61ST COMMENCEMENT EXERCISE

March 26, 2026 — Asia Pacific Theological Seminary (APTS) held its 61st Commencement Exercises, marking the completion of another academic journey for its graduating students. The ceremony brought together graduates, faculty, staff, families, and friends to celebrate the students' academic accomplishments and recognize their preparation for ministry and service.

The highlight of the ceremony was the message delivered by Dr. George Nagato, who served as the guest speaker. In his address, Dr. Nagato encouraged the graduates to remain faithful to their calling and to apply what they have learned as they move into their respective ministries and areas of service. His message provided the graduates with practical encouragement as they prepared for the next chapter beyond APTS.

The 61st Commencement Exercises served as a fitting conclusion to the graduates' time at APTS and a celebration of their hard work and dedication. As they move forward, the graduates will carry with them the education and training they received at APTS as they serve in their churches, communities, and ministries.

APTS DEDICATIONS

March 25, 2026 — Asia Pacific Theological Seminary (APTS) held a dedication ceremony for three newly improved facilities on campus: the Laundry Area, Recreation Area, and Children's Playground. The dedication marked the completion of projects aimed at improving campus facilities and providing students, families, and the APTS community with more convenient and enjoyable spaces.

The newly upgraded Laundry Area features new state-of-the-art washing machines and equipment to better serve the needs of the seminary community. The Recreation Area was also dedicated with a complete set of entertainment facilities and gym equipment, providing students and residents with a space for recreation, exercise, and fellowship. The Children's Playground adds another space where children in the APTS community can safely play and enjoy outdoor activities.

A second dedication was held on July 14, 2026, for two newly installed vending machines on campus. The machines provide convenient access to snacks and refreshments for students, staff, and visitors. Together, these projects reflect APTS's continuing efforts to improve its campus facilities and provide a more comfortable and functional environment for the entire community.

NEW STUDENTS DINNER

June 15, 2026 — Asia Pacific Theological Seminary (APTS) welcomed its new students with a fellowship dinner held at Shakey's. The gathering brought together students who came from different parts of the globe, giving them an opportunity to meet one another, build friendships, and become more familiar with the APTS community.

APTS President Dr. Solomon & Lori Wang hosted the dinner for the new students, providing a relaxed setting for everyone to enjoy a meal and fellowship together. The evening gave the students a chance to connect outside the classroom as they began their studies and adjusted to life at the seminary.

The dinner was a simple but meaningful way for APTS to welcome its newest members. With students coming from different countries and backgrounds, the gathering highlighted the international community that makes up APTS and provided a good start to their journey at the seminary.

72 HOURS PRAYER

July 1, 2026 — Asia Pacific Theological Seminary (APTS) held a 72-Hour Prayer Chain on July 1, bringing together students, faculty, staff, and members of the APTS community for a dedicated time of prayer. The prayer chain provided an opportunity for the community to set aside time to pray together and seek God for the seminary, its ministries, and the needs of the wider Church.

Throughout the 72 hours, participants took part in scheduled prayer times, allowing the APTS community to remain united in prayer. Students and members of the seminary community joined in praying for various concerns, including the needs of the school, its students and faculty, and the ministries and communities they represent.

The 48-Hour Prayer Chain was a meaningful part of the APTS community's spiritual life, emphasizing the importance of prayer alongside academic and ministry preparation. The event brought the APTS community together in a shared commitment to prayer and intercession.

WORSHIP CONFERENCE

June 11–13, 2026 — Asia Pacific Theological Seminary (APTS) hosted the Asia Pacific Presence Worship Conference, organized by People Presence Ministries and led by Pastor Ben Brown. The three-day conference brought together participants for a time of worship, teaching, and fellowship, focusing on the ministry of God's presence and its importance in the life of the Church.

Throughout the conference, participants took part in worship sessions and teachings designed to encourage a deeper pursuit of God's presence. The event also provided an opportunity for pastors, ministry leaders, students, and worshippers from different backgrounds to connect and learn from one another.

The Asia Pacific Presence Worship Conference was another significant gathering hosted at APTS, providing a space for the wider Christian community to come together for worship, learning, and fellowship. The conference concluded on June 13, leaving participants encouraged and equipped to continue pursuing God's presence in their churches and ministries.

SPIRITUAL EMPHASIS WEEK: 2026

From July 14–16, 2026, Asia Pacific Theological Seminary (APTS) held its Spiritual Emphasis Week with the theme “Outpouring,” featuring Dr. Scott A. Hagan as the guest speaker. Dr. Hagan is a pastor, author, educator, and leadership scholar. He is the former president of North Central University and currently serves as a Senior Fellow and Advisor with the American Council, while also serving in leadership at Destiny Church and Destiny Christian Academy in California. His ministry and leadership experience brought valuable insight and encouragement to the APTS community.

Throughout the three-day gathering, students, faculty, and staff came together for worship, prayer, fellowship, and reflection on God's Word. Centered on the theme "Outpouring," the week encouraged the APTS community to hunger for God's presence and allow the Holy Spirit to continually fill, strengthen, and transform their lives. Dr. Hagan's ministry reminded participants that effective leadership and ministry must flow from a life deeply connected to God.

Spiritual Emphasis Week 2026 was a meaningful time of spiritual renewal and a reminder that what God pours into His people is meant to overflow into the lives of others. As the APTS community continues preparing leaders for ministry across Asia Pacific and beyond, may the outpouring of God's Spirit continue to flow through every student, faculty member, and staff member and reach churches, communities, and nations. To God be the glory!
