THE STORY OF THE LEGENDARY NOTEBOOK

- The Moleskine notebook is the heir to the legendary notebook used by artists such as Vincent Van Gogh, Pablo Picasso, and Ernest Hemingway. Our classic notebooks are celebrated in pop culture as contemporary icons.
- Today, we remain deeply dedicated to ESG efforts and high ethical standards ac oss our entire production line,and are committed to empowering artists of all backgrounds, demographics, and mediums to find anduse their unique voice
- Our name pays homage to the author Bruce Chatwin, who refers to his favorite notebooks as "Moleskine" in his book, The Song lines, due to their oilskin material and texture. In 1986, the manufacturer of Chatwin's favorite notebook, a small family-owned company in the French city of Tours, went out of business.
- This further inspired the birth of the Moleskine brand as we know it, which has been headquartered in Milan since 1997.

12 Months - Undated Planners/Diaries

All the practical and familiar features of a Moleskine weekly planner, minus the dates.

This undated weekly planner can be started at any point of the year. The month, week and date spaces are left blank for you to complete, allowing more flexibilty and f eedom than a dated planner. By filling in the dates yourself, you can s ip any gaps and only use the pages you need. Undated means you can begin using this planner whenever suits you - there's no need to wait for the year to start. You can adapt it to the academic year or fit it a ound your personal or professional needs. The opening pages of this planner feature timetable pages and space for travel planning, ideas and goals. Weekly notebook layout: This layout dedicates a two-page spread to each week, with the days of the week on the left opposite a ruled page for notes, to-dos and reminders on the right. This flexible layout incorporates a notebook into your planner to give you the best of both worlds. Each month contains five full and undated weeks.

The Lord of the Rings Limited Edition 2026

Unleash your humble genius. Embrace the unpredictable journey of life.

In the unpredictable journey of life, when the world becomes overwhelming and we feel insignificant in comparison to its vastness, we can all discover our own unique genius – a simple yet significant ability that esides within each of us and helps us to persevere and overcome the obstacles in our path.
The journey in The Lord of the Rings echoes this truth. It is far from straightforward, marked by unexpected challenges. Though the characters often feel small and unprepared, each discovers their own unique genius. Ultimately, it is not superpowers or exceptional abilities that enable them to achieve their seemingly impossible quest, but rather their deeply human and humble strengths.

Alice in Wonderland Limited Edition 2026

A whimsical journey to unleash your genius.

When life spins into chaos, handwriting becomes a compass—slowing the whirlwind and revealing what lies beneath the surface, helping you unlock and unleash your own genius.
Inspired by Alice's Adventures in Wonderland, this collection explores optical illusions that mirror life's unpredictable twists and turns. Warped perspectives, shifting scales and paradoxical doorways reflect Alic 's journey through a world where nothing is as it seems.
Each design celebrates curiosity and transformation, turning moments of surprise into self-discovery and confusion into clarity, while inspiring the genius within.

Día de Muertos

A notebook is a place where handwritten thoughts, stories, and emotions are preserved. On the Day of the Dead, we celebrate how those who came before us can continue to live on in every line we write and draw. This edition brings that spirit to life through the artwork of Caro Martínez "Chabaski", a Mexico City–based illustrator whose work blends nature, intuition, and feminine energy. Her art explores the delicate bridge between the visible and the invisible, inviting us to keep memories alive through the quiet ritual of putting pen to paper.

Features

- Día de Muertos Notebook featuring the artwork of Caro Martínez "Chabaski"
- large, hard cover notebook
- rounded corners, elastic closure and ribbon bookmark
- ivory-colored, 100 g/m², acid-free paper: ruled
- 'In case of loss' printed on the flyleaf
- themed stickers
- expandable pocket in the back
- lies flat, opens at 180°
- the paper of this Moleskine object is made of material from well-managed, FSC™-certified forests and other controlled sources

Put pen to paper to find out for yourself with the Student Cahier by Moleskine. This lightweight academic journal has a flexible ca dboard cover and inviting, ivory-coloured, hand-stitched pages. Half the pages are detachable so you can share or move notes around easily, while the back pocket allows you to store and collect any loose notes and inspiration.

A subject stic er with the Moleskine "In case of loss" notice means you can customise the cover and diffe entiate all your Student Cahiers by subject or project.
