CELEBRATING 35 YEARS

35+ YEARS

For over 35 years we've been Helping Restore Classic American Muscle Since 1990.

HIGH QUALITY PARTS

Restoration-focused parts selected to deliver dependable fit, function, and value.

EXPERT SUPPORT

Real support is always a call away. From a team that understands classic GM restoration.

A PROUD PART OF

GROUND UP MOTORS

SS396.com is part of the Ground Up Motors family, built around one mission: helping enthusiasts restore, maintain, and enjoy classic American muscle cars and trucks with the right parts, the right value, and the right support.

For decades, SS396.com has been the trusted catalog and retail source for Chevelle, El Camino, Camaro, Nova, and other classic GM restoration parts. Behind that catalog is Ground Up Motors — the parent company that helps strengthen the SS396.com offering with high-quality value parts, carefully built product bundles, and exclusive kits designed to make restoration projects easier, more complete, and more cost-effective.

Ground Up Motors focuses on period-correct reproduction parts, practical value-driven solutions, and complete kits that help customers buy with confidence. From hard-to-find restoration components to bundled product packages that save time and reduce guesswork, Ground Up Motors supports SS396.com by helping bring together the parts enthusiasts need to build it right.

When you shop SS396.com, you are getting more than a catalog of parts. You are getting the benefit of a company built around restoration experience, product knowledge, and a long-standing commitment to classic American muscle.

HIGH-QUALITY PARTS

Restoration-focused parts selected to deliver dependable fit, function, and value.

COST-SAVING PRODUCT BUNDLES

Carefully grouped parts that help simplify ordering and reduce overall project cost.

EXCLUSIVE KITS

Complete kit solutions designed to take the guesswork out of common restoration upgrades and repairs.

PERIOD-CORRECT PARTS

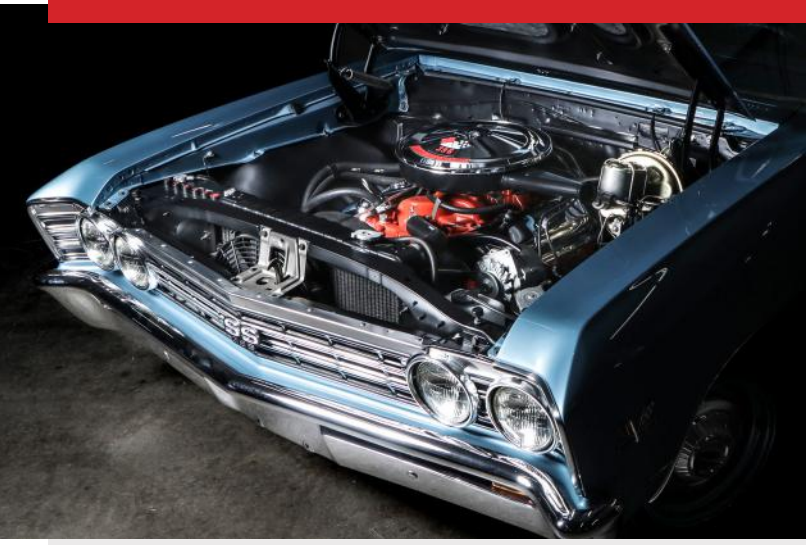

Parts and product solutions built around the look, fit, and function classic GM enthusiasts expect.

BUILT FOR THE CUSTOMER

Ground Up Motors helps support SS396.com with products, packages designed to save time, and improve confidence.

Dakota Digital RTX Gauge Kits

The RTX series is the latest from Dakota Digital, focused on retaining that stock look without sacrificing the late-model features you love. Every effort has been put forth to incorporate OEM design elements regarding the layout, face styling and indicators. A casual glance may dismiss these as original equipment, but once you hit the switch and the LED back lighting comes on in your favorite color scheme, all doubts will be removed.

QuietRide AcoustiShield

The QuietRide AcoustiShield kit is a multi-stage automotive and sound dampening system to give your muscle car the quiet riding comfort found in today's new cars. AcoustiSHIELD kits are designed on current state of the art auto acoustic technology to insulate and control the noise, vibration and heat in the passenger cabin. Kits are pre-cut and come with easy to follow installation instructions: Everything you need to do the job right! The first stage consists of pre-trimmed, self-adhesive sound damper pads which are bonded to strategically located trouble spots to control body panel vibration and noise. These spots are mapped and labeled in the detailed instructions.

Complete Kits include Body, Cowl, Floor, Roof (except convertible) and Trunk Floor Kits.

American-Retro Steering Wheels

This 15-inch American-Retro steering wheel replaces the original 17-inch stock wheel from your ride. This sporty replacement gives your car an original look, yet provides drivers the comfort and handling of a 2-inch smaller diameter modern size wheel, a benefit especially for cars converted to modern power steering. The American-Retro wheels comes complete with a chrome horn ring and a center cap. Installation is easy - just bolt it on! Paint to match.

USA 740AM/FM 300 Watts

The USA-740 offers the same classic look that Custom AutoSound has always been known for with today's latest features. Now, with built-in Bluetooth (microphone included), answer calls and get Bluetooth streaming music from your Bluetooth capable phone or Bluetooth compatible device. A solid 300-watt peak power should be all the juice you need, yet the USA-740 has Hi 4 volt, 4 channel RCA pre-outs and a subwoofer RCA pre-out for additional amplifiers. The USB input allows you to plug in a USB flash drive for playback of MP3/WMA/FLAC/WAV song files. A front 3.5mm mini jack auxiliary audio input and a rear RCA auxiliary audio input provide versatility for options like satellite radio, iPod or any portable player you wish to use. Match the dominant color of your instrument cluster with user selectable multiple LCD color choices with LCD dimmer control. The AM/FM RDS tuner shows station, song and artist on the LCD display. For those of us committed to music collections on compact disc, the USA-740 fully controls the optional Custom AutoSound CD player. Classic style with today's sound and performance taking every road and curve with you in your Chevelle.

Custom Autosound USA-630 AM/FM 240 Watts

The USA-630 is the pinnacle of 30 years of evolution in Custom Autosound's quest for the perfect classic car radio. This radio has large OEM style push-buttons that give a perfect look in a classic dash. Although it looks classic it has the latest modern features. USB input on the back of the radio. This jack is on an 18" extension which allows you to place it in the glove box or ash tray for easy access (no unsightly wires or plugs hanging out of the front of the radio). The new alpha numeric display (30% larger than previous models) shows the song/artist/album (id3) titles during playback of MP3/WMA files. With the built-in CD controller you have complete control (no FM modulation) of CAS's 10 disc CD changer. This same CD controller also facilitates the optional iCAMKIT iPod® interface that turns your iPod on/off and charges it while giving you control to advance songs or playlist from the buttons on the radio. A great feature so you can keep the iPod hidden away in your glove box or console. With 240 watts the radio should have all the power you may need, if you want more there are four pre-out jacks on the back of the radio for optional amplifiers. The back of the radio also has auxiliary audio input for satellite radio or any portable player you may wish to use.

- AM-FM Stereo
- USA/Euro Tuner
- Power Antenna Lead
- Alpha Numeric id3 Display for MP3/WMA files
- Electronic Tuning and Volume Control
- 4 way Fader
- Left/ Right Balance
- Digital Clock
- 16 Pre-sets (12FM-4AM)
- 4 Channel RCA Pre-outs
- Separate Bass and Treble
- 2 Channel RCA Auxiliary Input for Satellite / iPod etc.

Factory Style Radial Tires

If you're going for an authentic Chevrolet restoration, be sure that you don't overlook the tires! Previously, this meant sacrificing modern ride quality and handling characteristics for an authentic appearance, but now you can have the best of both worlds with these modern radial tires that have a period correct appearance. This factory style Firestone Wide Oval tire is an almost exact replica of the original, engineered from the ground up to provide excellent ride quality, tread life and safety, while retaining the correct tread pattern and raised white lettering.

Aldan American Coilover Kits

Aldan Road Comp kits are designed to convert your suspension to coilovers. Aldan Phantom Series, single adjustable coilovers deliver superior handling and ride quality for a drastic improvement over stock suspension. Aldan high tensile, high travel coil-springs provide greater consistency over stock springs. Aldan's rear bolt-on shock absorber kit includes 2 TrueLine Series shocks, 2 brackets, 2 T-Bars and hardware. Uses OEM shock mounting locations. TrueLine adjustable shock absorbers are designed to work with factory and aftermarket springs to add a more consistent, smoother ride.

QA1-52537

QA1 Lower Tubular Control Arms

QA1's GM 2.0 Control Arms offer increased positive caster, reduced unsprung weight, and improved performance without sacrificing durability. They feature QA1's rebuildable and stronger-than-OEM integrated ball joints for long-term reliability. With billet cross shafts for reduced weight and double-sheer lower mounts that are coil-over ready, installation is clean and straightforward. These arms look great without additional adapters and don't require restoring like factory steel control arms. Made from high strength, low alloy steel, they are lighter and stronger. QA1's ball joints come with dust boots and are designed for long-term service and tunability. Compatible with OE or drop spindles, they mount in OE locations without cutting, fabricating, or welding, and accommodate factory or aftermarket disc brakes. When used together, they add 3-4 degrees of caster and 0.5 to 1 degree of negative camber; independently, they add about half as much. All parts sold in pairs and including mounting hardware. Made in the USA.

QA1 Rear Trailing Arms

All QA1 upper tubular and lower boxed trailing arms use polyurethane bushings on both ends, while upper adjustable and lower tubular trailing arms use a spherical ball or rod end assembly on the chassis end to eliminate bushing bind, allowing the suspension to move smoother for better control. This keeps the tires planted firmly on the ground for improved traction and a more predictable, better handling car. For a long-lasting finish, tubular and boxed trailing arms are powder coated gloss black, while the adjustable arms are zinc plated and anodized.

QA1 Rear Coilover Shock Kits

QA1 bolt-in rear coilover conversion kits include USA-made mounting brackets, adjustable aluminum shocks (single, double, or MOD Series), springs, and all necessary hardware. Single adjustable shocks offer 18 positions of simultaneous rebound and compression adjustment, while double adjustable shocks provide 18 positions each for compression and rebound, totaling 324 valving combinations. MOD Series shocks add adjustable low-speed bleed for independent control over compression and rebound. These shocks feature a fully threaded body for ride height adjustment and multiple spring rate options, tested from casual street driving to hardcore racing. Combined with QA1's adjustable struts, you get a complete suspension makeover for both ends of the vehicle. Bolt-in installation. Made in the USA.

QA1 Sway Bars

Give your chassis the stability it needs to keep your tires planted on the road. These sway bars are an easy bolt-on upgrade to help reduce body roll and handle corners better. For maximum strength and durability, QA1 sway bars are manufactured from either lightweight hollow-core (4130) chromoly steel or heavy duty solid-core (1045) cold formed steel. The bars are formed using precision CNC equipment for a true bolt-on installation, then gloss black powder coated for durability and corrosion resistance. Sway bars include new mounting components to replace old and worn out sway bar bushings and end links. Made in the USA.

Muncie - Hurst Adapter
This handy bracket allows you to bolt up your original Muncie shifter handle to a Hurst shifter. The original Muncie handle featured a top mount design while the Hurst handle features a side mount design. The Hurst design is much stronger. Once your shifter boot is on, no one will know it isn't stock!

FHB-64	1964-67	39.99 ea.

Hurst Shifter & Installation Kit
This complete Hurst Competition Plus shifter and linkage kit includes a famous Hurst Competition Plus shifter, chrome Hurst shifter handle and white shifter ball with 4 speed pattern as well as a complete Hurst installation kit with all rods, levers, swivels and hardware. This kit will provide you with that vintage muscle car look as well as provide reliable shifts every time!

HURST-KITA68M	1968 Muncie	746.96 kit
HURST-KITA69M	1969-72 Muncie	746.93 kit

Part Notes: Please verify that the year of your transmission matches the year of your car before ordering. 1964 to 1968 Muncie 4-speed transmissions can be identified from later models by the way the transmission arms attach. Early Muncie side covers had a stud and the shift arm attached with a nut on the stud while the 1969 and later model side covers had a hole and the shift arms attached with a bolt.

Hurst/Muncie Shifter Kit

This Ground Up Motors exclusive Hurst/Muncie shifter kit allows you to keep an original style Muncie shifter handle and mate it to a Hurst shifter and linkage. Original Muncie shifters performed very poorly, so we created this exclusive kit to keep your car looking original while utilizing the strength and reliability of a bullet proof Hurst Competition Plus shifter. Everything under the shifter handle is covered by your shifter boot so no one will be able to tell it isn't stock.

Tuff Stuff Performance Thermostats

These thermostats flow up to 56 gallons per minute, as compared to ordinary thermostats that flow 37 gallons per minute, to maintain stated temperature. The 50 percent increased coolant flow reduces the delay in engine warm-up times, allowing trapped air in the cooling system to escape and stabilize the pressure of the cooling system. The stainless steel construction with an extra-large center port assures increased coolant flow and bridge design increases strength, stability & reliability and incorporates a bypass valve that allows a small amount of coolant to circulate before fully opening, assuring a fast warm-up. Ideal for high performance muscle cars, street rods and customs.

OEM Bolts - They Just Make Sense!

It makes sense to use new bolts on new or restored parts! From bumper to bumper, we cover your entire vehicle. We have made our name and reputation on providing those hard to find detailing parts that separates your classic from the rest. All of our bolts are either original, OEM parts from original GM manufacturers or top quality reproductions. Manufactured with original head markings and correct plating (zinc, black phosphate and oiled, gold cadmium and silver cadmium), these bolts make assembly a breeze! Like our OEM paints, new bolt sets are what make a top flight restoration!

1970-72 Chevelle Pro Touring Front Spoiler Kit

This front spoiler is just what your pro-touring or resto-mod Chevelle is missing. Brand new to the market & a Ground Up Motors Exclusive, these spoilers are easy on the wallet, easier to install, and designed with enthusiasts in mind. This front spoiler kit includes the 1970-1972 Chevelle front spoiler, mounting hardware for a complete upgrade or replacement, and a detailed set of installation instructions.

Fitment:

This 1970-72 Chevelle front spoiler features a simple bolt-on application that only requires slight adjustment to the car's original structure.
Durable: Unlike some of the other spoilers on the market, Addictive Flow spoilers are made from a durable polyurethane material (similar to the material used for reproduction spoilers) that is forgiving on both the spoiler and the car. Worry no more about bottoming out and potentially damaging your beloved classic.

Customizable:

Designed with Pro-Touring & Resto-mod enthusiasts in mind! If you want to color key your new spoiler to your car, it's as simple as prepping the surface and spraying on the color of your choice.
Easy Installation: Addictive Flow spoilers have been thoroughly tested and streamlined for bolt-on application. All components and instructions are included to make installation a breeze.

Affordable:

Addictive Flow worked directly with the manufacturer to reduce costs where possible. Because of this, we can pass those savings on to our customers and supply a great looking and affordable front spoiler for your American classic

American Autowire Classic Update Series Kits

Classic Update complete wiring kits are made for the restoration enthusiast who wants some modern amenities in their classic vehicle. These kits include everything you need to modernize your classic vehicle: Headlight, Dimmer and Ignition Switches; Boots, Tubes and Grommets; Fuses, Relays-and Flashers; Original Connectors, Terminals and Disconnects.

1964-72 Chevelle

* Replacement headlight switch with built-in 30-amp circuit breaker, retention collar, adjustable shaft, and custom knob included.
* Fuse panel includes turn signal flasher, hazard flasher, and horn relay, and mounts in the factory location with ATO fuses for easy access.
* Harness is designed to support most aftermarket accessories, including gauges, wipers, heat & A/C systems.
* Features original-style switch connectors and instrument cluster connector (American Autowire exclusive).
* Steering column connectors fit most aftermarket columns and 1968–1969 GM factory columns.
* Includes under-dash courtesy lights to complement original interior lighting.
* Instrument cluster harness features a quick-disconnect design for easier installation and service, and is compatible with factory clusters and popular aftermarket gauges including AutoMeter, Classic Instruments, Dakota Digital, Stewart Warner, and VDO.
* Rear body harness plugs into the factory location and includes wiring, sockets, and connectors for taillights, backup lights, side markers, license plate light, and fuel sender.
* GM bulkhead connectors (American Autowire exclusive) simplify engine and front lighting installation with stock or custom routing.
* Engine harness supports original points ignition and GM HEI distributors, with alternator connectors for GM SI-series alternators (CS-series adapter sold separately).
* Includes original-style light sockets, connectors, and terminals throughout.
* Front lighting harness features extra-long leads for stock or custom routing, with all required headlight, parking, and turn signal connectors, plus an electric fan relay trigger wire.

Dash Harness Classic Auto Fuse Series

Our new Classic Auto Fuse Series dash harnesses allow you to maintain the easy plug and play function of original factory type harnesses, while converting the entire fuse block to an Auto Fuse Series (ATO Type) fuse block. This gives you the flexibility to add additional power circuits without the installation headaches normally associated with this type of fuse box conversion. There is no cutting or modifying of any sort. Just plug it in and turn it on. It is completely compatible with the other original harnesses in your car.

AC Delco Spark Plugs

This is a brand new set of 8 spark plugs for your Chevelle. These high quality reproduction AC Delco spark plugs feature the correct green AC and number markings as original.

AC43 1964-70 #43 ..... 62.99 set
AC45 1964-70 #45 ..... 62.99 set
Note: The number on the plug refers to it's operating temperature. The lower number is a cooler running plug which is typically found on the SHP high performance engines. A hotter, higher numbered plug would be used in engines where plug fouling may be or is a problem.

Dated Spark Plug Wires

New reproduction wire set correctly dated for your specific car, pre-cut and ready to install! Each set features correct colored wires and correct angle "cut" boots. The date coding identified the quarter and year in which the wires were produced. As an example, a wire date coded as 1-Q-67 would have been produced in the first quarter of 1967. Research has shown that most cars had spark plug wires installed that were dated from 1 to 4 quarters prior to the build date of the car.

T-3 Headlamps

Upgrade your weak old original T3 and Power Beam headlights with a pair of high performance headlights from Ground Up Motors! These headlamps utilize modern bulb filaments with a much brighter high/low beam, which are considerably brighter than the original factory and Power Beam units. These fit and function exactly as original which makes installing these a breeze. They feature a T3 or Power Beam logo and look just like the originals! We tested these on our own 1969 Camaro in our warehouse and you can really see the difference!

Mail-In Order Instructions

To place an order by mail, please complete this form as thoroughly as possible. Be sure to include your contact information, vehicle details (if applicable), part numbers, quantities, and any special instructions to help us process your order accurately.

Once your completed order form is received, a Customer Service Representative will review your request and contact you by phone to:

- Verify the parts requested
- Confirm product availability
- Review shipping options
- Provide your final order total, including shipping and applicable taxes
- Collect payment information if needed

Important Information

* Please provide a valid daytime phone number and email address so we can reach you regarding your order.
* Incomplete forms may delay processing.
* Mail-in orders are not processed immediately upon receipt.
* Due to mail delivery times and order processing, mail-in orders can take 2–3 weeks or longer to complete.
* Parts availability and pricing are subject to change until your order is confirmed.

Need Your Parts Faster?

Returns, Exchanges & Refusals

Returns are accepted within 30 days of receipt for a refund, exchange, or store credit provided the item is new, uninstalled, unmodified, and in resalable condition. Returns after 30 days are subject to a 25% restocking fee and may be eligible for exchange, store credit, or refund only. All returns require prior authorization. Customers are responsible for return shipping unless otherwise approved. Refused shipments are subject to a 25% restocking fee plus return freight charges.

Shipping & Freight Information

We ship throughout the United States and internationally. Oversize items may incur additional shipping charges. Truck freight items require a freight quote and customer approval before shipment. Expedited shipping is available on most products. Contact our sales department for freight and expedited shipping quotes.

Product Availability, Pricing & Backorders

Product availability, specifications, manufacturers, and pricing are subject to change without notice. Most backordered items ship within 2–6 weeks. Backorder pricing is guaranteed for 60 days from the original order date. Orders delayed beyond 60 days may be subject to price adjustments due to manufacturing, material, or freight cost increases.

Damages, Shortages & Order Issues

Damaged, missing, or incorrectly shipped items must be reported within three (3) business days of delivery. Visible shipping damage should be refused at delivery and reported immediately. Photos or additional documentation may be required to process claims and replacements.

Kit Products & Product Information

Many kits are exclusive to Ground Up Motors – SS396.com and may not qualify for additional discounts or competitor price matching. If part of a kit is unavailable, in-stock items may ship separately unless otherwise requested. LH (Left Hand) refers to the driver side and RH (Right Hand) refers to the passenger side.

Sales Tax & Promotions

Applicable sales tax will be collected where required by law and may apply to merchandise, shipping, and handling charges. Promotional discounts, free shipping offers, and special pricing may exclude certain products, kits, oversized items, truck freight items, or special-order merchandise.

Color Match & Special Order Items

Exact color matches cannot be guaranteed due to manufacturer variations, materials, monitor settings, and printing differences. Colored interior items, special-order products, built-to-order items, date-coded glass, custom gauge clusters, and other designated non-returnable products may not be eligible for return and may be subject to restocking fees.

Legal Notices & Liability

Ground Up Motors – SS396.com recommends professional installation of all products. We are not responsible for labor costs, installation expenses, vehicle damage, or losses associated with product use. All catalog and website content is protected by copyright. Policies, pricing, and product information are subject to change without notice.

Product Warranties

Third-party products are covered only by the original manufacturer's warranty, including all terms, approvals, and claim decisions. We can assist, but final determinations are made by the manufacturer.

Ground Up Motors brand products include a 1-year limited warranty (standard items) and 30-day warranty on electrical parts, covering defects in materials and workmanship only.

Warranties exclude labor, shipping, improper installation, misuse, modification, normal wear, and any incidental damages.
