LIVING

As we continue to blur the boundaries between different rooms of the home, what we mean by 'living space' is increasingly fluid. It's more important than ever to carve out corners for curling up with a good book or catching up on a new documentary. From stools that can also be coffee tables, to classic sofas and concealed media cabinets, our living collection is for homes that don't want to compromise on beauty or utility.

Made to order

The foundations of every upholstered piece we make are the same: solid timber, tried and tested joinery, and comfortable yet durable fillings. It's the fabric that makes each sofa or footstool feel uniquely beautiful. Our curated collection of wools, linens and velvets allows you to customise our furniture to suit your home.

 You will see this symbol next to all made to order pieces available in a custom fabric.

Our upholstered furniture collection is available in stocked fabrics which are ready to order. While all our fabrics look beautiful across our collections, we have carefully selected some specialist fabrics to stock specific furniture to complement its shape and style.

You can choose to have many of our upholstered pieces in a custom fabric from our collection. Turn to page 163 to view all our fabrics or visit us online to see which fabric options are suitable for your chosen piece of furniture.

Leg finishes

Once you've chosen your fabric, it's time to think about the leg finish. We offer two oak finishes for our upholstered designs, Natural Oak and Darkened Oak.

DECORATING, COLOURS & FABRICS

We take a cohesive approach to interiors. When it comes to creating a beautiful and relaxing space, details like paint colours and tiles provide the all-important backdrop for furniture and accessories. This section guides you through our paint and fabric collections, as well as our wall and floor coverings and IsoGuard® finish.

Paint

Developing our own paint was a natural next step for us, allowing us to curate a colour palette which offers a spectrum of choice without feeling overwhelming. It also means we can ensure the very best quality and results.

Working closely with our expert British supplier, our eggshell and emulsion paints are all water-based and very low in VOCs (Volatile Organic Compounds).

The same eggshell paint is used to customise our timber furniture. Our paint service is a versatile tool for tailoring our furniture to suit your home, while the ability to repaint it in years to come ensures longevity.

Head to your local store to speak to our team or visit our website to find out more about our customisable painted furniture service.

This season in colour

Introducing our seasonal paint colour, Nettle. A homage to the versatile plant; this fresh, true green is carefully balanced with a hint of black for sophistication. Fresher than Olive and more vibrant than Cactus, its warmth balances out cooler green shades. When used in a decorative scheme, it gives a sense of the immediacy of nature, helping link the interior with the exterior.

Nettle's green character, with soft yellow undertones, makes it an ideal base for a palette built around greens. It can also be paired with complementary shades such as warm Polenta and Saffron, or contrasted with stronger hues like Rhubarb, Olive or Saddle.

Nettle

Our paints are absolutely always water-based. High-performing, low in chemicals and practically odour-free, they're a far better option for our homes, the environment and our own health. It also means that brushes need only a simple rinse with water.

It's worth noting that the colours shown here are a close representation of their true shades, but to see the real thing, we suggest trying our sample paint pots.

Matt emulsion

Finish: deep in tone and matt. Best suited for previously painted walls, wallpapered walls, lining paper ceilings and newly plastered walls.

125ml sample pot £8 / 2.5l £59

Eggshell

Finish: up to 22% sheen and durable. Suitable for wooden doors, furniture, trim, skirting, cornicing and walls.

Primer undercoat

A neutral base to use on most prepared surfaces from walls to woodwork for the highest quality finish.

Timber care with IsoGuard®

IsoGuard® is a wood finishing oil – but not as you know it. All our interior solid oak furniture and kitchen cabinetry comes pre-treated with interior IsoGuard®, while our teak garden furniture is finished with the exterior version.

The revolutionary formula penetrates below the surface of the timber, bonding with it at a cellular level. It creates an extremely effective barrier against stains and spills without masking the natural beauty of the timber.

It contains linseed oil, a natural food safe ingredient that protects the timber against damage. Linseed oil can darken the appearance of oak, so we add a pigment to correct this.

Interior finishes

The interior IsoGuard® comes in three finishes which lend individual character to our different furniture collections.

Natural Oak

This is an authentic reflection of oak in its natural state. The added pigment simply reverses the darkening effect of the linseed oil to restore the original colour.

Seasoned Oak

Seasoned Oak has a lighter hue than Natural Oak, which highlights the contrasting wood grain. It's designed to emulate the subtly silvered patina oak naturally develops with age.

Chalked Oak

The palest of our IsoGuard® finishes, Chalked Oak lends our oak a limewashed look. The result is light and contemporary, blending in seamlessly with other materials and colours in the home.

Our fabrics

We have curated a fabric collection that allows you to explore and experiment, confident in the knowledge that we work with the very best manufacturers.

We can't relax and enjoy our homes if we are worrying about damaging upholstery or soft furnishings, so choosing the right material for the right purpose is especially important here.

Our collection spans hard-wearing wool and cotton fabrics, as well as pure linens. All are quality and performance tested so we know exactly how they will behave in your home and how best to care for them.

A note on Martindale

A Martindale score is the amount of rubs an upholstery fabric can take before it begins to show signs of wear and tear. We split the results of these tests into scores that relate to two categories: 'everyday use' and 'heavy duty'.

Fabrics that are suitable for everyday use sit between 20,000 to 25,000 and are ideal for general upholstery in the home like armchairs and sofas.

The heavy duty fabrics sit between 25,000 to 100,000. The higher the score, the better it will cope in high-traffic areas of the home. Any fabric in this category is also an excellent choice for families with children and pets.

L I N E N

The image shows a warm and inviting living room. A light-colored sofa is positioned in the upper half of the frame, adorned with several decorative cushions. Two of the cushions feature intricate orange and beige patterns, while others have simpler stripes or polka dots. In the foreground, a large, rectangular rug with a dense, textured weave in shades of beige and cream covers the floor. To the left, the corner of a light-colored wooden coffee table is visible. The floor beneath the rug and sofa is made of light-colored wood. The overall atmosphere is one of comfort and style.

Rugs

Rugs are essential for harmonious interiors, warming up stone and timber flooring while injecting colour and pattern. Our collection spans plush sheepskins, geometric flatweaves, natural jutes and woollen kilims.

In store

You'll find our knowledgeable store teams up and down the country, but if you can't pop in, know that they're still here to help. You can find your nearest by turning to the back cover, or by heading online where you'll also be able to see details of what to expect in store, how to get in touch and even, for many of our stores, take a virtual walk around. neptune.com/our-stores

Online

Our website is the easiest and quickest way to explore all our designs in depth. It's also where you can read our 'Inspiration' journal full of ideas and advice, and where you can talk to us using our live chat feature (available Monday–Friday 9am–5:45pm, Saturday 9am–5.30pm and Sunday 10am–4pm) at neptune.com

Over the phone

Some good things to know

For more details on our returns policy, delivery service, guarantees and pricing, visit neptune.com.

No-quibble returns

We have a 28 days returns policy, and we'll happily take back most products as long as they're in their original packaging (unless we took this away for you) and without any signs of use (excludes made to order, painted to order bespoke designs).

White glove delivery

Your two-person Neptune delivery team will take your furniture to your room of choice, set it up and take away all of the packaging to be recycled. For accessory-only orders and smaller items of furniture, your designs will be delivered by one of our trusted delivery partners.

Our guarantees

We guarantee our accessories and parasols for one year. We guarantee Neptune manufactured sinks and taps, garden furniture and mattresses for five years. This excludes any thirdparty suppliers. When it comes to upholstered furniture – sofas, armchairs, footstools, ottomans, headboards, and dining chairs – we guarantee the fabric and cushion inners for three years, and the frame for a lifetime. And for our furniture and kitchens (when fitted by one of our accredited installers), we build these to last a lifetime, so that's how long we guarantee them for.

We do everything we can to make sure our directory is as environmentally sound as possible. The paper is FSC-certified as coming from responsible sources, and is carbon balanced by the World Land Trust. It's then printed in the UK by Pureprint, a CarbonNeutral® company where everything, from their buildings to their processes, is managed in an environmentally-friendly way (if you'd like to get technical, they're ISO 14001 certified).
