SIX SENSES

KANUHURA

TROPICAL TIDINGS

The Warmth of Connection, With a Little Island Whimsy

THE ART OF COMING TOGETHER

A warm welcome to Six Senses Kanuhura.

This festive season, we're celebrating one of life's simplest pleasures: being together.

Together around a table piled with incredible food. Together on the beach with sandy toes. Together discovering what lies beneath the waves, trying something new, raising a glass at sunset or doing absolutely nothing at all.

The Art of Coming Together is our invitation to make more time for all of it. Across our three islands, we've filled the season with delicious feasts, ocean adventures, family fun, moments of wellness and a little island whimsy thrown in for good measure. You never quite know what might be waiting around the corner.

Most importantly, we hope this is a place where schedules become a little less important and the people beside you become a little more so.

From all of us at Six Senses Kanuhura, welcome to the festive season.
Make yourself at home, gather your favorite people and enjoy every moment.

Looking forward to celebrating together,

Alicia Graham
General Manager
Six Senses Kanuhura

A SUSTAINABLE WAY OF LIFE

Caring for our unique Maldivian home

Sustainability is in our DNA and woven into our daily practices. With a dedicated sustainability team at the resort, we work diligently to operate every part of our facility sustainably, from the heart of the house to the back of the house.

We partner with the Atoll Marine Centre, a local NGO based on Naifaru Island in Lhaviyani Atoll, to support their mission to rescue and rehabilitate injured sea turtles. Guests can engage with an AMC biologist to learn about conservation. Our in-house marine biologist oversees our vibrant coral reef and seagrass meadows, educating guests on marine ecology. By desalinating all water on-site, we eliminate the need for over 20,000 plastic bottles each month. At our Earth Lab, our hydroponic farm yields fresh greens and herbs, helping to create a greener future for us all.

Our Sustainability Fund comprises 0.5% of our total resort revenue, half of the proceeds from our water sales, sales from soft toys, and generous guest donations. It enables us to support projects that enhance community health and well-being, bolster education, safeguard the environment, and conserve biodiversity and heritage in Lhaviyani Atoll.

SEA TURTLE CONSERVATION

This year, our commitment took center stage at the Lhaviyani Turtle Festival 2026, where Six Senses Kanuhura proudly served as the main sponsor for the third consecutive year. Hosted by Naifaru Juvenile, a local NGO, the festival celebrated its 10th anniversary with a turnout of two schools and over 2,000 participants.

The event amplified the urgent call to protect sea turtles and the ecosystems they rely on, bringing communities and future generations into the movement. Each year, we aim to expand our reach, inspiring more people across the Maldives and beyond to join us in protecting the ocean's most iconic residents.

FESTIVE FUN FOR THE LITTLE ONES

Neverland has landed at the Kids Club! Our little VIPs are invited on a daily adventure of crafts, treasure hunts, beach games, and sweet treats, with a sprinkle of Peter Pan magic along the way. From splashing in the sea to making pizza with the chef, every day is packed with fun they'll talk about long after the holidays end.
