## Magic View - Your Car Wash Solution!

Our newest hyper-concentrate system delivers superior performance while transforming your back room into a clean organized space — all while lowering your cost per car

With our hyper-concentrated proprietary formulas, Magic View provides consistently outstanding results for every wash. Customers will see the difference immediately, while operators will benefit from smoother operations and less downtime

## Why make the switch today?

- **Hyper-Concentrated Power** – Magic View Products last 2x–4x longer than standard concentrates
- **Streamlined Chemical Management** – Just pour and go
- **Space-Saving, Smart Design** – 7.5-gallon or 20-gallon tanks with easy-read increments, debris-blocking lids, cleanout inserts, and wall or floor mounting

## Additional Accessories

Simplify your car wash chemical room with our unique racking system, designed to save space, and provide flexibility to house six containers at once. By keeping product off the floor, and on rollers, operators can easily move and maintain a tidy back room

## XT-101 MAX-POWER LO-pH PRESOAK

Low pH, hyper concentrated solvent-based presoak designed for use as the low pH presoak in the dual-stage low pH/high pH wash process. Contains high concentrations of acids, surfactants, and solvents that penetrate deeply to remove tough dirt, oil, and film. Excellent cleaning action on glass and chrome when combined with MV XT-205 Hi-pH Presoak.

**Color:** Orange  
**Fragrance:** Citrus  
**pH:** 0-1

**Package Sizes:**  
60107-0002250 / 2, 2.5 Gallon Jugs  
60107-0002005 / 5 Gallon T-Head  
60107-0002015 / 15 Gallon Drum  
60107-0002030 / 30 Gallon Drum

## XT-102 MAX POWER PLUS LO-pH PRESOAK

Low pH, hyper concentrated presoak designed for use as the 1st stage in the dual-stage low pH/High pH wash process. Contains high concentrations of acids, surfactants, and solvents that penetrate deeply to lift dirt, oil, and film from the vehicle surface. Excellent cleaning action when combined with XT-220 / XT-221 High pH detergent combination as the 2nd stage in the dual-stage wash process.

**Color:** Orange  
**Fragrance:** Citrus  
**pH:** 0-1

**Package Sizes:**  
55360-0002250 / 2, 2.5 Gallon Jugs  
55360-0000005 / 5 Gallon T-Head  
55360-0000015 / 15 Gallon Drum

## XT-205 MAX-POWER HI-pH PRESOAK

High pH hyper concentrated blend targets organic type soils, grease, film, and bug residue. Formulated with strong alkalinity and solvents for extra cleaning power. Excellent as a single step pre-soak or as the 2nd step with MV XT-101 in the dual-stage low pH/high pH wash process for even more cleaning consistency. Great for touchless and reduced friction applications.

**Color:** Red  
**Fragrance:** N/A  
**pH:** 12-14

**Package Sizes:**  
55298-0002250 / 2, 2.5 Gallon Jugs  
55298-0000005 / 5 Gallon T-Head  
55298-0000015 / 15 Gallon Drum  
55298-0000030 / 30 Gallon Drum

## XT-220 HYPER INFUSION A

XT-220 Infusion A is a neutral pH 2-part detergent blend of premium surfactants with high foam, spreading, penetration, emulsification, and mild solvency, working together to effectively help remove road film, bugs, and other soils. XT-220 combined with XT-221 Hyper Concentrate creates a customizable high pH, touchless and tunnel applications. This advanced formula effectively removes road film.

**Color:** Orange  
**Fragrance:** Citrus  
**pH:** 8-10

**Package Sizes:**  
60454-0003250 / 2, 2.5 Gallon Jugs  
60454-0003005 / 5 Gallon T-Head  
60454-0003015 / 15 Gallon Drum

## XT-221 HYPER INFUSION B

XT-221 Infusion B is a high pH hyper alkaline blend that penetrates and emulsifies road film, bugs, grease, grime, and other soils. To be injected with XT-220 Hyper Infusion A to create a customizable high pH cleaning solution for use in touchless or tunnel wash applications.

**Color:** White Water  
**Fragrance:** N/A  
**pH:** 11-14

**Package Sizes:**  
63995-0003250 / 2, 2.5 Gallon Jugs  
63995-0003005 / 5 Gallon T-Head  
63995-0003015 / 15 Gallon Drum

## LO-pH FOAMING CONDITIONERS

Low pH hyper concentrated foaming conditioners remove excess alkalinity and dehydrates water, allowing vehicle surfaces to rinse faster with extra rich colored foam. These tri-colored foams coupled with optical brighteners that enhance customer appeal. Designed for all wash systems.

### XT-300 RED

**Color:** Red  
**Fragrance:** Rainbow Sherbert  
**pH:** 1-2

**Package Sizes:**  
34828-0002250 / 2, 2.5 Gallon Jugs  
34828-0000005 / 5 Gallon T-Head  
34828-0000015 / 15 Gallon Drum

### XT-301 GREEN

**Color:** Green  
**Fragrance:** Rainbow Sherbert  
**pH:** 1-2

**Package Sizes:**  
34829-0002250 / 2, 2.5 Gallon Jugs  
34829-0000005 / 5 Gallon T-Head  
34829-0000015 / 15 Gallon Drum

### XT-302 BLUE

**Color:** Blue  
**Fragrance:** Rainbow Sherbert  
**pH:** 1-2

**Package Sizes:**  
34830-0002250 / 2, 2.5 Gallon Jugs  
34830-0000005 / 5 Gallon T-Head  
34830-0000015 / 15 Gallon Drum

## FOAM POLISHES

Hyper concentrated, tri-colored foam polishes are designed to achieve an ultra high shine with increased water beading. Formula includes FRT (Fast Rinsing Technology) with little to no runout, aids in the rinsing and drying process. Designed for all wash systems.

### XT-401 RED

**Color:** Red  
**Fragrance:** Rainbow Sherbert  
**pH:** 6-8

**Package Sizes:**  
34831-0002250 / 2, 2.5 Gallon Jugs  
34831-0000005 / 5 Gallon T-Head  
34831-0000015 / 15 Gallon Drum

### XT-402 YELLOW

**Color:** Yellow  
**Fragrance:** Rainbow Sherbert  
**pH:** 6-8

**Package Sizes:**  
34832-0002250 / 2, 2.5 Gallon Jugs  
34832-0000005 / 5 Gallon T-Head  
34832-0000015 / 15 Gallon Drum

### XT-403 BLUE

**Color:** Blue  
**Fragrance:** Rainbow Sherbert  
**pH:** 6-8

**Package Sizes:**  
34833-0002250 / 2, 2.5 Gallon Jugs  
34833-0000005 / 5 Gallon T-Head  
34833-0000015 / 15 Gallon Drum

## XT-405 PURPLE SEAL FOAMING PROTECTANT

Hyper Concentrated Purple Protectants contains advanced silicones that bond to the vehicle's surface for exceptional shine and protection.

**Color:** Purple  
**Fragrance:** Citrus  
**pH:** 8-10

**Package Sizes:**  
60039-0003250 / 2, 2.5 Gallon Jugs  
60039-0003005 / 5 Gallon T-Head

## XT-591 LO-pH BODY SOAP

The Low pH Hyper Concentrate's active surfactants produce dense and stable foam to gently remove dirt, grime, and road film. Creates high lubricity for today's modern foam cleaning. Designed for all wash systems.

**Color:** Blue  
**Fragrance:** Sharp  
**pH:** 2-4

**Package Sizes:**  
60559-0003250 / 2, 2.5 Gallon Jugs  
60559-0002005 / 5 Gallon T-Head  
60559-0002015 / 15 Gallon Drum

## XT-595 WHEEL & TIRE

High pH Hyper Concentrated solvent blend wheel and tire cleaner is formulated to quickly penetrate and loosen dirt, grease, oil, and brake dust from the wheel surface. Designed for all wash systems.

**Color:** Yellow  
**Fragrance:** N/A  
**pH:** 12-13

**Package Sizes:**  
34836-0002250 / 2, 2.5 Gallon Jugs  
34836-0000005 / 5 Gallon T-Head  
34836-0000015 / 15 Gallon Drum

## XT-605 PROTECT

Hyper Concentrated clear coat protectant is formulated with advanced chemistry to quickly repel water and leave a bright shine. Unique formula excels under low and high pressure applications. Designed for all wash systems.

**Color:** Clear  
**Fragrance:** Vanilla  
**pH:** 5-7

**Package Sizes:**  
62566-0003250 / 2, 2.5 Gallon Jugs  
62566-0002005 / 5 Gallon T-Head  
62566-0002015 / 15 Gallon Drum

## XT-610 RAPID DRY

Hyper Concentrated rapid dry formula, with polymeric additives, creates an instant water break for optimum blower efficiency. Designed for all wash systems.

**Color:** Pink  
**Fragrance:** Cherry  
**pH:** 5-7

**Package Sizes:**  
55328-0002250 / 2, 2.5 Gallon Jugs  
55328-0000005 / 5 Gallon T-Head  
55328-0000015 / 15 Gallon Drum

## XT-700 CERAMIC WITH GRAPHENE

Hyper Concentrated sealing product, infused with graphene, coats the surface of the vehicle with ceramic polymers, forming a protective layer that bonds to all surfaces. This layer significantly increases hydrophobicity, protecting the vehicle from rain and harsh conditions while providing a lustrous shine. Designed for all wash systems.

**Color:** Pink  
**Fragrance:** Fresh  
**pH:** 5-7

**Package Sizes:**  
33014-0002250 / 2, 2.5 Gallon Jugs  
33014-0003005 / 5 Gallon T-Head  
33014-0003015 / 15 Gallon Drum
