

mysterious forest

about the author

Hellow! My name is 유다음

I'm a first-year middle school student. I like to watch movies, playing with my friends, and listening to music. I wrote this story because i thought it would be cool if my book came out. Thank you for reading my book! I hope you enjoy it.

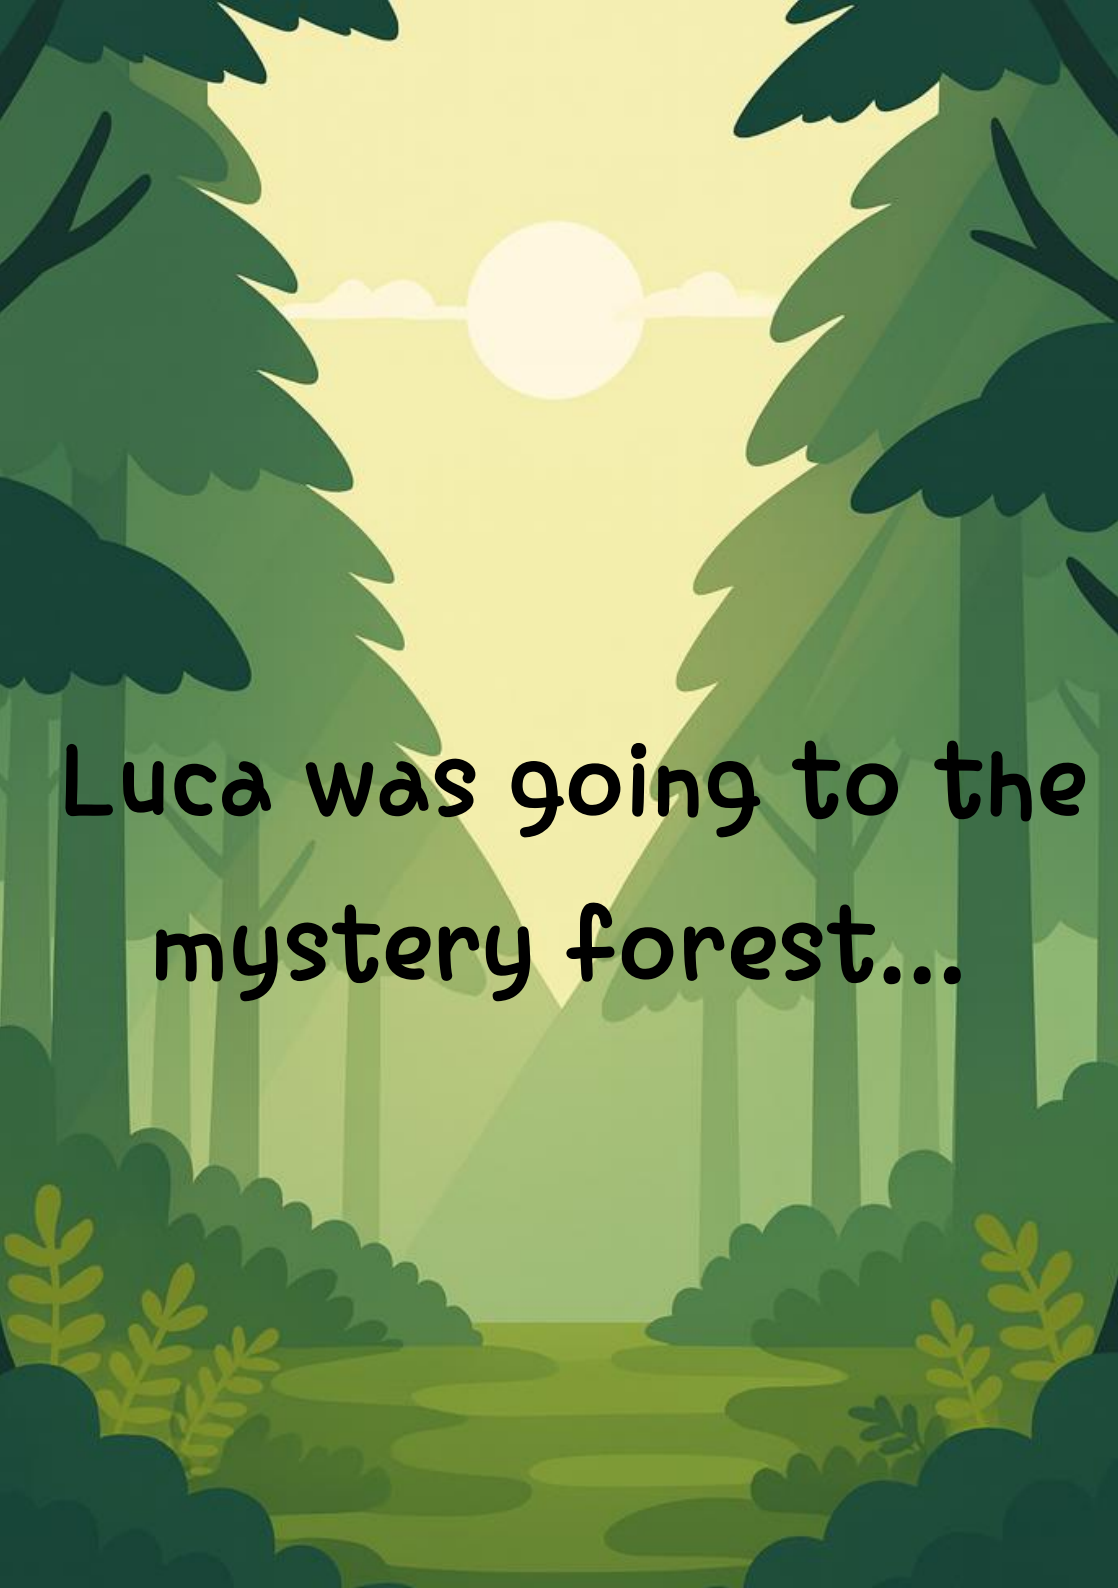

Luca was playing alone
today.

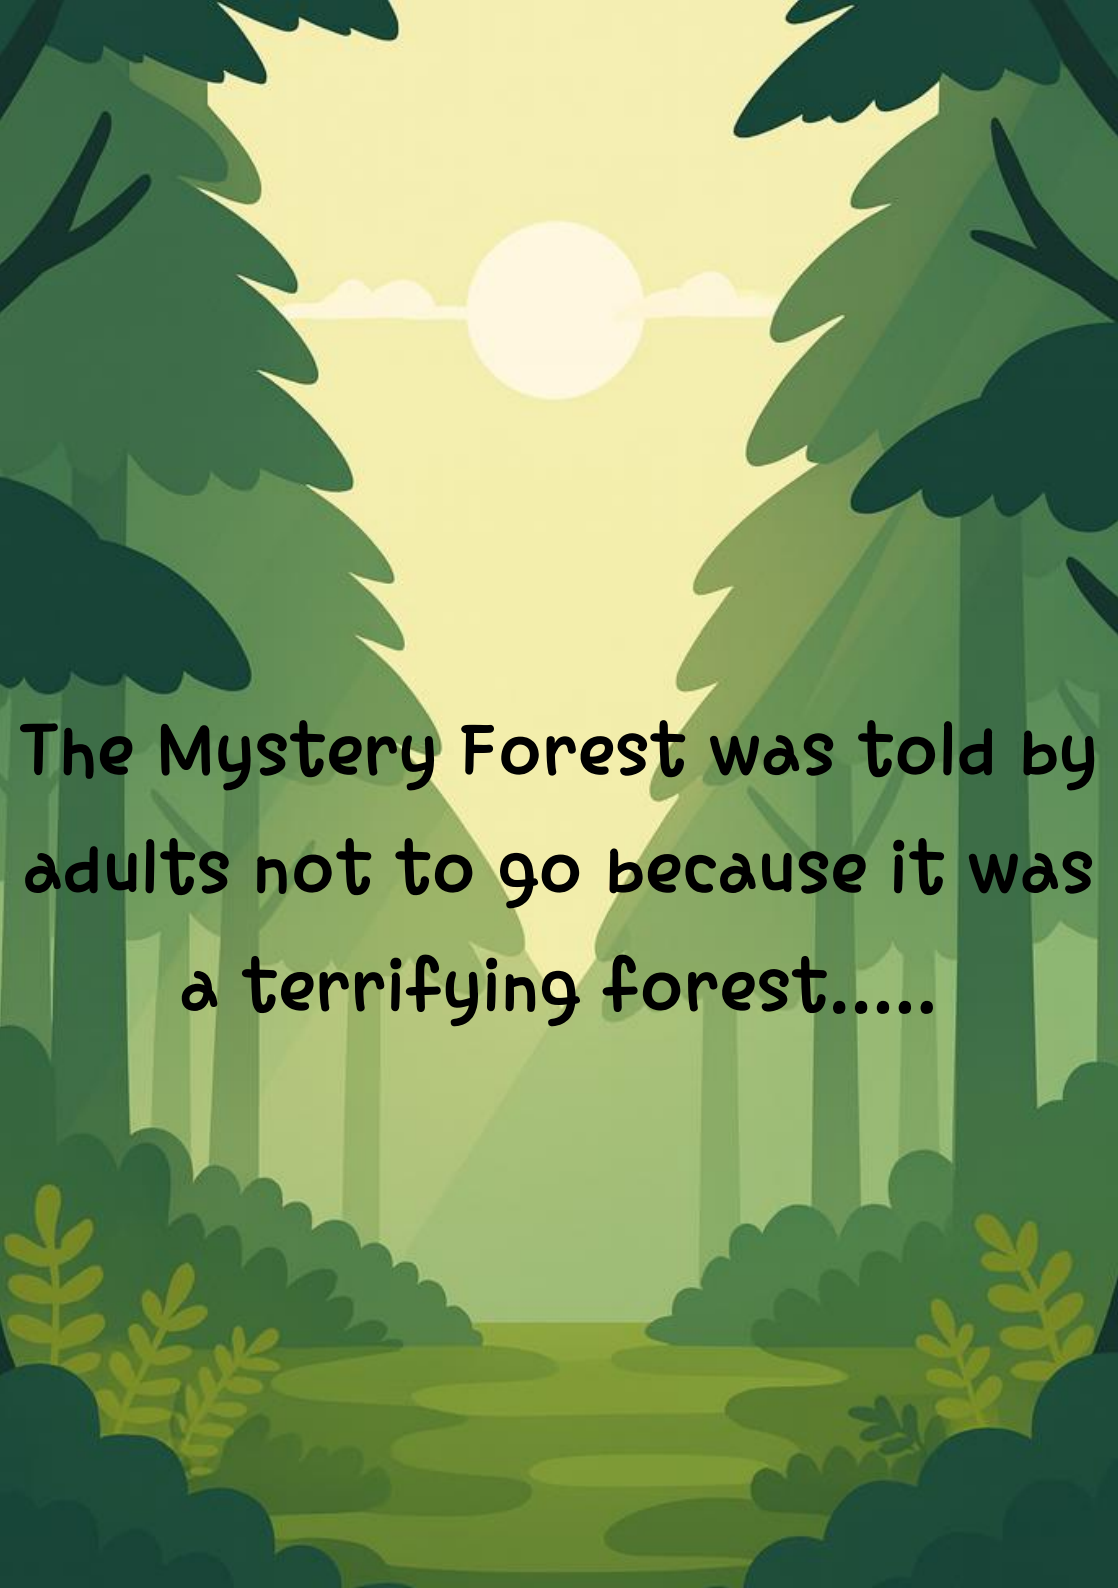

Luca had a good idea!

Luca was going to the
mystery forest...

The Mystery Forest was told by
adults not to go because it was
a terrifying forest.....

As soon as Luca entered the forest, there was a map on the floor.

Luca went into the
forest with that map.

Then, a rabbit appeared
and he even spoke!

Hi, I'm Coco the little
bunny!

I've been looking for
the treasure on this
map, but I haven't
found it yet.

Would you like to find
this treasure with me??
said the rabbit.

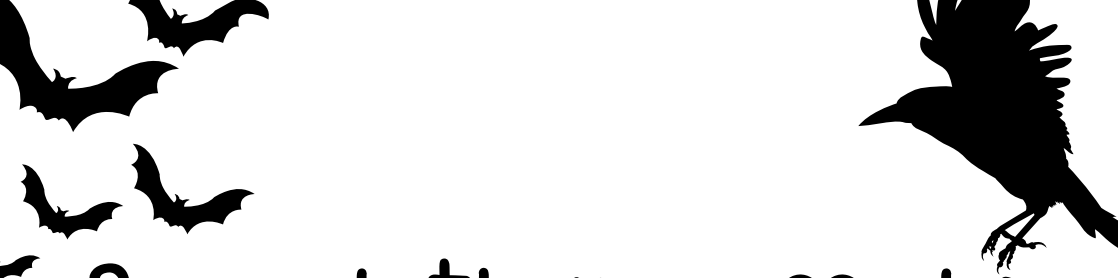

All right! Luca
replied.

Luca and coco first crossed
the bridge to find the
treasure.

Second, they crossed a
terrifying thorn bush.

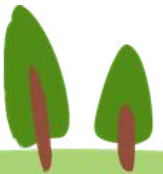

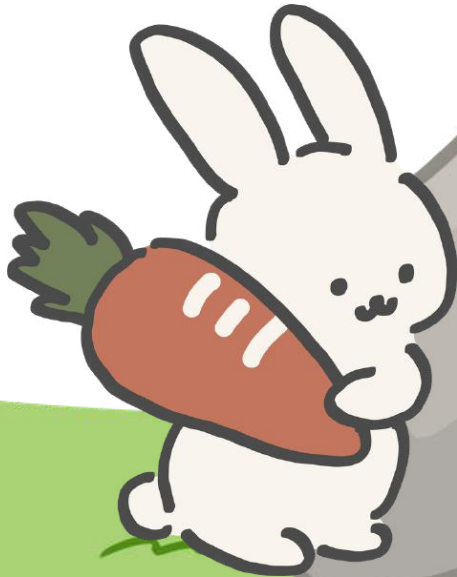

They finally passed through the
hard places and arrived in front
of the treasure, but a huge
stone was blocking it!!

Luca and coco
pushed the stone
together!

Suddenly, another
animal also pushed the
stone together!

Finally, the treasure came
out!

Open.....!

friends are the
biggest treasure.”**

Treasures were not money or
objects, but precious
friendships and experiences!
