fantasy
novel

About the Author

Hallo! My name is 박서현. I'm a first-year middle school student.

I like reading books, play games.

I wrote this story because I wanted to be a writer.

Thank you for reading my book. I hope enjoy it

My eyes opened in the bright sunshine. Wait, the sun is shining?

I was at home?

"Who are you?" I casually turned my head to a sudden voice.

Person? The ears were pointed.

"Who are you?" "...I'm a combustible person. What about you?"

"I'm Luna. Why are you here?"

I want to ask you that.

"Luna!" I heard another voice.

"Don't go alone." For a moment, I saw someone else's face and saw where this place was

I found out. This is the novel I was reading.

Unlike Luna, it's the same description of a novel with human ears and yellow hair

That person's name is Daeun

But can a person come into a novel?

te-ring

What does that mean? And when I casually lowered my head, I saw a strange screen.

[Main quest Daeun joins the party]

It was written in large letters.

Underneath it was a supplementary explanation and a reward for success and failure.

Join the party if you succeed

But If I fail, I die?

Huh? If you fail, I'm going to die? Why!

And I saw options underneath.

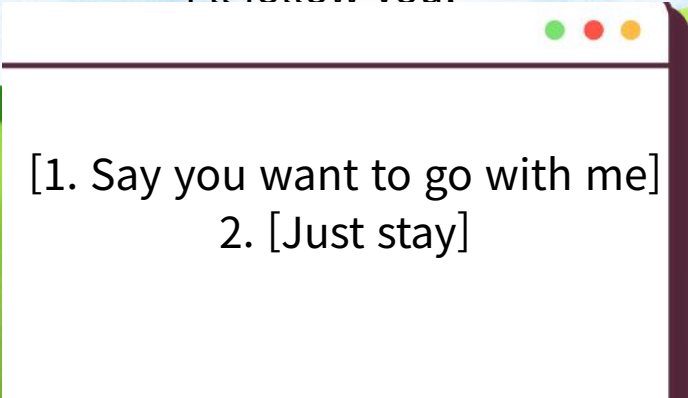

[1. Say you want to go with me]

2. [Just stay]

Then I have no choice but to choose number one!

I had no choice but to press number 1, and my mouth automatically spoke.

"I'll follow you!"

[1. Say you want to go with me]

2. [Just stay]

After hearing that, Daeun thought about it for a while
"Then prove your skills!" He put a sword in my hand
and said, "Get 5 snakes."

I said. As far as I know, this is the first mission of
Daeun's party.

But I'm also afraid of bugs, but I saw another option.

[1. Set traps (requires a trap) 2. Just grab it]

I can only choose number two.

I thought about it. Should I beat him with a sword.

Then a snake appeared.

"Shh, shh"

I smashed the snake's head with a sword.

And I caught five snakes quickly.

"It's faster than I thought!"

Daeun said.

"First of all, I'm accepted!" and I heard something.

[Quest is successful!]

"Emergency!"

a long white hair and a cane

That's Sumanlius.

"The devil king appeared in a nearby village!"

What?

The devil king appeared in the middle of the novel and made his first appearance by spreading them out.

What's going on here

It's 100% Sumanlius

The fact that the devil king came out in the middle was an example

It came out after summoning.

"I'm using the summoning magic all of a sudden!"

I know even if I don't tell you.

"Let's go take down the devil king!"

Yes?

How did you come up with that idea?

[Main quest king encounter]

Why is this the main quest.

[1. Going to take down the devil king]

[2. Telling him to stay still]

I have no choice but to go.....

"I'm going too!" Daeun looked back. "Are you sure?"

"Yes! I go!"

[1. Going to take down the devil king]

[2. Telling him to stay still]

When we arrived at the village, it was already in ruins.
"W-What happened here?!" This village was renowned
as the most beautiful village in the world.
This is proof that the Demon King has come. But for
this much destruction... it must have been
unimaginably powerful. This village was also the fifth
largest in the world.

"Who are you?" The voice sounded as though it had been forged from the abyss itself. Anyone could tell at a glance—it was the Demon King.

"Die, Demon King!" shouted the red-haired boy as he swung his sword. His name was Cain.

"This place puts me at a disadvantage," the Demon King said. The moment the words left his mouth, a portal opened beneath our feet.

"Aaaah!" We were swept through the portal and ended up in an unknown place.

Is this Hell? In stories, this place is called the devil Realm.

“What is this place?!” Cain’s voice rang out behind us.
“It’s probably the Demon Realm described in ancient history books.”

Say Luna.

The devil King went to his castle far in the distance.
Then we set off toward the devil King's Castle..

On our way to the devil King's Castle, we encountered many monsters. We defeated them one after another and kept running toward the castle. Before we knew it, both I and Da-eun had surpassed Level 100.

We entered the devil King's castle. There were still plenty of monsters inside, but we were already level 100. We made our way smoothly toward the heart of the castle.

Along the way, I found a ring.

"What's this?"

From behind me, Sumanlius said,

"Just take it with you for now."

"Okay."

I was about to put it in my pocket, but instead I slipped it onto my finger.

"Why on earth did you put it on?!"

"I just felt like it!"

Ignoring Cain's protest, I continued walking.

When we reached the heart of the devil King's castle,
we finally saw the Demon King.

"This is the end for you!" the devil King declared.

We launched a coordinated attack.

Da-eun swung her sword, Luna fired her bow,
Sumanlius cast powerful spells, and Cain held back the
Devil King's attacks.

Then I hurled my spear straight at the devil King.
Since there were quite a few useful things in the Devil
King's castle, I quietly helped myself to a few of them.

But the Devil King was far too powerful.
Da-eun's sword shattered, Luna's arrows had no effect,
Sumanlius's magic failed to harm him, and Cain's
shield was split in half.

"Seriously?! Why is the Devil King so ridiculously
strong?!" Cain shouted in frustration.
In the original story, it ends with Da-eun sacrificing
herself.

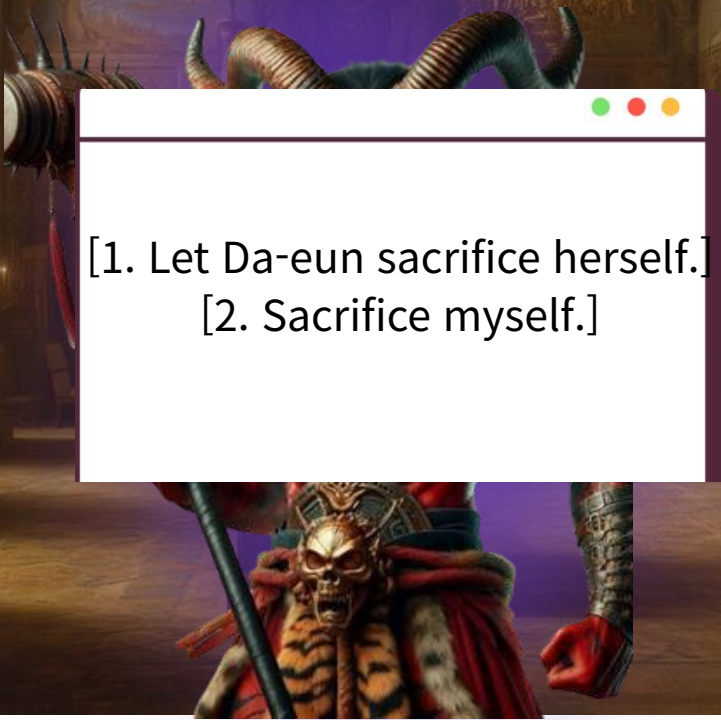

But I hate that ending, so I want to change it.
Just then, a choice appeared before me.

[1. Let Da-eun sacrifice herself.]

[2. Sacrifice myself.]

...

These are both the worst possible options.

What should I do...?

Just then, the ring on my finger began to glow.

[Item information revealed.]

[Hero's Ring: A ring once worn by the Hero who sealed away the Demon King long ago. It contains the power to stand against the Devi King.]

Then the light engulfed the Demon King.

"Aaaaargh!"

The Demon King vanished.

"I-It's over!"

After our fierce battle with the Demon King, we returned to a beautiful, peaceful world.

And at that moment, I became certain of one thing:

There is no predetermined answer.

the end
