INHERENT RIGHTS AND POWERS OF UKC

**(Revised December 18, 2009)*

United Kennel Club holds and has reserved to itself certain inherent rights and powers in connection with conducting its business, registering litters, transferring registrations of dogs, licensing events, and awarding titles. These inherent rights and powers include but are not limited to the following:

United Kennel Club has the right to inspect all reports, scorecards and documents related to UKC events. Some, but not all, of the items subject to inspection are:

- a) scores;
- b) disqualifications of dogs for fighting or other reasons;
- c) errors by the recording person; and
- d) documentation excluded for any reason.

UKC reserves the right to correct any mistakes found during such inspection whether or not the document has the signature of a Judge or Club Officer.

UKC reserves the right to itself and in its sole judgement and discretion, to take such actions and impose such sanctions as would:

- a) Bar an individual from entering or participating in any way in any UKC licensed event.
- b) Bar an individual from transferring or registering any pups or dogs in that person's name (joint or full registration) or to any member of that person's family.
- c) Bar an individual from receiving Championship points for any dog registered in that person's name (joint or full registration).

By way of illustration, the following constitute some, but not all, of the situations calling for the above sanctions:

- a) Falsification or alteration of a UKC Registration Certificate, Pedigree, UKC Easy Entry™ Card or any other UKC document.
- b) Falsification or alteration of any reports of wins issued to UKC.
- c) Falsification or alteration of receipts issued by UKC Judges.
- d) Switching, wrongfully using or attempting to use a UKC Registration Certificate, Pedigree, UKC Easy Entry™ Card or any other UKC document.
- e) Selling or attempting to sell a dog with false or incorrect UKC Registration Certificate or Pedigree.
- f) Intimidating, threatening, or injuring a Judge, Club/Association member or official, event participant or spectator, or UKC representative.

The six illustrations given above are only by way of example and UKC reserves to itself its inherent right and power to impose such sanctions in any other circumstances deemed appropriate by UKC.

Any individual who is found guilty by a court of law of a crime involving dogs will be barred from United Kennel Club for an indefinite period. A person shall be considered guilty in a criminal proceeding if they are convicted by a judge, jury, or if they enter a plea bargain or other arrangement to plea to a lesser offense, or if their case is disposed of by any form of deferred adjudication; a person shall be considered guilty in a civil proceeding if they are held responsible or liable by a judge, jury, or if a compromised settlement is reached between the parties.

Hello everyone,

While I used to love summer, I now find myself eagerly anticipating the arrival of fall. Training with Coma late in the evenings has been going very well. She is close to finishing T work,

after which we will move on to swim-by and pattern blinds, with the goal of her hunt test debut next spring. Grand training for my older dog, Hootie, never stops as we prepare for our second grand pass this fall in St. Louis. Securing that second pass is always a challenge, so we will be working hard through the heat to prepare.

Speaking of St. Louis, our national meeting was a great success. Our new parliamentarian, Josh Erisman, did a fantastic job keeping things on track and bringing a positive energy to our organization.

Here are several key updates from the meeting:

- Running Rule Changes: These will revert to occurring every other year (effective immediately).

- Judges/Handlers Seminars: These are once again required every three years (effective immediately).

- Running Rule Amendments (Effective January 1, 2027):

1. The maximum test distance for a finished land blind retrieve will not exceed 125 yards.

2. The honor dog must see a total of three marks thrown from a sitting or standing position. After these three marks, the honor dog must watch the working dog leave for a retrieve. If the honor dog remains steady through two failed working dogs (due to breaks, line matters, etc.), the judges may, at their discretion, excuse the honor dog, fulfilling that segment of the test.

3. The diversion in the seasoned category has been removed.

Additionally, the beta version of our online points system will launch with a few volunteer clubs this fall. This new system will allow clubs to enter test results and pay fees entirely online, with the UKC processing points within a week of receipt. We plan to transition all clubs to this system by the fourth quarter of 2027. Once any initial bugs are resolved, the UKC will release an instructional video on YouTube. Sarah Krause and I are leading this project, so please direct any questions to us rather than Tammy.

I love HRC, the people, and the dogs.

God bless you all.

Sarah Krause, Secretary

It was so wonderful catching up with everyone at the National Meeting in June and meeting so many new friends. It's kind of like my "vacation," so to speak. If I was unable to talk with you or at least give you a hug, I apologize. We had a great meeting and accomplished a lot of really great things.

Things have turned warmer here in the South, so there's not a whole lot of dog training going on. I have several home club events coming up in the next couple of months that I am looking forward to and a few judging assignments in the fall. Kyle and I just returned home from a "bucket list" place for me...Montana. Wow, is it beautiful there! Got extremely sunburned, but it was so worth it. If you ever get the chance to go up there and run, please do so. Highly recommend it.

One of the cool things about HRC is that we, as judges, get the opportunity to travel and judge in places that we could only dream of. Please remember when you are out and about at these hunt tests, yesterday's strangers are today's new friends, and tomorrow's family. That is what HRC is all about!

Pet the doggies and give them an extra "treat" from me! Happy summer ya'll.

Kristine Odden, Treasurer

Greetings from a steamy Oklahoma! We celebrated America's 250th birthday with a crazy, severe storm that packed 85mph winds, resulting in a lot of tree and storm damage all around our part of town. We were without power for about a day and a half, so we were very happy to have the comforts of electricity restored at 11 p.m. the next night.

As of this writing, my husband and I are beginning a weeklong, much-needed vacation to rest and relax a little before gearing up for the remainder of the summer, and into the fall with a few judging assignments. I've often said that one of the greatest enjoyments and privileges is getting to go outside our region to judge and meet new people. Our travels in July and August will take us to South Dakota to judge at Dakota HRC and to Minnesota for Land of Lakes' 30th Anniversary test.

I also hope to run a test or two with our young pup, Jenny. With the help of some amazing friends and our home club, she will make her debut at Sunflower HRC's 10th Anniversary hunt test in Kansas. And who better to run her very first hunt test than to run under our own HRC Secretary, Sarah Krause! I told Sarah that, at the very least, we might make for some good entertainment for the day!! Jenny has proven that she has a TON of energy and loves to work, so hopefully she will do well in her debut.

In addition to judging, I am planning to attend Four States HRC's Ladies Handler seminar they are hosting towards the end of July. It's a one-day seminar but will be packed with a ton of information, led by two amazing ladies that I hope to aspire to their level of training someday. I believe that not only does the retriever need training, but even handlers need training as well, especially me!

As always, stay safe this summer and see you at the line, whether from the judge's chair or at a hunt test!

Blessings!

EDITOR'S NOTE

Greetings HRC Members,

Welcome to this latest edition of *Hunting Retriever* (HR). Like the dogs we train and the sport we love, *Hunting Retriever* continues to evolve. As you've probably noticed since the beginning of the year, the magazine has gone through several changes. We've adjusted our print schedule, introduced our first digital edition, and have continued searching for ways to make each issue more valuable for HRC members. While some things have changed, our mission and the purpose of this publication haven't. We still aim for every issue to support its members, celebrate our community, and provide useful information that helps you enjoy life with your retriever.

Firstly, you'll notice several aesthetic enhancements, including a heavier cover and thicker paper, giving each new issue a keepsake quality worthy of your bookshelf, coffee table, duck camp, or clubhouse. Going forward, *Hunting Retriever* will be printed twice each year following the Spring and Fall Grands, allowing us to preserve the memories of HRC's premier events while continuing to deliver timely relevant club news and updates, region reports, results and standings, and hunt test information through our digital editions.

Next up, you'll notice we've introduced a series of exciting new columns with a focus on delivering more retriever content for members. Our old friend Rich Carpenter will maintain his four-decade long streak of appearing in every issue of HR, now flying under the **Mixed Bag** column title. Rich will continue to cover a variety of topics around HRC, hunting, training, and whatever else he finds along the way. We're bringing back Dr. Jay Brekke, DVM, this time providing a platform to showcase his passion for hunt tests and canine medicine through his new **Retriever Rx** column. In it, Dr. Brekke plans to provide practical, science-backed veterinary information to help handlers care for their dogs and keep them ready for their next retrieve. And lastly—at least for this issue—we're excited to invite Clark Kennington of Fowlcraft Champion Retrievers to launch his **The Hunt Test Journey** column. With 20+ years of experience in professional dog training and HRC and Super Retriever Series (SRS) competitions, Clark will serve as an important resource for retriever handlers by sharing field-proven tips, helpful training insights, and explanations of the skills, rules, and expectations at each level of the HRC hunt test game. Not just in print, our new columns will be published every other month, so be sure to meet us online to ensure you don't miss anything.

Our new expanded editorial format will also include additional informative articles and heartfelt feature stories that every trainer and hunter can relate to. This issue's features include a complete guide to heat-related illness, a coming-of-age reflection for one DIY trainer's aging first retriever, and an unbelievable profile on one man's mission to leave his name in the HRC history books by shooting for the HOF with his pair of pointing dogs.

Speaking of Hall of Fame, members have shared their feedback about their appreciation for our **HOF Showcase** series, and this issue features Lori and TJ Greer and their talented Chesapeake Bay Retriever, Moses. If you'd like to nominate a HOF retriever for a future Showcase or know someone with a story worth telling, we'd love to hear from you.

Just like the founding spirit of the sport itself, this publication is meant to be for members by members. We're here to nurture that spirit and provide a platform for cultivating a supportive community. Thank you for your patience and continued commitment to support this great sport, the dogs, the members, and the entire HRC organization.

Catch you in the field,

Chris Ingram

MEMBERSHIP INFORMATION

The Hunting Retriever Club is composed of individuals and clubs interested in the improvement of the retrieving breeds, in the training and testing of Hunting Retrievers, in the awarding of Championships to those dogs that pass the testing program, and in the fellowship, cooperation and learning that can take place when people and dogs, rather than competing with each other, are working together to reach mutual goals of excellence.

The hunts have been designed to closely duplicate actual hunting conditions and situations. The training aspect of the program and the four levels of competition allow dogs and handlers at all levels of experience to learn, improve and work toward Championships.

Your membership includes a year's subscription (6 digital + 2 printed issues) to *Hunting Retriever*, a membership card and a copy of the UKC/HRC Rules and Guidelines for Hunting Retriever Tests. Domestic rates (U.S. and possessions) are \$25 a year, \$30 a year for a family; (\$17.50 per year is designated for the magazine subscription.) Dues cover a 12-month period. Dues are to be sent to: Hunting Retriever Club, Inc., 100 E Kilgore Rd, Kalamazoo MI 49002-5584. Phone: (269) 343-9020.

A black dog is captured mid-jump in a lush green field. The dog's mouth is open, and it is holding a small bird, possibly a pigeon, in its jaws. The dog's fur is dark and appears slightly wet or matted. The background is a bright, sunlit grassy area with some small white flowers. The overall scene is dynamic and energetic.

Honorary, Memorial, and Club Scholarships

By Elaine Mitchell

The HRC Foundation was able to award scholarships to 35 deserving HRC member students this year. Many of those scholarships were funded, in whole or in part, through Honorary, Memorial or Club/Organization Scholarships. We could not have accomplished this without the generous support of our members. The HRC Foundation would like to recognize the people and clubs behind those scholarships.

If you or your club are interested in establishing a scholarship for next year, please check the HRC website or reach out to any Foundation Board Member for more information.

HRC Web Page

Omar Driskill

Honorary Scholarship

We all owe a great deal of gratitude to Omar for founding HRC. What many miss is the fact that it was formed because of his love for a special retriever, a Hunting Retriever Champion in his heart. Some of what I am about to share comes from his 1984 President's message.

First and foremost, Omar was a very dedicated duck hunter; he sat on the bench a few times for skipping practice to go hunting. Because of his love of hunting, he valued a retriever that could do exactly that: HUNT. Thus, here we are: The Hunting Retriever Club.

In 1977, Omar trained "Trieven Charger" (Waggs), a male Labrador, every day of the year and hunted him hard every day of the season. He hunted Canada Geese from the North Platte River in Nebraska to the cornfields of Cairo, Illinois. His main hunting was for red-legged mallards in the northeast Louisiana rice fields where, in his next-to-last season (1981), Waggs

retrieved 499 of 500 ducks.

In seven years, Waggs had retrieved over 3,000 game birds, 8 mallard bands, and no telling how many training birds. He was a dog that earned the right to sleep by your bed and ride on the front seat of your truck. He was more than a companion; he was a family member.

Memories of unbelievable retrieves and returning after five minutes with a downed cripple in his mouth are more valuable than any shotgun or 4X4 you may own; this is a Hunting Retriever Champion.

On April 28, 1983, Omar wrapped his hunting coat around him and laid him in his grave with a training bumper. Omar's heart was about the size of a plum, for he had truly known a great Hunting Retriever Champion.

Later that year, Omar traveled to Kalamazoo, Michigan, to form a National Organization with the United Kennel Club to honor hunting dogs. Things began to roll, and the Ruston Retriever Club held the first sanctioned hunting retriever test in the United States. All for the love of a great retriever, Waggs.

Ernie Istre

Memorial Scholarship

HRC Member #324. This number tells you just how long Ernie Istre had been in HRC. He was called Mr. Ernie or Big E by almost everyone who knew him. He had a love for HRC until he passed.

Ernie ran his first Started test in 1985 with his Chessy, O's Magnum Cocoa Bear. Ernie and Bear went on to Seasoned in 1986, becoming the 32nd dog in HRC history to receive his HR Title. In 1988, Ernie and Bear received the HRCH title. Ernie dedicated his life to HRC, becoming a Field Rep for Region 10 and also Grand Committee Chairman for over 25 years. Ernie was the face of the Grand for those years.

To this day, our club still brings up things Ernie would have done. Sometimes we say, "If Ernie were here, what would he say about that?" He will always be in our hearts and minds.

On a lighter note. While researching this, Mr. Bob shared a little story about a hunting trip he and Ernie took.

"One afternoon, we were in a raised deer stand watching

a fence line. Boo (Ernie's son) was in a stand on the same tree line about a quarter mile away. We were watching some does in front of Boo's stand, expecting a shot. Instead, we got a phone call from Boo asking if we were going to shoot the big buck in front of our stand. Ernie got the rifle out the window and shot at the deer. The deer never moved. He reloaded, and the second shot knocked him down. We climbed down out of the stand, leaving our guns in the stand.

We walked over to the deer and reached down to grab his horns. Just before he touched the horns, I saw the deer blink. I hollered, and Ernie pulled back as the buck jumped up to run back to the woods. With no guns, we thought he was gone. We heard a shot, and the deer fell. Boo had been walking to us and had seen what happened."

On behalf of Cajun HRC, we would like to thank Ms. Becky Istre (Ernie's widow), Arlene and Butch Gandy, and Bob Brundrett for all the information they gave us.

Clubs of Region 2

Scholarship

The 2026 Clubs of Region 2 Scholarship is made up of a collective of HRC clubs: Conowingo HRC, Granite State HRC, Guns Up HRC, Long Island Field Trail Club, Saco River HRC, and Yankee Waterfowlers HRC.

Region 2 started in 2002 with Yankee Waterfowlers as the first HRC club, followed shortly thereafter by Granite State and then Saco River. The contributing members of the Region 2 Scholarship believe that it is of the utmost importance to invest in our future by supporting the youth of our sport. We encourage other regions to get in on this.

James C. Templeton

Memorial Scholarship

James Carter Templeton was born and raised in rural Arkansas in 1924. An avid outdoorsman, he kept himself busy on the family farm, maintaining the crops, while also enjoying hunting and fishing. A proud World War II Veteran, Jim flew numerous combat missions in the South Pacific, demonstrating courage and dedication to his Country.

Following his military service, he earned degrees in Petroleum and Chemical Engineering from the University of Arkansas. He had a distinguished career in the energy sector and, over the years, played pivotal roles in numerous energy organizations, private and public oil and gas companies, and as an advisor to major companies' boards of directors. Known for his quick

wit and colorful storytelling, Jim had a gift for making others laugh and feel welcome. He was also a dedicated philanthropist, giving generously of his time and resources to causes close to his heart. One of the organizations that Jim donated to upon his death was the HRC Foundation. He knew that his daughter, Sarah Templeton Willett, was a long-time member of the HRC and enjoyed entering her dogs in HRC hunt tests. He felt strongly about educational causes and was

pleased to make the donation to the Foundation because of its strong commitment to the Student Scholarship Program and also furthering the education of training dogs through the Ladies Handler Seminars and the Youth Camps held around the country each year. His legacy of warmth, wisdom, and service lives on in all who knew and loved him.

Sarah Willett

Honorary Scholarship

Sarah Willett has been a member of the Hunting Retriever Club since 1988 and continues to work as a volunteer at numerous club events around the country. She has handled her dogs in HRC events at all levels and has titled numerous dogs to their HRCH title over the years. She has served as a club officer in numerous clubs and has judged HRC events in the past. She has hunted ducks and upland birds all over the

country with her friends from various states. After retiring from her career as a Special Education teacher and High School athletics coach, she continued to work with various HRC clubs to help them have successful hunt tests. Sarah has been fortunate to have her dogs in the 500-Point Club and the 1,000-Point Club. She recently reached the milestone of having her dog become a member of the Hall of Fame Club. She is well known for her dedication to the HRC and her continued success in owning, training, and handling her own dogs as an amateur.

WISILL HRC, Roger Davis, & Paul Zellisko

Scholarship

In early 1990, Roger Davis and Paul Zelisko decided to explore the possibility of forming a new HRC club in Southeast Wisconsin. Both were members of Fox River Valley HRC, and with the support of FRV members, they formed a new club in Wisconsin. They came up with the name “WISILL,” representing expected membership from both Wisconsin and Illinois and, of course, the primary tool used by all retriever trainers, the whistle.

In June of that year, they held an organizational meeting at the Richard Bong Recreation Area conference center. They had hoped for a decent turnout but had no idea how many people would attend. When it was time to start the meeting, the conference room was standing room only. Paul and Roger oversaw every training session for more than three years, with Roger in the parking lot explaining HRC philosophy and Paul at the training line helping handlers and explaining the steps necessary to train a retriever.

Roger Davis: Over the years, Roger has served in many roles within WISILL—including President, Treasurer, Training Coordinator, and Hunt Test Chair, to name a few. In addition to his contributions to WISILL, Roger has also served as National HRC Treasurer and is both the founder and a past president of the HRC Foundation.

Roger works to instill the HRC philosophy in all members, reminding them—as they progress through the different levels of training—not to forget what it was like when they first started. No matter how much or how little someone knows about dog training, there’s always someone who could use a hand. Don’t wait for them to ask for help. Whether it’s assisting

with a training issue or simply throwing birds, take the opportunity to support others. Helping people discover the goals they never knew were possible—through HRC and WISILL—brings Roger more satisfaction than all the titles he has earned with his dogs.

Roger remains very active in WISILL and continues to support other HRC clubs. On any given weekend during hunt test season, you’ll find him either running his dogs or sitting in the judge’s

chair.

Paul Zellisko: Paul joined HRC through Fox River Valley HRC in 1986 as a novice trainer with some training experience learned from a local pro trainer. He was very detailed in his personal and business life as a programmer and financial analyst, and that mindset was noticeable in his dog training. When Fox River Valley HRC was asked to host the Grand, Paul jumped right in to help itemize every detailed item used for the Grand. He took that detailed worksheet, transcribed it onto a disc, and sent it to the Grand Chairman and the next club hosting the Grand to help them organize and plan. That roadmap created by Paul was used by the Grand and host clubs for several more years.

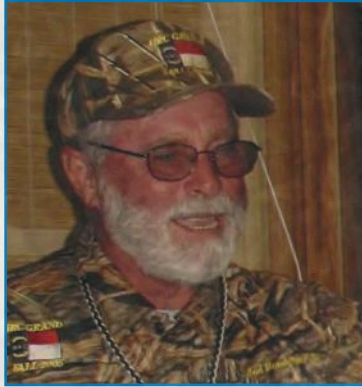

Paul worked with a local clothing outfitter and covered the costs for one of the best logos in HRC, showing a hunter, two dogs, ducks, geese, pheasants, and a grouse. Not only did he do that for WISILL, but he also, while helping Land O Lakes HRC get started, designed and funded their initial logo and hat order.

Paul remained very active in WISILL and in support of other HRC clubs in the region until his health began to decline. Paul passed away on May 8, 2026, after a 6-year battle with cancer. Even in his toughest times, he seemed determined and optimistic, and seldom complained. He was a GREAT partner for WISILL, FRV, and HRC.

Rod & Carol Rombauer

Memorial Scholarship

Carol and Rod Rombauer served as HRC judges for many years. Rod still holds the record for the highest number of recorded judging assignments in HRC, and not all of his assignments are digitally recorded. Carol's assignments could not be accounted for by HRC; she passed prior to the digitalization of judging assignments. They both worked to

initiate recognition of judges' assignments through the judges' jacket program and were recipients of two of the first groups awarded. As judges, they excelled in mentoring new and young judges to get the best and fairest hunt test for handlers and dogs - keeping the hunt in hunting retrievers.

Their home club was

Illinois River HRC. They were active members of both Gateway HRC and Retrievers Unlimited HRC.

They both truly loved HRC, especially the youth. Carol initiated the youth hunts at Gateway HRC, a tradition that continues today. Rod served as a Running Rules Representative for Region 6 for many years until his health forced him to step back. His kind, fair, yet firm actions made all judges and hunt test participants respect his leadership.

When Carol passed in 2010, Rod Rombauer, Gateway HRC, and Retriever's Unlimited HRC came together to establish the Carol Rombauer Scholarship in her honor. Upon Rod's passing in 2022, his family contacted the HRC Foundation to request that he be added to the scholarship. It is fitting and appropriate that they are joined together once again.

Tom Hell

Memorial Scholarship

Tom was a member of Central Florida HRC and HRC since 2004. Tom served as treasurer of Central Florida HRC from 2016 to 2020. He was a board member and membership chair for the club from 2016 until his passing in July of 2023.

Tom was a big man, but he liked to work quietly behind the scenes. He was always willing to help with anything that was asked of him. Tom was constantly thinking of others over himself.

Carol Ford

Memorial Scholarship

The Michigan clubs are proud to fund another Carol Ford scholarship. Collectively, the Michigan clubs have raised over \$25,000 in Carol's memory and funded over \$20,000 in HRC Scholarships.

For those who did not know Carol, she spent her life supporting and spreading the HRC message. Carol was all about the little guy, the HUNTER looking for a good bird dog. Sometimes we tend to forget the basics and philosophy of our founding, "Conceived by Hunters for Hunters;" Carol never forgot.

Carol served several terms as National Secretary and traveled

the U.S. and Canada judging Started. I once asked Carol why she did not move up from Started. She responded that Started needed a special touch, and she wanted to make sure all the newbies got hooked on HRC.

If you were a judge in Michigan or Ohio, chances are Carol apprenticed you in Started. If you had a problem with your test or needed something, Carol was your first call. Carol once traveled to

Ohio on hours' notice to be the club's Hunt Secretary. That was just Carol, whatever it took.

Carol was an elementary school teacher for over 30 years. I am sure Carol would be humbled and proud to see her memory live on with the HRC Scholarships.

Phillip Freeman

Memorial Scholarship

Phillip Freeman was one of six founding members of Old South Hunting Retriever Club (OSHRC), which was founded in 1991. He was the club's first President and his wife Carol the first Secretary. After graduating from high school, Phillip went into the Marine Corps. Upon return, he went into sales, becoming a very organized, persuasive, and hard-working salesman. OSHRC benefited from these attributes as Phillip nurtured and grew Old South as a club.

Phillip loved to hunt, grill, and socialize; he was known for telling funny stories. He was an extremely hard worker

no matter the task at hand; his friends and fellow club members said no job was too big and no work was too hard for Phillip. Jerry Day (also a founding member) gave Phillip his first dog, Magnum, and the rest was history. Phillip's organization was such that it was widely known that if a flight manager took a duck call to a site, they'd better not leave until it had been returned to its rightful place in the equipment trailer.

Phillip remained President until his passing on October 10, 1999. Phillip Freeman was a

driving force behind Old South, and in honor of his dedication and contribution to the Club, the Phillip Freeman Scholarship was created.

Middle GA HRC

– Mitch Mitchell

Memorial Scholarship

When Middle Georgia HRC held its first organizational meeting, one of the goals we discussed for the club was to be able to fund an HRC Scholarship out of the proceeds from our hunts. Over the years, we have had several opportunities to provide financial assistance to members, friends, or local organizations in times of need, but we had never established a scholarship. When one of our founding members, Mitch Mitchell, passed away unexpectedly in 2023, it seemed only appropriate that our first HRC scholarship donation be made in his memory.

Mitch was a founding member of Middle Georgia HRC, but his introduction to the sport came much earlier than that. He and his wife Elaine began their journey into hunt tests at

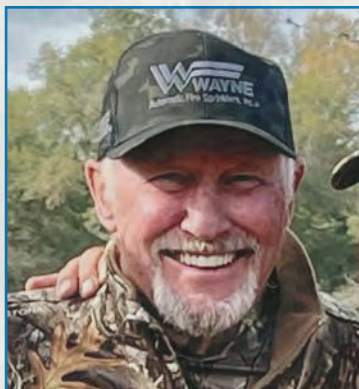

Midlands HRC almost 15 years ago, and for many years he was happy 'just driving Mrs. Daisy,' as he liked to refer to it. You were much more likely to find him supporting her and working behind the scenes at a test than going to the line with his own dog. He was always there moving equipment, rebirding, cleaning up, packing up, and whatever else "Mrs. Daisy" asked of him. Elaine was the one person he couldn't say NO to.

He was not a strong handler; in fact, we often joked that he could undo a season's training in a single weekend. But on those rare days when it all came together, nothing made him prouder than hearing his name called to pick up a ribbon with his best girl Annie. And on those days when it didn't, she was still his best girl and the keeper of the coveted spot at the foot of the bed. Come to think of it, Annie didn't hear NO very often either.

Wayne Gey

Memorial Scholarship

Wayne Gey was a 19-year-old trapped in the body of a 79-year-old man. He had a passion for life and the people he met. At his core, Wayne was a family man, and his family reached far and wide. HRC was family to Wayne. He was a member of HRC since 1995. Wayne was an AA Finished Judge and spent numerous weekends in the chair over

the years so that others could run their dogs.

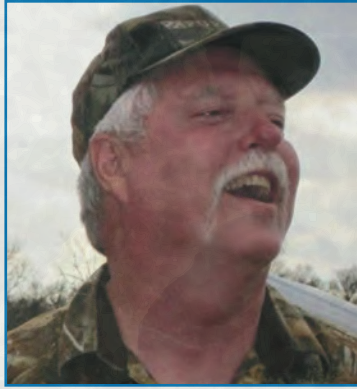

Wayne had a love for the dogs and a passion for helping people. He hosted countless HRC events on his ranch in Montverde, FL over the past 29 years. Wayne courageously battled cancer for the last 15 years of his life before passing away on August 30, 2023. The Gey family is carrying on Wayne's wishes by allowing Central Florida HRC members to continue to use the property for training and hunt tests.

John Wallace

Memorial Scholarship

John Wallace served as Field Rep for Region 12 for ten years when he passed away from cancer. His kind, fair, yet firm actions made all judges and hunt test participants respect his leadership.

John genuinely loved dogs. You could see the joy in his face as he ran dogs or served as a judge. He was an excellent trainer, titling many dogs at all levels.

He also loved kids, as he always took extra time to greet a youngster at a hunt test or offer encouragement to a young participant.

John served as a board member of several of the Region 12 clubs during his time in HRC. As Field Rep, he was one of several people to help bring the Cowtown HRC club back to an active club. He also served as a hunt committee member for Lone Star HRC.

It is only fitting that Region 12 clubs came together to offer this scholarship in honor of our friend, John Wallace!

HRC International Grand

Scholarship

The Grand Hunting Retriever Champion is the pinnacle of the Hunting dog standard. The Grand Champion is a dog regardless of breed that can hunt any migratory gamebird and Upland gamebird with perfection and style.

The Grand Hunt is held twice a year with a Spring hunt and a Fall hunt. The hunts are held across the U.S. and Canada. The Grand Hunt is run under the Grand Hunt Running Rules as established by the HRC Board of Directors. All Hunting Retriever Champions are eligible to participate in the Grand Hunt.

The first Grand Hunt was held on October 11-12th, 1986, outside Monroe, Louisiana, by North Louisiana HRC. The Judges were Vaughan Lampton, Mike Pind, and Dave Duffey. Fourteen dogs were entered, and four dogs passed. The qualifiers were HRCH Paha's Little Darlin handled by Ron Wood, HRCH

David Chase handled by Frank Swartz, HRCH Gunner handled by Jim Marshall, and HRCH Uncas Platt Tomahawk handled by James Thompson.

The first Grand Hunting Retriever Champion was a Labrador male named GRHRCH (6) David Chase, owned by Dr. Frank

Swartz. He earned his Grand Title on October 8th, 1988.

The current record for most passes is SRSCC, SRSC, SRSAC, GRHRCH (16) Oak Points Traveling Man HOF, MH, MNH, and QAA, owned by Mrs. Elaine Mitchell.

The Grand Hunt has progressed a long way since those first 14 dogs to today's nearly 1,000 entries. This was accomplished by the tireless efforts of HRC volunteers in the 40-year history of the Grand Hunt.

In the words of HRC founder Omar Driskill ...

"Keep the Hunt in the Hunt Test and the Hunting in the Hunting Retriever!"

Roger Davis

HRC Foundation Scholarship

In 2024, the HRC Foundation created the Roger Davis HRC Foundation scholarship to be funded each year out of the HRC Foundation's General Fund. Roger was instrumental in the establishment of The Hunting Retriever Club Foundation. In 1994, the proposed Articles of Incorporation and Bylaws for the Foundation were developed in preparation for filing for exempt status with the IRS. On May 18, 1995, the Internal Revenue Service approved The Hunting Retriever Club Foundation, Inc. as

a tax-exempt organization under Section 501(c) 3 of the Internal Revenue Code.

The first HRC Scholarships were awarded in 1998, with four scholarships and one research grant issued in the amount of \$1,000.00 each. In the years since, the Foundation has awarded 314 scholarships and 22 research grants in excess of \$539,000.00. Thanks to the generosity of our donors and sponsors, in 2025, we will add another 36 scholarships to those totals. None of this would have been possible without the vision and determination Roger showed so many years ago.

Nancy Wiener

Memorial Scholarship

Our HRC family lost a dear friend, Nancy, who was one of the first female handlers in Region 8B and one of the first founding members when the Dakota Hunting Retriever Club was formed 20 years ago.

In her lifetime, she was blessed with many great dogs, and her passion for them was unparalleled. Nancy's dedication to the HRC made her a legend, particularly through her remarkable partnership with her dog, Chase. As one of the first female handlers in the region, Nancy's accomplishments were groundbreaking.

Nancy and Chase traveled across the country from Nebraska to South Carolina and to the clubs in our Region, making lifelong friendships and accomplishing something spectacular with her

3x GRHRCH UH Dancers Chase the Moon, a 1,680-point yellow Lab.

Her legacy in the hunt test community will be long remembered.

Nancy made an impact in every community she was part of, from her dog family to her local friends and relatives – whom she considered all one big family. Nancy was known for her sharp wit and straightforward nature, traits that endeared her to many. We will miss her homemade carrot and pumpkin bars that she would bring to tests; we will miss finding her chair, thermal cell, or other

personal items and returning them to her. We will miss her driving away with her hatchback still open, not even realizing that she left it open. In her memory, have a glass of Coke on ice, plant some flower seeds, and give your dogs an extra treat and hug.

Jack and Lynn Gravely

Honorary Scholarship

Bay Area Hunting Retriever Club is privileged and proud to sponsor a scholarship in Lynn and Jack Gravely's honor. Both Lynn and Jack have been active in their communities throughout their lives. This dynamic duo was married in 1967 and have been blessed with two sons. Lynn is a long-time Sunday School teacher at her local Baptist Church. Jack has served with the Masons as a two-time Past Master member of Mobile, as well as being part of the Scottish Rite and York Rite. Jack has coached and served as past president of his son's youth football and basketball leagues. Jack is also a Deacon in his church.

As members of the retriever community, Lynn and Jack have had Labs since 1974 and are avid waterfowl hunters. In 2007, Jack joined HRC and quickly embraced a leadership role in his local clubs of South Mississippi and Bay Area, serving as Vice President, President, and Hunt Chair for both clubs. Jack also served as National Vice President for two years and National President for three years. Jack, with Lynn by his side, currently judges across the country for multiple clubs.

It is the rare month that does not see the Gravely's attending or judging an HRC event.

Thank you, Lynn and Jack, for the countless hours that you have given to the people and retrievers of HRC. Bay Area is proud to have you as our friend and leader.

Don Garrett

Honorary Scholarship

Don Garrett is a true representation of what HRC is all about. Don has been a member of HRC since March 20, 2001, and has traveled all over the country with his wife, Barb, and their dogs. He has titled dogs in every stake from Started to the elusive Grand as well as other venues.

He started judging in 2003, is AA at every level including Upland, and has logged 135 judging assignments per HRC records. He has judged the HRC International Grand five times. Don served as Field Rep for Region 3 from 2009 to 2024.

If you add all of this up, the nights in hotels, the miles

traveled, and lunches he has enjoyed sitting under a tent watching dogs are staggering. But you never see him without a smile on his face and a kind word for all the

handlers, whether they are longtime friends or a friend he has yet to meet.

Don has been a mentor to many along this journey, and his commitment and devotion to the Hunting Retriever Club is paralleled by few. Don continues to train and campaign his dogs at various venues

across the country, and you rarely ever see him without his lovely bride. Don and Barb are enjoying retirement and live in Charlotte, NC.

Bruce Hall

Memorial Scholarship

Bruce Stephen Hall was born March 12, 1949, in Belo, West Virginia. He served honorably in the United States Navy as a Combat Rescue Crewman during the Vietnam War. After his Service, Bruce became a successful business entrepreneur and inventor. He owned multiple businesses and innovated multiple patents throughout his career.

Bruce's passion for hunting and gundogs started in the marshes of Maryland, where he would hunt Black Ducks with his Chesapeake Bay Retriever. His passion for retrievers continued from there, and Bruce spent the rest of his life (1987-2023) training and handling retrievers in Hunt Tests and Field Trials. Competing in Retriever Field Trials, Bruce accumulated 190.5 All Age Points as an amateur handler. Over the years, Bruce titled many dogs, including (1) National

Field Champion, (4) Field Champions, and (4) Amateur Field Champions. Along with numerous Hunt Test Titles, he won (2) Super Retriever Events in the Amateur Division. In 2011, Bruce invited the Southwest Georgia Hunting Retriever Club to train and hold events at his property, Pinetree Farms, in Smithville, Georgia. Up to that point, Bruce had never participated in an HRC event. He was amazed at the family and fellowship as everyone gathered at the

tailgate party to eat and celebrate. Bruce immediately became a SOWEGA and HRC

member. "You guys are welcome to hold events here anytime. What do you need from me?" he said. That was Bruce. He loved dog people and wanted to share what he worked hard to create. We miss him and his quick humor. Get ready for a smart comment if you made a bad cast in front of him. Bruce Hall left his mark on the retriever world with hard work, dedication, and generosity. He will always be remembered.

Gateway Retriever Club

Scholarship

The Gateway Retriever Hunting Retriever Club (HRC) was started in 1991 by Joe Rabbit from a desire to have a dog club closer to St. Louis, to share knowledge, spend time training, and run dogs in hunt tests. It has always used the Busch Wildlife Area as its home base. Over the years, the club has continued to do those things and has added activities, including pro seminars, sponsoring yearly hunt tests, attending HRC judges' and handlers' meetings, hosting the 2021 and 2024 International Grand Hunt Tests, and hosting group activities for club members. Training days have evolved over the years to meeting every two weeks, March through

September. Gateway Retrievers has always had the opportunity to train with ducks

thanks to the hard work and dedication of lifetime member Joe Struckhoff. Throughout the years, following hunt tests, he has always taken the time to dry, bag, freeze, and store the ducks before delivering them to club training days. These training days provide opportunities to train at all levels, learn how

to operate club equipment, learn the HRC hunt test rules, and meet others who enjoy the sport of training retrievers. The club strives to engage the next generation in the sport through youth handling at training days and tests, and now through youth scholarships.

John Pritchett

Memorial Scholarship

John Pritchett played a pivotal role in founding the Amite River Hunting Retriever Club in 1986. His dedication laid the groundwork for the club's early success,

benefiting founding members such as Ken Vidrine, Bob McCall, Dennis Weber, and Charlie Wyble. A passionate outdoorsman, John was an avid hunter who deeply loved running his retrievers—especially Cole—but his greatest devotion was always to his wife, Lynette, who misses him to this day.

Steve Lach

Memorial Scholarship

Today, we gather to honor the life of Steve Lach, a remarkable individual who dedicated 15 years to the Four States HRC until health challenges made it difficult for him to continue. If you didn't know Steve, you certainly would have soon—his infectious laughter and a seemingly endless repertoire of "Little Johnny" jokes made him a beloved figure among us.

Born on December 7, 1946, in Many, Louisiana, Steve had a profound love for the outdoors. He cherished every moment spent hunting, fishing, and training his beloved Labrador Retrievers, preparing them to compete with some of the finest HRC and AKC hunt test dogs in the country.

Steve's journey began at St. Edwards Catholic School, where he served as an altar boy at St. Edwards Church. He pursued higher education at Texarkana College, earning a degree in Engineering. With a deep sense of duty, he served our nation as a crew chief in the Vietnam War, where he displayed extraordinary heroism, earning the Silver Star Medal and a Purple Heart, along with numerous other achievements, including the Good Conduct Medal, National Defense Service

Medal, Vietnam Campaign Medal, two Overseas Service Bars, and the Air Medal with an Oak Leaf Cluster.

After 43 years, Steve retired from Cooper Tire, leaving behind a legacy of hard work and dedication. He was an active member of the Texarkana Bass Club and an Honorary Lifetime Member of the Four States Retriever Club, recently honored with their prestigious Crystal Award.

Steve Lach of Texarkana, Arkansas, passed away on Thursday, August 15, 2024. His absence will be deeply felt by all who

had the privilege of knowing him. As his wife, Kathy, said, "I didn't know I'd be back in this game; Steve left his imprint on so many."

In a beautiful testament to his legacy, their grandson Noah recently embarked on his first test on May 10-11, 2025, with Steve's dog, "Tres," and I'm thrilled to share that he passed both days!

Let us remember Steve not just for his accomplishments, but for the joy he brought into our lives and the lasting impact he made. We will all miss him dearly.

Thank you,
Four States Hunting Retriever Club

Colorado River Retriever Club

Club Scholarship

Colorado River Retriever Club (CRRC) is a family-oriented club with approximately 48 members. CRRC is part of the Hunting Retriever Club, Inc. network of clubs across the country and is affiliated with the United Kennel Club (UKC). We were founded in 1987 and originally based in the Richmond area (thus the name Colorado River).

The club's major focus is promoting the philosophy of the HRC, whose motto is "Conceived by hunters, for Hunters." CRRC and the HRC believe that a good dog is one of the best

conservation tools to the hunter. We train and test our retrievers in true-to-life hunting situations.

We host both a Spring and a Fall Hunt Test, a yearly Christmas/Awards Party, a summer get-together, monthly meetings, and occasionally hold/host other events.

This club welcomes new members with open arms and is full of friendly people. Members often train together and usually have several club training days throughout

the year. CRRC's club officers are extremely knowledgeable when it comes to retrievers, retriever training, and hunt tests.

Gateway Retrievers HRC / Krista Clark

Memorial Scholarship

Gateway Retrievers is honored to make this donation to our honorary scholarship fund in recognition of our treasurer, Mark Leahy, and his wife, Janet, and in loving memory of Mark's stepdaughter, Krista Clark. Krista's courageous battle with cancer touched the lives of many, and her memory continues to inspire

those who knew and loved her. Through this contribution, we honor Krista's life and the strength, love, and resilience shown by Mark and his family during such a difficult journey. It is our hope that this donation will help support a future student in pursuing their educational goals while keeping Krista's memory alive through opportunities created for others. 🐾

HALL OF FAME SHOWCASE

GRHRCH (5) CH GREAT LAKES THE DELIVERER MH HOF (MOSES)

Requirements for earning a Hall of Fame certificate were set forth by HRC. A dog is required to have passed four Grand Hunts and have accumulated 1,000 Championship Points. Fewer than 100 dogs in the history of HRC have accomplished this. UKC has reached out to HOF dog owners to showcase these incredible athletes. Read about them in this series.

“Rather than following in the footsteps of famous ancestors, Moses carved out his own path.”

Title photo: Mark L. Atwater - UpClose Photo

Q: Are you a professional or amateur handler?

A: TJ began as an amateur handler/hunter at a young age with several Labradors growing up. It wasn't until our first Chesapeake Bay Retriever, Kimber, that handling professionally was considered. Our passion for the Chesapeake breed ultimately led us to pursue training retrievers as a profession.

Q: Who are your dog's sire and dam? Are there any other HOF or notable dogs of relation?

A: SIRE: Hope Springs Storm Surge MH

DAM: Tugboats Singing Witch JH

When it comes to Moses' pedigree, there aren't many well-known or Hall of Fame dogs close up in his lineage. Unlike many Chesapeake Bay Retriever lines that pair conformation champions with hunt test or agility accomplishments, Moses comes from a quieter background of solid dogs, but not necessarily highly decorated ones.

That is part of what makes his journey so special. He didn't come from a stacked pedigree or a line bred for titles on paper. Instead, his success is the product of heart, consistency, and an unwavering work ethic that he brought to every training day and every test. Moses' accomplishments reflect what he earned, not what he inherited.

This down-to-earth foundation made watching his development even more rewarding. Every milestone—from his early training days to the moment he truly clicked as a hunt test dog—felt personal and hard-won. Rather than following in the footsteps of famous ancestors, Moses carved out his own path.

Owned/Handled & Trained by Lori & TJ Greer from Leavenworth, Kansas

GRHRCH (5) CH GREAT LAKES THE DELIVERER MH HOF (MOSES), CHESAPEAKE BAY RETRIEVER, MALE

Q: How long have you been involved with HRC and how did you get involved/what drew you to HRC?

A: We were first introduced to HRC when our Chesapeake, Kimber, was just a young dog. One afternoon, members of Dakota HRC stopped by the Cabela's store where TJ worked in Mitchell, SD, and asked to post a flyer. The invitation was for a public training day, an opportunity for newcomers to learn about retriever training and to experience the excitement of the hunt test world.

We decided to attend with Kimber, and it didn't take long for TJ to be completely hooked. Within two weeks, we joined the club, volunteered back in 2014 (Dakota HRC's 10th Anniversary Hunt Test), and entered Kimber in her first two Seasoned tests, bringing home two ribbons. She earned her HR title quickly, along with her first Finished pass, and soon we found ourselves fully immersed in the chase for her Finished title.

That journey opened our eyes to the difference between training a hunting companion and training a true hunt test dog. The challenge of learning, improving, and growing alongside Kimber pulled us deeper into HRC. But just as important were the people we met along the way, the friendships, the mentors, and the welcoming community that made us feel at home from the very beginning.

Q: What is your dog's personality like? Tell us more about them!

A: Moses has a joyful, outgoing personality and has never met a stranger; everyone is his friend. He brings a fun, goofy charm to everyday life, but when it is time to work, he flips a switch and becomes intensely focused. That balance between lighthearted companionship and serious drive is part of what makes him so special. At home, he is just as content curling up with a soft blanket and a pillow on the couch.

Q: How would you define your relationship with your dog?

A: With multiple Chesapeake Bay Retrievers in a home, establishing the pecking order is essential. The breed is known for taking charge and getting its way. Moses, however, grew up differently. With an alpha female Chesapeake already ruling the house, he quickly learned to follow her lead and stay out of her crosshairs.

After Kimber's passing, Moses seemed to understand that it was his turn to step forward. We set clear boundaries in the home, even though Lori is his primary owner. Still, Moses and TJ share a unique bond—every major milestone in Moses' life has been shaped by the two of them working as a team.

Q: What are their strengths? Do they have any weaknesses that you've had to work through?

A: Moses' greatest strength is his remarkable marking ability—he can identify the exact blade of grass where a bird lands at a wide range of distances. That precision is what sets him apart. His weakness, however, is tied to that same talent. His confidence in his marking can slip into arrogance, and at times he relies too heavily on what he believes he saw.

Early in Moses' Grand career, TJ recognized that the quick shuck of the gun and the demand for Moses to stay tight at his side affected Moses's ability to focus. It introduced a bit of nervousness at the line, and that tension showed in his marking. Once those nuances were identified, their training—and their approach to competing—had to be adjusted. They learned to work as a true team, modifying their routine to what best supported Moses' confidence and TJ's handling style.

Q: At what age did they acquire their first title? At what age did they enter the HOF?

A: Moses earned his first title, SHR, at just 10 months old—an early sign of the talent and drive he would continue to show throughout his career. It was also the point when his independence began to shine, and his cocky personality created a few training frustrations between Moses and Lori along the way. He entered the Hall of Fame at nine years old, a milestone that reflects not only his longevity, but also the consistency and heart he brought to every step of the journey.

Q: How have they developed over the years? What's something you see now that you didn't see when they were younger?

A: Over the years, Moses has developed a level of consistency that simply wasn't present when he was younger. As a young dog, his talent was undeniable, but it came in flashes—brilliant moments mixed with youthful impulsiveness. With time, that raw ability matured into reliability. He approaches the line with a steadier mind, a clearer sense of purpose, and a confidence shaped by experience rather than instinct alone.

Yet now, as an old man, he's circled back to a bit of that youthful spirit. He still carries the wisdom and steadiness earned over years of training and competition, but every so often, when you least expect it, the young dog in him resurfaces. He'll break into a moment of pure fun—or even slip in a mischievous grab for the bird before being released. It's a reminder that beneath all the polish and discipline, Moses still loves the game just as much as he did on day one.

Q: Did you train your dog? If not, who did they train with?

A: Moses was originally my wife's decision, and she handled much of his early foundational work, including his basic obedience and initial casting drills. However, it soon became clear that his sharp marking ability—paired with a classic Chesapeake streak of independence—wasn't responding as well to her training style. Once TJ recognized the potential Moses carried, TJ stepped in to take over his daily training and began competing with him in Seasoned, Finished, Master, and eventually Grand-level stakes.

Along the way, Moses also earned his conformation show champion title, presented expertly by a professional handler (Laura Kling & Kat Wilis), showcasing his impressive versatility both in the field and in the ring.

Q: Tell us a favorite hunting story with your dog, or special non-hunt test moment with your dog.

A: One of the moments that truly defines Moses as a Hall of Fame dog has nothing to do with hunt tests at all. It's his ability to shift seamlessly between worlds—from retrieving ducks in the field to stretching out in front of the couch, chewing on a bone and occasionally sneaking in a little carpet-licking session—and then stepping into the conformation ring as if he's been doing it his whole life.

Prancing around the ring, surrounded by unfamiliar dogs and strangers examining his teeth, tail, feet, and overall structure, is far from his favorite activity. But Moses learned to tolerate it, and eventually even enjoy the attention. Watching him transition from working retriever to show dog, carrying himself with confidence and a touch of swagger, is one of those special moments that captures just how versatile and good-natured he truly is.

Q: Points aside, what makes your dog a HOF dog?

A: Having owned three Chesapeake's—and with TJ's background training and owning Labradors and Lori's experience with Brittanys—we have come to appreciate just how unique Moses truly is. His independent nature, loyal companionship, fierce protective instinct, and bold dedication to recovering downed game made us proud of him long before the Hall of Fame. Whether he was in the show ring or standing at the line, he carried himself with the kind of presence and purpose that made him unforgettable.

Even among dogs that share many classic Chesapeake traits, Moses set himself apart. His confidence, personality, and unmistakable swagger made him a once-in-a-lifetime dog in our eyes. Hall of Fame points may have recognized his accomplishments, but what truly makes him a Hall of Fame dog is the way he lives every day—with heart, joy, and an undeniable love for the work. HOF or not, we could not be prouder of the Chesapeake he has become.

Q: What does having this HOF accomplishment mean to you?

A: This Hall of Fame accomplishment is meaningful to us for reasons that go far beyond the title itself. It's well-known that Labradors dominate hunt test competitions, and only a small number of other retriever breeds achieve massive success at this level. Through dedicated training and Moses' unmistakably confident personality, he proved he could make history within the Chesapeake breed.

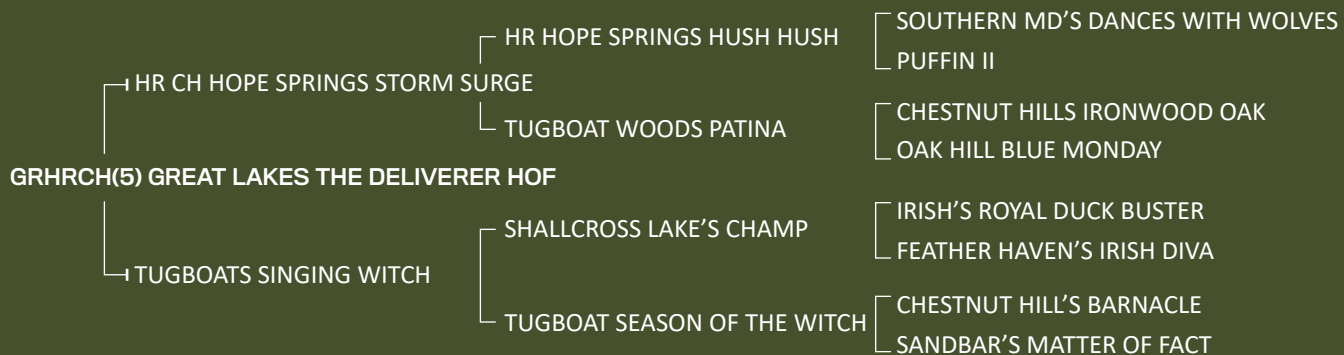

He became the first Chesapeake to earn a Conformation Champion title, a Master Hunter title, and a Grand Champion title. He went on to become the first male Chesapeake inducted into the HOF. And today, he remains the only Chesapeake with five Grand Passes.

GRHRCH(5) GREAT LAKES THE DELIVERER HOF

3 GENERATION PEDIGREE

One of the most unforgettable moments came when Moses appeared on the cover of the *Hunting Retriever* Magazine, captured beautifully by Up Close Photo's Mark Atwater. Seeing that image felt like a celebration not just of his titles, but of his entire journey, a visual reminder of the heart, grit, and joy that carried him to the Hall of Fame.

Q: Reaching the HOF is no easy feat. What words of encouragement do you have for other handlers striving to reach the HOF?

A: Reaching the Hall of Fame is no easy feat, and every team's journey looks a little different. With every success comes a few setbacks, and it's important to remember that a retriever is family first. They give us unconditional love, steady companionship, and they share every high and low along the way. The goal is always to help them grow and improve, always within their individual limits.

In 2024, it was heartbreaking for TJ to withdraw Moses from the Grand, a test that would have marked his run for the Hall of Fame, due to an unexpected injury. What followed were countless veterinary visits, months of uncertainty, and eventually

a diagnosis that required surgery and extensive at-home physical therapy. When Moses finally returned to the line, he picked up points at his first hunt test post-recovery, and at the 2025 Fall Grand, he completed his comeback with a successful pass. That moment wasn't just a milestone; it was a reminder of what dedication, patience, and trust can accomplish.

For handlers striving toward the HOF, the encouragement is simple: stay committed, stay patient, and stay by your dog's side. Successes and failures will always ebb and flow, but the bond you build through the process is what carries you forward. Keep trying, even when the path gets hard.

Q: Do you have any final advice for new HRC members and anyone starting out with their first retriever?

A: For new HRC members and anyone starting out with their first retriever, remember that this journey is meant to be enjoyed. Celebrate the small wins, learn from the setbacks, and never lose sight of the fact that your retriever is more than a competitor; they're your partner. Invest in the relationship, stay consistent in your training, and surround yourself with people who lift you up. The rest will come with time, miles, and heart.

ATTENTION, ALL HRC CLUBS!

If you would like to have your club report included in the Region Reports section of HUNTING RETRIEVER, please follow these guidelines.

- First and foremost, be aware of the magazine deadlines. Each Public Relations Representative must observe the magazine deadlines, so make every effort to get your material to them well ahead of each deadline. They will need time to compile all the club reports into one document, so don't wait until the last minute to send or e-mail your information to them.

The deadline is the 15th of January, March, May, July, September and November (or the next business day thereafter if the deadline falls on a weekend or holiday). That is the final date the material must be into the magazine, therefore, ideally, all club reports should be received by the Representative no later than the 10th.

- Any club reports sent directly to HUNTING RETRIEVER magazine, bypassing the PR Rep, will be returned to the sender.
- If your club is not going to submit a report, be sure to let the Representative know so they are not waiting on it.
- Very Important! If you are emailing photos, please send each one as a separate

attachment, and please supply photo captions for each photo. Please don't embed the photos in your text document as this changes the values of the photos, making them unusable.

- Please don't alter the photos in any way - including changing the file size or the resolution, and cropping. Please remember that all digital photos will reproduce at the same resolution at which they were taken. A photo taken at a low resolution photo will remain "low res" even if it is "bumped up."
- Please furnish clear descriptions and/or captions for all photos.
- *If the photos were taken by a professional photographer, written permission to publish must have been obtained, and a photo credit must be included.
- Region Report Content Guidelines: The following can be included in the Region Reports: Hunt test descriptions; hunt test photos (group pass photos, for example); items that will be of interest to all national members; photos that relate to the report.
- Please proof all of your material before sending it to the Public Relations Representative.

Erica Wilson

Georgian Bay HRC – Submitted by Mike Masucci.

GBHRC hosted our annual summer hunt on July 11th and 12th. With extremely hot weather in the HRC's most Northern club, we are proud to have had an excellent turnout of handlers in all stakes. Known for our superior banquet serving home-cooked Italian food and excellent hunt grounds, GBHRC is proud to be part of the resurgence of The HRC in Region 1. GBHRC hosted 5 apprentice judges representing all 5 active clubs in Region 1 as we continue to rebuild our judging pool, breathing new life into the tent at all levels of the event. We now look forward to our September 12th Upland Hunt and all the fun that goes with it!

Essex HRC – Submitted by Kevin Miller.

So far, 2026 has been a great year for the Essex Club, looking at what we have accomplished so far this year:

- We had a fantastic Club Game dinner thanks to our resident chef, Larry.
- Successfully completed our Upland Test with a great turnout.
- Successfully completed our Spring Hunt Test with again a great turnout.
- We have new members with their young pups, which is always nice to see.

Club training is going well, thanks to all the members, with special thanks to the Veteran members for showing others the ropes. Biggest suggestion: "Control the Line, Control the Test."

We are at the doorstep of having the Summer Hunt Test, and flight numbers look great. Members are gearing up to get those titles.

Hope everyone has a successful summer and enjoys the summer with your four-legged buddy.

Setting up for Round 2.

And...gooooo!

Luther Marsh HRC – Submitted by Sue Snow.

We are well into 2026, and our club members have been very busy—learning (Judges' & Handlers' Seminar), training, and running both upland tests and regular hunts here in Region 1. Club members were able to put this training to the test on March 28th at Luther's Upland Hunt in early May with Essex HRC's one-day hunt, and later that month with Lake Ontario's two-day hunt. Club members came away with numerous passes and titles being earned! Next up will be club members running Georgian Bay HRC's weekend tests in early July. Preparations are well underway for our Regular Hunt August 8th-9th in the Guelph/Puslinch area. A clean-up day is planned for July 25th. We will have Started, Seasoned, and Finished flights on both days, a Saturday tailgate dinner, and, of course, our raffle! Details of our test and entries submitted on Dog to the Line – www.dogtotheline.com – under Luther Marsh.

If you are interested in our training days or joining the club, please reach out to luthermarshhrc@gmail.com. Looking forward to seeing everyone throughout the year!

Ottawa Valley HRC – Submitted by Hilary Monico.

The Ottawa Valley Hunting Retriever Club has had a great month, with excellent attendance at our weekly training nights and members enjoying the opportunity to learn, train, and support one another. It's been wonderful to see both new and experienced handlers working together as we continue to grow our club and strengthen our retriever community. We look forward to another great month of training and time spent together in the field.

Bringing home the bird.

Lake Ontario – Submitted by Mikayla Wilson.

The hunt test season is officially underway, and Lake Ontario HRC was excited to kick things off with a successful test weekend. It was great to see handlers and their retrievers back in the field.

A huge thank you goes out to all of our handlers, judges, volunteers, and landowners who helped make the weekend possible. Your support and dedication are what continue to make these events a success. Congratulations to all teams who earned passes and to everyone who stepped to the line.

With our test behind us, our focus turns to upcoming training days and supporting our members as they prepare for future tests. We're also looking forward to getting out and supporting other clubs throughout the season.

Jeff showing how it is done.

Working hard at Finished.

Let's get this done!

For the love of the dogs.

Appalachian HRC – Submitted by Billy Mosley, President, billy@averycreek.net.

Greetings from western North Carolina. It's been a very hot summer so far, but we have still had a couple of training days. Our June training day was on the water, and for our July training day we had a Ladies' Handler Seminar. Jordan Mize led our ladies' day, and everyone got some good work in, and we had really good weather. Our Fall hunt test is listed on the HRC website, and we hope to see you there. We urge everyone to be safe with their dogs in these hot temperatures; fall will be here before we know it.

Backwoods HRC – Submitted by Marcus Bullock, marcusbullock22@gmail.com; Paul King, President - phkpaulking@aol.com

Hello HRC Family, the weather across the Carolinas this summer has brought us recurring heat waves. Nevertheless, BHRC members and their companions have been diligent in training early in the morning and late in the evenings. Our recent training days have been fruitful, filled with eager members willing to learn and encourage one another. Safe training to all.

Eastern Carolina HRC – Submitted by Will Webb, President, jackwebb3rd@hotmail.com, Four Oaks, NC.

The summer heat has set in, and we need some rain in eastern North Carolina.

The members of ECHRC have been training and preparing for the upcoming Fall hunt test season as well as the Fall waterfowl season. It won't be long before we feel that crisp in the air and early mornings in the blind in the local honey hole or at the line at a test at our

wonderful Region 3 events.

Speaking of events, stay tuned to our social media page for announcements about our upcoming Fall test in September in Four Oaks, NC.

Etowah HRC – Submitted by Eric Ingram; Melissa Dobson, Club President.

Etowah HRC has been busier than a one-armed paper hanger this year! We kicked off 2026 with some Upland training days, followed by our Upland Test, followed by regular training days, and our Spring test at a new location. And this summer we just held another training day along with the annual meeting. Busy, busy, busy!

The most important aspect of the year so far has been the growth of our membership and their willingness to pitch in. At each training day we've held in the last year, we have had new members join the club. And they are involved! New members pitching in, doing everything from running wingers on training day to working the test to make sure they are successful. We can't say enough about our members and how excited we are about the future of this club!

8xGRHRCH HOF UHCH Claire's Country Fowl Colt MH(48) MNR / Call Name: Colt

11/04/2014-06/29/2026

Colt's owners are Bob and Claire Griesinger, who have been devoted HRC and Etowah Club Members. Mr. Bob is a retired HRC Judge who dedicated hours to give back to the sport they both fell in love with. They have followed around their four-legged kid, Colt, all across the country, watching him run and pass the HRC Grand 8 times! Running Colt for all 8 of those Grand passes was his trainer and handler, Melissa Dobson. She had the honor and pleasure of standing beside Colt since the beginning, when he was brought to her at 4 months old. He was family. Their bond was unbreakable, built on immense trust between the two. Colt will be missed by all who knew him.

Tyler Earick's dog, Storm, got the one pass she needed for her Upland title, along with three extra passes that weekend! Congratulations, Tyler and Storm!

Middle GA HRC – Submitted by Lane Blanchett, Club President.

Hello everyone. We are braving the extreme heat down here in Georgia and looking forward to the cooler days of fall. We are in between test seasons right now. Members are doing some training on their own during the summer months. Some members are traveling all over the country to compete in SRS events.

Congratulations to Kevin Baggett on a very successful 2026 campaign. He currently holds a significant lead in the "Team of the Year" race. He and other MGHRC members also have several dogs qualified for the Crown Championship. Good luck and finish strong. Keep an eye on our Facebook page for upcoming events.

See you at the line!

It has been hot down in our neck of the woods, so we have not had a training day in the past few months.

We do have several upcoming club events, including a Judges'/Handlers' Seminar, where we hope to get a few new judges. We are also in the planning stages for our fall hunt test as well as more club training days.

We look forward to seeing you when it cools off!

Northeast Florida HRC – Submitted by Susan Poole; John Spivey, Club President.

Prior to our annual meeting, we held a training session with a water double along the shore. We welcomed one new member, Bret Newell. Then we enjoyed a picnic lunch while we reviewed our accomplishments over the past year. It included another successful hunt test, updating our bylaws, reactivating our incorporation and not-for-profit status, offering an HRC Judges' and Handlers' Seminar, and switching to DogtotheLine.com for hunt test entries, membership roster, and club website. The current Board of Directors, who will continue in their roles for another year, and members are looking forward to another active year.

Central Alabama HRC – Submitted by Thad Simmons, Club President.

We held our 40th Anniversary hunt test at the M. Barnett Lawley Field Trial Area in Greensboro, AL. We had a great turnout with lots of old and new faces. Butch and Arlene Gandy graced us with their presence, and we had the best time talking about how HRC got started and going through old magazines. Butch still had the magazines from where we held our first hunt test, and no dogs actually passed in Finished back in 1986. We also had the pleasure of having Bobby Williams, who was one of the founding members of Central AL HRC, come and do the famous gun safety rap. We had an old-school banquet and raffle,

and everyone enjoyed it a whole lot. I would recommend clubs getting back to the way we used to be in the old days with all the fellowship during the banquet. Butch called Omar during the banquet, and he spoke with several people. We can't thank Omar enough for the organization he started, which we all love today, and for the progress it has made over the years.

We want to thank all the sponsors that donated to the raffle. They helped us have a successful event: Avery Outdoors, Purina Pro Plan, Hose Collar Straps, Dogtra, OnX maps, Total Retriever Training, Inukshuk Dog Food, Gundog Supply, Duck Dog Clothing, Wetmatt Mats, Bill Hillman, Lone Duck Outfitters, Conkey Outdoors, Midwest Camo, Windy Creek Supply, and Power Calls.

After the Grand, we will start gearing up for our Fall test; it will be held August 15-16 at the world-famous BBFF Kennels, home of Ethan Corkren.

Until next time, clean marks and good blinds.

Deer River HRC – Submitted by Scot Whitaker.

Deer River has enjoyed a quiet summer with not a lot going on. Outside of our monthly club meetings, we have held several training days organized by our training Chairman, Dalton McCurley. July 25th, we will hold our annual summer fest with lots of fun handler/retriever events, skeet shooting, and capped off with some good times just hanging out and eating good! Fall test season is coming up fast. Hope to see you all on the circuit!

Tennessee River HRC – Submitted by Hannah McCurley.

The Tennessee River Hunting Retriever Club would like to extend a heartfelt thank you to everyone who joined us for our July 4th & 5th Hunt Test. We were incredibly blessed with an amazing turnout, and we truly appreciate each and every person who helped make the weekend such a success.

First and foremost, we would like to thank our dedicated volunteers and club members. Countless hours go into planning, setting up, running, and cleaning up a hunt test, and none of it would be possible without the hard work and commitment of those who give their time to our club. Your willingness to serve is what keeps our events running smoothly, and we are so grateful for each of you.

To all of the handlers, judges, workers, and spectators who spent the holiday weekend with us, thank you for your continued support. It was wonderful to reconnect with familiar faces, catch up with friends we look forward to seeing each year, and welcome many new participants to the Tennessee River HRC family. One of the best parts of our hunt tests is the friendships and camaraderie that come from bringing together people who share a passion for working retrievers and the outdoors.

Watching the dogs perform throughout the weekend was a true pleasure. Whether it was a team earning a title, a first-time handler stepping to the line, or a seasoned competitor continuing their journey, every success is something worth celebrating. We are honored that so many of you chose to spend your Fourth of July weekend with us.

Now we're already looking ahead to our final hunt test of the year! We hope you'll make plans to join us on October 3rd & 4th for another great weekend of retriever work, fellowship, and fun. We are excited to see everyone again and hope for another fantastic turnout.

Thank you again to everyone who supported the Tennessee River Hunting Retriever Club. Your enthusiasm, sportsmanship, and dedication are what make this club so special. We can't wait to see old friends, meet new ones, and make more great memories with all of you this October!

West Tennessee HRC – Submitted by Jeremy Browning.

West Tennessee members have been busy and successful this summer running hunt tests. The weather has been hot and wet, but great for training with plenty of water available. By the time this update comes out, our club will have finished hosting two summer tests. We always have great tests on the grounds of Maple Ridge Retrievers, and appreciate the judges, handlers, bird techs, club members, volunteers, and the Patterson family for making our tests work so well. We would love to have you join us at a future event. Stay cool.

Gun Creek HRC – Submitted by Kirk Keene.

Not much to report from the Gun Creek crew, now that the dog days of summer are upon us. Training early has become the norm, as we try to keep both our retrievers and us relatively comfortable.

We can report a successful spring test, as numbers were good in all stakes. Finished in particular had a few very interesting set-ups, as we used a new water site to allow us a simulated timber hunt. Thanks to our judges, handlers, and club members who all worked together to make the tests run smoothly.

Central Kentucky – Submitted by Jenny Carroll.

We want to take this opportunity to congratulate our friends and club members on their success at the Spring Grand.

Betsy French and her dog Maverick earned his GRHRCH Title.

Congratulations to Clay Owens of Cypress Creek Kennel on a great Grand.

Congratulations to Bow and Lynne Switzer on Poppy's successful Spring Grand, earning her GRHRCH Title.

Congratulations to Jeremy Legge and Bow Switzer on this very successful Grand. Listed below are the dogs that passed the Grand and their owners:

Ohio River HRC – Submitted by Barb Reed.

Ohio River HRC had a great Hunt Test the first weekend in June. We had two full flights in Finished. The Senior and Started flights were fairly full. We were able to accommodate walk-ups. Our judges were John Pottcatter, Sean Clark, Rocky Jones, Tony Schumann, Adam Andrews, Rick Jackson, Cindy Sullivan, Kristen Wiessner, and Allen Scarber.

The bird techs were wonderful. They came to get trained on the wingers and learn the procedures a few days before the test. Many members volunteered to help in various capacities. We are grateful for all of our members and the participants who came out to our test.

A big thanks to Kathy and John Price for hosting the test on their property. Kathy and John worked hard to make sure the grounds were in good shape for the test!

Central Michigan HRC – Submitted by Shawn Getty; Randy McComas, President.

Central Michigan had a busy and successful season, hosting both our upland test and hunt test earlier this year. We're happy to share that both events went very well! This year's hunt test brought a little something new, with grounds split between two locations instead of our usual setup. It added a bit of a challenge, but thanks to the teamwork and flexibility of everyone involved, everything came together smoothly. A big thank-you to all who came out, helped, handled dogs, judged, volunteered, and supported the club!

We'll continue meeting on Wednesday evenings at 6:00 p.m. at Eliza Howell Park in Redford, Michigan. If Wednesdays don't work for you, feel free to reach out to other club members—there are always opportunities to connect, train together, and keep the dogs working. We hope to see you out there!

Great Lakes HRC – Submitted by Phil Swedberg, President.

Hello again from West Michigan! We are in full swing of the hot days of summer. We have much to be thankful for this year. We celebrated our 40th Anniversary at our May back-to-back hunt test! We had beautiful weather and had a great turnout. We were privileged to have the National Treasurer, Kristine Odden, and her husband, Cadet, both judge for us. Thank you to all of our members who work so hard to pull off a great weekend. We are all thankful that there was a group of folks back in 1986 in our area of Michigan who jumped on the opportunity to establish an HRC Club. It is great to look back and hear stories shared by folks of what Great Lakes was like over the years. We are proud to continue to be a growing club, and that is due to our awesome members! As we near mid-summer, our members continue to train and prepare for the upcoming tests in our region and those surrounding us. Have a great rest of your summer.

Michigan HRC – Submitted by Caitlin Weller; Bob Zapalski, President.

Hunt test season continues to keep Michigan HRC members busy, with teams making steady progress as they work toward new goals and titles. Our weekly SRS and foundational training groups provide a great opportunity for challenging dogs and building skills. It is great to celebrate everyone's continued growth and success.

Projects around the club are also moving forward, with ongoing improvements to our grounds and facilities that will benefit both training days and future events. We appreciate everyone who has volunteered their time and effort to help make these projects a success.

As the summer progresses, we encourage everyone to mark their calendars for the Michigan HRC Hunt Test on August 29–30. We look forward to welcoming handlers, dogs, volunteers, and spectators for another great weekend of retriever work and camaraderie.

Well, training and testing are definitely in full swing now. OHRC members have had several great training days at Myzak Farms and Leaping Waters. Special congratulations to Steve and Rusty on reaching their 500 points! Our judges are all set for our fall test, so please mark your calendars for September 12th and 13th at Pioneer Scout Reservation. Don't miss the dance! Members have been having pretty good luck so far this year in testing. We also have several new pups coming up that are showing great promise. Hope to see you all soon, and safe travels!

Saint Clair Flats HRC – Submitted by Ken Frazee; Russell Duset, Chapter President.

Late spring brought an increase in those attending our weekly training meetings and an educational trip to Blind Challenge for some of our members. Test season is underway. Congratulations to Bob Urwiller and his dog Cash for earning their HRCH title this spring. Sean Houtekier's Grainger reached 1,500 points, and Louie earned his 500th point at Central Michigan HRC. A special thank you to Russ and Kelly Duset for setting up a special Memorial Day and then a July 4th Training Day for our club. Great fun was had by all who participated in these holiday club gatherings. A tip of the cap to our Spring Grand Passes for Russ with T plus Sean with Grainger and Louie. Additionally, Grainger and Robert Oliver's Scout had APLA Master passes this spring. Our Hunt Test committee is busy at work for our August Hunt Test. Wishing all our HRC friends safe summer travels.

Muddy Waters HRC – Submitted by Evan Meyer, President.

The Muddy Waters training season is in full swing, with strong participation at both Thursday evening and Saturday training sessions. Attendance has been consistent, and many members have already seen success running hunt tests this season.

In June, member Justin Vandehey of Cooperstown Kennels conducted a seminar focused on the fundamentals that build successful retrievers. Topics included line mechanics, proper holding blind manners, and basic handling skills. The seminar was well received and provided valuable instruction for both new and experienced handlers as members continue preparing for the remainder of the hunt test and hunting season.

WISILL HRC – Submitted by Maureen Shaw, President, Maureenshaw93@gmail.com.

The 2026 hunt test season is off to a great start for WISILL HRC! Our June Hunt Test was another successful event, made possible by the hard work of our members, volunteers, judges, and participants. We extend our sincere thanks to everyone who helped make the weekend run smoothly. It truly takes a team effort to host a successful hunt test, and once again our members stepped up in a big way.

This year's test held special meaning as it was dedicated to Jerry D'Aprile and his legendary retriever, Chance. With Chance standing as the third-highest point dog in HRC history, the weekend was a fitting tribute.

Congratulations to all the handlers and dogs who earned passes and titles throughout the weekend. Your hard work and commitment to training continue to be reflected in the quality of dogs running at our events.

WISILL also hosted another successful Youth Handlers' Seminar, one of our favorite annual traditions. This event provides young handlers with the opportunity to learn about retriever training through hands-on experience while introducing them to the Hunting Retriever Club and the world of retrievers. We always look forward to this event as an investment in the future of our sport, and it is rewarding to watch the next generation of handlers develop their skills and enthusiasm.

Club training remains in full swing as members prepare for the remainder of the hunt test season. It has been exciting to watch young dogs gain confidence, experienced dogs sharpen their skills, and handlers work together to reach their goals. WISILL's commitment to training and mentoring continues to be one of the club's greatest strengths.

As summer continues, we look forward to our upcoming events and the opportunity to see members from across the HRC family. Best of luck to everyone as the hunt test season continues—we wish you safe travels, successful weekends, and many more passes to come.

We'll see you at the next hunt!

ARROWHEAD HRC – Submitted by Deann Zimmer; Jace Tramontin, President, mnretriever@gmail.com; www.arrowheadhrc.dog.

This year Arrowhead HRC is celebrating our 10th Anniversary and hosting our Annual Hunt Test in August. Woot woot! Starting with only six members (Jace Tramontin, Denise Tramontin, Mariah Rozell, Scott Rozell, Steve Zimmer, and Deann Zimmer), we came to be in the Fall of 2016. Our goal was to offer our region an opportunity to train dogs within realistic hunting scenarios, be family-friendly, and support our local AKC club, Minnesota Iron Range Retriever Club (MIRRC). After working out club bylaws,

forming a working collaboration with MIRRC, and deciding on important things like logo design and ribbon colors, we hosted our Inaugural Hunt Test on June 2nd and 3rd, 2017.

I remember on that Friday night having a surreal moment of accomplishment that we did it! On Saturday, the feeling shifted to being focused (stressed) and taking care of the business at hand. We were extremely short of workers, but the judges took turns loading the wingers, and some handlers also stepped up to help. For the Saturday evening banquet, Steve smoked brisket, and volunteers brought side dishes! The attendance was just enough to fill our clubhouse and patio area. By Sunday, exhaustion. As a new secretary, I was nervous about registering walk-ins and keeping all the point slips in order. I was thankful for the tips I received from Rich Lemmer and for Land O' Lakes HRC for donating the judges' books. As I look back at our first premium, I realize that many of the judges are still active today. Thank you to Roger Peterson, Mariah Rozell, Patrick Gysbers, Wade Samson, Rich Lemmer, and Shane Olean for judging on that inaugural weekend and for your ongoing support over the years. Judging is a big commitment! It is amazing how judges make the time to attend seminars, take tests, complete judging assignments, and remain so faithful to their HRC family. Thank you, thank you! On a somber note, founding member, judge, and friend Denise Tramontin unexpectedly passed in October of 2022. Sandy Zandlo, also a member and judge, passed in January of 2026. Both ladies had a passion for retriever training and upholding the hunt test standards. You are greatly missed.

Well, 10 years later, that progression of excitement of hosting an event to exhaustion hasn't changed, LOL. Our membership has grown but remains small in numbers yet mighty with perseverance, talent, and work ethic. We have formed friendships, genuinely enjoy supporting each other during training nights, and have each other's backs during events. Thank you to my Arrowhead HRC family for making time, bringing new ideas to build and improve our club, finding sponsorships to uphold our Annual Hunt Test, and committing to an ongoing 'train the trainer' fun and family-friendly training club.

Please join us this August and help us celebrate ten great years. See you there!

LAKE COUNTRY HRC – Submitted by Steve O'Tool, President, sotoollaw.com.

It has been an incredibly busy spring and early summer for LC HRC. Spring came relatively early, as far as ice-out is concerned. However, temperatures never got warm enough to allow much early-season water work for our dogs.

We had a very successful spring fun test, which allowed us to introduce HRC rules and methods to a number of members interested in running in this summer's various tests.

After a great deal of work by board members, and particularly Cathy Armajani, the club ran its third HRC test at the end of May. The weather cooperated for most of the weekend. We had a terrific set of judges who presented fair but challenging tests at all three levels. We were blessed with the opportunity to run 154 dogs over the two-day event. Club members ran dogs at all three levels with great success. Our Saturday night dinner and raffle was also a great success, and we dedicated a portion of the proceeds as a gift to a local Pheasants Forever chapter in honor of our past president Bill Johnson.

LCRC members are continuing to train at various available properties. This, of course, allows them to get ready to participate in other club-sponsored tests throughout Minnesota and Wisconsin.

LAND O LAKES HRC – Submitted by Rich Lemmer; Dave Perkins, President, dave.perkins@usbank.com.

It's that time of year when the club is in full training and hunt test mode. Saturday and weekday training have been well attended. Many club members have taken their hard work to test in our region and to a few tests outside, and it has paid off for them. The club is preparing for and looking forward to our 30th Anniversary hunt test at the beginning of August.

"To everything there is a season, and a time for every purpose under heaven" Ecclesiastes 3:1.

With that truth, we all need to be cautious with our dogs in this July heat, as you all well know.

We are privileged to be given the opportunity and responsibility to train and care for them. Our club training days have been geared with this in mind.

Since our last report, Greg and Genia Harrell have obtained the HRCH title on G&G That's Checkmate Bishop, and Gary Old now has the HRCH title on "Lorrie." Great job!

Also, Charlie Green ran Gary Old's HRCH UH Old's Annie MH at the Grand and

obtained her Grand title. So proud of our club members' achievements!

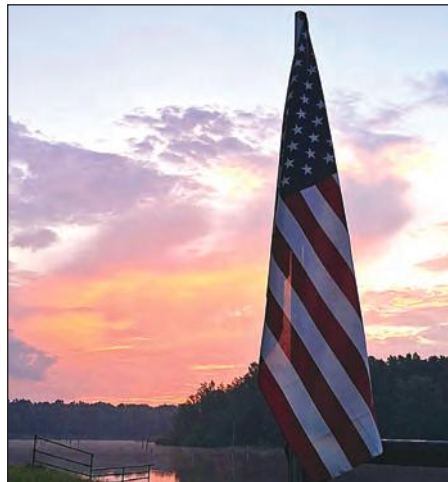

Four States RC will host a Women's Seminar at Red River Retrievers in Texarkana on July 25, 2026. It will be a one-day Seminar with Vanessa Everett and Whitney Killough leading out. As our flyer stated, "Designed to help women build confidence, handling skills, and success with their retrievers in training and hunt tests." Looking forward to this.

Our Fall Hunt Test scheduled for September 5-6 will be a benefit Hunt Test honoring Steve Lach, with proceeds donated to the Alzheimer's Alliance Tri-state Area. We hope you can come run your dogs on great property supporting this very important cause. We would love to have you!

Hill Springs HRC has been really busy this year. We've hosted two full weekend tests: one in March and our big weekend test in June, which hosted 453 dogs.

We sent two members to the National meeting in St. Louis, which was very informative.

We hosted a ladies-only training day at the end of June, hosted by Juli Bottjen. We had five ladies attend, and the focus was HRC-style hunt test training. We are planning more of these in the near future.

We want to extend huge congratulations to our Vice President, Matthew Huff, and Koda for passing the Spring Grand in Kevil, KY. This was Koda's first Grand to attend.

South Arkansas HRC – Submitted by Troy Barrios, troy.barrios@uia-eld.com; Roger Morton, President, tenmor123@gmail.com.

It's been hot in South Arkansas. I know we're not alone, as I've heard from other trainers that starting early is the only way to beat the heat down south.

The Tech Pond at Roger Morton's kennels has been the spot for several of our club members to train this summer.

Two of our club members, Scott Barnette and Blake Murray, will be running the Fall Grand and have set up some tight, challenging marks.

Right now, young dogs are the agenda with some of our members. Between Brian Brady and me, we have 10 young dogs in obedience and force fetch. Please pray for us!

Also, South Arkansas HRC Club is moving our fall hunt to October. The Fall Grand falls on the weekend of our normal fall hunt.

Happy training to all of you, and hope to see you on the road soon.

Greetings from the Sunflower State! Our members have been busy—training, traveling, judging, and trailing across the region and beyond. We've enjoyed lively training days and plenty of conversation about dogs, techniques, and everything retriever-related.

It's also been quite a season in the Midwest. From large grass and structure fires to severe storms and tornadoes, the weather has kept everyone on their toes. We're grateful that all our members and neighbors have stayed safe and experienced minimal damage. And when the rain finally arrives, we welcome every drop that brings relief from those extreme temperatures.

Several of our members are currently entered in tests or judging assignments across Minnesota, Iowa, Kansas, Missouri, and Nebraska. Congratulations to all who've brought home ribbons, and a heartfelt thank you to our judges for volunteering your time and expertise. We couldn't do it without you.

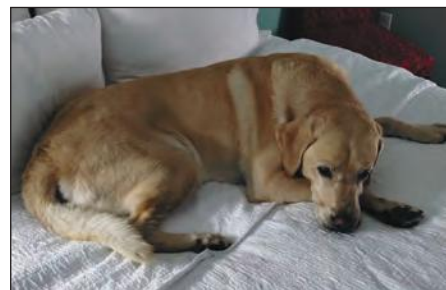

Looking ahead: Excitement is building for our Fall Hunt Test—our 10th Anniversary Hunt! If you're near Great Bend, KS, we'd love to have you join us. We also want to wish our club members safe travels as they head out for the 2026 Fall Grand. Thank you for your dedication, countless hours, and passion, and best of luck to those running dogs!

Whether you're on the line or cheering from the sidelines, we're always glad to see you.

Keystone Lake Hunting Retriever Club — Chris Padden, President; Kevynne Padden, Public Relations; FB Page: Keystone Lake HRC.

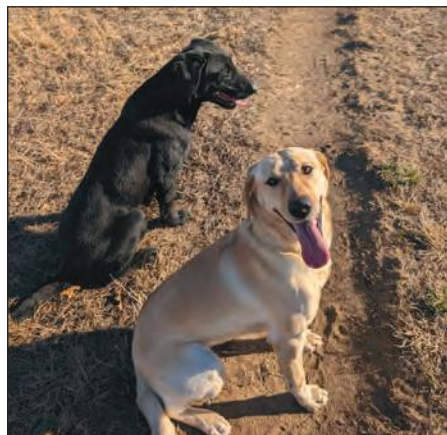

As the summer heat heats up in Oklahoma and hunt test season shifts into high gear, members of the Keystone Lake Hunting Retriever Club HRC are putting in the miles, hitting the road, and bringing home ribbons.

Keystone Lake HRC is especially proud to celebrate a monumental milestone for one of our own. Lucas, age 12, was recently honored with HRC's inaugural Highest Point Youth Handler Award presented at the National Meeting in June. His journey in the retriever world reflects both early passion and steady dedication. Lucas first stepped up to the line at just 7 years old, handling his dog through his very first Started hunt test in New York with the Long Island Retriever Field Trial Club in 2021. After moving to Oklahoma four years ago, Lucas and his family

joined Three Rivers HRC, and last year they also became part of Keystone Lake HRC. Over the past five years, it has been a joy to watch him grow as a handler, build strong teamwork with each dog, and show remarkable consistency every time he steps to the line. From a 7-year-old handler in New York to the inaugural HRC Highest Point Youth Handler, Lucas's journey is an inspiration to the next generation of our sport. Youth handlers like Lucas are the future of the sport we all love.

As teams continue competing across the country, Keystone Lake HRC is already looking ahead to the fall season. When the Oklahoma weather begins to cool, our focus will return to local training days and final preparations for the upcoming fall hunt tests.

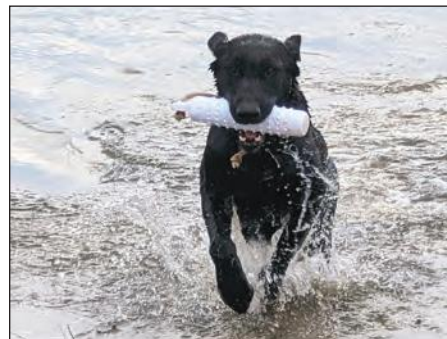

Until then, Keystone Lake HRC wishes the best of luck to all handlers, judges, and canine partners currently out on the circuit. Safe travels, keep making memories, and keep bringing home those ribbons!

North Louisiana HRC – Submitted by Andy White, President, andyw@leedwardsauto.com.

As we move through the heat of summer, North Louisiana HRC members continue to stay busy running hunt tests and training their retrievers. We appreciate everyone's dedication and commitment during these challenging summer months as many of our members prepare for the upcoming Fall Grand.

Congratulations to fellow club member Butch Gandy on his appointment as HRC Field Representative for Region 10. We know he will do an outstanding job serving the clubs and handlers throughout the region. We would also like to extend our sincere thanks to Vince Liggio for his years of time, dedication, and service to Region 10. His contributions have been greatly appreciated.

We also want to recognize two outstanding accomplishments within our club. Congratulations to Noah Leach and his dog, Juice, and Clint Farrar and his dog, Jazz, on earning their Hunting Retriever Champion titles. Achieving an HRCH is a testament to countless hours of training, perseverance, and teamwork. We are proud to have both teams representing

North Louisiana HRC.

Congratulations to all of our members on their accomplishments, and best of luck to everyone as they continue preparing for the Fall Grand. Train safely, stay hydrated, and we'll see you in the field.

Lake Charles Retriever Club – Submitted by Chris Fontenot; Robert Falgoust, President, falgoustr@yahoo.com.

As you all know, we recently had the HRC National Meeting in St. Louis. Chris attended as the PR Rep for Region 10 and represented the Lake Charles Retriever Club. He provided a report on all national news, and it's great to see all is being handled well by the EC. The HRC Foundation is doing wonderfully by reaching the \$1 million mark. It gives back so much. Just an example is the 35—\$3,000 scholarships awarded to students of our families.

We would also like to give thanks to Vince Liggio for all the years of dedication to Region 10 as our Field Rep. Vince will be missed but will continue to be active in the club. Congratulations to Butch Gandy, the incoming Rep for our region. Butch will be a great addition. He has been such an ambassador for HRC for so long already.

Continue to train, but keep those hounds and yourself cool!

Pontchartrain Retriever Club – Submitted by Alex Aucion; Tyler Davis, President, phrcdogs@gmail.com.

The Pontchartrain Hunting Retriever Club is continuing to focus on training opportunities, membership engagement, and the growth of the hunting retriever community. Training events provide members with valuable opportunities to develop their dogs, share knowledge, and strengthen the camaraderie that makes our club special. Our Fall Hunt Test is scheduled for August. We encourage members and participants to make plans to attend and support the event as handlers, volunteers, or spectators.

The club continues to grow and remains committed to bringing the next generation into the hunting retriever community. One exciting effort has been working with local ROTC cadets and introducing them to the world of hunting retrievers. Their involvement has been a great addition, and we look forward to continuing to mentor and include young people in our sport. Pontchartrain Hunting Retriever Club would also like to extend sincere appreciation to everyone

who helps make our events possible. Thank you to our officers, members, volunteers, judges, and bird techs, whose time and dedication keep the club running smoothly. The support and hard work do not go unnoticed. We look forward to continued growth, successful events, and seeing everyone in the field throughout the season.

Amite River HRC – Submitted by Ron Lewis; Jeff Holley, President; www.amiteriverhrc.com.

It has been quiet around here since a busy spring. Outside of the National meeting in June, not much is going on. Thank you to club president Jeff Holley and his wife Misty for traveling to St. Louis to represent us at the National HRC meeting.

We are planning to continue monthly training days headed up by club VP Rob DeVeer. Stay tuned for Facebook and GroupMe notifications for upcoming dates. The Fall hunt test season will be in full swing before you know it. Speaking of Fall, in addition to hunt tests, the Grand, and the September teal season, there will be a 9-day Black-bellied Whistling Duck season in October. Another reason to get out to some training days to get your retriever tuned up.

Congratulations to the following club members and their retrievers for some great performances recently:

- Ron Anderson and Rip continue their great run as one of the best teams in recent history. Rip qualified for the 2026 National Amateur Retriever Championship in Junction City, Oregon, this year, and they put on a good performance.

- Chuck McCall owned the Open division at the recent Mallard Run Kennels SRS event in Kentucky.

- 1st place—New SRSC Down Da Bayou Paint Da Corners, MH QA2 "Cutter," owned by Ron Anderson.

- 3rd place—New SRSC 8XGRHRC Down Da Bayou's Designated Hitter, MNH ("Poppi"), owned by Mark Polkey. This gave both littermates, Cutter and Poppi, SRSC titles!

- 4th place—6XGRHRC Seaside's Cruising the Coast, MNH ("Harley"), owned by Chuck Leblanc.

Ron Anderson and his family, Jennifer and Brad Hopkins, and Chuck McCall are all active club members who have contributed a lot to our club over the years. Not only are they great retriever handlers and trainers, but they are all great people and a pleasure to be around!

Stay up to date for meetings, events, and training days via our Amite River HRC Facebook page and GroupMe notifications. The only way to keep our club successful is to come out, participate, and encourage new membership. Until next time - stay cool, and most importantly, make sure your dogs stay cool. Have a great summer!

Central Louisiana Retriever Club – Submitted by Mary Anne Sayer, masword@suddenlink.net; Jennifer Speir, President.

Central Louisiana Retriever Club elected a new slate of officers in May and welcomes Jennifer Lyons Speir as our 2026-2027 President. Past president Scott Ducote is serving as Vice President, and Becky Lyons is serving as Secretary. Glenda Andries graciously continues to serve as Treasurer.

Our new officers hit the ground running as preparation for CLRC's late summer hunt test has begun. The event will be held on August 22-23 at our Moreauville, LA location. Plans include three flights of Finished, and one flight each of Seasoned and Started. Many thanks to Delta Waterfowl for sponsoring our PUPPY RUN that will be held after all of Saturday's flights return to HQ. Bring your kids and a whistle; if you don't have a retriever for them, we will find one for you! It's such a joy watching the future of waterfowl hunting in action! Afterward, festivities include a tailgate supper before the Saturday ribbon ceremony. You don't want to miss this because we have great cooks! Throughout the evening, our annual RAFFLE will be underway with popular waterfowl hunting and retriever training items on display. This is an important source of operating funds for our club to purchase and maintain its hunt test equipment. So, please come join the fun and fellowship! Our club meetings are on the third Thursday of most months at 7 p.m., at 1889 Monroe Highway in Pineville. All retriever enthusiasts are welcome.

Greetings from Cowtown. Summer is officially here in Texas, and it is indeed very hot. As a result, dog training is limited to early mornings and shorter setups. Before summer, Keith Harrison and I ran one last Hunt Test at West La HRC to reach our spring objectives. On the first day, we endured over a three-hour rain delay and managed to pass. Keith and his dog, Rocky, obtained their HRCH title, while Starr and I surpassed 500 points. On June 27, Cowtown was well represented at the Region 12 Judges' and Handlers' Seminar with 11 members attending. One of our newer members told me, "I didn't know what I didn't know." Ya'll stay cool this summer, and I am looking forward to seeing you at the fall tests.

June was a busy month for our club members. The first weekend was the 18th Annual Texas HRC Youth Hunter Camp near Zephyr, TX. Club members Mike & Patti Southerland and Kyle & Melissa Alldredge served as committee members working hard to make camp a success. The second weekend was the HRC National Meeting in St. Louis, MO, where LDHRC club president Patti Southerland and her husband, Mike, represented our club. Most recently, Lonesome Dove HRC hosted Region 12's Annual Judges' and Handlers' Seminar in Hamilton. The seminar was well attended by 39 people. Region 12 Field Rep Mark Fries and Running Rules Rep Glenda Mitchell led the group. Long-time judges, as well as first-time attending handlers, had great discussions throughout the day.

Congratulations to our club members running spring/summer hunt tests. Many have earned passes, and some have earned titles.

Lone Star HRC – Submitted by Laurie Hardage; Kyle Krause, President; www.LoneStarhrc.org.

Summer is really heating up here in North Texas. We planned a club training day, but unfortunately, we had quite a spell of rain the week prior, and the grounds were just too muddy, so we had to cancel. However, a good soaking in June is always welcome around here! There's not much going on in the hunt test world in Texas right now, but it's a great time for the HRC National meeting. Lone Star HRC is fortunate to have two members who were at the meeting. Sarah Krause is an

Executive Officer, and Kyle Krause is the Public Relations Chairman and Region 12 PR. They are so good at keeping us informed on all the business that gets taken care of at the national meeting. We can't thank them enough for all their dedication to our sport. We have also done a clean-up day at our training grounds and want to thank all our club members who helped out on that hot Saturday to make the property usable for our dogs. At our last club meeting, we began the preparation process for our next hunt test. We will be having an Upland test in November. We hope to see you there!

Big shout-out to those members and dogs who attended the Spring Grand. What a Grand it was! No matter how you did, congratulations on walking to the line.

Huge congratulations to several of our members and their dogs as they achieved some great success this summer. First, I would like to congratulate Charlie Green and Annie on receiving their Grand Title at the Spring Grand. Annie is owned by Gary Old. Receiving his first Grand pass in the Spring was Kevin, handled by Charlie Green and owned by the Folcarelli Family. Also receiving great achievement is Gracie, handled and owned by Charlie Green, making the 500-Point Club. HRCH Duck Coves Little Miss Ellie (Ellie), owned by Ken and Connie Starling, became a member of the 500-Point Club. Duck Coves I Got Somethin' To Say (Maggie), also owned by Ken and Connie Starling, earned her HR Title. This mother-daughter team has had a great summer so far. There are also many of our members who are training between the Spring and Fall hunt test seasons. Mike and Pamela Norris take to the field and get some dog training done with their pups Sexy, JoJo, and Jessie.

Many of us here in Texas have shut off going to hunt tests due to the heat. If we do run tests, they are out of state. So, I say this: please be careful in the Texas heat; it is not so much the heat as it is the humidity that gets the dogs. So, watch for all the signs in your dog.

One thing that sticks out in my mind is the comment I have been told over the years and keep hearing is, "It is not a race to the finish line." This pertains to running dogs and getting their titles. If you think about it, it is so very true. If you push a pup too hard and too fast, you break them; there is a fine line- that breaking point. Many people do not realize that dogs can get mentally tired too. If they do and you keep pushing, that's also when they can break. We, as dog lovers and trainers and ones who love hunt test games, sometimes do not think about things like this. Our dogs are athletes, and do athletes need breaks? Yes, they do. Time to rest physically and mentally; the same goes for dogs. Everyone is always so eager to run that next big test or the next level; we never step back and think. On a different side of this, why do we push our dogs and want them to hurry up and

get to that next level when, in fact, we love them more than anything, and we want to spend time with them? So why do we push? On the other hand, there are dogs that seem to catch on quickly and are never pushed, and that is their personality. The bottom line is to try not to push your dog; watch for those breaking point signs. If you have a dog that is ready to rock, go with it. Remember, it is not a race; your dog is your best friend and trusts you.

Boom Town HRC – Submitted by Jason Thompson, President, Casper, WY, ja_thompson_50@yahoo.com.

The Boomtown club members had a successful Spring training and testing season. Our club has been working hard to get our test grounds ready for the July 11th and 12th back-to-back tests along the famed North Platte River outside of Casper, WY. We look forward to new members running their dogs in Started, and some members' first Finished tests at our annual hunt test. Everyone has been working hard, and I am sure the results will prove that. Our Club has had members participate in every hunt test in our region this year. Strong statement for a club with only 10 members. Our members who judge will have at least 12 assignments this year. We think it is awesome that our club members give back to the game. We would like to give a shout-out to members Matt Brown and Addison Thompson for jumping in and helping at the Hidden Pines Test in Cheyenne, WY, when they are running their own dogs. They both picked up finished passes. It is people like them that make HRC so fun.

Hidden Pines HRC – Dave Marsteller, President, Cheyenne, WY, marsteller6169@msn.com.

Good day, fellow HRC enthusiasts.

I hope this message finds everyone pursuing their goals, training dogs, and enjoying success, one bird at a time. Hidden Pines Hunting Retriever Association (HPHRA) experienced a particularly busy spring and early summer season. Unfortunately, the extreme drought conditions in Southeast Wyoming have caught up with us. Water at our training lease is now only a trickle, and the levels in our swim-by and L-Channel features continue to drop each day. We are actively hoping for a strong monsoon season to help alleviate our water shortage.

However, there has been a silver lining. Without a typical winter, club members were able to begin training earlier than any year I can recall. We accessed the water for training as early as April, which is usually at least 6 weeks ahead of schedule—in most years, the water remains frozen well into May.

In addition to the extended training period, our all-volunteer membership came together to tackle some very aggressive clumps of cattails. Inspired by Boomtown HRC in Casper, we purchased a cattail-specific cutter, which proved to be one of our best investments for managing this persistent vegetation. Altogether, we removed an estimated 1.7 tons of cattails, either by hand or by pushing large rafts of cut foliage down the creek system. While the work was demanding and left us with sore muscles, the improved training opportunities were well worth the effort. Maintaining the area will now be far more manageable compared to the overwhelming growth we faced this spring.

Following all the effort invested in maintaining our lease, we commemorated Father's Day with our annual hunt test, a special event that also marked the club's 20th anniversary. The unwavering commitment of the board and the enthusiastic participation of club members made it possible to host a highly successful two-day gathering. With approximately 244 dogs entered and a remarkable number of ribbons awarded, the event drew impressive attendance and engagement. I wish to express my heartfelt gratitude to every club member whose dedication made this achievement possible. Organizing such a memorable event simply wouldn't happen without your support.

As we move into the latter part of the testing season, with only three tests left in the region, I send my best wishes to all our members who are still competing. May you find success in every aspect of your dog training and competitions.

Mount Rushmore HRC held their back-to-back hunt tests on May 30th and 31st in Custer, South Dakota. Through much work by club members, the property was ready and beautiful, and God gave us much-needed rain, and our ponds were full with plenty of splash water. We had a successful hunt test even though thunderstorms came in late Saturday afternoon and the tests had to be finished up on Sunday morning. With an early start Sunday morning and a short weather delay, we were able to wrap up about 5 p.m. A big thank you to all the workers, Bird Techs, and Judges for persevering through it all. It was great to see so many junior handlers this year. They are the future of this organization.

Now, club members are busy weed-eating around the ponds for training days and other events taking place this summer. We hope everyone has a successful hunt test season and your retrievers are ready for another hunting season.

Cascade HRC – Submitted by Pam Ulsh, President.

Cascade members are in the thick of hunt test season here in the Pacific Northwest. While our tests are not nearly as close to home as they are in some parts of the country, we do have several tests this time of year within driving distance if you are able to stay overnight. We are looking forward to the tests in July, August, and September before our test season ends and upland and waterfowl seasons begin.

Our club had a very successful training season this year. We were able to hold one waterfowl training day a month for February through June. We also co-hosted an upland training day, as well as a second one, solo-hosted by Cascade. Our last training day of the year was a surprise free day. We continually strive to give back to our membership. There were regular marks set up for all three levels. One of our members asked about offering drills as part of our training days, so a drill was explained and set up. The idea was well received. The club will be adding a drill opportunity to their training days each month next year.

Cascade is again looking forward to co-hosting a test weekend with Whistling Wings the first weekend in August. This year we are adding a double upland hunt on Monday. We will again be in Carnation on different grounds than our spring tests. Maybe we will have dry weather for our test, something neither club had in their first tests this year. By working together, we can offer another local test for our members who are unable to drive very far, as well as another opportunity to earn points toward titles before the season is over. Fingers crossed that we will be able to help celebrate some more titles in 2026.

Hopefully, everyone is able to get out and spend time with their retriever(s) this summer, whether training, testing, or just enjoying some time together.

Lower Columbia HRC – No report submitted. Greg Marks, President.

Newaukum River Retriever Club – Submitted by Davie Berg, President.

July 11 marked the first day of our 5th annual hunt test. Each year I am grateful for the many hands that diligently work to put together a weekend of shared memories. We face challenges together, celebrate successes, make new friends, and just have a lot of fun. We are thankful for the sponsors that support HRC and for the opportunities they provide.

Watching handler and dog teams work together at all levels, I think about what a humbling sport we have chosen, and it reminds me of the Special Olympics Oath, "Let me win. But if I cannot win, let me be brave in the attempt." It's not just about the ribbon or the "win." It's about effort, growth, and personal commitment to success. Let us all be brave in what we attempt.

Dave Berg spent considerable time clearing grass from the ponds before the test. "So you say there's water here....?"

Eve Higgins and Bixbee. Three down and one to go for his HRCH.

They did it! Eve endures the HRCH title bath on a hot Sunday.

Thank you HRC sponsors.

Salt Chuck HRC – Submitted by Wendy Tisdale; David Aberdeen, President; Salt Chuck Hunting Retriever Club (schrcwebmaster9.wixsite.com).

Salt Chuck Hunting Retriever Club is celebrating a special milestone this year. 2026 marks the club's 25th Anniversary. We look forward to celebrating at our upcoming hunt tests this summer and invite everyone to join us!

We will be holding two regular tests in Started, Seasoned, and Finished, as well as a double Upland test. The tests will be held at Swallowfield /Chemainus River Estuary, Vancouver Island.

We are honored to have the special guests at our event, with the HRC being represented by two members of the Executive Committee. President Glenn Scarborough and Vice President Pat Johnson will be joining our judges panel and helping us celebrate! We are also looking

forward to having our Region 14 Field Rep, Elroy Olson, onsite and judging for us too.

We are planning to have some special 25 Year SCHRC camo hats made and available for purchase. We hope you are able to join us to celebrate and share your memories of club events over the years. We are thankful for our club, its members, and the great opportunities it provides us to get out and enjoy our dogs.

Spokane Bird Dog Association – Submitted by Carol Black; John Gilbert, President; spokanebirddog.com.

The Spokane Bird Dog Association (SBDA) hosted a two-day hunt test on Saturday and Sunday during the Memorial Day weekend. We would like to recognize the handlers who attended to showcase their dogs and to thank them for their continued support of HRC events. Without that support, hosting an HRC event would not be possible.

Congratulations to those who titled their dogs or qualified in pursuit of a title. Special thanks go to the volunteers from the Spokane Chapter of Pheasants Forever, the handlers who split their time between running dogs and operating winger stations, our judges, and the

many other volunteers who helped make the event a success. It was especially encouraging to see handlers and family members step forward on test day, ask, "What can we do to help?" and jump right in. Thank you!

SBDA is working to expand its HRC presence and encourage more members to serve as judges at various levels. Judging offers a valuable opportunity to observe strong handler and dog work, learn from others, and reflect on how one can continue to improve one's own handling.

As we begin planning our 2027 two-day Memorial Day weekend hunt test, we would sincerely appreciate your input on how we can reach more people, help them set training goals, and provide opportunities to showcase their dogs. If you have suggestions, we would love to hear them.

Whistling Wings HRC – Submitted by Kevin Biery, President; Whistling Wings Hunting Retriever Club (whistlingwingshrc.com).

Partway through another test season, and what can I say? It's nice to see old friends from other clubs and make new ones. I'm sure everyone is finding success with their dogs or learning what needs to be worked on. Whistling Wings had a great spring hunt test this year. Started and Seasoned stakes were a little light in numbers, but the Finished and Upland stakes did better.

I want to give a big round of applause to a young junior handler. Floyd Nowaki's grandson Jaxon ran Floyd's Boykin Spaniel, Charlie, under Started judges Pete Szilard, Chris Williams, and apprentice Judge Carey McCarroll. We also celebrated with Tyler Stratman on achieving 500 points with his dog Darwin. Congratulations!

Started Judges Cary McCarroll and Pete Szilard congratulate Junior Handler Jaxon.

Treasure State Retriever Club – Submitted by Margo Ellis-Lingohr; Mike Heard, President.

Happy hunt test season! Holy buckets, have we been busy. A few of our members have been busy beavers grooming the grounds and making many improvements, from clearing trees to removing willows around the tech ponds and repairing the roads. The grounds are really looking great, and with the recent rain and snow, we currently have a nice flow of water. The leak in the big dike was located and repaired for now, but we need to keep an eye on it.

By the time this article hits your mailbox, our HRC test will be in the books, and we will have just finished our third annual SRS. We had the pleasure of hosting some of the great SRS dogs from the south, and the judges didn't let up for the entire series. Congratulations to Jim Emanuel and his dog SRSAC Good Ol' Steve on their second-place finish at the Feliciano SRS in Ronan, Montana.

We would like to keep running SRS every year, and we hope some of our members take an interest so we can cheer you on while you run with the big dogs. That's it for now, but I hope to have more pictures for you in the next magazine.

See you at the line.

SRSAC Good Ol' Steve, owned by Jim Emanuel.

Five Valley Retriever Club – Submitted by Kay Donahue; Ted Hays, President.

Hello from Five Valley Retriever Club. We have been getting together for some group trainings, and by the time this article comes out, we will have had our annual hunt test (July 11th & 12th). I just want to thank everybody who helped to make it a success. We were able to host our test on the Treasure State Retriever Club grounds again, which we are so appreciative of. Our club is smaller in membership numbers this year, but our members are fantastic. We got a lot of great donations for our raffle, so I also want to thank everybody who donated.

South Hills Hunting Retriever Club – Submitted by Terri Sanders; Chris Williams, President.

Greetings from Idaho. Following a successful hunt test in May, our members have been busy training and traveling the northwest running tests. Congratulations to the "Pliny Siblings"—Dagger (owned by Mike Sanders) and Pi and Sissy (owned by Don Wall)—on achieving their HR titles. All three are currently smashing it at Finished. Also, congratulations to Chas Vanderhoof on her dog Paige's HRCH title, Jessica Ott on her dog Tooley's HR title, and Tyler Stratman on his dog Nettie's HR title. And saving the best for last, HUGE congratulations to Tyler Stratman and Darwin on achieving their 500 points!

We are working on planning our Fall upland quad test. Several of our members are pursuing upland titles, so we should have some new UH and maybe an UHCH title at the conclusion of the test. To assist our members, we will be holding a seminar on upland hunt tests in the coming month.

Mountain West Hunting Retriever Club – Submitted by Lauren Cabrera; Christian Martir, President.

The Mountain West Retriever Club's third annual hunt test was another great success, with beautiful weather, strong entries, and a welcoming atmosphere. It was exciting to see first-time competitors gain confidence while experienced handlers continued to support them. We were honored to receive compliments from our judges on our organized, hardworking test staff, and the weekend was filled with highlights including the judges' dinner, Saturday barbecue, raffle, and icy celebrations for new titles.

As summer settles in, many of our members are spending more time training in the water, making the most of longer days while dodging cheatgrass and the inevitable mosquitoes. Several members are also hitting the road together to attend hunt tests in neighboring states, enjoying new grounds, camping, and making great memories along the way. We're already looking forward to cooler weather and reconnecting at our September training day for another chance to train, learn, and enjoy time with fellow club members.

HUNT REPORTS

The number of dogs who earned Champion points indicates those dogs participating who were UKC registered on the day of the hunt.

Attention Clubs!

Your hunt report write-ups and photos must be sent to your Region Public Relations Rep to be included in your club's region report. This allows you to share your hunt & club news in one section!
This issue contains all 2026 Event Reports processed from May 14, 2026 through July 15, 2026.

Hunting Retriever Club, Inc. POINT CLUB RECOGNITION PROGRAMS

The 500, 1,000, 1,500, 2,000, 2,500, 4,500 & 5,000 Club Programs are recognition programs for HRC members who own dogs achieving 500, 1,000, 1,500, 2,000, 2,500, 4,500 and/or 5,000 UKC Championship points in the HRC Hunt Test & Upland Hunt Programs.

The HRC member-owner of the dog must be a member in good standing with HRC, Inc. for a minimum of 12 months prior to the time the dog earns the qualifying Championship Points (500th for 500 Club & 1,000th for 1,000 Club, etc.).

HRC recognizes the 100 Championship points that count toward the retriever's HRCH title & all additional points (including Preliminary Hunts) earned in Finished, Grand & Upland Hunt Tests toward the Point Clubs.

The Programs consist of the awarding of a specially designed distinctive jacket embroidered with the HRC logo, owner's name & the qualifying retriever's name. Only one jacket will be awarded for each 'qualified' dog.

However, additional jackets may be purchased by the owner through the HRC Administrative Secretary. This is to allow co-owners, spouses, family members, handlers, etc. to participate in the recognition of the accomplishment of the dog.

A Certificate of Accomplishment & Letter of Congratulations will be issued & sent to the 'qualified' dogs announcing their induction into these prestigious Clubs. An order form for the jacket will be included with the Certificate.

It is the desire of HRC & UKC, due to the significance of the accomplishments of these Hunting Retriever Champions, that the jackets be presented at a ceremony to the recipients at a National HRC event/by their home HRC Club with special ceremony.

Direct questions to Tammy Cobb, HRC Administrative Coordinator, at 269-364-2054/tcobb@hrc.dog

Following are additions to the list of all dogs and their owners that have met the qualifications for the clubs, compiled as of July 15, 2026.

NOTICE OF SUSPENSION

UKC makes every attempt to maintain an accurate and up-to-date "Notice of Suspension" list, and the list is updated regularly. However, as there may be lag time between disciplinary action and adding an individual to the list, and also because mistakes and omissions can and do happen, UKC will not guarantee the accuracy of this list. If an individual is in question, customers should call UKC directly to obtain the most up-to-date information regarding that individual's disciplinary status. UKC can only confirm or deny a person's disciplinary status and cannot provide details on that person's case.

The following is an updated list of individuals who have been suspended or barred until the date indicated. During the period of suspension or barring, a person who is suspended or barred may be prohibited from, but not limited to, one or more of the following:

1. They are barred from registering any dogs in their names (joint or individual ownership). They may, however, transfer any dogs currently registered in their names (joint or individual ownership) to another individual(s), except they may not transfer dogs to any member of their families, spouses, or companions. Companion is defined as anyone who resides at the same address as the suspended individual.
2. They are barred from registering any dogs in their names (joint or individual ownership) and they may not transfer any dogs currently registered in their names (joint or individual ownership).
3. They are barred from registering any litters and from signing any litter registrations in any capacity. No offspring of a dog registered in their names (joint or individual ownership) is eligible for registration with UKC.
4. They are barred from entering or participating in any way in any UKC licensed event, including, but not limited to, co-owner, handler, back-up handler, judge, guide, spectator, or UKC licensed official.
5. They are barred from holding office in any UKC approved club or association.
6. No dog registered in their names (joint or individual ownership) may be entered or participate in any way in any UKC licensed event.
7. No championship points, wins toward a title, or monetary payouts from any UKC specialty program will be awarded for any dog registered in their names (joint or individual ownership).
8. They are barred from advertising in any UKC publication or UKC internet site.

Any violation of these sanctions or any other UKC rule or policy during the time period in which the individual is barred or suspended may result in their being suspended indefinitely.

12 noon CST July 31, 2026 at www.HRCEntry.com

Opening date to enter will be July 13, 2026.

ENTRY FEE: \$400

JUDGES: To be announced

CONTACTS:

Diana Peacock, Grand Hunt Secretary—C (517) 240-1383; Dpeacock1701@gmail.com
Diana Lacaze, Grand Hunt Secretary—C (903) 701-5461; Dianallacaze@gmail.com

REQUIREMENTS AND POLICIES FOR PARTICIPATING IN HRC INTERNATIONAL GRAND HUNTS **THE PREMIUM REQUIRES THAT YOU HAVE READ AND UNDERSTAND THE FOLLOWING INFORMATION:**

ENTRY FORMS: must be made online at www.HRCEntry.com. The participant will have until **12 noon CST, July 31, 2026** to enter to be eligible for entry in this Grand Hunt.

IN ORDER TO ENTER ONLINE:

- HRC Membership number for both the Owner(s) and the Handler must be valid as of the entry deadline date.
- A valid UKC Registration at time of entry deadline.
- Only one (1) Handler - the individual actually handling the dog.
- Electronic acceptance of the Release of Liability and certifying the immunizations of the dog are current and appropriate.
- Acknowledgment and acceptance of the terms and conditions of refund policies.

CONDITIONAL ENTRY: A Conditional entry may be received on or before **12 noon CST, July 31, 2026**, without a dog acquiring the necessary 100 HRCH points to enter the Grand event. It is the **OWNER'S** responsibility to ensure that his/her dog is eligible to be entered. Any dog entered in the Grand that does not have 100 points **PRIOR** to the Grand, will not receive Championship Points or Grand Pass credit, if the dog passes the Grand. Please contact the Secretary to remove the conditional entry from the Grand Hunt. Entry fee less \$200 scratch fee will be refunded to the Owner. **Plaque fees are not refundable.**

ELIGIBILITY: It is the owner's responsibility to ensure that 1) His/her dog is eligible to be entered (has earned HRCH); 2) The Owner listed is the Registered Owner on record with UKC; and 3) Both the Owner and Handler have provided HRC Membership numbers and both must be **valid as of the entry deadline date of July 31, 2026.**

**ANY OF THE ABOVE ITEMS LISTED IN ERROR SHALL PREVENT THE
AWARDING OF POINTS AT THE CONCLUSION OF THE EVENT.**

LOGISTICS: Handlers choosing to travel in the same vehicle must make their own logistical arrangements in order for each handler to be at the appropriate series when it is their turn to run.

FLIGHTS/RUNNING ORDER: Handlers MAY request being in a Flight with someone else and all reasonable attempts will be made to honor the request. Handlers sequence preference of running their dogs will NOT be accepted. **No changes will be made after the deadline date.**

SCRATCHES: Scratches no longer require a Veterinarian's Certificate (Illness, Injury or Bitch in Season). **The Scratch fee is \$200.00 after the close of entries.** This fee is not imposed on scratches with replacement dogs. Scratches prior to the close of the entries are fully refundable, less any processing fees. A dog that has been scratched can only be replaced from that handler's list of dogs. To replace the scratched dog, the handler/owner must fill out the form (on the next page) and submit to the Secretary before replacement dog can be added so that eligibility can be verified. Replacement dogs must meet the same criteria as other entries by the entry deadline date of July 31, 2026, to be eligible to enter the Grand. (See Eligibility requirements).

The 2026 UKC®/HRC International **SPRING GRAND**

May 16-20, 2026 • LaVergne, TN
Hosted by West Kentucky HRC
& Tri-State HRC

Article by Lori Greer

Test Diagrams designed by UKC Graphics Specialist, Kristina Shafer

**THANK YOU TRI-STATE HRC, WEST KENTUCKY HRC,
LOCAL GRAND HUNT COMMITTEE & HRC GRAND COMMITTEE**

The UKC/HRC International Grand, hosted by Western KY HRC & Tri-State HRC, took place May 16th-20th, 2026, in Kevil, KY. This prestigious event drew an outstanding entry of 941 dogs. Of those, 905 retrievers were called to the line on day one, each with the goal of earning a coveted Grand pass.

After completing five rigorous series, 244 dogs successfully earned a pass. Notably, 26 retrievers achieved the distinguished title of Grand Hunting Retriever Champion. Additionally, 29 dogs earned their second Grand pass, coming just shy of the required points for the GRHRCH title. With an additional 29 dogs earning one of HRC's highest achievements, the Hall of Fame.

Acknowledging the Team

The success of the 2026 UKC/HRC International Grand in Kevil, KY would not have been possible without the dedication and tireless efforts of the Grand Committee and the Western KY HRC & Tri-State HRC members. Countless hours of planning, coordination, and commitment went into hosting this exceptional event.

Special thanks to:

- Tracy Stubbs, Grand Chairman
- Dean Roy & Jimbo Earls, Grand Co-Chairman and Team
- Heather King, Local Grand Chairman
- Nathan Arant, Local Co-Grand Chairman
- Diana Peacock, Diana Lacase, Erica Wilson, and Luella Reed, Grand Secretaries
- Rita Johnson, Grand Treasurer
- Glen Noble, Site Coordinator and Team
- Lori Greer, Grand Media and Team

We extend our sincere appreciation to the Western KY HRC & Tri-State HRC members and every Grand Committee member whose contributions made this Grand truly memorable.

Behind the Scenes:

As each Grand requires, this one is no different. Countless hours of preparation went into making the International Grand a standout event. The day began bright and early, with Glen Noble and the field/site coordinators unloading trailers, organizing equipment, and prepping all Garmin electronics and Gunners Up wingers for field deployment. Simultaneously, setup at headquarters was in full swing—sponsor banners were hung, directional signage placed, and the check-in area made ready to welcome handlers and guide them smoothly to their test sites.

Grand Secretaries and Media Team members assembled Purina handler bags, generously filled with Purina Pro Plan dog food, Purina Joint Supplements, Danny O's seasoning, Duck Dog Chapstick, Grizzly Coolers and Hoss Straps, Retriever Hunt Test Ministry, and countless other items provided by our national sponsors, Grand partners, and the local community businesses. The team also curated and arranged raffle items for both onsite ticket sales and online bidding.

Out in the field, site coordinators and club members were busy cutting brush, building platforms, and constructing various elements required by judges and the Grand Hunt Committee to ensure every site was competition-ready for day one.

Work continued well into the evening, long after the last volunteer had departed the headquarters—an inspiring testament to the teamwork and passion that power this prestigious event.

National Sponsors & Event Supporters:

As the Grand continues to grow, we are deeply grateful for the unwavering support of our national sponsors, event sponsors, and dedicated partners. This year, each of our 10 sites was proudly backed by a sponsor, with additional sponsorship from MOmarsh/Higdon Outdoors for the headquarters. Finally, with each site outfitted with the event sponsor, Grizzly Coolers kept everyone hydrated. Many other generous contributions of training and hunting products featured in our raffles and onsite games. Their involvement played a vital role in the success and spirit of the event.

Site Sponsors

We extend heartfelt thanks to the following companies for sponsoring our sites and elevating the Grand experience:

- **Purina Pro Plan**
- **Garmin**
- **Avery Sporting Dog**
- **Banded Gear**
- **Huel's Oil**
- **Thor Boats / Yamaha**
- **Priefert (Upland Site Sponsor)**
- **Hoss Straps**
- **Winter Timber Outdoors**
- **Gunners Up**
- **Huntem' Up**
- **MOmarsh / Higdon Outdoors** (Headquarters Sponsor)
- **Grizzly Coolers** (Official Cooler at each site)

Event Partners

We also recognize the outstanding contributions of our event partners, whose collaboration and generosity helped bring this event to life:

- Andersen Welding
- Pat Burns Elite Retrievers
- Retriever Worx
- Chene' Gear
- Dog To The Line
- Perfect mARC
- DogStar

Don't Just Check-In, Experience the Grand!

Check in day set an exciting tone as handlers, dog owners, and spectators streamed into headquarters to begin the process. This year marked our largest and most dynamic check in event yet. Participants were welcomed by the Grand Secretaries and received their Purina Pro Plan dog food, generously provided by our longstanding national sponsor. Energy stayed high as guests spun the wheel for instant prizes and explored an impressive selection of raffle items available throughout the venue.

The atmosphere was further elevated by a strong lineup of onsite sponsor booths, including Thor Boats/Yamaha, MOmarsh/Higdon Outdoors, RPM Training Products, HuntEmUp.com, Hoss Straps, Western KY HRC & Tri-State HRC, Duck Dog Clothing, the iPOP Food Truck, 4th Street Coffee, and Titus Christian Prep School. Attendees had the chance to connect with sponsors, browse high quality gear, and enjoy a true Grand level kickoff experience.

This spring brought a full spectrum of temperatures and weather conditions, yet the spirit of collaboration never faltered. Members of Western KY HRC, Tri-State HRC, and the Grand Committee worked seamlessly alongside the dedicated staff of the Kentucky Department of Fish and Wildlife and our resilient handlers. Their combined efforts ensured that day one launched safely and smoothly, with the professionalism the Grand is known for. The teamwork on display reflected the heart, purpose, and determination that define our community.

Before the first test series began, judges gathered handlers for a clear and thorough briefing. They reviewed essential procedures and expectations, from respectful conduct to designated parking and ground cleanup. Flight marshals reinforced these guidelines at each site, while judges emphasized safety protocols, proper camo attire, gallery etiquette, and a breakdown of each test series. The shared commitment to professionalism and support across all roles helped make this Grand truly memorable.

Congratulations to all handlers, owners, and retrievers for a job exceptionally well done, especially the 26 new Grand Hunting Retriever Champions and the 29 retrievers inducted into the Hall of Fame. Your achievements stand as a testament to the dedication, skill, and heart of the HRC community.

Camouflage Clothing Briefing

As it states on page 7 of the UK/HRC rulebook, clothing worn in retrieving hunt tests by judges, hunt marshals, gunners, and handlers must be full camouflage, in colors suitable for waterfowl hunting, including: Upper body: shirt, blouse, coat, or jacket. Lower body: shorts, pants, skirt, or waders. Optional head coverings: hat, visor, netting. Sleeves

of handler jackets must be rolled down, so no white is showing. Hats may be removed to handle on the marks and/or the blind. Camo gloves are allowed to be worn.

Designated Gallery Areas

Judges ask that the gallery stay behind the yellow-ribboned areas or areas marked with a gallery sign. The gallery should remain quiet and respectful of the dogs and handlers in the field as tests are running, including in parking lot areas. Silence cell phones and keep movements to a minimum while a dog and handler are at the line.

Gun Safety Briefing

HRC Shotgun/Firearm Safety is addressed for the Grand level starting on page 52 of the UKC/HRC rulebook. Most sites will be using a Remington 870, 12-gauge shotgun for the duration of the Grand. If any handler brought their own/personal gun, they were instructed to notify the judges or the Grand committee member prior to coming to the line. The provided personal gun will need to be checked for proper operation prior to the test and will be placed at the line upon the handler's arrival.

There are 3 important parts of the gun: the muzzle, the breach, and the mechanical safety. Always make sure the muzzle is pointed in a safe direction and at only what you plan to shoot. Pointing the muzzle at anyone or your dog at a test could result in an immediate disqualification. When returning the gun to the gun stand, the judges are looking for the breach to be open and the mechanical safety on. If the gun is placed back in the rack with either the breach closed or the safety off, you will receive a gun warning. If the gun is returned with the safety off and the breach closed, the handler and the dog running will be disqualified. Please let the judges know that the gun is open and safe.

- Proper loading of the gun at the line. As the handler is loading the gun, make sure it is pointed in a safe direction. Judges directed handlers to place the gun on their leg, with the muzzle pointed upward, when always loading the poppers.

- Proper shooting form. As the test begins, demonstrate proper shooting form (as discussed, beginning at the Seasoned level as stated starting on page 40 of the UKC/HRC rulebook): Gun stock should be in contact with the shoulder, aim track, and shoot the bird at the top of the arc. Do not take off the mechanical safety until the handler is ready to fire and the birds are in the air.

If at any time during the test the dog creeps out in front of the gun barrel, shoot straight up in the air. The handler may follow the bird to the ground but must return the gun above the dog's head before swinging to the next bird. Pushing or pulling the dog with the gun will be a gun safety issue.

If the handler has a gun issue, please let the judges know, but continue the test. Make the gun safe, and one of the judges will take the gun from the handler and clear the gun as quickly as possible. The judges are the only people who may stop a test.

Blind – Challenge the Line!

The retriever will be lined up directly in front of the Banded chair to run the blind. Judges are looking for Grand-level control to this blind. Prompt and precise responses to all hand, voice, and whistle commands. Judges are looking for progress to the blind or back to the handler. The quickest route to the blind is a straight line. Judges ask that you challenge the line to the blind and handle all the way to the bird. Receive your retriever at the working line.

Honor – Working as a Team

The honor retriever is expected to be positioned so that it can see all three marks thrown and its view of the hunting test is not obstructed. The honor retriever is expected to be in a sitting or standing position next to the handler once while starting the test from the honor position. The honor retriever will be released by the judges once the working retriever has left the line. Once released, the honor retriever and handler will exit the test. The honor retriever will remain under judgment until it is placed on lead.

Diversion – Incoming

Generally, a diversion is thrown after the last mark retrieved bird or on the way back from a blind retriever; a diversion bird will be thrown. The bird will come from a Gunners Up winger to one side of the working line. If the retriever switches on a diversionary bird thrown on the return from a retrieve, the test will be failed. The purpose of the diversion portion of the test is to require the retriever to demonstrate control on the return. The Diversion bird must be shot. Remember to use proper shooting form.

Sportsmanship

At this and every HRC event, good sportsmanship is expected. If a call is made that you, as a handler, don't agree with, here in the field is not the time to discuss. A conference can be arranged at the headquarters at the end of the day. Conferences for the previous day's run are not guaranteed.

Test Objectives

Judges evaluate the retrievers for Grand-level control at the line as well as marking and memory.

- The handler and retriever should walk obediently to the line, sit obediently, and exhibit an attentive attitude without unnecessary and excessive commands.
- When the handler and retriever reach the "working chair," settle the retriever and prepare to load the appropriate number of poppers.
- The retriever's ability to proceed directly to the area of the fall, establish a hunt within the hunt area, and return the bird to hand without aid from the handler.
- If, at any point, the retriever fails to meet the objectives of marking and memory, the judges will ask the handler to handle their retriever to the bird. At this point, the marking and memory portion for that bird has ended, and the handler will then be judged on control.
- If the judges ask a handler to handle their retriever to a bird, do so immediately.
- Once a handler begins to handle on a bird, the judges expect Grand level control, and the judges expect that the handler will handle the retriever all the way to the bird.

Marking & Memory Mechanics:

- At the last holding blind, the Grand Committee member will get your retriever's call name and number. When called, proceed on lead to the corner of the tent, take your dog off lead; judgment will begin when the retriever leaves the holding blind. Proceed to the line at a reasonable pace, under Grand Level Control without stopping.

- After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

- Honor handler will blow duck call and shoot first bird out. Honor handler will be excused by judges when the working retriever has left the line.

- When the duck calling has ended, the first bird will be thrown.

1 Mark 1 will come out from (middle). Right-to-left and land at 95 yards.

2 Mark 2 will come out from (left). Left-to-right and land at 82 yards.

3 Mark 3 will come out from (right). Right-to-left and land at 98 yards.

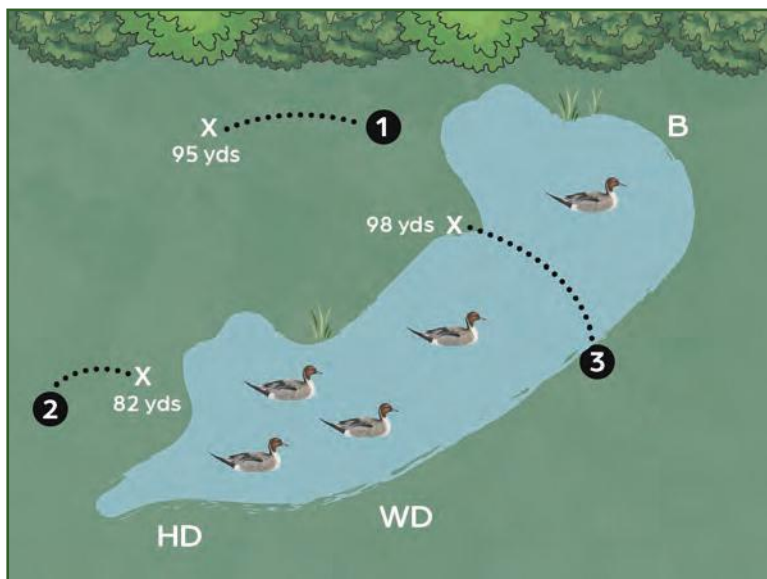

- When the third and final bird has clearly hit the water, you can release the retriever for the retrieve.

- Pick the birds up in any order and place all birds in the bucket behind the Banded chair.

- Once the retriever has retrieved all birds, line the retriever up directly in front of the Banded chair for the blind.

- Upon the completion of the blind, the handler and retriever will walk as a team to the honor Banded chair.

- When leaving the line, you are required to exit off lead at a reasonable pace to the corner of the tent under Grand Level Control and immediately put your dog on lead.

- Pick the birds up in any order and place all birds in the bucket behind the Banded chair.

- Once the retriever has retrieved all birds, line the retriever up directly in front of the Banded chair for the blind.

- Judges will not define the line to the blind, but it's a water blind. Handlers shall challenge the finish the blind.

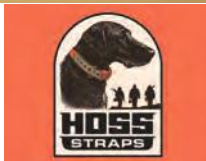

- Upon the completion of the blind, the handler and retriever will walk as a team to the honor Banded chair.

- When leaving the line, you are required to exit off lead at a reasonable pace under Grand Level Control and immediately put your dog on lead.

Marking & Memory, Mechanics:

- Handlers will stage at the second-to-last holding blind until the grand committee member calls you to the last holding blind, where he will get your retriever's call name and number. When called, proceed out of the holding blind on lead. At the designated orange ribbon on the ground, stoop and take your dog off lead; judgment will begin at that point. Proceed to the line at a reasonable pace, under Grand Level Control without stopping.

- After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

- When the duck calling has ended, the first bird will be thrown.

1 Mark 1 will come out (right). Right-to-left and land at 98 yards.

2 Mark 2 will come out from (middle). Left-to-right and land at 180 yards.

3 Mark 3 will come out from (left). Left-to-right and land at 81 yards.

- When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

- Pick the birds up in any order and place all birds in the bucket behind the Banded chair.

- On the way back from the last mark retrieved, a diversion will be thrown to the handlers' left. Shoot diversion in a safe manner and don't forget to shoulder the gun.

- Once the retriever has retrieved all birds, line the retriever up directly in front of the Banded chair for the blind.

- When leaving the line, you are required to exit off lead at a reasonable pace to the orange ribbon under Grand Level Control and immediately put your dog on lead.

- At the last holding blind, the Grand Committee member will get your retriever's call name and number. When called, come out of the holding blind on lead, proceed to the orange-painted line on the ground, take your dog off lead; judgment will begin at this point. Proceed to the line at a reasonable pace, under Grand Level Control without stopping.

- After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

- Honor handler will blow duck call and shoot first bird out. Honor handler will be excused by judges when the working retriever has left the line.

- When the duck calling has ended, the first bird will be thrown.

1 Mark 1 will come out from (right). Right-to-left and land at 111 yards.

2 Mark 2 will come out from (middle). Left-to-right and land at 110 yards.

3 Mark 3 will come out from (left). Left-to-right and land at 90 yards.

- When the third and final bird has clearly hit the water, you can release the retriever for the retrieve.

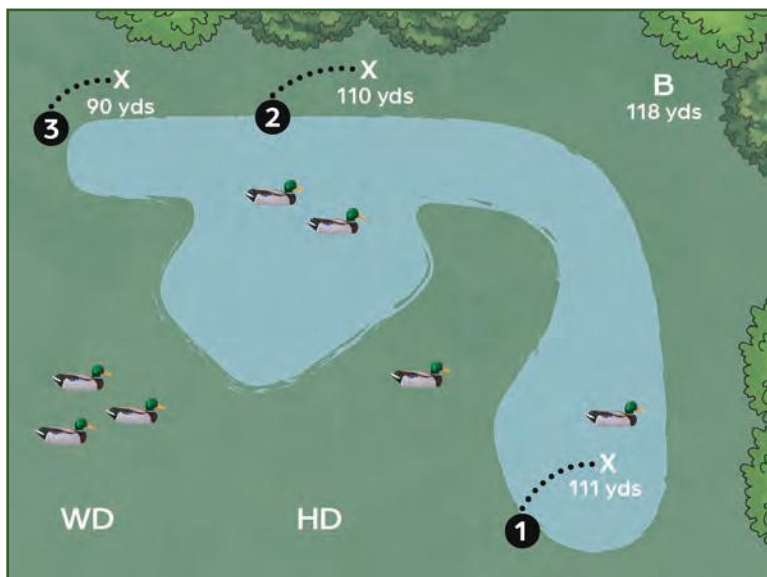

- Pick the birds up in any order and place all birds in the bucket behind the Banded chair.

- Once the retriever has retrieved all birds, line the retriever up directly in front of the Banded chair for the blind.

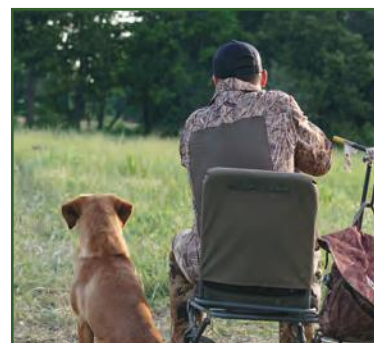

- Judges will not define the line to the blind, but the hillside to the right and trees in the water to the left are not the line to this blind. Handlers shall challenge the finish the blind.

- Upon the completion of the blind, the handler and retriever will walk as a team to the honor Banded chair.

- When leaving the line, you are required to exit off lead at a reasonable pace to the blind stake by path under Grand Level Control and immediately put your dog on lead.

PRIEFERT UPLAND TEST

Upland Series at the Grand: *Showcase of Precision and Camaraderie*

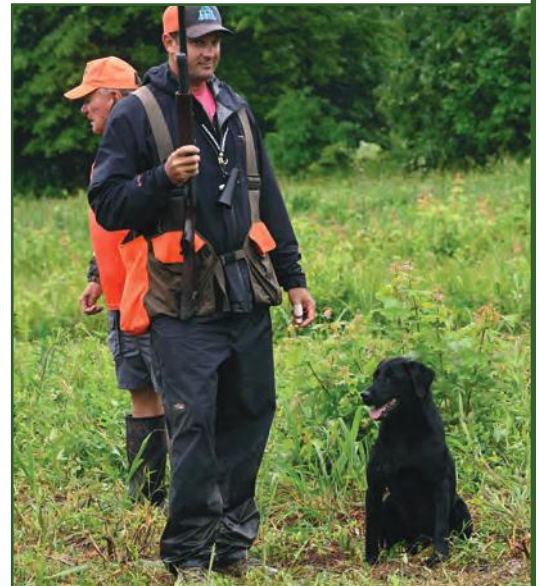

A stretch of warm, humid weather set the stage for the Grand event, with nightly rain showers rolling in just as the upland portion began. Those rains lingered into the upland phase, adding an extra layer of challenge and anticipation. During the handlers' briefing, Mike Botts guided participants through a series of test dogs and detailed explanations for each stage of the upland portion, ensuring everyone understood the expectations ahead.

The upland segment unfolded across a broad, open field, where chukars served as the chosen game bird. Two carefully prepared stations stood ready to host handlers and their retrievers, each operating under the direction of Grand Chairman Tracy Stubbs. With his authorization, each station launched smoothly and in sync, setting the tone for a

well-coordinated day of competition.

Each series commenced with a welcome and a sincere "good luck" as two handler/retriever teams entered the field together for the walk-up. After the working retriever delivered the bird, the honoring dog returned to the holding blind. The working dog then advanced to the next station, quartering through the field to flush game and demonstrate steadiness to wing and shot.

For all 244 retrievers and their devoted handlers, the experience was one of pride and unity. Judges and committee members joined in the celebration—handshakes, hugs, and heartfelt congratulations marked each successful pass, reinforcing the spirit of sportsmanship and excellence that defines the Grand.

MOMARSH/HIGDON OUTDOORS HEADQUARTERS

As the rain finally eased and the handlers and retrievers wrapped up the 5th series of the 2026 Spring Grand, everyone made their way to the MOMarsh headquarters to set up and prepare for the ribbon ceremony. The skies cleared just in time, the last drops fading away as participants gathered for final handshakes, hugs, and well-wishes—or the familiar, “See you in the Fall.”

Meanwhile, the Grand Committee, joined by members of Western Kentucky HRC and Tri-State HRC, worked efficiently to break down the grounds. Equipment was packed, gear stowed, and trailers reloaded before the group departed Kentucky WMA in Kevil, Kentucky. The sun’s late appearance cast a fitting close on another successful Grand.

WHAT IS THE HRC, ANYWAY?

BY RICH CARPENTER | 22039 COUNTY RD 9, WELDONA, CO 80653 | RICH@THERIVERBOTTOM.COM

Finished HRC hunt test water series. Handy to have the retriever comfortable with a dog stand. You never know when you and your retriever could get an invitation to try your hand at a flooded timber duck hunt.

Some of you new members might have signed up just so you could see your name in the magazine when your dog passes a test. Hopefully you are all aware that *Hunting Retriever* is available in digital format, along with two print issues a year, this being the first one of those. You might have some friends that decided they just want to run HRC tests, but do not belong to the national, or even a local club. But I suspect many of you who had some exposure to HRC before you joined up have some feel for what this gone-to-the-dogs outfit is all about.

Perhaps the nicest thing about being part of the HRC family is that, depending on your focus, HRC can be a few things, or pretty much limited to one thing. Maybe all you want it for is to read your and your dog's name in print. Or maybe you only belong so your dog can run the Grand. Hopefully it's for more reasons than that. But if you are new and don't have much of a feel for the organization, see if this helps. Perhaps some of you long-time members who haven't gotten very involved will be reminded of things that meant much to you as a new HRC member and will prompt you to keep the wheel of HRC hospitality turning. So, without further ado, here are some things HRC is.

HRC is the "Muddy Hunter" Omar Driskill (HRC Founder) spoke of as HRC got off the ground over 40 years ago. This category would include a local club member who has come back to our HRC club and gotten active for a couple of years, probably four times. When his current hunting retriever has aged out, he's back with a pup and will run HRC Hunt tests and train through the HR Seasoned title. Then he heads back to the duck blind to reappear when this pup ages out. Happy to have him. HRC—something for everyone. Whether it's single-focus members like the muddy hunter and those who are members only to run the Grand, or newbies unsure of their interests, there is room for all... Welcome!

HRC is having hunt committees and judges committed to "make every reasonable effort to accommodate the needs of the handicapped so they can enjoy and participate in all HRC/UKC license hunts and tests."

HRC is a new local HRC club member's phone ringing and finding it's someone from the club saying, "Several of us are going out to the club training grounds to train Thursday evening at six. We wondered if you'd like to join us?"

HRC is being a part of the social event that almost always follows up the Saturday test at HRC clubs' licensed events. It just doesn't get any better than a puppy run, watching those puppies run with their kid owners before the social...even if the kid is 75 years old! Then it's through the chow line for some

good eats. Then ribbons and maybe a raffle or auction. Seeing old friends. Swapping hunting and hunt test lies. Good times.

HRC is generous, with professional trainers and experienced amateur Grand handlers taking the rookie handler under their wing for pre-Grand training wherever the Grand is held.

HRC is knowing that a glass of water (SHR title), a bucket of water (HR title), or, for the HRCH title, a cooler of ice, a champagne shower, or a victory lap in the pond with your retriever is coming—all to help you celebrate that new title. There is nothing much you can do about it. Nor would you want to. You earned it! By and large, it's not optional. Well, I do remember one fellow being given the option of the HRCH title swim, but he was still a little sore from open-heart bypass surgery.

HRC is getting to interact with the fine folks at the United Kennel Club. If you are new to this and have the notion that a canine registry is a crew of anonymous folks behind about

14 layers of bureaucracy, be prepared to be pleasantly surprised. I think you'll find a very friendly, approachable, and helpful staff at the Kalamazoo headquarters. Don't be bashful about picking up the phone, shooting off an email, or using the online chat feature if you have questions about registrations, points, the magazine, other UKC programs, publications, research, pedigrees, DNA profiling, etc. HRC/UKC has been a fine and productive partnership for over 40 years.

HRC is the camaraderie you share at the motel parking lot or campground when you go out of town to run an HRC hunt test. It's staying up far too late, trading hunting lies and catching up with old friends from other clubs.

HRC is the warm feeling you get seeing smiling faces of youngsters and adults in this magazine, obviously enjoying the heck out of their HRC involvement. And it's hearing about the fun things going on across the U.S. and Canada. Read those regional reports. Some of them make you feel like you were right there, and others make you wish you were.

HRC is a hunting buddy and his wife giving your puppy a home and training it through the basics for six months when circumstances will not let you have a puppy.

HRC is going to a club training day and seeing it led by an individual who, a few short years before, was unsure which end of the dog the leash went on. To me, central to the HRC tradition is coming in new, getting help with training, and later passing that assistance on to another new group of hunters coming to train better hunting retrievers, paying it forward, as it were.

HRC is pups we'd never have had a chance to buy if it wasn't

Dream on. Trying to call those mallards down from northern Alberta with the Webfoot StrutPower Tubonater duck call assist.

For the upland hunter, the HRC Upland Hunter and Upland Hunter Champion titles can help the retriever be really solid in the field as well as the duck blind if pheasants, quail, grouse, partridge, etc. are in your part of the country.

for a wide range of HRC-bred, UKC-registered litters to choose from when it was time to look for that next retriever. It hasn't always been so. Hats off to all those who have made the effort to develop some fine HRC bloodlines and produce some great pups for us to choose from.

HRC is friends and hunting buds you would never have met if you hadn't gotten involved in a local club and run HRC licensed hunt tests.

HRC is rolling into the motel parking lot at your first Grand hunt and thinking you must be at a family reunion.

HRC is someone helping you become a better trainer and enjoying more success with your dog.

HRC is friends you have from across the country that you have never met, but somehow hooked up with through email, the internet, or a common friend.

HRC is hunting buddies you meet in the gallery at a hunting test or a club training day. Everyone I hunt with, except my son and granddaughter, I met through HRC activities.

HRC is friends from surrounding states that you have met while traveling to each other's clubs to support each other and get your dogs exposed to a variety of hunting country.

HRC is a judge strolling out into the gallery at a club's preliminary hunt during re-birding, meeting some wonderful local folks, and hoping to recruit for the new club. Hey, for this judge, twentysome years ago one of them was a nine-year-old girl with her grandpa. A couple of months later, she was successfully running her Lab in Started, went on to train a dog to its GRHRC, and is still running HRC today. And in a recent year, her four-year-old son was handling her HRCH in Started on Sunday after it titled on Saturday. Warms your heart, don't

you know?

HRC is a couple of grizzled HRC veterans at an annual club picnic approached by an older lady saying she had a bucket list item of training her own dog to its HRCH title. The response was, "We'll help." Three years later, she and her retriever took their title swim; all had become friends, met family, and continued to train, with her part of a new training group.

HRC is knowing where to find a decent motel that takes dogs, an early breakfast and a good steak in a dozen or so towns that you frequent as you travel around looking for a ribbon or two and a great time.

HRC is the relatively new Youth Handler Program, created in 2025. It is designed to support youth involvement in HRC hunt tests. It's for youngsters 18 years old and younger. Enrollment is required. See the HRC website for more information. <https://www.hrc.dog/people/youth.php>

HRC is finding an organization where women and kids are very welcome and important parts of the organization.

HRC is having adopted "all rules and regulations for the running of hunting retrievers in true-to-life hunting situations." It's no accident our motto is "Conceived by Hunters for Hunters."

HRC is the fine landowners who provide the land and water for us to train and test our retrievers on. We don't want to miss an opportunity to thank them.

HRC is about Started, Seasoned, Finished, and Upland entries being able to participate in all tests without being eliminated. It doesn't mean if your Finished dog breaks or otherwise is not under control, that it won't be required to honor on lead. Or that, in weather or other emergency situations, that call-back

of dogs still in contention may be necessary. Yup, we all hate to hear the judges say, “Rope that flunking canine.”

HRC is all the officers, appointed and elected folks, as well as national and club workers who volunteer their time. Some who must travel and put in a lot of time may get some expenses reimbursed, but you know that would never draw them to make the commitments they make to keep the organization operating smoothly. They deserve a tip of the camo cap.

HRC is the National HRC Executives flying this Colorado country boy who had seen the ocean once from a bus to Vancouver, British Columbia, Canada, to grandfather in judges for a new club. Whoa, having a nine-foot tidal swing to think about in setting tests was new to somebody raised on a dryland farm!

HRC is reading the “Final Retrieve” entries and knowing the feeling of pain and emptiness, even if you don’t know the dog or the owner. And it’s consoling and sharing tears with another member when a “Final Retrieve” is just too close to home. Sometimes it’s not close, but with HRC ties, it seems close. For me, years ago it was seeing UH HRCH Allegheny Acres Amanda Jean had passed and fondly remembering when Mandy came to Colorado from halfway across the country in Pennsylvania to run the then-new HRC Upland test, and again when she came to run Finished at our hunt test in the mountains. That’s HRC.

HRC is about hunting, pure and simple. It’s why we are here—conceived by hunters for hunters.

HRC is coming off the line at a test with your chin on the ground after the wheels come off and having a stranger’s arm clasp your shoulders and tell you, “That’s a good dog. You’ll get there.” And then when you’ve had a chance to let it all settle in and regain your composure, the stranger pulls you aside at the social and shares some tips to help you “get there.”

HRC is about not only hunting, but the only national program where real shotguns are used in the hunt tests, and dogs learn to mark off the barrel of a shotgun. The Remington

870 pump has become standard. Somebody with better math skills than me could take a stab at figuring out how many millions of primer poppers have been run through 870s since HRC licensed hunt tests went to primer-only popper to better protect dogs’ hearing.

HRC is about supporting its American members’ 2nd Amendment rights and all our members’ rights to hunt, as well as to keep and bear arms.

HRC is putting training on your calendar for evenings and weekends so it happens, and your duck dog is at the top of its game come hunting season. And if you want the HRCH or GRHRCH title, you’ll put in more time, and you’ll likely miss a few ballgames, beers with friends, and maybe kids’ events as you put in the sweat equity required—not supposed to be easy. If you want your hunting retriever to truly have bragging rights on the swamp and keep the 1% of tough waterfowl retrieves from being coyotes’ dinner, you’ll work for it.

HRC is being at the local club fundraising auction, raising your own bid, and bidding three times more than something is worth and that you will never use, since “it’s for a good cause.” Or my favorite mistake: bidding one too many times to raise the bid on something I see someone else really wants, and I can’t use.

HRC is not about competition but about judging hunt tests to a standard. Every handler can support and encourage other handlers.

HRC is agreeing to join the ranks of the judges to give something back to the organization, even though you’re scared stiff of sitting in the chair in judgment.

HRC is a couple of HRC hunting buddies helping a retriever-less hunter (about to get a Lab pup) find a duck that had drifted across the lake. A little chat about HRC benefits and watching a couple of HRCH Labs find that mallard, and that hunter and new pup were soon new active local club members and in the same training group.

*A little snow, a spring creek, sunshine
and a retriever. Add a few ducks, and
it just doesn’t get any better.*

Dove season is almost upon us. Remember to avoid confusion of multiple hunters for a young dog's first dove hunt.

HRC is pulling into the parking area at a test and seeing the gray muzzles of the retired canine war horses that can't quite keep up the pace of running hunt tests but still must be part of the festivities. Chances are there will be some little fuzz balls with puppy breath, still dreaming of their first Started ribbon and eager to enjoy all their newest best friends they haven't met yet.

HRC is about retrieving, but it's also about any dog of UKC gundog breeds being eligible to participate. In some instances, unregistered dogs of these groups may be Performance Listed by UKC.

HRC is a lot of things, and the huge majority of them are good! Most members enjoy many benefits, and many give back to the organization in myriad important ways, both big and small. From volunteering to run for national HRC office to hauling the lunches to the judges and youngsters serving as Avian Launch Technicians at a test, it's all key to our success.

HRC is the now-and-then squabbles between those for

which it is all about hunting and hunting realism, and those for which it is Grand and HOF (Hall of Fame) über alles. Yup, sort of like most families, eh? But generally, after our arguments, we'll still tip a cold one together.

HRC is sometimes the hunting thread that binds people in a way that just about blows me away. "Hope that this cold snap does the trick for you and Roux and that the ducks and geese have filled up the ponds. When this season rolls around, I sure miss Oran and Cork, but you know, I figure they're together looking for bigger and better places to hunt!" The preceding is from a Christmas card that came several holiday seasons ago. I met Oran, a retired Air Force colonel, a handful of times at hunt tests. We enjoyed visiting in the gallery and started exchanging Christmas cards. Several years later, the response to my card was a card and a brief note from his wife, which informed me of Oran's passing. Yet each year after, there was still a card, and, at different Christmas seasons, I heard of Cork's passing and she of my Amos' and Gator's passings.

Somehow the hunting retriever thread continued to connect us at Christmas even though, interestingly, we'd never met. Strong glue! Perhaps it's because so many of us are somewhat passionate about hunting, our retrievers, and those who become part of those worlds.

And perhaps very important, and why HRC keeps on going and growing, is that HRC is a grassroots organization. If there is something about a rule or policy that sticks in your craw bad enough, by getting involved, participating in elections and holding office and voting, you might well see those things changed or needed growth and change accomplished.

If you only belong to the national HRC, please think about joining a local HRC club. If there are none near you, get with some like-minded hunters and start one.

If you only belong to a local HRC club and have been borrowing someone's magazine, please join the national HRC. Not only do you get your own copy of the twice-a-year print issue of *Hunting Retriever* magazine (this being the first since the magazine went digital) so you can read about your dog's accomplishment, but you formally become part of the family and help support this great enterprise. All officers, national committee members, and appointed position holders are volunteers. But that doesn't mean there aren't a lot of expenses associated with all that is involved with operating the HRC, working for more growth, etc. Our membership dues help that along. And if hard times haven't laid a particularly hard backhand upside your head, think about springing for a few dollars to the HRC Foundation to help a little extra in financing a great organization with a great program for us hunters and our dogs.

Remember, HRC is conceived by hunters for hunters! The number of us that have better hunting retrievers because of HRC is mind-boggling. Here's to many more years and many more better hunting retrievers! 🐾

You can just hear Tule's thoughts: "I so much want to go to the duck blind, but I'm no longer able!" A three-round 870 popper salute to all the graybeard HRC warriors. Photo by Bill Quinn.

CONDITIONING YOUR RETRIEVER PUP TO GUNFIRE

By: Lynne Frady

A hhhh, the 4th of July! Hot dogs, hamburgers, tater salad, corn on the cob, and watermelon. The highlight of the whole day is the fireworks... oooooohh, ahhhhhh! To us bipedal types, this is an awesome celebration of our country's freedom, but to our quadruped friends, this can be a very scary event.

One thing we all want as hunters and HRC hunt test participants is a confident retriever. Our dogs should view gunfire as a signal that something exciting is about to happen. A duck falling from the sky, a fun retrieve with a bumper, and that fun is to ensue.

The UKC/HRC Hunting Retriever Hunt Test was created to evaluate retrievers in realistic hunting situations, including the use of shotguns and gunners. Dogs are expected to work confidently around gunfire as they progress through the hunt test levels. This training is also instrumental to hunting waterfowl and upland birds. It's hard to hunt with a retriever that is scared of the shotgun.

We need to make sure that we start our pup off on the correct paw, so to speak. Before introducing any gunfire, make sure your puppy is enthusiastic about retrieving, comfortable around new environments, excited to chase bumpers or birds, and shows confidence. A puppy that loves retrieving will be much easier to condition to gunfire because its focus remains on the retrieve instead of the sound.

I introduce my pups with a .22-caliber starter pistol (shooting blanks). I begin with the help of my husband, a training group, or a friend. They will stand about 100 yards away while I am throwing short marks for the pup. My gunner will pay close attention, trying to shoot at the top of the arc when I throw the duck/bumper. If the pup flinches at the sound, I will have the gunner move away 25 yards at a time. A few more things to watch for are the pup stopping when it hears the noise, jerks their head toward the sound and stops or runs back to me before it gets to the bumper with its tail tucked.

If any of these things happen, I am very quickly going to ramp up the fun. I may run to the duck/bumper, kick it, or pick it up again and throw it a short distance in the opposite direction. I will do a short training session, and no more shots will be fired that day.

When I go back the next day, I will start where the gunner was the day before, and the gunner will be on the opposite side of the field. Today the gunner will be 125 yards away. If the pup is enthusiastic about the game of retrieve today, we will begin with a few short throws with lots of fun, and then I will signal the gunner to shoot at the top of the arc. If pup shows signs of fear, I will take several days off with no gunfire at all and let the good times roll during our training sessions. Then I will try again with the gunner 150 yards away and so on, until pup figures out this means the sky is raining ducks to be retrieved.

I do my best to have a few ducks in the freezer when I have a new pup. We all know how to thaw ducks the night before so we can use them the next day. For my young pups, I will attach wings to a small soft bumper and use that to introduce the wonderful smell and feathers to my student. This is my "special" bumper that I use at the end of the training session as a happy bumper or for a timid pup. Sometimes the great smell of feathers will encourage even the most timid pup.

This is the bumper I will use when introducing gunfire. If they go crazy over the "duck bumper," it makes introduction to gunfire much easier.

On the other hand, if we have a very courageous pup, some positive signs include the pup charging toward the bumper without hesitation. She will ignore the noise completely, and her excitement level will increase. This is the pup I hope for all of you.

You need to make sure these sessions are kept short, leaving your pup wanting more and associating the noise of the pistol with fun. Over the course of several weeks, the gunner will move closer to the pup as it is retrieving the bumper. The end goal is for the gunner to be standing beside the pup while I am throwing bumpers.

After your pup is totally comfortable with the progression of the starter pistol, you will start shotgun training. Again, you will start at least 100 yards away with a light popper (a popper is a shotgun shell with only powder and wadding; it has no shot pellets). You must remember that a shotgun, even with a light popper, is very loud and makes a totally different sound than a .22 starter pistol, so don't rush it. Watch for all the signs as

before; if your pup shows any signs of stress or fear, STOP SHOOTING. Don't tell your gunner to walk further back and shoot again. This is when you finish your session with some fun bumpers, get that enthusiasm back, and stop for the day. You might want to give a day or two of no shooting, then, when you do try again, increase the distance away from the gunner and continuously switch positions with the gunner every day. This way, the pup figures out that there is nothing bad going to happen if they are in the place where the gunner was when they heard the noise that scared them.

If I have a pup that shows a great amount of fear and can't focus after the shot on fun bumpers, I will put them back on leash and do some obedience; this is something they know, and it's safe. After I get their attention back, I will take them off the leash and just walk around for a few minutes and let them have a little time reading pee mails. Then I will go back and see if I can get them to retrieve the "duck bumper" with one or two fun throws. If I can accomplish this, we are done for that session.

No matter what, I always stop on a positive note. A few very common mistakes are starting to close or firing directly over a pup. Shooting repeatedly for exposure with no retrieves or continuing to fire when your pup has shown signs of stress or nervousness. The worst mistake is moving too fast to be able to shoot by the pup. One bad experience can create gun shyness that will take months to overcome. I have seen dogs that were ruined because their trainer was in a hurry. I have said it a million times. You have plenty of time, so take your time and do it right the first time. There is no ribbon for having the youngest retriever to finish a title.

For hunters, this is even more important. At a hunt test, you will fire 4 to 5 shots on land and the same on water at a Finished test, which will be a triple mark, a blind, a diversion bird, or a walk-up. During a hunt, especially if you hunt with a group, you may shoot 2-3 boxes of shells per hunter in a day. That is roughly 50-75 shots per hunter. That is well above the limit of waterfowl you can possess in a day, but we all know

Amanda Doyle

there could be a few misses, lol.

The point I am trying to make is that a confident dog is a dog that can last all day with a duck pit full of hunters and never flinch at the sound of 6 shotguns shooting at the same time. This must be conditioned correctly, or you will have a lot of money tied up in a dog that freaks out over fireworks on the 4th of July.

We have a 4th of July celebration at Jim's grandparents' house every year. They built their house and moved in on the 4th of July 1960. They have long since passed, but we continue the tradition. The fireworks are shot from a dam that is just below the house; needless to say, they are really close, and you can feel the boom in your chest. After Sky was well conditioned to shotgun fire, we took her to her first fireworks celebration with all the fun, food, and sparklers. When the fireworks began,

I got out the "duck bumper," and she had the time of her life. No fear at all. Sky is now 10 ½ and was once again present at the 4th of July celebration, and she still loves it. I no longer have the "duck bumper" since she graduated to the real thing. I always make sure there is a bumper, and if she wants to play with the beautiful fireworks overhead, she can count on me to throw it.

Do your homework, don't rush it, have a great time teaching your pup, and enjoy the ride. Your pup will be forever grateful that you did all you could to make them the most confident retriever that will never be under the bed hiding on the 4th of July! Happy 250, America! My family and I would like to send a special thank-you to all the servicemen and servicewomen who have served and are serving our great country. God bless America!

Until Next Time, keep your nose in the wind! 🐾

Introducing The Hunt Test Journey: A Brand-New Addition to *Hunting Retriever*

This column is designed to share practical advice, proven training insights, and hunt test guidance to help you and your retriever succeed in the HRC program.

If you told me over twenty years ago that a \$500 puppy would define my life's work, I'd have told you there's a better chance to make a snowman in Mississippi in July. People always ask me how I got into this sport; what was the first step on this journey? I imagine my story is very similar to most. It all started with just a dog that I wanted to have as a companion to pick up my ducks. I knew nothing about pedigrees, hunt tests, or the HRC at the time. I was just a young kid in college who wanted a Labrador.

I happened to be at an outdoor expo in Jackson, Mississippi, and I saw him. There was a man just walking around with puppies in his arms, trying to sell to anyone with five hundred dollars. I had absolutely no intention of buying a dog when I stepped into this building, but God never asks us what we want; rather, he shows us what we need. Well, that was that, and I had a new best friend, Max, thrust upon me. I didn't know the first thing about training a dog, so I did what everyone else did back then: I bought the book "Water Dog" by Richard A. Wolters and started reading. Unbeknownst to me, I was starting a few steps further than I thought, as Max actually had a decent pedigree.

Not long after I started training Max, I started college, but

I wasn't able to get him in the field like I really wanted to. So I sought help from a professional trainer named Ronnie Lee so Max could become a well-rounded duck dog. I knew nothing about hunt tests or any competition at the time, much less aware of how accomplished Mr. Ronnie was at any of it. As your typical broke college kid, I couldn't afford to keep up with Max's training, so I decided to take it from there. Ronnie had Max for several months, and he was in the middle of learning casting when I picked him up. While training Max at Grenada Lake, a friend of mine, Patrick, stopped by and invited me to enter something called a hunt test in Vicksburg, MS. He explained the concept of it to me, and I told him, "I don't care anything about ribbons. I just want a dog to pick up my ducks." He told me to just give it a try and to see if I liked it. Well, I didn't have anything else going on, so I told him, "Why not?"

Max and I stood in the holding blind for his first Started Test, and I've never been so nervous in my life. Despite the jitters, Max did great! He earned two Started passes that weekend, and I had an absolute blast. I remember wandering over to the Finished Tests and seeing some amazing dog work. It didn't take me long to change from the guy who "just wants a dog to pick up my ducks" to telling Patrick that I would have a finished

dog one day, too—hook, line, and sinker. I was completely consumed. When I wasn't in class at Mississippi State, I was in a field somewhere training Max.

To give you a timeline, Max and I ran our first Started Test in February 2005. One short month later, Max obtained his Started title. A month after that, in April, he obtained his Seasoned title. By October 2005, Max achieved a Finished title and was officially a Hunting Retriever Champion. Eight months in, and we had accomplished the goal that was set out to do. Did we stop there? Of course not. I became one of those crazy dog people, and we crazy dog people spend all our time doing two things: training and chasing tests.

Max ended his career with seven HRC Grand passes and over 1500 points, putting him in the HRC Hall of Fame. My best buddy and my most favorite dog I've ever stood beside passed away at 15 years old. A piece of my heart left this world that day. Not a day goes by that I don't think of him and thank him. The things he accomplished despite my lack of knowledge at the time are simply incredible. Fortunately, his legacy lives

on every day when I stand beside dogs that are descendants of him. Four generations of Max puppies have Grand titles, with hopefully a 5th generation being included in a few short months.

In all my years given to this sport, it has given back to me tenfold. Many times, people say they "stand over" dogs as a way to describe the working relationship between us as trainers and the retrievers who work so hard for us every day. I prefer to use the term "stand beside" because I couldn't even dream to be where I am without a profound sense of teamwork with these animals. I've stood beside over 100 HRC International Grand passes, over a thousand finished passes, multiple Super Retriever Series (SRS) Champions, and three SRS Crown Champions. I'm a living example that no dream in this sport is out of reach if you're willing to learn and put the effort into it.

Whether you're in the field working your first puppy or lying on the couch with your deservedly retired 15-year-old Grand Hunting Retriever, remember to pause and reflect on both the

journey and the lessons we learn from our dogs. We are so blessed to have them as a part of our lives. Max completely changed my life. He taught me the importance of hard work, patience, and determination. Honestly, I cannot imagine where I would be today if it were not for him.

In this new column, **The Hunt Test Journey**, we'll explore every stage of the HRC hunt test program—from Started through Finished and beyond—with practical training advice, hunt test insights, and straightforward explanations of the skills, rules, and expectations at each level. Whether you're preparing for your first weekend test, working toward a HRCH title, or gearing up for the Grand, each column is designed to provide useful takeaways that build confidence, answer common questions, and help you get the most out of every day you spend training and testing with your hunting retriever. 🐾

BLUE-GREEN ALGAE AWARENESS

Everything Retriever Owners Need To Know About This Worrisome Water-Borne Threat

BY DR. JAY BREKKE, DVM

If you've spent any amount of time around retrievers, you know one thing is certain—they don't ask permission before charging into the water. Whether it's opening day of duck season, a summer training session, or simply cooling off after a long hike, most retrievers see water as an invitation to get wet. Unfortunately, not all water is safe.

Whether we're hunting or in a training session, we routinely look for hazards that can injure our dogs. We should add water conditions to that list. Every year I see preventable illnesses that could have been avoided with just a little awareness. Few concern me more than blue-green algae. This is one hazard every hunting dog owner should recognize before their dog ever leaves the truck.

WHAT IS BLUE-GREEN ALGAE?

Despite its name, blue-green algae isn't actually algae. It is a group of bacteria known as cyanobacteria. Under the right conditions, these bacteria multiply rapidly, creating what is

known as an algal bloom. Some blooms produce potent toxins capable of causing severe liver damage, neurologic disease, and even death in dogs.

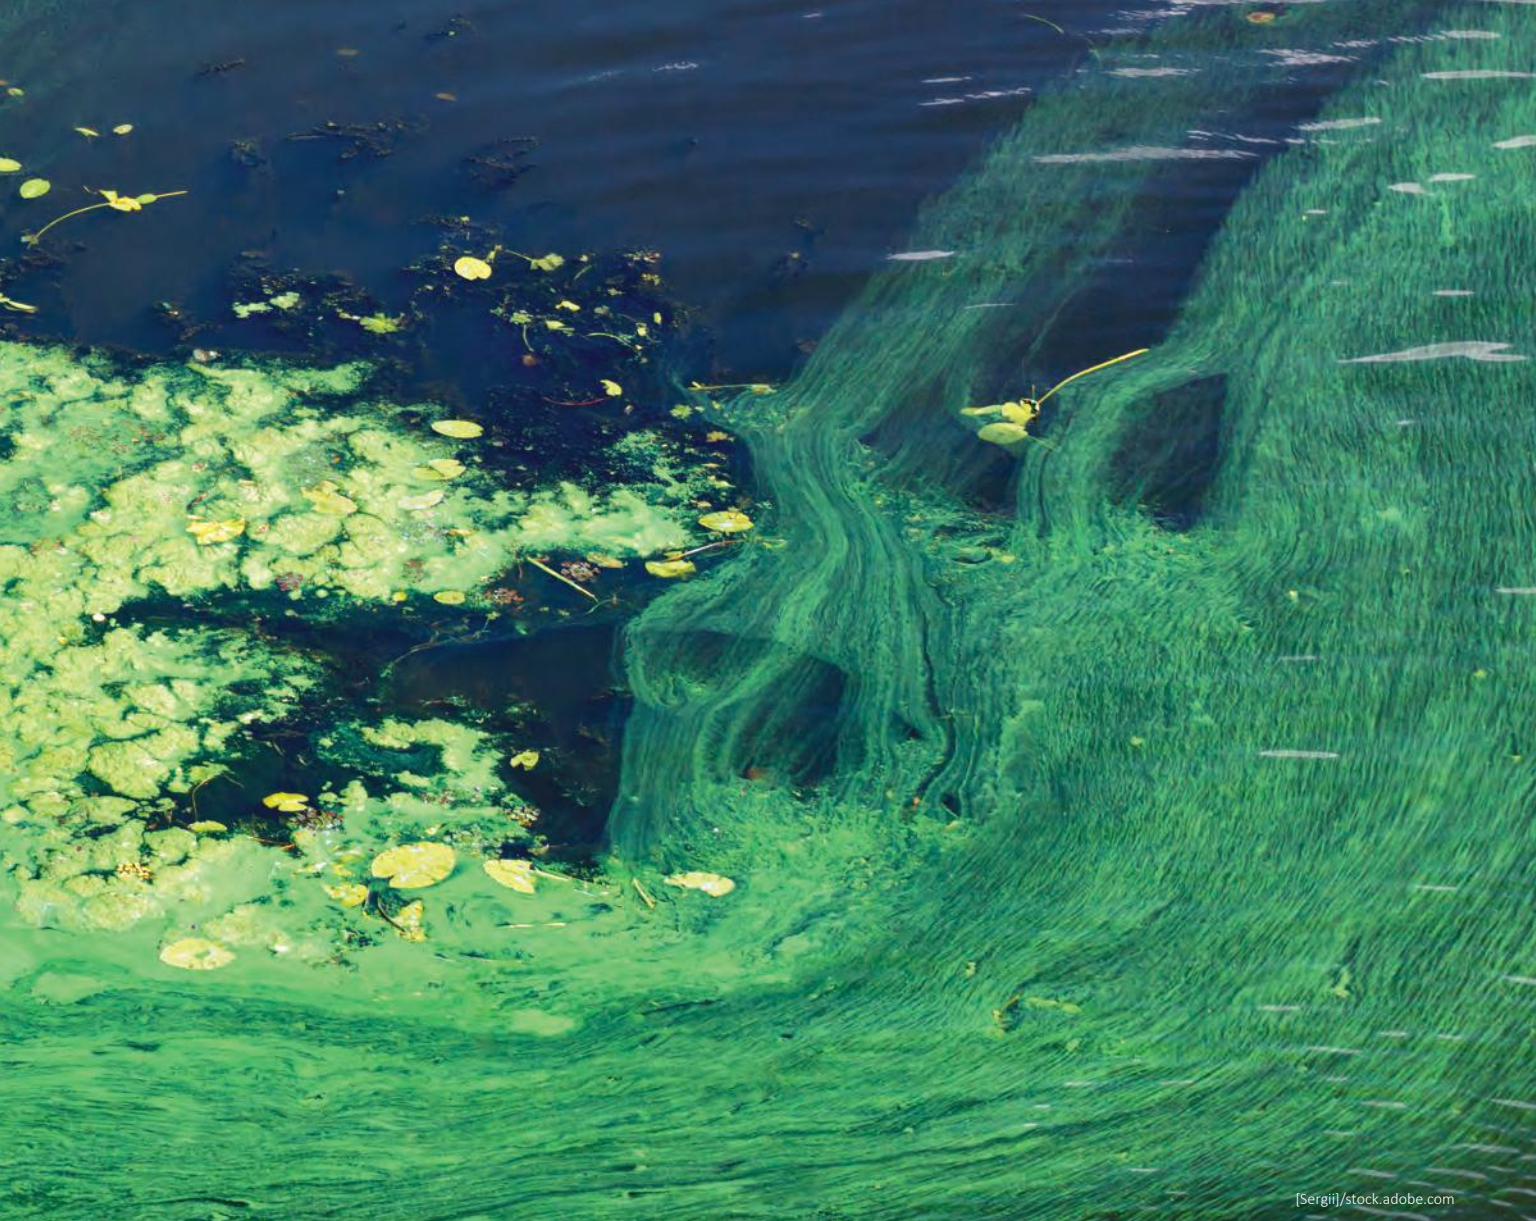

The frightening part is that you cannot determine whether a bloom is toxic simply by looking at it. One pond may contain harmless cyanobacteria while another, only a few hundred yards away, contains deadly toxin-producing strains.

WHY HUNTING DOGS ARE AT SUCH HIGH RISK

Retrievers are the perfect victims.

Unlike people, dogs don't simply wade into contaminated water. They swim through it, retrieve birds, drink it, swallow it, and then lick themselves clean, all while being exposed to potentially harmful toxins.

Many hunting retrievers train daily throughout late spring, summer, and early fall, the exact months when toxic blooms are most common, and a dog doesn't need to consume a large amount of contaminated water to become critically ill.

[Sergii]/stock.adobe.com

WHERE YOU'LL FIND IT

Blue-green algae has been documented throughout the U.S. and Canada.

It thrives in farm ponds, stock tanks, irrigation reservoirs, retention ponds, small lakes, slow moving rivers, marsh edges, and beaver ponds. Warm temperatures, sunlight, stagnant water, and nutrient runoff from fertilizers or livestock create ideal growing conditions.

Ironically, some of the best-looking training ponds can become dangerous after several hot weeks.

IT DOESN'T ALWAYS LOOK DANGEROUS

This is one of the biggest misconceptions.

People often imagine thick green slime covering an entire pond when thinking about blue-green algae. Sometimes it looks exactly like that, but often it appears as a thin layer resembling spilled green paint, pea soup, grass clippings, green streaks pushed onto a shoreline, a light green film, blue-green swirls,

or even brown or reddish discoloration as blooms begin dying.

Wind often pushes blooms into one corner of a pond, making the rest of the shoreline appear perfectly normal.

Never assume clear looking water is safe.

THE TOXINS

Blue-green algae can produce several different toxins.

Hepatotoxins primarily attack the liver. Clinical signs include vomiting, diarrhea, weakness, pale gums, bloody stool, shock, and acute liver failure.

Neurotoxins affect the nervous system and can become life-threatening within minutes. Signs include excessive drooling, muscle tremors, weakness, difficulty walking, seizures, collapse, and difficulty breathing. Without immediate treatment, respiratory failure may occur rapidly.

HOW FAST DOES IT HAPPEN?

One of the most frightening characteristics of blue-green algae

[yk_stock]/stock.adobe.com

become symptomatic within 15 to 30 minutes after leaving the water. Others develop signs over several hours.

Owners frequently describe a dog acting completely normal during training before suddenly becoming weak on the drive home.

If you've ever thought, "Maybe I'll watch him for a while," don't. Minutes matter.

WHAT SHOULD YOU DO?

If you suspect exposure, stop training immediately. Early treatment dramatically improves the chance of survival.

Remove your dog from the water and rinse their coat thoroughly with clean water to remove any algae. Call your veterinarian immediately and head to the nearest emergency clinic.

Do not induce vomiting unless specifically instructed by your veterinarian.

CAN VETERINARIANS TEST FOR IT?

Unfortunately, there is no rapid in-clinic test that definitively diagnoses blue-green algae poisoning.

Diagnosis is based on the history of exposure, clinical signs, bloodwork showing liver injury, and ruling out other diseases.

If possible, take photographs of the water source and note the exact location. This information may be helpful to your veterinarian and local public health officials.

Treatment consists of aggressive supportive care because there is currently no antidote.

CAN YOU TEST THE WATER BEFORE YOU LET YOUR DOG SWIM?

Recently, several rapid field test kits have become available for detecting certain blue-green algae toxins. One example is the 5Strands Blue-Green Algae Test Kit, which can provide results in approximately 10–15 minutes.

SCAN THE
CODE OR VISIT
5STRANDS.COM TO
ORDER A TEST KIT

These tests are an exciting development and may be a useful tool for handlers who travel to unfamiliar training grounds or hunt tests. However, it's important to understand their limitations.

No field test is perfect. Toxins may be unevenly distributed throughout a pond, concentrations can change with wind or weather, and a single water sample may not represent the entire body of water. A negative result should never override common sense or obvious warning signs.

Think of these kits as another layer of protection, not a green light.

DR. BREKKE'S RULE

If you're worried enough to test the water, ask yourself if another training pond is available. No ribbon, title, or training day is worth risking your retriever's life.

Jay Brekke

PREVENTION IS EVERYTHING

Fortunately, prevention is straightforward.

Before every training session or hunt, walk the shoreline and look for unusual water coloration or surface scum. Check downwind corners where blooms often collect. Carry fresh drinking water for your retriever and never allow your dog to drink from questionable ponds.

If in doubt, move to another training location. No retrieve is worth the risk.

EARLY HUNTING SEASONS ARE STILL A CONCERN

Many handlers think blue-green algae is only a mid-summer problem.

While blooms peak during late spring through early fall, warm autumnal weather can still support dangerous cyanobacteria. Early teal season, dove season, preseason retriever training, and hunt tests often occur during the highest-risk months.

Stay vigilant until temperatures have consistently cooled for an extended period.

FINAL THOUGHTS

One of the hardest conversations veterinarians have is explaining to an owner that something happened too quickly for us to intervene. Blue-green algae poisoning is one of those situations.

Unlike orthopedic injuries or cuts sustained during training, this is an emergency capable of taking the life of an otherwise healthy retriever within hours.

The good news is that nearly every case is preventable.

The best waterfowl hunters are students of their environment. They read the wind, scout cover, understand weather patterns, and learn where birds want to be. They should also learn to recognize unsafe water. A few minutes spent inspecting a pond may save the life of the dog that gives you everything every hunting season.

DON'T GET BEAT BY THE HEAT

Learn About Heat Related Illness To Avoid An Unplanned Visit To Your Vet

WORDS BY TOM KEER | PHOTOS COURTESY OF ROYAL CANIN

Summer is a difficult time to get a string of retrievers ready for the upcoming waterfowl hunting season. Hot and humid temperatures combined with sunny, windless days make for tough preseason training. If we want to build our gun dogs' foundations so we're ready to roll on Opening Day then we've got to run our dogs during this hottest, most humid time of the year. Avoiding **Heat Related Illness (HRI)** is key.

WHAT IS HEAT RELATED ILLNESS?

HRI occurs when the dog's core body temperature rises faster than he can cool off. Dogs can experience one of two types of Heat Related Illness: non-exertional and exertional. Non-exertional HRI is what we often read about in main-stream media; a dog is left in a car, on a hot day with minimal ventilation. Exertional HRI is exercise-induced and can come from vigorous exercise like roading or running. In both instances, the dog's body generates more heat than he can dissipate.

HOW DOGS COOL

Dr. Johnny Meyers, DVM and the owner of the Animal Wellness Center in Paducah, Kentucky, says, "The majority of a dog's internal heat is dissipated through his skin. In fact, 70% of a dog's heat is released that way. As the dog's body

temperature increases, the blood vessels in the skin dilate which increases blood flow to the skin. From there it dissipates into the air. One reason dogs have a difficult time cooling down in the summer is that the outside temperature is close to the dog's internal temperature. That similarity makes for inefficient cooling, and dogs can overheat. All handlers know that working retrievers create a lot of internal heat."

Dr. Meyers mentions a dog's core body temperature is a range, and normal is between 101- and 102.5-degrees Fahrenheit. "When a dog's core body temperature is raised to 104 degrees Fahrenheit they may present signs of HRI. Some dogs may reach that 104-degree temperature faster than others. An English pointer's thin skin and coat dissipate heat much faster and more easily than a black Labrador retriever with a thick skin and double coat. Sedentary dogs that are called to work are prone to overheating while younger dogs can overheat, too. Those younger dogs haven't quite figured out their pace and tend to run hard when they're cut loose." If you're concerned with your dog's core body temperature, then take a simple reading with a rectal thermometer.

One important point to note is that the increase in the dog's core body temperature is not the same as a fever. A fever is caused by the body's reaction to an infection or another disease. In the example of HRI, the increase in the dog's core body temperature comes through an increase in activity combined with the dog's inability to cool down.

THE THREE STAGES OF HEAT RELATED ILLNESS

If a retriever can't cool down then he's likely to suffer from one of the three stages of HRI: Heat Stress, Heat Exhaustion, and Heat Stroke. Here's a chart that illustrates how each of the phases present.

HOW TO IDENTIFY HRI SIGNS IN DOGS

1 HEAT STRESS CLINICAL SIGNS	2 HEAT EXHAUSTION CLINICAL SIGNS	3 HEAT STROKE CLINICAL SIGNS
• Less animated behavior • Visibly tired or moving at a slower pace • Changes in the dog's focus or readiness • Change in attitude (i.e.: seems apprehensive) • Excessive panting • Pasty saliva in the mouth • Increased thirst • Feels overly warm to the touch. • Tongue excessively protruding out with a flattened end • Cheeks pulled back revealing the full arcade of the teeth including the molars • Brick-red mucous membranes • Heat cramps or muscle spasms	Any of the signs from the 1st stage, plus additional potential signs: • Weakness or stumbling • Mentally aware but too tired to react • Excessive panting becomes uncontrollable • Significant thirst • Sunken, dry eyes • Dry mouth, gums, and nose • Vomit or diarrhea • Lack of skin elasticity • Muscle tremors	Any of the signs from the 1st and 2nd stages, plus additional potential signs: • Significant slowness or lack of coordination • Weakness in the hind end • Wobbly and unsteady • Unresponsive or confused • Incessant or noisy panting • Dark urine or lack of urine • Seizures • Head tremors • Shock • Collapse • Coma

HRI TREATMENT

Correctly diagnosing HRI is critically important. Consulting a veterinarian is always a good idea but if you’re out training or hunting and your dog starts to suffer, then you’ll need to take immediate action. Here are a few steps to help cool down your dog until you can reach professional help.

- **Stage 1 - Heat Stress – Actions to Take**
 - ✓ Take a break from the activity at hand. Sit in a shady area with a cool breeze and provide your dog with lots of water.
 - ✓ Apply cool water to his paw pads and underbelly, both of which help reduce core body temperature.
 - ✓ Rinse out his mouth to remove the pasty saliva from his gums and tongue.
 - ✓ Since pasty saliva can be an early sign of heat stress, check his temperature. If his temperature is slightly elevated, consider rubbing alcohol-soaked pads to the pinnae of the ears, in their armpits and in the groin area. The alcohol placed in these areas will help cool the surface blood immediately.
 - ✓ Do not start working the dog until he is fully recovered, but even then, it might be best to rest the dog until the next day.
 - ✓ Consult your vet for additional instruction.
- **Stage 2 – Heat Exhaustion – Actions to Take**
 - ✓ Get your dog to the nearest vet immediately.
 - ✓ Before heading to the vet, place a cool, wet towel on the bottom of his kennel.
 - ✓ Be sure he is in a crate large enough for him to lay on his side. It is important that the dog stretches out so there is maximum heat dissipation.

- ✓ Apply cool water to his paw pads and underbelly.
- ✓ Rub alcohol-soaked pads to the pinnae of ears, armpits, and groin area.
- ✓ If you have a fan on the cage door then turn it on.
- ✓ Absolutely do not put the dog in extremely cold water and never put ice on the dog’s skin. That extreme cold causes surface blood vessels to shrink and increases the risk of both dehydration and heatstroke.

- **Stage 3 – Heat Stroke – Actions to Take**
 - ✓ Get your dog to the nearest vet immediately.
 - ✓ Follow the before-mentioned actions from Stage 2 before you begin your drive to the nearest vet.

DRINKS ARE ON THE HOUSE

Dehydration is one of the greatest health challenges for dogs involved in performance activities. In a 2005 summary of working dogs, it was stated that while dogs can recover from the loss of most of their fat and half of their muscle, a loss of more than 10% of a dog’s body water stores can result in death. A dog’s body is comprised of about 70% water, and maintaining that level ensures health. It’s especially important when working dogs in warm or humid temperatures, particularly because dogs usually don’t say they need a drink. Proactively take regular water breaks so as to maintain proper hydration levels.

Though they can’t talk, dogs do provide clues that tell handlers they’re dehydrated. Dehydration is something we want to avoid, so when it’s hot, try shortening sessions, reducing intensity, working during the cooler parts of the day, and giving your dog plenty of water. A 44-pound dog will consume anywhere between .5 and 1.5 gallons per day. Heavier dogs drink more. The table below indicates the three stages of dehydration.

SIGNS OF DEHYDRATION IN DOGS

INITIAL SIGNS	SECONDARY SIGNS	SEVERE SIGNS
• Less animated • Visibly tired or slower pace • Excessive panting • Overly warm • Change in attitude	• Visibly slowing at work • Sunken, dry eyes • Dry mouth, gums, and nose • Lack of skin elasticity	• Weakness in the hind end • Wobbly and unsteady • Dark urine or lack of urine • Unresponsive • Seizures • Shock

CREATIVE WORK AROUNDS

Plan your work then work your plan, so here are some tips to help your retriever avoid HRI.

- 1. Fit Versus Fat.** If your dog has packed on some off-season pounds, you'll do well to shed the weight before you start training. Weigh him, compare his profile with a body condition score and get recommendations from your vet. Evaluate his food and portions and adjust so that he trims down before going to work.
- 2. Greet the Heat.** If your dog lives in an outdoor kennel, then he's used to the gradual temperature change from spring to summer. Indoor dogs used to an air-conditioned life should be taken outside on the daily. Regular walks, short runs, and swimming are good ways to acclimate them to exercise in the heat.
- 3. The 140 Rule of Thumb.** To get a sense of if it's too hot to run simply add your air temperature with your humidity percentage. If the total score is over 140 then think carefully about how hard you push your retriever. If it's too hot for large setups and intense drills then do some light handling or obedience work. Reduce to a smaller area and work your dog in a 15–20-minute interval. That way you'll maximize the training effort while minimizing impact on your dog.

- 4. Cover Your Covert.** Air circulation helps dogs cool, so work them in an area where the air is moving. Thick grasses and dense covers reduce air flow, and dogs can overheat.
- 5. Cut Water.** Working dogs near water makes it easy to get a swim and a drink. There are two points to remember. First, hot dogs can go into shock if they jump into super cold water. Cool them down before letting them splash. Second, temperatures in shallow ponds may not be that much cooler than the air temperature. That means that dogs that go for a swim don't necessarily cool down very much.
- 6. Load Up.** Cool down dogs before kenneling them up. Dry them off as well. A dog box with restricted air flow plus a wet dog can create a sauna type of situation. Make sure all vents are open and that air circulation is adequate.
- 7. Stake 'Em Out.** The best way to work a string of dogs is to stake them out in a shady area with moving air. If you're leaving dogs in a kennel, then park your rig in a shady area to keep internal kennel temperatures from rising.

Late summer and the early season should be fun. Hot and humid weather makes training and hunting difficult, so watch for signs of HRI and dehydration. Take your time and remember this; Opening Day is not far away. 🍷

WRONG BREED, RIGHT DOG

HOW A WIREHAIR AND A SHORTHAIR
CRASHED THE RETRIEVER SUPER BOWL

STORY BY CHAD CARMAN | PHOTOS COURTESY OF LANDON POPLIN

The HRC Grand is, for all intents and purposes, the Super Bowl for retrievers. Twice a year, dogs that have already earned a Hunting Retriever Champion title travel from across the country to run five grueling series over several days. Four series of retriever work, then an upland test to finish. Look down the line and you will see Labs, a few golden retrievers, maybe a Chesapeake here and there. You do not expect to see pointing breeds. You certainly do not expect one to walk away a champion.

This Spring Grand, out of 941 dogs entered, exactly one German shorthaired pointer (GSP) earned a Grand pass. His name is Blaze of Glory, and he is the first GSP to ever push past the fourth series. The man on the other end of his lead, North Carolina trainer Landon Poplin, also happens to own a German wirehaired pointer (GWP) named Harker, now a Grand Hunting Retriever Champion and, as far as anyone can tell, the first GWP to ever hold that title.

Two breeds nobody expects to be there. Walked into a sea of Labs and goldens. Beating the standard with both. The rarity is hard to overstate. Of every dog that has ever earned a Grand pass, 99.26 percent are retrievers. Pointing breeds account for 0.07 percent, according to UKC. Blaze is one of them as is Harker.

WALKING IN THE WRONG DOOR

The Grand is hard for a purpose-bred retriever. One need only look at the pass/fail rate for each event to understand it's no small feat to achieve when you're bred for the task. For a pointing dog, it borders on absurdity. To understand why what Landon pulled off matters, you have to understand how unlikely the dogs were to begin with.

He didn't grow up planning any of this. He grew up around a little of everything. Labs, hounds, even Rottweilers, mostly backyard-bred hunting dogs. He had shorthairs too, and liked them.

But seven years ago he decided he wanted one dog that could do it all. Upland, waterfowl, shed hunting, tracking a deer. So he spent the better part of a year researching wirehair and Drahthaar breeders and put a deposit on a litter in Arkansas. Then a guy he went to high school with mentioned he had a couple GWP pups left from his own litter. Landon went to look out of courtesy, already committed to the Arkansas dog, and skeptical. These particular pups had no titles, no hunt test pedigree behind them.

Then the breeder pulled out his phone and played a video of the pup's mother working the big coastal waters of North Carolina. Through the crashing waves of the chilly Atlantic Ocean, the pup chased a sea duck in circles 300+ yards from

the shoreline, diving repeatedly and never giving up, until returning victorious with bird in mouth.

"I'll be back tomorrow with your money," Landon told him.

That dog was Harker. Landon originally intended for a local trainer to do all his gundog work, but after a few months, he was encouraged to come work daily with them and eventually goaded into his first Started test. So Harker became Landon's first venture into the HRC. Landon was curious how a wirehair would stack up against the Labs, knowing his dog would likely be the only one of its kind out there.

"And he was just as good," Landon says. "From there, that was it. That's all it took."

A BUSINESS BUILT ON THE WRONG DOGS

Landon started his dog training business six years ago the way most do, working a buddy's dog, then a buddy's dog. As Harker stacked up success in the games, versatile dog owners came looking. They wanted their wirehairs and shorthairs and Griffons to play the retriever game too, and Landon was one of the few people proving it could be done.

Today he keeps around fifteen client dogs at a time, and the lineup tells the story. Wirehairs, Drahthaars, Griffons, shorthairs, English cockers, a Boykin, even a Chesapeake. Everything except his own Lab and one client's Lab is a versatile breed. It is, essentially, a kennel full of dogs that are not supposed to be good at this.

Blaze belongs to a man named George, who Landon met while George was running at a hunt test. The two got to talking, started hunting together, and eventually George simply handed the leash over for good. "You're into this way more than I am," George told him. "Just take Blaze. Go have fun." And fun they had.

Blaze turns ten this December. Harker turns seven in November. Blaze earned his now historic Grand pass this spring as a nine-year-old shorthair, on his third attempt at the Grand. Quite the endeavor when you consider there are plenty of Labs bred specifically for this who never pass a single one.

The numbers behind the names tell their own story. Harker, registered as Harker Vom Gunning Hammock, has piled up 755 UKC hunting retriever points and another 50 in the uplands. Blaze of Glory sits at 725 retriever points and 30 upland. Climb to the GRHRCH title and the air gets even thinner. Of every dog to ever earn it, 99.54 percent are retrievers and just 0.06 percent are pointing breeds. Harker is one of them, and he is not done. He is now chasing the UKC Hall of Fame, a place pointing breeds almost never reach.

***“IT’S A
DELICATE
BALANCE OF
REINFORCING
TRUST WHILE
CHALLENGING
THE DOGS.”***

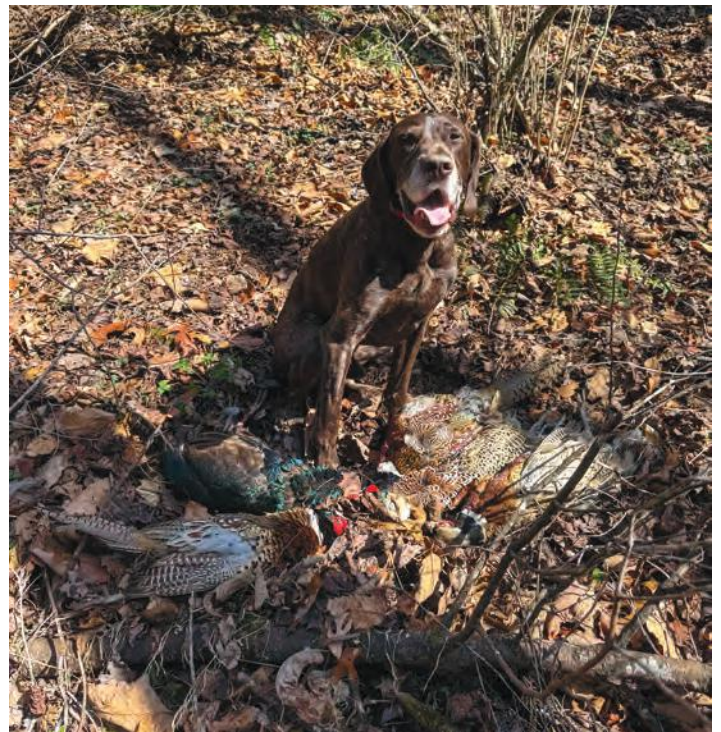

CONVINCE THEM TO BE ON YOUR TEAM

What makes these dogs so hard to run in a retriever's game? For Landon, the difference between a versatile breed and a Lab comes down to one thing.

"You've got to convince them to be on your team," he says. "If they're not willing to be a teammate, you're going nowhere in the retriever realm. Their independence is just way too high."

Nowhere does that independence show up faster than on a

blind retrieve. Experienced handlers know that the nose can ruin a good blind. Most Labs will run a line. But pointing dogs want to put their nose down and hunt, because that is exactly what they were bred to do. Getting a pointing dog's nose off the ground and trusting the handler's hand instead can only be achieved by massive amounts of attrition. Success on top of success, until the dog quits second-guessing and stops falling back on instinct. Trust and teamwork are the cornerstone of success.

His blind work is a ladder of repetition. He runs force-to-pile all the way out to 200 yards before he ever moves to the T, and the whole time the goal is to never let the dog cheat the system. For Landon, who trains a lot in cow pastures, a young dog that catches a whiff is gone. It's a delicate balance of reinforcing trust while challenging the dogs. He says it's an extremely slow process for these dogs.

THE FIFTH SERIES NOBODY WARNS YOU ABOUT

In the retriever world, the fifth series is the upland test, and most handlers treat it like a formality. There are literally shirts that say “We’re going to the fifth.” If you get there, the assumption is you have basically passed. It is a victory lap.

Unless your dog is a pointer.

“People think it’s an upland dog, it should be able to pass the upland,” Landon says. “But you take a pointing dog, and then you have to tell them it’s a flush. That’s a whole different ball game.”

The single part of the Grand that everyone else phones in is, for a pointing breed, an exercise in overriding instinct. Landon spent that part of Harker’s training casting him with an over and screaming his name to break him off point and force a flush, then fighting just as hard to get him to stop afterward. The dog wants to lock up and hold. The test demands he bust the bird and clear out.

And it all comes down to one bird.

“You need one good bird to flush as hard as it can and get the heck out of there,” he says, “and you pray the gunner doesn’t shoot it.”

A shot bird only tempts the dog to break, and the dog is sitting steady at a distance while the guns go off. If the bird diverts and a second gun fires, the dog has to turn its head without moving its feet. One step forward without stopping himself and the weekend is over. The part of the Grand that is supposed to be automatic is, for these dogs, every bit as hard as the water.

COLD MUD AND SLOW DOGS

If the upland is the mental hurdle, cold water is the physical one. It is the old knock on shorthairs, and it is not unfounded.

“There’s weekend tests down south where the mud was cold on the edge of the pond, and Blaze wouldn’t even sit down,” Landon says. “He didn’t want to put his butt in cold mud.” But he still got the job done and he couldn’t be prouder of him for that. Landon doesn’t ignore the physical limitations that come with shorter hair and always takes note of safe handling temps when working dogs like Blaze.

Cold is the one thing that worries Landon at a Grand, but his answer is not to baby it. If a dog won’t get in and it’s safe, it gets forced, because you never know what a test day will hand you. But here is the twist. Landon sees the apprehension as an asset. A slower, more deliberate dog is a dog a handler can read. When a hard-charging Lab leaves the line, the handler had better have the whistle ready, because one degree off line and it is fifty yards into the wrong county. A dog that moves more methodically buys time to see the body language shift and stop trouble before it starts. The legendary Stroker was more methodical, something Clark Kennington always said that was one of the best things about him.

THE ONLY WIREHAIR AT THE LINE

What is it like to walk up to the line in a crowd of Labs and goldens, the only GWP and the only shorthair on the grounds?

“It’s pretty unreal, honestly,” Landon says. But the part he keeps coming back to is not the dogs. It is the people. His training group, names like Bill Schafer, Jake Stinson, Tyler Brunner, and Clark Kennington, carried him as much as his own work did.

Does it feel like quiet humility, or a little chest-beating, here to prove the naysayers wrong? A mix of both, he says, but mostly humble, because the moment you puff your chest in this game it bites you.

He tells the story of a finished test, only his second ever, on water he had never trained. Harker took three water entries, reached the second peninsula, turned around and popped, looking back for help. Landon froze. The dog had never popped before. He called him in and walked up the hill licking his wounds, head down. Clark stopped him.

“He said, why didn’t you just handle?” Landon recalls. And he replied, “Man, I’m just kind of winging it, taking things from everybody and piecing it together.”

Clark does not even remember the conversation. Landon remembers all of it. That’s the beauty of the HRC community. Everyone competes, but everyone celebrates each other.

THE NEXT PHASE

What is next is a Lab, sort of. Landon is going to work with Clark, learning the very retriever game he crashed as an outsider. Young dog work, transition work, building dogs to the master and finished level, and helping mold the next generations of dogs who can handle it onto Clark’s truck for the advanced games. He is going to learn the establishment from the inside.

But the lesson he is carrying in is not something Clark will have to teach him. Asked what he would tell anyone thinking about running a versatile breed in these games, he does not hesitate. “Don’t give up, and have all the patience in the world. Because if you get frustrated, it bleeds right into them [the dogs].”

That is the whole thing. Not the pedigree, not the breed, not the right name on the papers. A nine-year-old shorthair who hates cold mud and a wirehair who would rather point than flush did something Labs are bred to do, because the man on the other end of the leash refused to quit. Harker still has a Hall of Fame to chase, and if he gets there he will drag his whole breed across the line with him. For every handler who has ever been told their breed cannot play this game, Blaze and Harker are proof the dogs were never the problem. As the old adage says, “there are no bad dogs, only bad handlers.” 🐾

WATCHING A GOOD DOG — AGE —

STORY & PHOTOS BY TYLER MIEDEN

It's another hot summer evening in Wisconsin. The sun is still beating down on us as my red Lab, Mack, swims the channel back to me after a long water mark. I swat a mosquito on my arm and watch the swallows skim the water on his long swim back. As I glance at Mack, I see the pace he's swimming, much slower than it was a couple years ago, and notice the gray that has slowly filled in on his muzzle.

These two changes did not show up one specific day. Instead, it happened slowly over the course of the last few years. First, it was a step slower one summer. Then a little more gray the next. Then another step gone before I was ready to admit he was getting older. Mack does not know he is slower. He does not know his muzzle has turned gray. On this evening, he only knows that I sent him, and his job is to come back with the mark. Mack can still do the work required, and I will stand on the bank waiting for him to return for as long as he's able, but I have watched the clock start to catch up on him, and it hurts.

Mack was my first dog as an adult, and the dog that opened the door into retriever training, hunt tests, and the HRC community. It's hard to believe that it was nine and a half years ago when my wife and I drove up to Minnesota to bring him home. At the time, I didn't know what HRC was, let alone what a finished retriever looked like. With Mack sitting at heel over the next few years, I dove into the world of training, hunt tests, and the HRC community. We drove to places I wouldn't normally have visited. I met so many amazing people and great trainers—both amateur and professional alike. I saw incredible dog work, including Mack's tremendous effort that earned him his HRCH title. At the time, I felt I had validated the ability I saw

in him all along. When I look at Mack now, I don't think about his HRCH title. It is something I am proud of, but instead, the emotions from our shared experiences come flooding back to me—the nerves and excitement heading to the line, the early morning drills as the sun was just above the horizon, and plenty of setups with good friends.

I can still remember the first test Mack and I ran. As I headed to the line at the Muddy Waters Retriever Club on a hot August day in 2017, my nine-month-old dog dragging me along, I'm fairly certain the judges and workers could see me shaking as I sat on the bucket for the first time. I'm not sure there was a time in my life I was more nervous than before that first mark was launched. Both marks were 40-45 yards in medium cover, and I remember nothing after sending him. It was and still is a blur until Mack was sitting at heel by my side with a mallard in his mouth. This particular test stands out more than any of the other tests I've ran.

My first hunt test experience was a combination of excitement and terror that left me wanting more. After we ran the water series, I distinctly remember walking down to watch the finished dogs thinking, "I have a dog capable of doing that work." Did I know how I was going to get to that point? Not at the time, but the challenge was on in my mind. Driving home that night with our first pass in the books, I was ready to dive deeper into the world of HRC.

I woke up the next day, and I was hooked. From then on, it was a series of planning the next training session and test prep while trying to stay focused at my day job. No matter what I was doing, my thoughts continuously drifted to what the

next steps were in the journey to build Mack into a Hunting Retriever Champion. At the time, I thought the goal was the next pass, the next level, the next ribbon, and eventually the title. As I reflect back on the journey now, the thing I miss most is not the ribbon. It is the version of us that was still figuring it all out together.

Looking back now, I miss the early morning training sessions and watching a new concept “click” for both Mack and me. Every step was hard-earned and everything we did was a first for both of us. A mentor once told me, “there’s only one first time.” With Mack, everything was a first, and I miss those firsts, along with the excitement of not knowing “what is over the next hill” on our journey.

Fast forward to today and after I put my three-year-old Lab through a handling tune-up drill with plenty of repetitions, I pull Mack out of the truck. He’s bouncy and enthusiastic with his tail swinging side-to-side anticipating the work to be done. His eagerness to work and his confidence in himself hasn’t changed; yet, I know I’ll give him less than half the reps of my younger dog. While he doesn’t need the repetitions to stay sharp, I’m careful with the amount of work he does. He’s slower to recover, and there’s a noticeable stiffness after a hard training day. In Mack’s mind, he’s still that three-year-old that wants every mark, every repetition, and loves to play the game. Despite his eagerness, I know I have to hold him back for his own benefit. Holding him back is the painful part though. There is a guilt that comes with telling a dog “not today” when every part of him is asking for more. He will never understand saving himself. That has to be my job. It’s the reminder that the end of our training days are closer than the beginning, that there will be a day I won’t pull him off the truck when I train, and a reminder that time always wins.

For a dog that turns ten in November, Mack still looks

good. When I tell people how old he is, most are surprised. He’s doing very well and we can still run weekend tests. I do know that won’t be the case for long. There’s a strange sense in seeing the dog that changed my life age over the course of time. He was my first dog I ran a hunt test with, the first dog I took on out-of-state hunting trips, and he was there when I brought my children home from the hospital. As I watch them grow, I see him fill in with gray. There’s a strange contrast to watching them speed up and him slow down.

Yet, I’m so grateful for the road we’ve traveled together. It has been such a fun ride. Looking back, I wish I would have slowed down, but isn’t that what we do? It is hard to realize we are living in the good ol’ days until they are gone. I still fall into this trap when I look at my younger dog. I see her potential. When I look at Mack, I see his accomplishments, the places we’ve been, and the people I’ve met along the way. He’s helped me build friendships I never would have had, helped develop discipline and patience in me, and has shown me what a dog can really mean to a family.

As I sit on my deck wrapping up this story, I see Mack just over the edge of my computer laying comfortably with his head up and his eyes wide keeping a watchful eye on every person that walks by our house. He picked up a few bumpers today and is content with the day’s work. He doesn’t know I’m counting these moments differently now. He just knows he worked today, he was with me, and that was enough. As I gaze down, I’m content with the miles we’ve traveled and the shared experiences we’ve had. He was the right dog for me at the right time, and there will only be one Mack for me.

REGISTER THE DOG. PRESERVE THE BREED.

GOOD DOGS DESERVE MORE THAN JUST A NAME.

Your hunting dog carries centuries of instinct, breeding, and purpose in its blood. Registration isn't just paperwork—it's preservation.

When you register your dog with the United Kennel Club®, you preserve bloodlines, protect breed standards, and ensure the dogs that come after yours are just as capable as the one beside you today.

A dog without a record is an unfinished story.
