AW2026

**PALME PILLOWS**

THE MOST CONSIDERED DETAIL IN THE ROOM

# PALME

Palme began with a single purpose: to create the Pillows interior designers had long envisioned for their projects, yet could never find. What started as an answer to the design community has since become essential: the finishing pieces designers return to project after project.

Each Pillow is composed of the world's most interesting and luxurious textiles, carrying a sensibility that is relaxed, assured, and entirely effortless.

Each collection begins with a unique textile. We source our fabrics from around the world: raffia from Madagascar, horsehair from France, suede and leather from South America, linens from Belgium and Italy, and hand-woven materials from Mali and the Democratic Republic of the Congo. Each one is chosen for its texture, its durability, its authenticity, and its sense of place.

Designed and crafted in Palm Beach, Florida, Palme Pillows are available through our West Palm Beach Showroom, interior design professionals and select retailers.

## ORDERING PALME

CONCEPT:

Discover Palme through the Lookbook, on our newly launched website, palmecollection.com, and on Instagram. Every collection is designed to live beside one another, so pieces layer naturally across a sofa, a project, or an entire room. Everything can be tailored to your store, your clients, or your project. We work alongside you to curate an order that feels considered from the first piece to the last.

MATERIALS AND TEXTILES:

Our linens set the foundation. Hudson is refined and elegant. Savanna is a heavier two-ply linen, made to carry more robust textiles. Trims are noted with each collection and can be interchanged for bespoke orders, so a familiar design can become entirely your own.

As a Trade or Wholesale Member, you'll receive the Palme Fabric & Textile Memo Sample Box so you can see and feel every material before you select.

HOW TO ORDER:

To get started, call us to review the Palme materials and designs best suited to your project or store.

Please note: each piece of Kuba Cloth and Mud Cloth is one of a kind. We will help you choose the style and color that work best for your project.

We look forward to creating with you.
