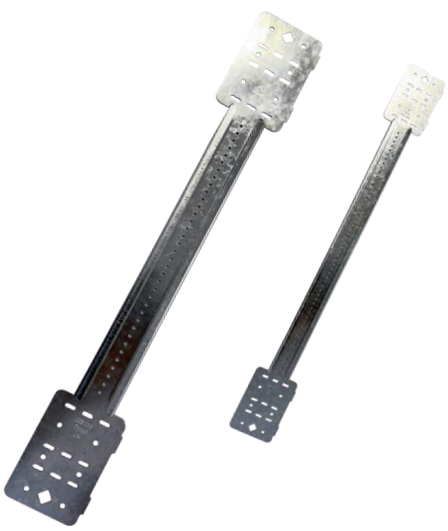
10-16 Inch Quick Galvanised Sliding Wall Bracket

QSB1624

16-24 Inch Quick Galvanised Sliding Wall Bracket

Sliding Wall Brackets

- Extendable bracket for faster mounting of electrical boxes, conduit and pipework
- Suitable for use in stud walls and floor joists
- Can be fixed to wood or metal joists
- Quicker and easier to install than traditional methods
- Can be set at multiple depths
- QSB1016 Shorter expands from 10 - 16" (25 - 40 cm)
- QSB1624 Longer expands from 16 - 24" (40 - 60 cm)
- Depth: 14
- Material: steel Pre-galvanized



Sliding Wall Brackets		
QSB1016	10-16" Extendable Wall Bracket	50
QSB1624	16-24" Extendable Wall Bracket	50
