Growing Success
Since 1879

2027

HarrisSeeds.com
(800) 544-7938

welcome!

Every seed you sow represents possibility—a new season, a new crop, a new opportunity to create something beautiful. We know that behind every tray, greenhouse, and field is a grower investing time, skill, and passion into their work, and we're honored to be part of that journey.

At Harris Seeds, we believe our role is about more than supplying seed. It's about being a trusted partner you can count on. Whether you're planning your next season, trialing new varieties, or looking for proven performers, we're here to support you with quality products, expert guidance, and a team that genuinely cares about your success.

Thank you for allowing us to grow alongside you. We are inspired every day by the growers who bring color, beauty, and life to communities across the country, and we're proud to help make that possible.

Here's to a successful season ahead.

Helping you
grow with confidence
since 1879.

Trixi® In a Flash!

THE HIGH-EFFICIENCY BENCH

Let's talk about your margins. With input costs rising and greenhouse labor harder to find than ever, the best way to grow your profitability is to maximize bench turns and eliminate unnecessary steps. We've gathered the workhorses of the greenhouse—varieties selected specifically to save you time, labor, and production inputs so you can clear your benches faster and move on to the next crop.

THE 10 FASTEST FINISH CROPS

Need to squeeze an extra turn out of your benches? These fast-finishing varieties deliver rapid root establishment, uniform flowering windows, and minimal sensitivity to day length—helping reduce the time from transplant to finish and maximize production efficiency.

- **Alyssum: Finishes in just 4–5 weeks.** Perfect for early-season color block sales.
- **Celosia: 6–7 weeks.** Vibrant central plumes develop quickly without requiring excessive heat.
- **Impatiens: 5–6 weeks.** The gold standard for rapid cell-pack fill and high-density production.
- **Lobelia: 5–6 weeks.** Various shades of floriferous blue flowers cover upright and trailing habits.
- **Marigold, French: 5–6 weeks.** Tight flowering windows ensure your entire crop ships in the same week.
- **Nicotiana: 3–4 weeks (green fill).** Rapid green fill followed by an abundance of trumpet-shaped blooms that attract pollinators and create instant garden appeal.
- **Petunia, Mounding: 5–6 weeks.** Bred to bloom early under shorter spring days without stretching.
- **Phlox: 5 weeks.** Delivers exceptional flower power on full, uniform, vigorous plants that finish beautifully.
- **Salvia: 5–6 weeks.** Quick to spike with intense color on a naturally well-managed plant.
- **Zinnia: 5–6 weeks.** Fast root-in and rapid bud initiation keep bench time to a minimum.

SAVE ON LABOR: NO PGRs REQUIRED

Skip the spray tank. These genetics are naturally compact, well-branched, and perfectly behaved on the bench, saving you chemical costs and labor.

- **Ageratum (Aloha Series):** Stays short, neat, and bud-heavy, completely avoiding the stretching common to older bedding genetics.
- **Gomphrena (Ping Pong Series):** Delivers an explosion of tough, low-maintenance color on sturdy stems that never require pinching or growth regulators.
- **Sakata's Gypsophila (Gypsy):** Forms a beautiful, airy mound of finely textured blooms that stays naturally compact on the bench without additional growth regulation.
- **Hem Genetics Petunias (Limbo GP Series):** Delivers a true genetic dwarf habit with non-stretching, weather-tolerant performance that eliminates the need for PGRs.
- **Vinca (Cora XDR Cascade Series):** Stays low and spreads beautifully without the need for growth regulators, plus it features industry-leading Phytophthora resistance.

BEST LANDSCAPE PERFORMANCE

Your commercial landscapers, parks departments, and retail customers all want the same thing: plants that look spectacular on day one and stay that way until frost.

When your customers succeed, your business grows. The varieties on this page are chosen for their sheer durability—they handle the heat, fight off disease, choke out weeds, and deliver the curb appeal that keeps your landscape clients coming back to you every single year.

HEAVY-DUTY PERFORMERS FOR COMMERCIAL SPACES

- **Petunia (Wave® / Tidal Wave® Series)**

The Undisputed Groundcover Champion. A single plant can spread up to four feet wide, blanketing massive commercial beds in vibrant, weatherproof color while naturally choking out weeds.

- **Begonia (Whopper® Series)**

Massive Scale, Minimal Maintenance. With giant, glossy leaves and huge flower clusters, Whoppers thrive through extreme heat, humidity, and drought. They fill out large spaces with half the number of plants.

- **Salvia Big Blue**

Vigorous Color, Zero Upkeep. The first interspecific salvia from seed delivers massive, upright structure and a continuous canopy of deep blue flower spikes. It thrives through scorching heat and drought without requiring a single round of deadheading.

- **Canna (Cannova® Series)**

High-Impact Vertical Drama. Perfect for municipal plantings and centerpieces. Offers a robust, wind-resistant habit and continuous repeat-blooming power from seed.

a Note from the Harris Seeds Team:

"Whether you're looking to trim days off your production schedule or secure next year's contract with your biggest landscape client, we've trialed these varieties to ensure they perform exactly as promised. Flip the page to dive into our full 2027 bedding plant lineup, or give our grower specialists a call—we're always here to help you plan your season."

— Your Friends at Harris Seeds

ALOHA SERIES

Aloha Blue

Aloha White

Blue Horizon

HIGH TIDE SERIES

High Tide Blue

High Tide White

Purple Prince

AGERATUM

Annual. *Ageratum houstonianum*; Germination: Cover seed lightly; 72-82°F; 3-5 days; Finish: 10-15 weeks

ALOHA SERIES F1

The Aloha series create masses of fluffy flowers that cover compact well-branched plants and have proven garden and landscape performance. Sell in standard and premium packs and in 4" pots. Height: 6-8", 6-8" spread.

20962 Blue: mid-blue ●

22666 White: creamy white

Raw Seed: 500 sds \$17.64; 1M sds \$32.50

Blue Horizon F1

A more vigorous ageratum, Blue Horizon can be sold at retail for gardeners who want a tall cut flower type or for vibrant border displays. Periwinkle blue. Sell in 6"+ pots. Height: 30", 15-18" spread.

02000 Raw Seed: 50 sds \$8.33; 500 sds \$16.26; 1M sds \$22.97; 5M sds \$104.45

HIGH TIDE™ SERIES F1

This landscape ageratum offers dense, mounded hedges of self cleaning flowers that are taller and more vigorous. Sell in premium packs and in 4" pots. Height: 12-18", 14-16" spread.

20247 Blue

20248 White

Pelleted Seed: 100 sds \$28.24; 500 sds \$113.52

ALTERNANTHERA

Annual. *Alternanthera brasiliana*; Germination: Cover seed lightly; 72-76°F; 3-5 days; Finish: 11-13 weeks

Purple Prince

The first compact alternanthera from seed! Ruby to burgundy foliage provides a great accent to other flowering annuals. Sell in premium packs, 4"+ pots and mixed containers. Height: 10-16", 18-20" spread.

23289 Raw seed: 25 sds \$9.73; 100 sds \$30.48; 500 sds \$136.20

Angie's Advice: Alyssum

For a steady supply of fresh-looking Alyssum, plan succession sowings every 4-6 weeks. Its quick production time and limited holding window make it an excellent crop for this technique. This simple step keeps your benches looking healthy, full and consistently ready for sales!

CLEAR CRYSTAL SERIES

Clear Crystal Purple Shades

Clear Crystal White

Clear Crystal Mix

WONDERLAND SERIES

Wonderland Deep Purple

Wonderland White

Wonderland Mix

New Carpet of Snow

ALYSSUM

Annual. *Lobularia maritima*; Germination: Cover seed lightly; 68-72°F; 2-7 days; Finish: 8-12 weeks

CLEAR CRYSTAL® SERIES

With the typical sweet alyssum fragrance, Clear Crystal's larger showier flowers draw in consumers at retail. Growers love the increased vigor compared to standard diploid varieties that keeps production losses to a minimum. Height: 6-10", 12-14" spread.

20964 Purple Shades

20965 White ●

20963 Mix: Lavender Shades, Purple Shades, and White
Multi-Pelleted seed: 250 sds \$12.53; 1M sds \$44.88

New Carpet Of Snow

A longtime favorite, New Carpet of Snow has a looser habit and flowers later than other alyssum varieties, but its trademark outdoor performance keeps growers and home gardeners coming back every year. Height: 4-6", 5-8" spread.

02048 Raw seed: 1M sds \$12.46; 5M sds \$52.45; 10M sds \$90.70

WONDERLAND® SERIES F1

This series produces compact plants with a vigorous spread. All are well-matched for plant habit and bloom timing. Sell in standard and premium packs. Height: 4", 12-18" spread.

20249 Deep Purple

02005 White

02003 Mix: pink, purple, and white seeds

Raw seed: 1M sds \$6.88; 5M sds \$31.33; 20M sds \$106.16

(limited supply) Multi-Pelleted seed: 250 sds \$13.89; 1M sds \$50.24

SERENA SERIES

Serena Blue

Serena Rose

Serena White

Serena Mix

SERENITA SERIES

Serenita Cherry Red

Serenita Pink

Serenita Purple

Serenita Raspberry

Serenita Sky Blue

Serenita White

Serenita Mix

ANGELONIA 🌞

Annual. *Angelonia angustifolia*; Germination: Do not cover seed; 72-76°F; 4-5 days; Finish: 14-18 weeks

SERENA® SERIES F1 🌸🌿

A multi-award winning series, Serena varieties are covered with short spritely spikes that cover the entire plant all summer long! Grows about 50% larger in Florida-like conditions. Sell in premium packs, pots, and mixed containers. Height: 16-20", 12-14" spread.

22192 Blue: true blue

23710 Rose: deep rose with dark eye

20254 White: pure white

20255 Mix: Blue, Purple, Rose, and White 🟡

Pelleted seed: 50 sds \$24.07; 100 sds \$34.68; 500 sds \$157.60

SERENITA® SERIES F1 🟡

The Serenita series are the perfect solution to situations where shorter and more manageable plants are needed. They are standouts as durable landscape performers, featuring the same great results as their vegetative counterparts. Angelonia are heat lovers and bloom continuously. Serenita are compact, doing well in high density production with little to no PGR's needed. Height: 12-14", 12-14" spread.

24324 Cherry Red: bright rosy red 🟢

24320 Pink: A nice, true pink 🌸

22427 Purple: bold purple

22428 Raspberry: dark rose-pink

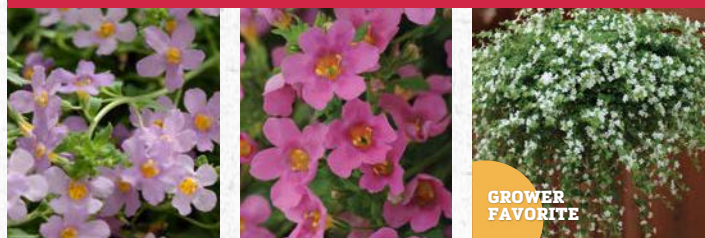

24321 Sky Blue: A unique color falling between Serenita Lavender and Serenita Purple

22429 White: clean white

22426 Mix: Lavender Pink, Purple, Raspberry, and White

Pelleted Seed: 50 sds \$23.46; 100 sds \$33.78; 500 sds \$153.10

TOPIA COLLECTION

Blutopia

Pinktopia

Snowtopia

Kirigami Mix

Galactic Mist White

AQUILEGIA (COLUMBINE) 🌸

Perennial. *Aquilegia x hybrida*; Germination: Do not cover seed; 70-72°F; 8-10 days; Finish: 20-24 weeks. Blooms late spring – early summer

Kirigami™ Mix F1 🌿

Kirigami is an improvement of the popular Origami series with more consistent flower timing during production. The slightly larger habit makes this series ideal for cut flower gardens and garden beds. Zones 5-9. Height: 14-24", 12-20" spread.

23518 Raw seed: 100 sds \$25.95; 500 sds \$114.55

ASPARAGUS 🌞

Annual. *Asparagus densiflorus 'Sprengeri'*; Germination: Cover seed; 72- 82°F; 14-30 days; Finish: 20-25 weeks

Fuzzyfern Frizz 🌿

This asparagus fern saves growers money, space and grief by providing a more reliable supply of seed with higher germination. Plus, it brings a fun texture to mixed containers, hanging baskets and indoor planters. Sell in standard and premium packs, and 4" and larger pots. Height: 24-36", 24-36" spread.

24129 Raw seed: 250 sds \$13.44; 1M sds \$43.14

Fuzzyfern Frizz

BACOPA 🌸

Annual. *Sutera cordata*; Germination: Do not cover seed; 68-74°F; 4-5 days; Finish: 10-15 weeks

TOPIA COLLECTION F1 🌸

The varieties in this series are excellent for 4"+ pots, hanging baskets, and single or mixed containers. Height: 4-6", 18-24" spread.

20684 Blutopia®: more mounded than Snowtopia

23712 Pinktopia®: bright pink. Foliage is a brighter green

20685 Snowtopia®: more prostrate than Blutopia 🟡

Multi-Pelleted seed: 10 sds \$7.43; 50 sds \$18.76; 100 sds \$31.98; 500 sds \$133.10

Galactic Mist White F1 🟡🌿

With blooms nearly 3× the size of Snowtopia, Galactic Mist brings vegetative-level impact to your seed program. Improved plant habit offers a dense, controlled mounding form for a uniform crop. Flowers approximately one week later than Snowtopia. Breeder recommends not to pinch. Height: 6-8", 10-12" spread.

24325 Pelleted seed: 10 sds \$5.05; 50 sds \$10.95; 100 sds \$19.60; 500 sds \$81.30

Angie's Advice FOR BEGONIAS

For customers seeking a low-maintenance annual for bold mass plantings, begonias are an excellent choice. We offer a wide range of begonia series—sure to suit nearly every need. In sunnier settings, recommend the bronze-leaf types, which are less prone to leaf scorch than their green counterparts.

CANE-STYLE BEGONIA GROWTH HABIT & SCALE GUIDE

Stonehedge

UPRIGHT FORM

Massive architectural presence with a clean, rounded shrub-like structure. Highest canopy profile.

Whopper®

UPRIGHT FORM

Giant leaves and colossal flowers on thick, highly structural, stocky frames.

BIG®

UPRIGHT FORM

Industry standard scale. Clean, well-branched plants prominently hold giant blooms above the canopy.

Dragon Wing®

UPRIGHT FORM

Classic angel-wing look. Beautifully mounded structure with gracefully arching pendulous stems.

Viking® Explorer

SPREADING FORM

Strong trailing vigor. Cascades out and downward, maximizing side and top blooming area.

Hula™

SPREADING FORM

Unique low-profile prostrate habit. Creeps wide and flat to create a dense blanket of flowers.

Illumination Mix

Boss Nova Night Fever Rosso

NONSTOP SERIES

Nonstop Mocca Mix

Nonstop Mix

BEGONIA

Annual. *Begonia* spp.; Germination: Do not cover seed; 70-78°F; 7-14 days; Finish: 12-21 weeks

Illumination® Mix F1

Create amazing hanging baskets covered with an abundance of 3½" double flowers that spill over in a spectacular display of color. Formula mix of Apricot, Peach, Rose Pink, Scarlet, White, and Yellow. Sell in 6"+ pots, hanging baskets and single or mixed containers. Height: 8-10", 30-32" spread. 08874 Pelleted seed: 100 sds \$17.85; 500 sds \$77.85

Boss Nova™ Night Fever Rosso

This standout begonia pairs dark, lush foliage with rich scarlet-red blooms for bold eye-catching contrast. Its cascading habit delivers stunning performance in hanging baskets and containers alike. Height: 12-16", 16-20" spread. 64762 Pelleted seed: 100 sds \$43.56; 500 sds \$179.40

NONSTOP® SERIES F1

The historic Nonstop tuberous begonia series still wins favor with growers and consumers alike, even after more than four decades! Early flowering varieties with lush fully double blooms on basal branching plants create a vivid array of colors that last all summer long. Sell in 6"+ pots, hanging baskets and single or mixed containers. Height: 8-10", 8-10" spread.

20468 Mocca Mix: rich coffee colored leaves contrast nicely with flowers in shades of orange, pink, scarlet, white, and yellow

09023 Nonstop Mix: green-leaved varieties with flowers in shades orange, pink, red, scarlet, white and yellow

Pelleted seed: 100 sds \$11.72; 500 sds \$51.95; 1M sds \$97.00

Limitless™ Mix

A vibrant blend of striking novelty and classic colors. Fully double, extra-large blooms rise above rich green foliage for exceptional visibility and impact. This series flowers approximately one week earlier than comparable varieties. Height: 8-10", 8-10" spread. 66069 Pelleted seed: 100 sds \$12.51; 500 sds \$51.50

MARQUEE™ SERIES F1

Begonia x tuberosa

These begonias stopped us in our tracks at trials—and we're confident they'll do the same for your customers. Formerly known as the AmeriHybrid® series, this impressive collection features massive blooms ranging from 5-9" (yes, really!). Marquee Ruffled offers the largest flowers in the world, each with a consistently full, double form. Height: 14-20", 10-12" spread.

24326 Marquee Picotee Lace Pink – Bicolor, white edges on wavy pink petals

24327 Marquee Ruffle Red – Fully ruffled, deep red

24328 Marquee Ruffle Yellow – Fully ruffled bright yellow

24333 Marquee Ruffle White – Fully ruffled, pure white (5% off color, soft pink)

Pelleted seed: 100 sds \$16.52; 500 sds \$68.00

FUNKY® SERIES

Begonia interspecific

An absolute breakthrough in breeding, this series combines an easy-to-grow mounding habit with show-stopping, shredded-looking double flowers. Striking, multi-petaled blooms cascade elegantly from baskets, providing high visual density that fills containers faster than traditional boliviensis types.

Outstanding high-heat performance and excellent seed quality make it a reliable, high-yield choice for commercial growers. Annual. Height: 8-12", 12-18" spread.

23169 Pink: Soft, neon-rose double blooms.

23590 Orange: Vibrant, fiery tangerine.

23799 Mix: A high-impact blend of the complete color range.

Pelleted seed: 100 sds \$45.68; 500 sds \$203.10

GROOVY® SERIES

Begonia boliviensis

Groovy brings a whole new look to the boliviensis class with its uniquely compact, semi-trailing habit and uniform growth structure. Packed with narrow, bell-shaped blooms that point outward and upward rather than straight down, it creates a wildly colorful dome effect before trailing over the edges. Requires significantly less growth regulators (PGRs) in production, making it a dream for high-density greenhouse space. Thrives in full sun to partial shade. Annual. Height: 10-14", 12-16" spread.

24255 Salmon Bicolor: Striking salmon-pink blooms accented with soft cream-yellow interiors.

23803 Mix: A balanced, festive mix of all fiery solid shades and bicolors. Pelleted seed: 100 sds \$50.55; 500 sds \$223.10

FIBROUS-ROOTED BEDDING & BASKET WAX BEGONIA

DRAGON WING® SERIES F1

Market-leading Dragon Wing begonias feature large glossy green wing-shaped leaves that are perfect foils for the exceptionally large pendulous blooms. Although they're displayed best in baskets and containers, this durable heat tolerant series performs nicely in gardens and landscapes, which is why they are often used for corporate landscaping. Sell in 6"+ pots, hanging baskets and mixed containers. Height: 12-15", 15-18" spread.

24130 Pink Bronze Leaf: rose pink

02144 Pink Green Leaf: rose pink

24131 Red Bronze Leaf: scarlet red

02145 Red Green Leaf: scarlet red ●

24041 White Green Leaf

24334 White Bronze Leaf: dark bronze leaves with white flowers ●

Pelleted seed: 100 sds \$35.95; 500 sds \$158.30

HULA SERIES F1

Ideal in hanging baskets and mixed containers, plus, it is fast to fill in landscape beds, creating a blanket of flowers with high-impact color! Sell in 6"+ pots, hanging baskets, and mixed containers. Height: 6-10", 20-27" spread.

24042 Blush

24043 Pink

24044 Red

Pelleted seed: 100 sds \$33.90; 500 sds \$145.20

FIBROUS-ROOTED LANDSCAPE WAX BEGONIA

VIKING® EXPLORER SERIES F1

An abundance of extra-large flowers above glossy foliage make for great retail appeal. These all-weather resistant begonias are 2 weeks earlier and offer many more flowers than competing series. Sell in 6"+ pots and single containers. Height: 20-24", 35-39" spread.

24133 Pelleted seed: 100 sds \$55.04; 500 sds \$242.55

WHOPPER® SERIES F1 ●

At a whopping 20-25% larger than the BIG series, these plants put on a show! Extraordinary flower power with blossoms up to 3" across, on well branched plants. Designed for maximum landscape impact and high-value container programs. Height: 30-34", 22-25" spread.

25335 Whopper Rose Espresso - Bright rose against deep velvety brown foliage, much richer than the bronze leaves.

56103 Whopper Red BL - Scarlet red with a bronze leaf

56104 Whopper Red GL - Red on green foliage

24164 Whopper White GL - Bright white flowers on green

Pelleted seed: 100 sds \$67.12; 500 sds \$276.40

BIG® SERIES F1 ●

Go big with this proven, versatile begonia series. Vigorous, uniform, and well-branched plants perform reliably across all market segments—from landscape plantings to combination containers. Exceptional flower power and season-long performance make BIG® a dependable choice. Height: 28", 23" spread.

CALENDULA

Annual. *Calendula officinalis*; Germination: Cover seed lightly; 60-68°F; 7-14 days; Finish: 12-15 weeks

Bon Bon Apricot

Brighten up your spring offerings with this uniquely colored calendula. Known for their extended bloom time and versatility, Bon Bon Apricot features large showy flowers on compact plants. Perfect for pots and borders. Height: 12", 6-8" spread.

24252 Raw seed: 50 sds \$3.25; 250 sds \$6.55; 1M sds \$22.00; 5M sds \$99.00

Kinglet Formula Mix

Great as a tall accent in cottage and cut flower gardens. Mixture is composed of orange, yellow, and a stunning apricot color. Sell in premium packs and 4"+ pots. Height: 24-30", 12-15" spread.

23348 Raw seed: 50 sds \$3.62; 250 sds \$8.21; 1M sds \$29.88; 5M sds \$137.20

TOUCH OF RED™ SERIES

This stunning calendula series consists of contrasting tones creating an attractive effect for borders, containers, and vases. Large 2-4-inch flowers offer both beauty and productivity for growers and gardeners alike. The Touch of Red series are tall vigorous plants that have strong stems perfect for farmer florists or adding height to a cottage garden. Height: 24", 10-12" spread.

24253 Buff: Petals are cream colored on the front and crimson on the reverse.

24254 Mix: Includes all three colors of the Touch of Red series: yellow, buff, and orange. Flowers have a dark center and each petal has a "touch of red" along on the edges.

Raw seed: 50 sds \$3.25; 250 sds \$6.55; 1M sds \$22.04; 5M sds \$99.20

Angie's Advice: Canna

Cannas stand out as an exceptional seed-grown "thriller," delivering impressive height, bold presence, and a true tropical look. For best results, soak seeds for 48 hours prior to sowing to allow the thick seed coat to fully hydrate. They size up quickly—typically in just 12-14 weeks—making them an easy, high-impact addition to your production lineup.

Concertina Mix

Dracula

Cannova Gold Leopard

CANNA

Annual. *Canna x generalis*; Germination: Cover seed lightly; 70-75°F; 8-12 days; Finish: 12-16 weeks

SOUTH PACIFIC™ SERIES F1

The hybrid genetics of this seed product canna series is evident from the moment the seed germinates. Quick emergence is immediately followed by basal branching that begins close to the soil. Recommended for 6"+ pots and single or mixed containers. Height: 24-48", 18-24" spread.

23505 Orange

22632 Scarlet

24135 Yellow

Raw seed: 50 sds \$93.39; 100 sds \$140.14

Cannova® Gold Leopard F1

The Cannova Canna's are impressive as the first F1 series showcasing improved vigor, germination, uniformity and branching. Additionally, Cannova's are more tolerant of low light and cooler temperatures, making them a grower favorite. Gold Leopard features yellow petals with contrasting orange spots and green foliage. Height: 30-48", 14-20" spread. 66391 Raw seed: 50 sds \$86.18; 100 sds \$134.64

CELOSIA

Annual. *Celosia spp.*; Germination: Do not cover seed; 64-80°F; 5-14 days; Finish: 10-18 weeks

Concertina™ Mix

Concertina answers retailers' demand for a compact cockscomb type celosia with a wide range of colors. Mix of green-leaved pink, purple, red, and yellow, and dark-leaved red. Sell in 4"+ pots and mixed containers. Height: 8-10", 6-8" spread.

23718 Pelleted seed: 100 sds \$20.39; 500 sds \$82.35

Dracula

This short, novel celosia displays one big flower atop each plant. Dark purple-toned foliage offsets the darker purple flower comb. Sell in 4"+ pots and single or mixed containers. Height: 8-16", 8-12" spread.

23182 Pelleted seed: 100 sds \$43.61; 500 sds \$163.60

PLUMED

The feathery appearance of plumed celosia varieties offers an unusual and excellent texture to garden settings.

Celosia argentea plumosa

Century Mix

A long-time favorite, Century Mix adds brilliant color and texture to garden beds and planters. Mix of cream, orange, red, salmon, and yellow.

Sell in standard and premium packs, 4"+ pots and mixed containers. Height: 27", 12-18" spread. 02250 Raw seed: 50 sds \$5.18; 500 sds \$15.75; 1M sds \$29.28

Dragon's Breath®

Not your typical bedding celosia, this variety is vigorous and looks great in 10" or larger containers. Extra-large, brilliant red plumes with dark maroon foliage. Recommended for garden beds, 6"+ pots and single or mixed containers. Height: 24-32", 12-16" spread.

23037 Raw seed: 10 sds \$7.16; 100 sds \$39.09; 500 sds \$154.45

First Flame™ Mix

Earlier to bloom than others in its class, First Flame helps to reduce your production costs. Bright colors and uniformity across the series add to its sales appeal at retail. Sell in premium packs, 4" and 6" pots and mixed containers. Height: 14-25", 10-16" spread.

22669 Pelleted seed: 500 sds \$18.09; 1M sds \$33.74

Flamma Mix

Flamma is coming in hot! Not only does Flamma have exceptional heat tolerance in the field, but this celosia stuns with early, uniform flowering. Sell in standard and premium packs, 4"+ pots and single or mixed containers. Height: 8-10", 6-7" spread.

24050 Raw seed: 500 sds \$21.78; 1M sds \$40.64; 5M sds \$188.70

Ice Cream Mix

A compact plant habit is combined with large tight flower plumes to provide uniformity across the mix in production and outdoors. Mix of Ice Cream Banana, Cherry, Mango, Orange, Peach, and Strawberry. Sell in standard and premium packs, 4"+ pots and single or mixed containers. Height: 12", 8-12" spread.

20264 Pelleted seed: 500 sds \$15.69; 1M sds \$29.08

SPICATA

Bright feathery plumes of wheat celosia are now available. See our website for additional series.

Celosia spicata

Kosmo Mix

This gorgeous wheat celosia plays well in pots indoors. Mix in shades of orange, pink, red, and yellow. Sell in premium packs and 4"+ pots. Height: 8-10", 8-10" spread.

22585 Pelleted seed: 100 sds \$39.90; 500 sds \$160.75

Kosmo Mix

Angie's Advice: Celosia

Celosia can be sensitive to day length and other common plant stressors. Improper growing conditions can delay or even stunt your crop. Consistent moisture, timely transplanting, and proper lighting for the variety you are growing are essential. When these key requirements are met, Celosia is an easy, dependable crop with reliably strong results.

CLEOME

Annual. *Cleome spinosa*; Germination: Cover seed lightly; 80-85°F; 4-6 days; Finish: 16-18 weeks

Queen Mix

A bright mixture of pink, purple, rose, and white. Sell in premium packs, 4"+ pots and single or mixed containers. Height: 4-5', 2-3' spread.

02285 Raw seed: 50 sds \$3.58; 250 sds \$5.52; 1M sds \$20.08; 5M sds \$92.00

Sparkler™ 2.0 Mix F1

Upgraded for ease to the grower with better germination, better branching and reliable color! Mix of blush, lavender, purple, rose, and white. Sell in premium packs, 4"+ pots and single or mixed containers. Height: 3-4', 2-3' spread.

23972 Raw seed: 100 sds \$25.15; 500 sds \$110.55

COLEUS

Annual. *Solenostemon scutellarioides*; Germination: Do not cover seed; 72-75°F; 10-20 days; Finish: 8-16 weeks

Giant Exhibition™ Mix

Extra-large 6-7" leaves on a fairly compact plant habit put this mix right in between the Wizard and Kong series. Sell in standard 4"+ pots, and single or mixed containers. Height: 12-18", 10-14" spread.

20268 Raw seed: 100 sds \$21.91; 500 sds \$96.50

KONG® SERIES

Varieties in the Kong series are conversation starters in gardening communities because they are so novel. Extra huge leaves that cover well-branched plants make them an excellent choice for both container gardens and bedding. Recommended for 4"+ pots and mixed containers. Height: 18-20", 15-18" spread.

20001 Mosaic: bright patterns of green, red, and cream

20542 Red: red with scarlet red rib and green margins

20576 Rose: rose-red centers with green margins

22670 Empire Mix: Kong Lime Sprite, Mosaic, Red, Rose, Salmon Pink, and Scarlet

Pelleted seed: 50 sds \$21.54; 100 sds \$30.76; 500 sds \$136.10; 1M sds \$181.02

Superfine Rainbow Masterblends Mix

Excellent garden performance with basal branching and broad vividly colored leaves. Late to flower. Mix with a wide range of Rainbow color combinations. Sell in standard and premium packs, 4" pots and mixed containers. Height: 12-15", 10-12" spread.

02300 Raw seed: 500 sds \$10.98; 1M sds \$14.75; 5M sds \$68.05

WIZARD® SERIES

Wizard varieties are a grower's go to series for standard shade loving coleus. Compact basal branching plant habits support oval to heart shaped leaves in a charming color range. Shelf life in the pack is relatively long, without stretching flower spikes, and the garden performance is superior. Recommended for standard and premium packs, 4" pots and mixed containers. Height: 12-14", 10-14" spread.

02282 Jade: clear ivory with green margins

02292 Rose: deep rose with green and white margins

02287 Velvet Red: rich deep red

20812 Select Mix: Coral Sunrise, Jade, Mosaic, Scarlet, Sunset, and Velvet Red

Raw seed: 500 sds \$10.73; 1M sds \$20.16; 5M sds \$91.40

Colocha Mix

Offering a very unique look to seed grown coleus, this mix is characterized by wavy and ruffled foliage edges in addition to attractive colors. Late flowering, tolerates a wide range of light and temperatures. Height: 18-20", 18-20" spread.

24338 Pelleted seed: 100 sds \$13.50; 500 sds \$53.70

Shade Varieties

Coleus can be a first stop for those who are searching for **shade loving annuals**. Grown primarily for its foliage, coleus adds a nice accent to other flowering annuals and perennials, and is also often used in large landscape planting entirely on its own for a grand effect.

Chocolate Covered Cherry

Chocolate Mint

Mighty Mosaic

Pineapple Surprise

Sun Varieties

Although all coleus varieties perform well in shady locations, some varieties also tolerate sunny conditions. In drier environments, partial shade is recommended to prevent leaf scorching. All varieties in this collection flower late, thus the accent is on the foliage.

Chocolate Covered Cherry 🌞🌱

Rose centers on each leaf are surrounded by deep mahogany and topped off with thin green margins. Height: 12-14", 10-12" spread.

22436 Pelleted seed: 25 sds \$10.15; 100 sds \$29.42; 500 sds \$130.45

Chocolate Mint 🌱

Rich chocolate mid-size leaves with finely edged soothing mint green margins. Height: 14-20", 10-12" spread.

20695 Pelleted seed: 100 sds \$30.41; 500 sds \$133.50

Mighty Mosaic 🌱

A funky multi-hued leaf pattern creates a hipster look. Height: 18-26", 18-22" spread.

22671 Pelleted seed: 100 sds \$28.78; 500 sds \$127.25

Pineapple Surprise 🌱

Chartreuse and deep burgundy hearts are splashed with chartreuse and green. The surprise? Up to 3% of plants are a dark green/burgundy bicolor instead of chartreuse. Height: 18-26", 18-22" spread.

23183 Pelleted seed: 100 sds \$28.75; 500 sds \$127.10

Grow your business with plugs & liners.

Find out how plugs & liners can extend your season at harriseseeds.info/plugs. Add new revenue streams and find exciting, unique varieties unavailable in seed, from annuals, perennials, cut flowers, mums, poinsettias and more.

PREMIUM SUN SERIES

Premium Sun Coral Candy

Premium Sun Watermelon

PREMIUM SUN SERIES 🌱

Show-stopping color, bold patterns, and rich textures. Pro landscapers and gardeners love these center stage varieties for their great looks and reliable performance in sunny gardens and patio planters. Sell in 4"+ pots and mixed containers.

24138 Coral Candy: The first seed coleus to ever win the coveted AAS Winner designation! Coral Candy features unique, multicolored foliage on a uniformly compact plant. This new plant form has narrow, serrated leaves that gracefully drape down the mounded plants. Height: 10-16", 8-12" spread. Pelleted seed: 25 sds \$11.66; 100 sds \$27.84; 500 sds \$123.25 🌱

21648 Watermelon: Traditional coleus pattern of pink centers with lime-green margins. Height: 20-32", 18-22" spread. Pelleted seed: 100 sds \$27.84; 500 sds \$123.25

Angie's Advice: Coleus

Although Coleus is typically grown for its striking foliage, it does produce flowers. These bloom spikes are generally considered insignificant and are often pinched off to encourage the plant to direct its energy into producing fuller, more vibrant foliage rather than initiating seed production.

ANNUAL VEGETATIVE PLUG COMBINATIONS

Double/ Triple Stuck Plugs: Professionally blended plugs containing 2-3 premium varieties in a single cell creates perfectly balanced, beautiful hanging baskets and patio containers with ease. Plant 2-3 plugs per pot for optimum, high-impact results.

Figaro Mix

DAHLIA

Annual. *Dahlia x hybrida*; Germination: Cover seed completely; 65–68°F; 7–10 days; Finish: 10–16 weeks

Star Gazer Organic

Prolific semi-double 3–4" blooms composed of cupped and pointed ray petals in solid or bicolor tones on medium size plants. Mix of scarlet-white, yellow-reds, apricots, and oranges. Height: 24–36", 10–12" spread.

02752 Organic seed: 50 sds \$14.33; 250 sds \$34.88; 1M sds \$119.12

Figaro Mix

A premium pack-performance series prized for its uniform, mounded habit and quick crop time. This classic bedding choice features a vibrant profusion of 100% semi-double and fully double daisy-like blooms in rich shades of red, orange, yellow, violet, and creamy white. An excellent "filler" for patio containers and front-of-border displays. Height: 14–18", 10–12" spread.

02340 Raw seed: 50 sds \$4.35; 250 sds \$14.04; 1M sds \$43.65; 5M sds \$196.40

Angie's Advice for Dahlias:

While dahlia tubers are a popular method for propagating plants, they are not as desirable in seed grown varieties—especially early in production. Tuber formation at this stage can reduce plant vigor and overall quality. To promote strong vegetative growth and prevent premature tuber formation, it is critical to provide 12–14 hours of light as the plants get established.

SEED COMBINATION RECIPES

THRILLER, FILLER & SPILLER

Create professional, eye-catching container displays by combining plants with differing habits, complementary textures, and contrasting colors.

- **Thriller:** Eye-catching, tall focal points that establish the centerpiece.
- **Filler:** Mid-height mounding plants that fill the body and add rich texture.
- **Spiller:** Trailing or cascading elements that soften edges and create flow.

DIANTHUS

Annual. *Dianthus spp.* Germination: Cover seed lightly; 64-75°F; 3-15 days;
Finish: 9-20 weeks

AMAZON™ SERIES F1

This splendid series appeals to both bedding plant and cut flower growers alike. Growers and gardeners will notice a heat tolerance unlike any other in this type of dianthus. Amazon varieties produce large bright flower heads that contrast with the dark green glossy foliage. Recommended for premium packs, 6"+ pots and mixed containers. Height: 18-36", 10-12" spread.

02786 Neon Cherry: bright neon cherry

02268 Neon Duo: mix of Cherry and Purple

02794 Neon Purple: violet-purple

02843 Rose Magic: white, aging to pink, then rose, then deep rose

Pelleted seed: 100 sds \$15.04; 500 sds \$52.60; 1M sds \$97.40

Dianthus barbatus

Diabunda® Mix

Formula mixture of Diabunda Crimson, Pink Pearl, Purple, Purple Picotee, Red, Red Picotee, and Rose. Sell in standard and premium packs, 4"+ pots and mixed containers. Height: 6-8", 8-10" spread.

21936 Raw seed: 100 sds

\$11.45; 500 sds \$49.55

Diabunda Mix

Dianthus chinensis

DIANA SERIES F1

Extra-large 2-2½" blooms dominate the compact basal-branching plants in a blaze of showy color, including an eye-catching mix. Be sure to add the Diana series to your plant selection. Neither you nor your customers will be disappointed with Diana! Recommended for standard and premium packs, 4"+ pots and mixed containers. Height: 8-10", 6-8" spread.

20086 Crimson: dark solid crimson

24340 Crimson Bicolor: streaks of burgundy-scarlet hues framed with a lacy white fringe on the flower edge 

22494 Crimson Picotee: white blending to a raspberry red center

22196 Lavender Picotee: pale lilac with distinct darker lavender eyes

23004 Lavendina Mix: Diana Blueberry, Lavender Picotee, and White

20091 Mix: mix of 8 colors 

Raw seed: 250 sds \$22.24; 1M sds \$76.16

SUPER PARFAIT™ SERIES F1

Known for their large blooms and early flowering, the Super Parfaits sport luscious 2-2½" blossoms that cover the compact plants without sacrificing their excellent garden performance. Recommended for standard and premium packs, 4"+ pots and mixed containers. Height: 6-8", 8-10" spread.

02391 Raspberry: crimson with dark eye

02392 Strawberry: scarlet with dark eye

Raw seed: 250 sds \$18.57; 1M sds \$64.44

Telstar™ Mix F1

Early to flower in the pack, this mix continues to bloom in the garden from summer through fall. Series bred to have a high degree of resistance to Phytophthora and other damp-off pathogens. Sell standard and premium packs, 4"+ pots and mixed containers. Height: 8-10", 8-10" spread.

02395 Raw seed: 250 sds \$22.24; 1M sds \$76.72

Sunflor Emily

DIANTHUS PLUGS

Perennial. Elevate your spring and summer programs with our premier lineup of premium Dianthus plug additions. Specially selected for retail-ready uniformity, dense mounding habits, and continuous, heavy blooming, these exceptional varieties offer growers reliable, fast finishing times and unbeatable shelf life. Zones 4-9.

SUNFLOR® SERIES

A versatile, top-performing series celebrated for an exceptionally early start, outstanding weather resilience, and continuous flowering from spring until late autumn.

Sunflor Magic Beetle

A stunning pot carnation featuring highly double, deeply saturated reddish-purple flowers that hold their intense color all season long. Compact cushions of attractive grey-green foliage release an enchanting, spicy-clove fragrance. Height: 6-8", 6-8" spread.

**Please see Raker Roberta's Pricelist for pricing.*

Sunflor Luigi

A highly unique color breakout featuring large, double-frilled blooms in soft, peachy-apricot tones. Grown atop dense mounds of icy blue-green foliage, its heirloom-style mini carnations are intensely fragrant and bloom exceptionally early. Height: 6", 6-8" spread.

**Please see Raker Roberta's Pricelist for pricing.*

Sunflor Emily

An indispensable, classic pure white selection featuring dense, fully double blooms. Offers exceptional plant structure, highly uniform growth, and a rich, continuous flowering window that lasts deep into the autumn. Height: 6-8", 6-8" spread.

**Please see Raker Roberta's Pricelist for pricing.*

Yellow Bling Bling

NEW!

Everbloom Plum Glory

Premium Specialty Selections

Beauties Freya

An ultra-vigorous, fast-growing garden pink with a dense mounding habit. Smothered in highly fragrant, light pink blooms from early spring through summer, this incredibly resilient variety provides high-impact color for sunny borders and patio pots. Height: 6-8", 8-12" spread.

**Please see Raker Roberta's Pricelist for pricing.*

Picture Perfect

A true showstopper that is incredibly photogenic and a breeze to grow. Bold, high-contrast blooms of vibrant magenta and red feature a massive flower count and excellent retail shelf life—all without the need for growth regulators. Height: 8", 8" spread.

**Please see Raker Roberta's Pricelist for pricing.*

Yellow Bling Bling

A delightful, heat-tolerant selection bursting with cheerful, lemon-to-creamy-butter yellow double flowers. Fringed petal edges give it a polished heirloom look, complemented by a sweet clove-like scent and tidy, semi-evergreen foliage. Height: 10-12", 10-12" spread.

**Please see Raker Roberta's Pricelist for pricing.*

Everbloom Plum Glory

A genetic breakthrough offering nonstop, heavy flowering from May until frost without vernalization. Features unusually large, eye-catching bright pink petals adorned with jagged edges and a hot crimson-plum central ring. Height: 6-8", 15-18" spread.

**Please see Raker Roberta's Pricelist for pricing.*

DICHONDRA

Annual. *Dichondra spp.*; Germination: Cover seed lightly; 72-76°F; 4-6 days; Finish: 11-14 weeks

Emerald Falls

Green leaves are slightly more rounded, with a fuller shorter trailing habit than Silver Falls. Sell in 4"+ pots, baskets and single or mixed containers. Height: 2-4", 18-36" spread.

02986 Multi-Pelleted seed: 100 sds \$31.17; 500 sds \$135.45; 1M sds \$226.93

Silver Falls

Unique fan-shaped, silvery-green foliage on very long, dramatic cascading stems. Features a longer, more vigorous trailing habit and slightly narrower leaves than Emerald Falls. Excellent heat and drought tolerance. Sell in 4"+ pots, baskets and single or mixed containers. Height: 2-4", 36-48" spread (trailing length).

02371 Raw seed: 25 sds \$9.53; 100 sds \$33.21; 500 sds \$146.45; 1M sds \$195.19

Silver Surfer™

This is a wonderful seed option to add high value interest to your hanging baskets and combination containers. *Dichondra Silver Surfer* is a vigorous grower, trailing up to 60 inches long. This "spiller" presents a clean, glossy silver hue with textural interest. Additionally, it is an amazing low maintenance annual ground cover, perfect for garden borders. Offers improved germination and plays exceptionally well with other varieties in mixed combos. Height: 2-4", 10-12" spread.

24256 Film coated seed: 25 sds \$10.25; 100 sds \$26.73; 500 sds \$113.25

DIGITALIS (FOXGLOVE)

Biennial/Perennial. *Digitalis purpurea*; Germination: Do not cover seed; 65-70°F; 6-8 days; Finish: 20-24 weeks. Blooms late spring to mid-summer

Camelot Mix F1

The first hybrid foxglove on the market, giving you uniformity in plant habit, flowering, and high germination rate. Zones 5-9. Height: 42-48", 12" spread.

20022 Pelleted seed: 25 sds \$6.52; 100 sds \$13.34; 500 sds \$45.95

Candy Mountain

A rare first! This is the first foxglove with upward-facing blooms. Plants will flower from June through August in shades of pink to rose. Zones 4-9. Height: 48", 12" spread.

20838 Raw seed: 500 sds \$21.34; 1M sds \$39.66

DUSTY MILLER

Annual. *Senecio cineraria*; Germination: Cover seed lightly; 64-75°F; 10-15 days; Finish: 10-13 weeks

Cirrus

Large rounded silver leaves. Sell in standard and premium packs, and mixed containers. Height: 6-8", 12-18" spread.

02244 Pelleted seed: 500 sds \$22.07; 1M sds \$40.98

Thriller, Filler & Spiller

Looking to elevate your premium container and border programs? This page holds the secret to high-contrast visual design.

The Thriller: Use the stately, architectural spires of *Digitalis* to provide dramatic height and pollinator-magnet color.

The Filler: Soften edges and make colors pop with the lacy, wooly, silver-white foliage of *Dusty Miller*.

The Spiller: Finish the look with the cascading, metallic curtain of *Dichondra* (like *Silver Falls*) for an elegant, low-maintenance trailing accent.

Grow them together for a foolproof, high-margin combo kit!

Artisan Red Ombre

Cheyenne Spirit

ECHINACEA (CONEFLOWER) ☀️

Perennial. *Echinacea* spp.; Germination: Do not cover seed; 71-76°F; 5-14 days; Finish: 18-23 weeks. Blooms mid-summer to early fall

Artisan™ Red Ombre F1 🌸

Rich red blooms mature to rosy pink, creating a dynamic ombre effect. The compact, well-branched plants shine in containers, borders, and mixed landscape plantings. It also provides uniformity of flowering, so all plants are ready to sell at the same time. Plus, the benefit of a seed input provides flexibility for production so it fits better in your schedule. Zones 4-10. Height: 16-28", 10-25" spread.

23792 Raw seed: 25 sds \$40.45; 100 sds \$114.03; 500 sds \$530.10

Cheyenne Spirit 🌸 🌿

Growers rave about this new dynamic mixed color strain of Echinacea, and for good reason! A first year flowering perennial with blooms in shades of red, orange, purple, scarlet, cream, yellow, and white. Zones 4-9. Height: 18-30", 10-20" spread.

22467 Raw seed: 10 sds \$8.83; 100 sds \$47.32; 500 sds \$218.30; 1M sds \$358.70

PowWow White

PowWow Wild Berry

PollyNation Mix

This first-year flowering echinacea sports large flowers in striking colors. Perfect for patio and gardens, this heat and drought tolerant plant sells well mid to late season. Mix of Magenta, Orange Red, White, and Yellow. Zones 4-9. Height: 24-28", 10-20" spread.

65253 Raw seed:
100 sds \$46.79;
500 sds \$216.00

PollyNation Mix

POWWOW SERIES

This series has a strong following with growers, retailers, landscapers, and gardeners. Genetically short plants reduce the need for PGR's. Packed with more flowers per plant, they are quicker to bloom than any other seed echinacea. Zones 3-9. Height: 16-24", 12-16" spread.

21940 White: pure white with golden yellow center

21891 Wild Berry: vibrant deep rose/purple. Borders on iridescent 🌸

Raw seed: 100 sds \$26.92; 500 sds \$124.80

POLLINATOR MAGNET!

Echinacea is a top choice for bee and butterfly conservation programs. Highlighting this pollinator-friendly status at retail is proven to increase impulse purchases from home gardeners!

***All information presented here is intended to be used as a general guideline. Growers should use this information as a starting point and are encouraged to conduct trials under their specific conditions. Crop times will vary depending on climate, location, season, and greenhouse environmental conditions.

* = 1 p/p/p
 ** = 3-5 p/p/p, subtract 2-3 weeks if transplanting with larger sized starter material
 DS = Direct Sown

SEEDS VS. PLUGS AND LINERS:

Choosing the Right Starting Material for Your Program

Starting from Seeds:

- A cost-effective choice especially for larger production runs.
- Works well for operations with the time, space, and equipment to manage early-stage production.
- Reduces concerns related to shipping damage of live young plants.
- Allows growers to manage crop inputs, treatments, nutrition, growth regulation, and environmental conditions from the very beginning.
- Offers more flexibility for scheduling, sowing windows, and production plans based on crop needs and timing.

Choosing Plugs & Liners:

- A practical option when saving time or shortening the production cycle is important.
- Can help reduce pressure on greenhouse space, labor, heating, and power needs.
- Supports more uniform crop timing and consistency.
- Reduces the risks associated with germination and young seedling care.
- Vernalized perennial plugs can reduce production time and offers premium in-flower sales the same season.
- Larger plugs and liners may be transplanted directly into the field for cut flower or landscape applications.
- Some crops are more reliably or only produced from cuttings or tissue culture.
- Predictable young plant deliveries can make it easier to plan labor needs, organize space, and schedule finish dates.

The Bottom Line: Seeds and plugs/liners both have a valuable place in a well-planned production program. Seed can offer strong cost advantages, flexibility, and hands-on control from the earliest stages, while plugs and liners provide a reliable head start that can help with labor, space, timing, and crop consistency. For many growers, the best strategy is not choosing one over the other but using both types of starting material where they make the most sense to balance input costs with production efficiencies.

Ritro

Silver Dollar

Baby Blue

ECHINOPS (GLOBE THISTLE) ☀

Perennial. *Echinops ritro*; Germination: Do not cover seed; 65-72°F; 14-20 days; Finish: 11-25 weeks Blooms mid-summer to early fall

Ritro 🌿

Silver foliage of ritro is accented with violet-blue globes in early summer. Zones 3-8. Height: 24-26", 12-18" spread. 09578 Raw seed: 100 sds \$5.19; 500 sds \$19.50

EUCALYPTUS ☀

Annual. *Eucalyptus*; Germination: Cover seed lightly; 65-75°F; 14-21 days; Finish: 12-16 weeks. Foliage holds color from mid-summer through late fall frost.

Eucalyptus Silver Dollar (E. Cinerea)

A popular designer favorite, Silver Dollar features large, rounded, silvery-blue leaves on flexible, pendulous stems. Its elegant, cascading habit makes it an exceptional focal point in mixed patio containers or a stunning filler in premium back-of-border bedding plant programs. Highly sought after for both fresh and dried cut foliage sales. Sell in 4" and 6" premium pots. Height: 24-36" (as an annual) Spread: 18-24" 24142 Raw seed: 50 sds \$7.59; 250 sds \$28.31; 1M sds \$99.16

Silver Dollar

Eucalyptus Baby Blue (E. Pulverulenta)

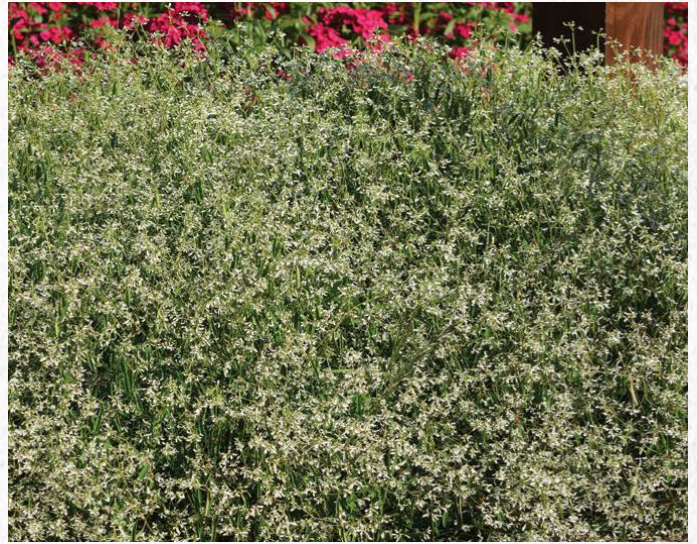

The gold standard for florist-grade greenery, Baby Blue boasts intense, silvery-blue, disk-like leaves tightly stacked along rigid, upright stems. Its compact, uniform habit and rich aromatic scent make it an irresistible impulse buy for home gardeners looking for unique patio accents. Excellent versatility for both container sales and backyard cutting gardens. Sell in premium packs and 4" pots. Height: 20-30" (as an annual) Spread: 12-18" 65940 Raw seed: 100 sds \$17.83; 500 sds \$60.98

Baby Blue

TREND ALERT:

Silver-blue foliage and airy white fillers remain the #1 choice for modern bridal and patio design. Pair these Eucalyptus and Euphorbia varieties for an upscale, high-margin retail mix.

Glamour

Glitz

EUPHORBIA ☀

Annual. *Euphorbia graminea*; Germination: Cover seed lightly; 65-72°F; 3-6 days; Finish: 9-13 weeks

Glamour 🌹

A taller, looser version of Glitz, Glamour makes an excellent component for mixed in-ground plantings with other flowering annuals. Sell in premium packs and 4" pots. Height: 15-24", 15-20" spread. 23024 Raw seed: 25 sds \$14.30; 50 sds \$21.55; 100 sds \$29.74; 500 sds \$131.55

Glitz 🌹 🌿

A nicely mounded plant habit is perfect for premium mixed containers. Sell in premium packs, 4" pots and mixed containers. Height: 10-24", 12-18" spread. 22820 Raw seed: 25 sds \$14.30; 50 sds \$21.55; 100 sds \$29.74; 500 sds \$131.55

GAILLARDIA

Perennial. *Gaillardia aristata*; Germination: Cover seed lightly; 68-74°F; 4-8 days; Finish: 16-20 weeks. Blooms early summer to mid-fall

Arizona Sun

The sun-loving Arizona series is well-matched in their abundance of flowers and uniform mounded plant habits. Zones 3-10. Height: 12", 10-12" spread 20027 Film Coat seed: 50 sds \$6.93; 250 sds \$18.93

MESA™ SERIES F1

Growers love the uniform habit and increased flower power over typical open pollinated varieties. Gardeners enjoy continuous blooms all season long and the inherent drought tolerance. Zones 2-10. Height: 14-18", 20-22" spread.

22673 Peach: opens yellow, darkens to orange at base of petals

23190 Red: medium to dark red

Raw seed: 100 sds \$15.47; 500 sds \$68.55

Arizona Sun

Mesa Peach

Mesa Red

Grower Tip:

Both Arizona Sun and the Mesa Series are first-year flowering perennials, meaning they don't require overwintering or vernalization to bloom.

For Spring Sales: Treat them as premium annuals. Sow in early winter to sell in flower for late spring peak-season traffic.

For Late Summer/Fall Sales: Schedule a second sowing in late spring. Their extreme heat and drought tolerance make them the perfect high-color crop to refresh garden center benches when traditional summer annuals start to fade.

GAILLARDIA SERIES COMPARISON

Quick-reference technical specifications for commercial growers and retail planning.

Series	Unique Selling Point (USP)	Plant Height	Spread	Best Pot & Container Sizes
Arizona Sun	Massive flower count on compact, beautifully mounded plants. Early to bloom with exceptional uniformity under short days.	12"	10-12"	Packs, Premium Packs, 4" Pots, and multi-plants in 6" pots.
Mesa™ F1 Series	The gold standard for intense, non-fading color. Strong vegetative branching prevents lodging, maintaining an upright habit in high heat.	14-18"	20-22"	6" Pots, Gallons, and high-margin Mixed Patio Bowls.

BIG KISS SERIES

Big Kiss Yellow Flame

Big Kiss Red

KISS SERIES

Kiss White Flame

Kiss Frosty Mix

GAZANIA

Annual. *Gazania rigens*; Germination: Cover seed lightly; 70-72°F; 3-5 days; Finish: 10-15 weeks

Big Kiss™ Yellow Flame F1

Extra-large 4½" yellow flowers with red stripes are held high above and cover the full bushy plants. Big Kiss makes an excellent show in both gardens and planters. Recommended for premium packs, 4"+ pots and single or mixed containers. Height: 10-12", 10-12" spread. 21653 Raw seed: 100 sds \$15.24; 500 sds \$68.55

Big Kiss™ Red F1

A true showstopper for high-heat retail benches, Big Kiss Red commands attention with its massive, 4.5" daisy-like blooms. The extra-large flowers feature rich, mahogany-red petals accented by a dramatic, dark central ring, held perfectly above a dense mound of glossy green foliage. Highly tolerant of drought, wind, and coastal conditions, it delivers maximum color impact in high-light environments. Perfect for high-margin premium pot sales. Sell in premium packs, 4"+ pots, and sunny mixed patio containers. Height: 8-10", Spread: 10-12". 22821 Raw seed: 100 sds \$15.24; 500 sds \$68.55

KISS™ SERIES F1

Kiss varieties are known for their proliferation of flowers on short sturdy stems that cover the mounded plants. Recommended for standard and premium packs, 4-6" pots and mixed containers. Height: 8-10", 8-10" spread.

24057 White Flame: green foliage, white with red stripe

02697 Frosty Mix: silvery leaved foliage. Mix of bronze, orange, red, rose, white, and yellow shades

Raw seed: 250 sds \$20.96; 1M sds \$72.96

Retail Tip:

Gazanias are "sleepers"—their blooms close on cloudy days and at night. Instruct retail staff to place them on your highest-sun benches so they stay wide open and dazzling for peak weekend foot traffic.

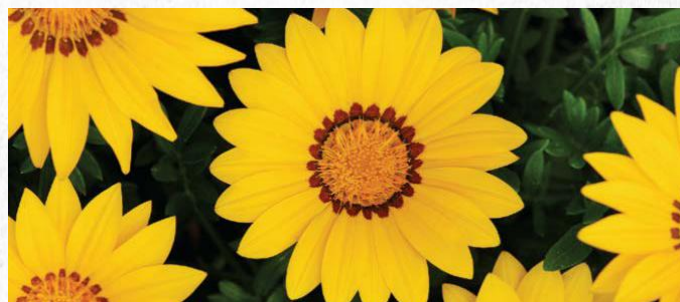

NEW DAY SERIES

New Day Clear Orange

New Day Red Shades

New Day Yellow

New Day Tiger Mix

New Day Mix

Now FLC (Film Coated) for precision machine sowing!

NEW DAY® SERIES F1

New Day varieties boast large flowers, short peduncles, and beefy-looking plants; yet are still compact and easy for growers to produce, even in high density production. Gardeners and landscapers love this drought-tolerant series for its excellent performance in containers, baskets, gardens, and groundcovers. Recommended for premium packs, 6"+ pots and single or mixed containers. Height: 8-10", 6-8" spread.

22202 Clear Orange: pure orange

22675 Red Shades: muted maroon-red

22205 Yellow: bright yellow with dark central ring

23026 Tiger Mix: mix of Red Stripe and Rose Stripe

GERANIUM

Annual. *Pelargonium* spp.; Germination: Cover seed lightly; 72-75°F; 5-12 days; Finish: 14-18 weeks

BULLSEYE™ SERIES F1

This premium seed geranium series is known for its unique rich chocolate foliage that contrasts beautifully with the clear flower colors. As uniform as its green-leaved Maverick cousins, growers and retailers enjoy the benefits of high germinating seed, less need for PGR's in production, and long lasting shelf life at retail. Plants retain their dark foliage even under high light conditions. Recommended for premium packs, 6" + pots and single or mixed containers. Height: 13-15", 11-13" spread.

20106 Cherry

22441 Red

20107 Salmon

20699 Mix: Cherry, Lt. Pink, Red, and Salmon

Raw seed: 25 sds \$12.63; 100 sds \$27.34; 100 sds \$27.34; 500 sds \$120.75; 1M sds \$224.50

ELEGANCE™ SERIES

The gold standard for premium spring programs, this exceptional Regal Geranium (Martha Washington) series is celebrated for its massive, tissue-paper blooms that outperform traditional varieties in early-season cool conditions. Day-length neutral and naturally well-branched, the Elegance series forms uniform, dark green, mounded foliage that presents a high-impact, luxurious floral display. An irresistible impulse buy for high-margin, upscale container sales. Highly recommended for 6" pots, gallons, and premium patio bowls. Height: 12-18", Spread: 12-15".

Bravo: Soft, clean white flowers elegantly accented with a prominent, vibrant rose-crimson central blotch.

Kate: Rich, deep velvet-crimson blooms with striking dark eyes; provides magnificent, sophisticated depth.

Lilac Majesty: Stunning, clear lilac-purple petals marked with deep violet-magenta highlights.

Rose Bicolor: Sensational shell-pink petals offset by clean white eyes and dramatic crimson markings.

Please refer to the vendor price lists for pricing.

PINTO PREMIUM™ SERIES F1

Market-leading Pinto Premium varieties are preferred by growers for its uniform plant habit, earliness, and less need for PGR's. The large blooms, held on short stems, have excellent shelf life at retail. Pinto Premium geranium varieties demonstrate the superior outdoor performance that bring consumers back for more each year. Recommended for standard and premium packs, 4-6" pots and single or mixed containers. Height: 13-15", 11-13" spread.

22206 Deep Red

22209 Salmon Splash: light salmon with dark salmon freckles

22210 Violet

22654 White

22655 White to Rose: white petals deepen to rose as flowers mature 

22275 Lavender: light lilac 

Raw seed: 25 sds \$10.71; 100 sds \$24.15; 500 sds \$107.05; 1M sds \$201.00

Maverick Star

Maverick Violet

REACH OUT™ SERIES F1

No more tangled plants! Reach Out varieties' compact habit and short internodes make them easy growers in production and provide a canopy of color at retail. Recommended for premium packs, hanging baskets, window boxes and single or mixed containers. Height: 6-8", 10-14" spread.

23533 Red

Raw seed: 100 sds \$65.58; 500 sds \$294.60

23534 Mix: lavender, pink, red, and white shades

Raw seed: 10 sds \$12.61; 100 sds \$65.58; 500 sds \$294.60

Angie's Advice FOR GERANIUMS:

When deadheading Geraniums, remove spent flowers at the point where the flower stalk attaches to the main node—they will easily snap off at this junction. Removing only the flower head leaves the remaining stalk susceptible to rot, increasing the risk of Botrytis.

PING PONG SERIES

Ping Pong Lavender

Ping Pong Purple

Ping Pong Mix

GOMPHRENA

Annual. *Gomphrena globosa*; Germination: Do not cover seed; 68-80°F; 3-14 days; Finish: 12-24 weeks

Now FLC (Film Layer Coated) for precision machine sowing!

Fireworks

The unique flowerhead is open in appearance with intense hot pink flowers. This landscape favorite attracts an abundance of pollinators. Sell in premium packs, 4"+ pots and mixed containers. Height: 36-48", 36-48" spread. 21657 Film Coated seed: 100 sds \$29.01

Fireworks

PING PONG SERIES

Ping Pong varieties deliver an explosion of color in containers and mass plantings. They also add height and dimension, making them terrific as fresh or dried garden cut flowers. Easy to grow, flowers proliferate on durable stems and strong basal branching plants. Consumers will love this low maintenance drought tolerant series! Recommended for premium packs, 4-6" pots and mixed containers. Height: 16-20", 8-10" spread.

23194 Lavender

23196 Purple

Raw seed: 50 sds \$7.16; 250 sds \$15.45; 1M sds \$53.08

23195 Mix: Lavender, Purple, and White 

Raw seed: 250 sds \$15.45; 1M sds \$53.08

GYPSY SERIES

Gypsy Deep Rose

Gypsy White

GYPSOPHILA

Annual. *Gypsophila muralis*; Germination: Do not cover seed; 68-75°F; 6-10 days; Finish: 8-12 weeks

GYPSY SERIES

This award-winning series produces compact plants prolific with tiny 1/4" single or double flowers. Neat plants make a tidy appearance in baskets, borders, and combos. Sell in premium packs, 4"+ pots and mixed containers. Height: 6-8", 6-8" spread.

02985 Deep Rose 

22758 White 

Multi-Pelleted seed: 100 sds \$30.85; 500 sds \$135.95

"High performing, gorgeous."

— Carol N., Verified Buyer, Harris Seeds

Silver Mist

Luna Mix

Mahogany Splendor

"100% of the seeds sprouted."

— Holly N., Verified Buyer, Harris Seeds

Ruby Moon

HELICHRYSUM

Annual. *Helichrysum microphyllum*; Germination: Cover seed lightly; 72-76°F; 6-8 days; Finish: 10-12 weeks

Silver Mist

Silver Mist has an attractive, finely textured silver foliage that combines well with just about any color, making it a fine companion to other flowering annuals. Sell in 4"+ pots, baskets and single or mixed containers. Height: 6-8", 18-24" spread.

03005 Multi-Pelleted seed: 100 sds \$30.83; 500 sds \$135.60

HIBISCUS

Annual. *Hibiscus acetosella*; Germination: Cover seed completely; 71-76°F; 3-5 days; Finish: 10-11 weeks

Not the traditional 'Rose Mallow' Hibiscus, this tender perennial tends to be grown as an annual, where it's known for its interesting foliage. Sell it for bold additions to gardens, landscapes, and municipal plantings.

Mahogany Splendor

Maple-shaped leaves give this foliage plant its regal appearance. This sun-lover is effectively used in landscape settings as a foliar hedge, a water pond plant, or as a specimen plant. Growers note that the foliage will have green/maroon tones in the greenhouse, but will mature to deep burgundy in full sun outdoors. Sell in 8"+ pots and single or mixed containers. Height: 36-60", 24-30" spread.

22213 Raw seed: 25 sds \$8.41; 100 sds \$26.73; 500 sds \$120.35

HIBISCUS

Perennial. *Hibiscus moscheutos*; Germination: Cover seed lightly; 68-75°F; 5-7 days; Finish: 14-16 weeks

Blooms mid to late summer

Attention getting large 6-8" saucer-shaped flowers are produced on big, bushy, well-branched plants. The plant habit also makes a great perennial hedge that will return year after year in a blaze of showy color.

Luna™ Mix

Shades of pink, red, and white. Zones 5-10. Height: 24-36", 24" spread. 20700 Raw seed: 100 sds \$55.05; 500 sds \$243.35

HYACINTH BEAN

Annual. *Dolichos lablab*; Germination: Cover seed lightly; 68-72°F; 8-10 days; Finish: 2-3 weeks

Ruby Moon

Ruby Moon is known for its greenish-purple leaves, purple stems and flowers, and very dark purple pods. Highly ornamental, this variety is recommended for larger trellised containers. Height: 8-10', 2-3' spread. 02228 Raw seed: 25 sds \$9.88; 100 sds \$25.63; 500 sds \$113.45; 1M sds \$208.90

HYPOESTES ☀️

Hypoestes phyllostachya; Germination: Cover seed lightly; 72-77°F; 8-12 days; Finish: 10-15 weeks

SPLASH SELECT™ SERIES 🌱

The high germinating Splash Select series exhibits a highly attractive color contrast in the foliage. Recommended for standard and premium packs, 4-6" pots and mixed containers. Height: 10-18", 12-14" spread.

20003 Pink

08549 Red

20004 White

Raw seed: 250 sds \$12.95;

Athena Mix

SUNPATIENS® PETITE SERIES

The legendary power of SunPatiens, perfectly proportioned for small-space retail. This innovative, ultra-compact series brings the unmatched sun, heat, and disease resistance of the SunPatiens brand into a tightly controlled, densely branched habit that never stretches on the bench or requires PGRs. Highly uniform across all colors, it features an exceptional flower count and an early flowering window, making it an absolute dream for high-density pack and small-pot production. Completely resistant to Downy Mildew, it offers consumers non-stop, vibrant color from late spring until frost in small beds or patio bowls. Sell in packs, 4-4.5" pots, or compact mixed planters. Height: 10-14", 10-14" spread.

Petite Blush Pink: Soft, elegant pink blooms over deep green foliage.

Petite Orange: Vibrant, high-contrast traffic-stopping orange.

Petite Purple: Rich, royal purple with intense retail eye-appeal.

Petite Rose: Deep, saturated rose-pink tones that hold up in intense sun.

Petite Scarlet Red: Brilliant, fiery red that anchors mixed combinations.

Please see vendor pricelist for pricing.

Hidcote Blue

Lavence Deep Purple

BANDERA SERIES

Bandera Deep Purple

Bandera Deep Rose

ENGLISH LAVENDER ☀️

Perennial. *Lavandula angustifolia*; Cover seed lightly; 65-72°F; 4-20 days; Finish: 15-20 weeks. Blooms early – late summer

Hidcote Blue 🌿

A long-time favorite, Hidcote Blue is now available with good seed quality. Attractive purple blue flowers contrasts with the grey-green foliage, forming attractive evergreen clumps. Hidcote is used for perennial gardens, rock gardens, and in sachets and potpourri. Height: 12", 12-15" spread.

09597 Raw seed: 500 sds \$9.57; 1M sds \$17.76

Lavence Deep Purple

The deepest purple-blue flowers available in lavender that does not bleach out in the sun! Zones 5-8. Height: 10-12", 10-12" spread.

23200 Raw seed: 250 sds \$17.91; 1M sds \$61.16

SPANISH LAVENDER ☀️

Tender Perennial. *Lavandula stoechas*; Cover seed lightly; 65-72°F; 4-20 days; Finish: 18-21 weeks. Blooms early – late summer

BANDERA SERIES F1

Zones 7a-10b. Considered the showiest and most flashy of the lavenders. Spanish lavender has tall petal like bracts that emerge from within the flower spikes. Lavender Bandera series are compact and bushy plants, easily filling a pot. No need to pinch means they are quick to finish. Less production time and first year flowers make these an exceptional seed option. Height: 7-9", 10-12" spread.

63689 Deep Purple: Deep, rich purple. 1 week later to flower

63690 Deep Rose: Deep magenta with rosy pink bracts

Raw seed: 250 sds \$31.00; 1M sds \$103.52

AFRICAN

Tagetes erecta

African marigolds are best known for their large fully double flower heads. Plant heights range from 10-18" tall. Generally used in garden beds, the shorter varieties are also usable in decorative containers.

ANTIGUA™ SERIES F1

Our most compact African marigold, growers appreciate the early blooming and basal branching habit, while gardeners love the tidy garden habit. Plants are covered with 3" fully double blooms. Sell in standard and premium packs, 4-5" pots and mixed containers. Height: 10-12", 10-12" spread.

TRIPLOID

Tagetes patula x erecta

Triploid marigolds are an interspecific cross between French (*T. patula*) and African types (*T. erecta*), giving certain advantages. Tolerance to heat, rainy conditions and the benefit of longer lasting blooms due to no seed set, make Triploid marigolds a garden favorite!

ENDURANCE SERIES 🌻

The perfect cross for early blooms up through frost! Quick to bloom highly compact plants that you expect from French marigolds with the large double carnation flowers resembling African types. Sell in standard and premium packs, 4" pots and mixed containers. Height: 12-15", 10-12" spread.

23973 Orange

23974 Sunset Gold: orange with red

23975 Yellow

Film Coated seed: 250 sds \$45.61

ZENITH™ SERIES F1 🌻

Zenith varieties offer excellent branching. They can be sold in flower at retail, and homeowners and landscapers will enjoy their free flowering performance throughout the summer. Sell in standard and premium packs, 4" pots, and mixed containers. Height: 12-15", 10-12" spread.

FRENCH

Tagetes patula

French marigolds come in an array of styles including anemone, crested, and single. Longer blooming compared to African types, gardeners enjoy flowers up through frost. Ideal to use in flower beds edges, mass plantings, and containers.

ANEMONE

Flowers have flattened large outer petals that work into ruffled centers.

ALUMIA SERIES

Large flattened anemone style flowers attractively adorn dark green plants. This series brings you unique blooms, in unique colors. Sell in standard and premium packs, 4" pots and mixed containers. Height: 10-12", 10-14" spread.

23835 Crème Brûlée: yellow with a red splash

Jackpot Gold

Jade Princess

Jester

Purple Majesty

MELAMPODIUM

Annual. *Melampodium paludosum*; Germination: Cover seed lightly; 65-70°F; 7-10 days; Finish: 8-11 weeks

Jackpot Gold™

Healthy green vigorous plants are covered with masses of 1" golden-orange flowers. Sell in premium packs and 4"+ pots. Height: 12", 12-15" spread.

23208 Raw seed: 100 sds \$13.13; 500 sds \$60.20

Looking for an indestructible, heat-tolerant combination to suggest to your landscape and retail customers? Pair the striking verticality of Ornamental Millet with the unstoppable blooming power of Melampodium Jackpot Gold.

The Setup: Plant Purple Majesty or Jade Princess in the center of large patio containers as your "thriller."

The Frame: Surround the base with Melampodium Jackpot Gold. As a self-cleaning "filler," it will weave together into a dense, gold blanket that beautifully contrasts with the dark, rich tones of the millet.

Grower Tip: Both varieties thrive in full sun and handle mid-summer heatwaves effortlessly, keeping your commercial accounts and retail displays looking vibrant well into autumn.

ORNAMENTAL MILLET

Annual. *Pennisetum glaucum*; Germination: Cover seed lightly; 72-78°F; 3-5 days; Finish: 9-18 weeks

Jade Princess F1

Chartreuse leaves sport rich dark pollen-free plumes. Your compact choice for small containers. Sell in 4-5" pots and single or mixed containers. Height: 24-30", 18-24" spread.

53985 Raw seed: 100 sds \$28.89; 500 sds \$130.20; 1M sds \$242.50

Jester F1

Young chartreuse leaves mature to dominantly burgundy foliage, especially in full sun. As flower spikes develop, plants end the season with nearly the same bronze-purple color as Purple Majesty. Sell in 4"+ pots and single or mixed containers. Height: 36-48", 10-14" spread.

20379 Raw seed: 100 sds \$29.12; 500 sds \$131.15; 1M sds \$244.20

Purple Majesty F1

An industry changer! Tall plants produce attractive deep purple foliage, stems, and 12-14" plumes. Each plant creates 1-3 main stems, complemented by a few secondary shoots. Under full to partial sun they produce a darker purple color with narrower leaves. Sell in 6"+ pots and large single or mixed containers. Height: 4-5', 8-12" spread.

03448 Raw seed: 25 sds \$15.86; 100 sds \$32.09; 500 sds \$143.70; 1M sds \$212.32

MAXIMIZE YOUR SHOULDER SEASONS

Keep Benches Full & Profits Flowing with Plugs & Liners

Don't let cold weather or empty bench space cut into your margins. Extending your growing season means staying ahead of early spring demand and capturing late-autumn sales—without the steep overhead costs of early-stage greenhouse heating.

By shifting your shoulder-season production to Harris Seeds Plugs & Liners, you can bypass the critical germination window, finish crops weeks faster, and slash your energy bills.

- **Early Spring Starts:** Bring in premium, ready-to-pot liners to hit the very first early-market windows.
- **Late Summer/Fall Extensions:** Transition your benches effortlessly into high-margin autumn color and ornamental foliage.

Don't wait for the rush. Secure your custom ship dates and lock in early-season availability by pre-booking your plug and liner orders today.

Fun Fact!

Our vendors allow us to place orders on their live availability sites any time of the year! Visit www.harriseseeds.com for pricing & give us a call for availability to book your trays!

MAST YOUNG PROGRAMS

Your Premier Source for Premium Vegetative Liners

Through our trusted broker partnership with Mast Young Plants (MYP), Harris Seeds connects commercial growers directly to over 1,300 top-performing vegetative annuals, perennials, herbs, and succulents. Sourced from more than 20 of the world's finest breeders—including Dümmer Orange, Selecta, Syngenta, and Danziger—MYP delivers unmatched quality straight to your greenhouse.

Why Choose the Harris Seeds & MYP Program?

- **Industry-Leading Genetics:** Get exclusive, first-look access to top-performing, trial-tested varieties that stand out at retail and thrive in the landscape.
- **Smart Freight Savings:** Minimize shipping overhead. MYP utilizes standard insulated/ventilated boxes alongside specialized Master Boxes (palletized packaging) and half-boxes to maximize your freight efficiency.
- **Premium Ellepot System:** Most liners are expertly grown using the Ellepot system for rapid root establishment, reduced transplant shock, and faster finish times.

Early Order Discount: Save 2.5% (Mast Young Programs 1.5% + Harris Seeds 1%) **when you order before October 31st, 2026.**

Booking Requirements & Details:

- **Minimum Order:** Just a 4-full-width-tray minimum per ship week (tray sizes include 51/50 split trays, Mega 50s, and 18-cell trays).
- **Easy Ordering:** Download the MYP Price List at harrisseed.com, fill out the order form, and return it directly to Harris Seeds.

Angie's Advice FOR PANSIES:

Pansies and Violas are among the few crops with strong sales windows across multiple seasons, making them an important part of your program. While spring and fall growing conditions often feel similar at finish, the sowing environments vary significantly. When selecting a series, be sure to consider key factors such as daylength response and temperature requirements to ensure the best performance. You may also need to adjust your scheduling between seasons to achieve optimal results.

02235 Blotch Mix: A premium, well-balanced formula blend featuring a wide palette of vibrant blotched and clear colors for maximum retail impact.

67429 Autumn Mix: Includes Majestic Giants II Clear Purple, Majestic Giants II Clear Yellow Imp., Majestic Giants II Fire ●
Raw seed: 250 sds \$21.68; 1M sds \$69.44; 5M sds \$315.60

MAMMOTH™ SERIES F1

It's the perfect name for these jumbo blooms! Attract gardeners with big bold colors in the spring and fall. Sell in standard and premium packs, 4-6" pots and mixed containers. Height: 6-8", 6-8" spread.

21659 Masquerade Mix: formula mix of blotched varieties

21660 Mix: formula mix of blotched, pure, and novelty varieties
Raw seed: 250 sds \$16.39; 1M sds \$56.60

MATRIX® SERIES

The Matrix series are extra-large flowering pansies with blossoms of 3.5 inches in size. A tight bloom window across the series makes scheduling easier. This low maintenance series holds up well in the heat and with more flowers per plant, is a favorite for display beds. Height: 8", 8-10" spread.

24324 Midnight Glow: Deep violet halo with a yellow center

24322 Primrose: Soft yellow

24323 Sunrise: Dusty pink and yellow with a dark rose blotch

67451 Clear Mix: Unblotched, includes Light Blue, Orange, Purple, Rose, Yellow, White and Spring Matrix Lemon. ●
Raw seed: 250 sds \$18.83; 1M sds \$64.92

Spring Matrix™ Mix F1

Perfect for the spring pansy market, large thick flower petals help prevent blooms from flopping over which often occurs with winter/spring pansies. Formula mix of blotched, faced, and pure flower types. Sell in standard and premium packs, 4-6" pots and single and mixed containers. Height: 8", 6-8" spread.

22498 Raw seed: 250 sds \$18.83; 1M sds \$64.92; 5M sds \$186.84

NOVELTY

The pansies in this category feature standalone varieties that are unique in color patterns compared to the standard pansy flower types. They make a good choice to place in prominent areas of the garden center for spring and fall sales. Sell in standard and premium packs, 4-6" pots and single or mixed containers.

Atlas Black F1

Excellent for fall, the pure black blossoms are great for Halloween. Perfect for combinations with bright colors, especially orange. Height: 6-8", 8-10" spread.

03519 Raw seed: 250 sds \$14.92; 1M sds \$51.40

Frizzle Sizzle Mix F1 ●

One of the rare pansies that offer an attractive frilly flower form, Frizzle Sizzle is an excellent item to kick off your sales season in the spring. The fancy flowers give plants that little bit of something extra that you won't find in standard pansies. Mix of 8 colors in multiple color shades and patterns. Sell 4-5" + pots and single containers. Height: 6-8", 8-10" spread.

51189 Raw seed: 50 sds \$6.22; 250 sds \$15.99; 1M sds \$56.88

Imperial Antique Shades F1

Strong sturdy stems support outstanding large 3" flowers. Imperial Antique Shades is best known for its clean hardy growth and unique color tones from apricot to rose. Height: 8", 8-10" spread.

03957 Raw seed: 250 sds \$22.78; 1M sds \$75.44

Inspire® Plus Maxi Mix F1

A formula mix of blotched, pure, and novelty. Height: 6-8", 8-10" spread.
24070 Raw seed: 50 sds \$4.98; 250 sds \$14.75

Champagne Bubbles

LUCKY STAR SERIES

Lucky Star Lipstick

Lucky Star Mix

PAPAVER

Perennial. *Papaver orientale*; Germination: Seeds need light to germinate. Do not cover. 65-75 degrees F, 7-14 days; Green pots finish in 10-12 weeks. Bloom in late spring to early summer.

Champagne Bubbles

This hybrid of Icelandic poppy grows 12-18" tall and has a wide range of bright colors on 2-4" blossoms. A vigorous grower, they have a longer blooming season than oriental poppies. Preferring cooler temperatures these can be fall planted to complement your pansies. A short lived perennial, suitable for zones 2-5. Height: 15-18", 6-8" spread. 09628 Raw seed: 250 sds \$8.40; 1M sds \$28.60

PENTAS

Annual. *Pentas lanceolata*; Germination: Cover seed lightly; 72-77°F; 10-14 days; Finish: 14-22 weeks

LUCKY STAR® SERIES F1

Lucky Star leads the industry for rich colors and a compact manageable habit. Follow-up blooms do not surpass the prior flush of flowers, so plants remain tidy and compact with minimal effort. All varieties flower within a 1 week window of each other, making an attractive and neat display on retail benches. Their continuous blooming nature allows you to sell these beauties throughout the entire selling season. Height: 12-16", 12-14" spread.

23722 Lipstick: deep rose-pink

23508 Mix: Dark Red, Deep Pink, Lavender, Lipstick, Pink, Violet, and White Pelleted seed: 25 sds \$9.34; 100 sds \$18.55; 500 sds \$82.00

NEW!

Northern Lights

Black Pearl

Chilly Chili

Medusa

Purple Flash

Northern Lights® F1

The first interspecific Penta from seed with large, showy lavender flower umbels over dark green leaves. As happy in the heat as most are but for our northern friends this one is bred to tolerate cooler production temperatures! Additionally, it is less sensitive to lower pH levels. A work horse in the landscape. Height: 20-22", 10-12" spread. 66991 Pelleted seed: 100 sds \$19.19; 500 sds \$85.25

PEPPER, ORNAMENTAL

Annual. *Capiscum annuum*; Germination: Cover seed lightly; 72-76°F; 5-7 days; Finish: 13-25 weeks. ***For ornamental purposes only. Not recommended for consumption.**

Black Pearl

Green to glossy black foliage provides great contrast to the rounded shiny black fruit that matures to dark red. Great in the garden and as a cut. Height: 14-18", 12-16" spread. 20322 Raw seed: 100 sds \$28.10; 500 sds \$124.45

Chilly Chili F1

Blunt-nosed 2-2½" highly ornamental fruit matures from greenish yellow to orange to dark red. Height: 9-10", 13-14" spread. 02337 Raw seed: 100 sds \$18.06; 500 sds \$83.40; 10M sds \$785.76

Medusa

Narrow twisted cone-shaped fruit are held well above a tight compact habit. Fruit color graduates from ivory to yellow to orange to red, with all 4 colors displayed on one plant at the same time. Height: 6-8", 4-6" spread. 03431 Raw seed: 100 sds \$21.87; 500 sds \$96.80

Purple Flash

Striking color contrast combines with an interesting plant architecture and great heat tolerance. A layered scaffolding habit creates an exotic look. Leaves are almost black with flashes of bright purple and topped with small round glossy black fruit. Height: 13-15", 19-21" spread. 21001 Raw seed: 100 sds \$28.45; 500 sds \$126.90

PLUG & LINER ORDERING PROCESS

To ensure the most efficient ordering process, please contact Harris Seeds directly (**NOT THE VENDOR**). As your broker, Harris Seeds handles all order placements, maintenance, and tracking.

STEP 01

Preparing to Order

Order Early & Maximize Savings

Take advantage of early order discounts! Harris Seeds offers an **additional 1% bonus** to standard Early Order Discounts.

New This Season: 2027 Spring Vendor Discounts

- Plug Connection: **Save 5%**
- Amos Zittel & Sons: **Save 5%**

Separate Your Orders

Please organize and separate individual orders by Vendor, Scheduled Ship Week, and Order Type (Grown to Order or Availability).

Grown to Order (GTO)

Order early for the best variety selection! Most ornamental crops require a **10–12 week lead time**, so planning ahead is crucial for securing preferred varieties and tray sizes.

In-Season Availability

In a pinch? Vendors offer a limited selection of ready-to-ship trays for the following ship week. To meet strict vendor shipping deadlines and avoid automated cancellation, **payment must be received within 24 hours** of order placement.

STEP 02

Placing & Reviewing

Minimums & Lead Times

All vendors enforce a **4-tray minimum order**. If this minimum is not met, a \$30 small-order fee will be applied in addition to standard freight charges.

Freight Cost Optimization

Freight rates are clearly outlined in the vendor summary at the front of each pricelist. Fill boxes completely to maximize cost-effectiveness and reduce shifting or damage during transit.

More Ways to Save

Save based on your geographic Location, ordering during **Super Saver Weeks** (budget-friendly pricing on select weeks), and Order Size. Volume discounts are calculated based on vendor matrices.

Submit Your Order

Print and fill out the order form found at the back of every pricelist. Include your **Customer Number** and exact **Item Names / Numbers** for expedited processing.

Submit Via:

- **Email:** plugdept@harriseseeds.com
- **Fax:** 877.892.9197 | Phone: 800.544.7938
- **Mail:** 355 Paul Rd, PO Box 24966, Rochester, NY 14624
- **Sales Rep:** Peyton Norway (585-784-0356)

STEP 03

Receiving & Claims

Reviewing Order Accuracy

Carefully review order confirmations immediately upon receipt for any accuracy issues or automatic substitutions made due to crop failure. Email notifications are automatically dispatched whenever a change occurs.

Cancellations & Adjustments

Contact us immediately via phone or email if changes occur. We will help source an alternative product to replace cancelled trays. Note that changes requested through the vendor are never guaranteed.

Arrival & Unboxing

Unbox shipments immediately upon arrival. Remove all plant material from boxes, move indoors to an appropriate environment, water immediately and plant as soon as possible.

Strict 48-Hour Claims Policy

To report transit damage or quality issues, you must contact Harris Seeds within **48 hours of arrival**.

- **Take clear digital photographs** to document plant condition.
- **Do not discard any plant material** prior to authorization; throwing away material immediately forfeits your claim and eligibility for a refund.

PEROVSKIA ☀️

Perennial. *Perovskia atriplicifolia*; Germination: Cover seed lightly; 68-72°F; 21-28 days; Finish: 22-25 weeks. Blooms early to late summer.

Blue Steel

Shorter, bulkier version of what growers are used to. Silvery green foliage contrasts with tiny blue flowers. Zones 4-9. Height: 18-36", 14-28" spread. 23218 Raw seed: 100 sds \$27.11; 500 sds \$122.55

Blue Steel

PETCHOA ☀️

Annual. Germination: Cover seed lightly; 70- 75°F; 3-7 days; Finish: 11-14 weeks

CALIBURST™ SERIES F1

Petunia sp. x Calibrachoa sp.

The first-ever Petchoa series from seed! Caliburst flawlessly combines the vibrant colors and 9-hour critical daylength response of a Calibrachoa with the cold-durable production, flower size, and seed-form flexibility of a Wave® Petunia. It performs like a premium vegetative variety but with a controlled, highly manageable habit that requires fewer PGRs. An absolute game-changer for early-spring shoulder season production, premium packs, quarts, and mixed containers. Height: 6-10", 20-28" spread. **24143 Yellow:** Brilliant, true-yellow flowers that maintain exceptional color intensity across any season. Winner of the prestigious Medal of Excellence Industry's Choice.

24346 Nectarine: A unique, dynamic color that shifts with conditions. Warm orange and yellow tones in the greenhouse develop a soft rose overlay when transitioned outdoors. ● Pelleted seed: 25 sds \$14.03; 100 sds \$30.06; 500 sds \$133.35; 1M sds \$248.90

Spread: 36-48 in. (91-122 cm)

Angie's Advice

FOR PETUNIAS:

Are your petunias experiencing foliage with interveinal chlorosis even with regular fertilization? It is possible that the soil pH has risen to the point that iron is now unavailable for absorption. Even a seemingly small change in values is worth acknowledging because each number represents a value ten times stronger than the next. It's important to maintain a separate feeding program for crops that prefer the slightly more acidic side of the pH spectrum.

This can also become an issue when attempting to maintain combination containers where plants with very different pH preferences are grown together—looking at you; geranium and petunia combos! If you don't have a pH tester already, I strongly encourage you to add one to your growing toolbox.

FOR PELLETED SEED GERMINATION:

One of the most common questions we receive from growers is how to properly germinate pelleted seed. While pelleted seed offers excellent visibility and improved sowing accuracy, proper handling is key. Ensure good seed-to-soil contact by lightly pressing seeds into the growing media—an empty plug tray works well for this. Maintain consistent moisture and high humidity until germination takes place. When light is required, trays can be covered with a dome or clear plastic, venting as needed to prevent excess heat build-up. Alternatively, a light sprinkling of coarse vermiculite allows light to reach the seeds while helping maintain the necessary microclimate. Adequate moisture is essential for dissolving the pellet and promoting uniform germination.

E3 EASY WAVE® SERIES F1

A must for southern growers, this Wave® series flowers at 10 hours day length, and it will be ready at retail to kick off Easy Wave sales even earlier! With a manageable, uniform plant structure and vigor, this series offers simple production to save on labor costs. The plants can be grown at lower PGR rates than Easy Wave, so we say it's 'Extra Easy' Wave! Let their vibrant color spill from hanging baskets and pots for impulse sales. Plants maintain a full and lush look throughout the growing season. Height: 6-12", 25-32" spread.

23985 Blue 

23987 Coral: deep coral with small white throat.

23989 Pink

23988 Pink Cosmo: Vibrant mid-pink with rose eye

23990 Red: dark red maturing to soft red

66615 Rose Morn: Rose-pink with a white center

23986 Sky Blue: lavender to sky blue

23991 White

23030 Yellow

24313 Deja Vu Mix: Includes blue, white, and Midnight Marble; a blue and white bicolor. Note: Temperature can cause the bicolor pattern to alter. Below 50°F it will be whiter in appearance and when above 50°F, the blue in the pattern will be more pronounced.

24144 Sweet Taffy Mix: Includes Pink Cosmo, Yellow and Rose Morn (not available separately).

24072 Formula Mix: mix of all series colors

Pelleted seed: 25 sds \$13.76; 100 sds \$29.47; 500 sds \$129.50; 1M sds \$240.20

PETUNIA (CONT.) COMPACT GRANDIFLORA

DADDY® SERIES F1

Distinctive extra-large ruffled flowers with prominently colored veins. Sell in standard and premium packs, 4-5" pots and mixed containers. Height: 10", 10-12" spread.

03296 Blue: medium blue with deeper blue veins

03222 Sugar: light purple with dark purple veins

Pelleted seed: 500 sds \$9.96; 1M sds \$17.74; 5M sds \$84.00

03300 Mix: Blue, Peppermint, Sugar, and Red

Pelleted seed: 50 sds \$4.66; 500 sds \$9.96; 1M sds \$17.74; 5M sds \$84.00

DREAMS™ SERIES F1

Popular for the narrow 7-day window of bloom time across the series!

Growers also enjoy their holding ability under hot, humid, and rainy conditions. This series continues to be one of the most saleable grandiflora series on the market. Sell in standard and premium packs, 4-5" pots and mixed containers. Height: 10-15", 10-12" spread.

03281 Burgundy

03982 Neon Rose: bright magenta-purple

HULAHOOP SERIES

Hula Hoop Blue

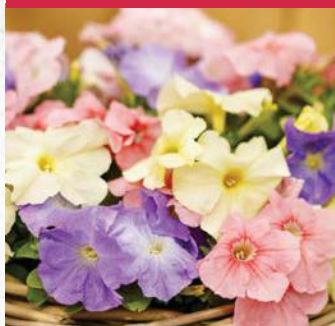

Hula Hoop Burgundy

Hula Hoop Red

LIMBO GP SERIES

Limbo GP Pastel Mix

Limbo GP Mix

Dot Star Dark Violet

HULAHOOP SERIES

Early to flower, highly floriferous, and an excellent outdoor performer. This striking grandiflora series features eye-catching, extra-large blooms, each beautifully contrasted by a crisp white picotee edge. Plants maintain a tidy, uniform habit that shows off beautifully in retail flats, hanging baskets, and garden borders. Height: 10-15", 10-12" spread.

21321 Blue: Deep, rich violet-blue flowers with a clean white border.

24348 Burgundy: Deep fuchsia with white picotee edge. ●

24347 Red: Red with white picotee edge. ●

Pelleted seed: 500 sds \$12.21; 1M sds \$21.44

Dot Star Dark Violet F1 ●

Like stars scattered across a midnight sky, brilliant white spots contrast beautifully against rich purple blooms. Weather-influenced patterns ensure each flower develops its own celestial design, creating a display that is as dynamic as it is beautiful. Well branched and the abundant blooms are 2.5" in size. Height: 12-14", 8-10" spread.

Note: Spots may be less pronounced during periods of hot temperatures.

24350 Pelleted seed: 50 sds \$16.60; 250 sds \$24.21; 1M sds \$92.32

LIMBO GP SERIES f1

Low Grow™ approved. Large grandiflora flowers cover a dwarf plant habit. When other petunias stretch, the Limbos remain compact, even without using PGRs. 'GP' in this series stands for garden performance, thus the plants remain compact in packs and pots, but grow into a slightly more vigorous spread in the garden and landscape. Sell in standard and premium packs, 4-5" pots and mixed containers. Height: 8-10", 15-18" spread.

24073 Pastel Mix: Peach, Sky blue, and Yellow Lime

23009 Mix: mix of all 12+ colors

Pelleted seed: 500 sds \$17.30; 1M sds \$30.38

SOPHISTICA SERIES

Sophistica Blackberry

Sophistica Lime Bicolor

Sophistica Lime Green

SOPHISTICA® SERIES F1 🌸

Petunias for the designer! Large blooms in special one-of-a-kind colors fill out lush upright plants. The 3 varieties match each other well for flowering, so growers can schedule them together. Try them as specimen plants in gardens, or better yet, in baskets or containers. Sell in 4"+ pots and single or mixed containers. Height: 10-15", 10-12" spread.

22469 Blackberry: shimmering black with reddish purple undertones ●

21678 Lime Bicolor: changing color pattern between rose and soft lime

22470 Lime Green: yellow with an underlying lime hue

Pelleted seed: 100 sds \$19.31; 500 sds \$83.50; 1M sds \$159.10

TriTunia™ Star Mix F1

The varieties in this series are uniform in habit and flower timing, with excellent performance from the bench, to retail, and to the garden. Sell in standard and premium packs, 4-5" pots and single or mixed containers.

Height: 12-14", 14-16" spread.

23001 Pelleted seed: 500 sds \$10.16; 1M sds \$18.74; 5M sds \$87.00

TriTunia Star Mix

Popstars Mix

Happy Hour Mix

21st Century Mix

Happy Trails Mix

Sundial Mix

PHLOX ☀

Annual. *Phlox drummondii*; Germination: Cover seed completely; 65-70°F; 5-10 days; Finish: 10-12 weeks

21st Century Mix F1

This popular variety withstands hot and humid conditions. Mix of blue, crimson, scarlet, salmon and white. Height: 10", 8-10" spread. 03490 Raw seed: 100 sds \$14.73; 500 sds \$65.15

Popstars Mix F1 ●

The name says it all! Unique showy single bicolored star-shaped blooms provide a pop of color for gardens and patio planters. Height: 6-8", 8-10" spread.

23344 Raw seed: 100 sds \$15.46; 500 sds \$68.15

PLECTRANTHUS ☀

Annual. *Plectranthus argentatus*; Germination: Cover seed lightly; 65- 75°F; 5-7 days; Finish: 13-16 weeks

Silver Shield

Economical, easy-to-produce seed-grown plants offer better branching than vegetative varieties, with no pinching needed. Sell in standard and premium packs, and 4" and larger pots. Height: 24-30", 24-30" spread. 20012 Pelleted seed: 25 sds \$15.89; 100 sds \$33.42; 500 sds \$147.50; 1M sds \$272.80

Silver Shield

PORTULACA ☀

Annual. *Portulaca grandiflora*; Germination: Cover seed lightly; 72-80°F; 7-10 days; Finish: 10-12 weeks

Happy Hour™ Mix ●

Varieties in this series have been bred for a more upright, contained plant habit. They are also less daylength sensitive than other portulaca, which is particularly beneficial for Southern production. A colorful prismatic mix of Happy Hour Banana, Coconut, Deep Red, Fuchsia, Lemon, Orange, Peppermint, and Rosita. Sell in standard and premium packs, 4" pots and mixed containers. Height: 8-10", 10-12" spread.

22241 Multi-Pelleted seed: 250 sds \$18.17; 1M sds \$55.17

Happy Trails™ Mix

The trailing cousin of the Happy Hour series, Happy Trails has a shorter, more spreading plant habit, making it the variety of choice for adding a spiller to combos. Mix of Happy Trails Deep Red, Fuchsia, Orange, Peppermint, Pink, Rosita, White, and Yellow. Sell in premium packs, 4" pots, baskets and mixed containers. Height: 6-9", 14-18" spread.

22480 Multi-Pelleted seed: 250 sds \$18.17; 1M sds \$55.17

Sundial Mix 🌿

Sundials are a 'legacy' portulaca that growers still gravitate to for a kaleidoscope of brilliant color. The mix is available in both raw seed and multi-seed pellets. Formula mix of Sundial Chiffon, Cream, Fuchsia, Gold, Mango, Orange, Peach, Peppermint, Pink, Scarlet, Tangerine, White, and Yellow. Height: 8-15", 10-12" spread.

03304 Raw seed: 50 sds \$3.03; 1M sds \$12.99; 5M sds \$58.80; 10M sds \$109.10

03304 Multi-Pelleted seed: 250 sds \$20.58; 1M sds \$62.09

PROVEN WINNERS®

The Brand Merger:

At Harris Seeds, we're excited to celebrate an important milestone for one of our valued partners, Proven Winners®. As Four Star Greenhouse and Pleasant View Gardens come together under the Proven Winners organization, they will now operate as PW Carleton (formerly Four Star Greenhouse) and PW Loudon (formerly Pleasant View Gardens).

This strategic evolution brings together decades of horticultural expertise, innovation, and customer dedication under one unified organization. While the names may be changing, customers can continue to expect the same exceptional genetics, trusted programs, and premium quality that have made Proven Winners a leader in the industry.

As your broker and partner, Harris Seeds is excited about what this means for our customers and the opportunities it creates for the future.

Above and Beyond

Sutera Snowstorm
Giant Snowflake

What This Means for Harris Seeds Customers:

Continued Access to Proven Winners Excellence

You'll continue to have access to the high-quality Proven Winners products and programs you know and trust, now backed by an even stronger organization.

More Innovation

By combining their expertise and resources, Proven Winners is well-positioned to accelerate new plant introductions and continue delivering exciting genetics to the market.

Enhanced Support

A unified organization allows for greater investment in marketing, customer resources, and tools that help growers and retailers succeed.

Streamlined Operations

Shared systems and expanded capabilities are expected to improve efficiencies throughout ordering, distribution, and customer service.

A Stronger Future Together

This new structure creates a solid foundation for long-term growth while maintaining the commitment to quality, innovation, and customer success that defines the Proven Winners brand.

Program Highlights & Pricing

Early Order Discounts: Take advantage of our upcoming booking windows closing on **October 15th**. *Discount percentages are being finalized—contact your Harris Seeds sales rep for updates.

Exciting Integration Benefits:

- Consistent Nationwide Pricing
- Consistent Program Architecture (excluding finished products)
- Unified Regional Tray Sizes: 28 Tray, 32 Tray, 52 Supernova Tray, 104 Liner

Core Program Rules:

- Recipe Combinations available nationwide
- Prefinished Programs operating directly out of PW Loudon
- *Note: Branded Pots & Tags are strictly required for all Proven Winners products.*

Petunia Supertunia® Bubblegum II

Calibrachoa Superbells® Double Mardi Gras ● 🌿

Features early, nonstop flowering with spectacular lavender and yellow bicolor double blooms. Excellent branching and heat performance.

Calibrachoa Superbells® Double Magenta ● 🌿

Boasts large, fully double flowers accented by a rich magenta-red center. Highly adaptable and vigorous across all climate regions.

Fuschia Sun Pendants® Hot Pink ● 🌿

Fuschia is back and better than ever! Vivid hot pink flowers with greatly improved heat and sun tolerance compared to traditional varieties.

Lantana Luscious® Vanilla Breeze ● 🌿

Large, intensely fragrant butter-yellow to cream-white blooms. Creates a spectacular visual anchor in mixed container recipes and landscapes alike.

Felicia Sea Spray ● 🌿

Groundbreaking new breeding in the Felicia genus. Delivers an outstanding pollinator magnet featuring sky-blue ray florets framing a bright yellow center.

Nemesia Aromance Plum Honey ● 🌿

An exceptional choice for continuous color. Delivers an outstanding pollinator magnet featuring highly fragrant, oversized bicolor blooms of deep plum-purple and soft yellow. Boasts a compact, upright mounded habit with greatly improved summer heat and humidity tolerance.

Petunia Supertunia® Bubblegum II ● 🌿

An advanced selection of the beloved classic, presenting a brighter, richer pink bubblegum coloration with unmatched landscape vigor.

🌸 Premium Annual

Every year, Proven Winners selects a signature group of top-performing varieties to anchor their multi-million dollar national consumer advertising campaigns. These varieties receive focused television, print, digital, and billboard exposure, driving unprecedented retail demand directly to your business.

ColorBlaze El Brighto Coleus

Supertunia Vista Cool Jazz

Heart to Heart Bottle Rocket

Rockin' Fuchsia Salvia

Allium Serendipity

Sunset Coral Tall Garden Phlox

Bloomerang Ballet Lilac

Puffer Fish Panicle Hydrangea

Kodiak Red Diervilla

Jazz Club

Pebble Beach

Annual of the Year: ColorBlaze® El Brighto Coleus

A fiery, spectacular show of luxurious purple and red centers with bright yellow margins. Exceptionally heat tolerant and thrives beautifully in both sun and shade.

Perennial of the Year: Luminary® 'Sunset Coral' Tall Garden Phlox

Unique coral-pink blooms infused with a distinct orange tinge. Upright, clumping habit with superior powdery mildew resistance.

Petunia of the Year: Supertunia Vista® Cool Jazz®

A robust, upright spreading mound completely blanketed in soft, cool orchid pink blooms. Outstanding vigor from planting until hard frost.

Caladium of the Year: Heart to Heart® 'Bottle Rocket'

A sun-tolerant or shade-loving caladium displaying striking red charting veins against contrast patterns. Outstanding structural focal point.

Landscape Annual of the Year: Rockin'® Fuchsia Salvia

Deep intense fuchsia flowers set against dark calyxes. Continuous bloom, heat loving, and a prime choice for pollinators.

Landscape Perennial of the Year: Allium Serendipity

Globe-like rosy-purple blooms over blue-green foliage. Drought resistant, deer resistant, and incredibly low maintenance.

Landscape Shrub of the Year: Kodiak® Red Diervilla

Dramatic eco-friendly native cultivar with striking red spring foliage and bright yellow flowers, intensifying to deep scarlet in autumn.

Flowering Shrub of the Year: Bloomerang Ballet® Reblooming Lilac

A pure programmatic breakthrough delivering fragrant, pure lavender-purple panicles in spring, reblooming reliably all through late summer.

Hydrangea of the Year: Puffer Fish® Panicle Hydrangea

A larger-than-life upgrade to Bobo, featuring massive white blooms that engulf the strong stems and mature into a soft lime-green tone.

National Recipes of the Year: Jazz Club & Pebble Beach

Jazz Club: Striking mix featuring Prince Tut™ Papyrus.

Pebble Beach: A premium blend of Supertunia Mini Vista® White, Blue Tiara™, and Superbena Sparkling® Amethyst II.

THE COMPLETE RETAIL SOLUTION

Proven Winners does not simply deliver elite genetics; we provide a comprehensive, fully closed-loop product presentation matrix. By pairing the world's most resilient plants with sustainable, consumer-preferred packaging, we guarantee enhanced bench visibility and swift sell-through rates.

100% Recycled Tags

Every tag is constructed from 100% post-consumer recycled material. Designed to be completely readable, UV-stable, and highly weather-resistant, these tags deliver crucial care instructions, plant habit details, and consumer branding that instantly justifies premium retail pricing structures.

Eco+ Pot® System

Crafted entirely from corn-based PLA plant nutrients, the revolutionary Eco+ Pot converts an industrial plastic container into an eco-friendly component. Consumers plant the container directly into the landscape or patio vessel, where it naturally breaks down into premium organic matter over the growing season.

30-Second Planter™

The ultimate landscape and consumer-convenience design innovation. This pre-molded, root-permeable liner drop-in allows landscape crews and home consumers to instantly install pre-arranged professional recipe combinations into containers in under 30 seconds without root disturbance.

Ready to Power Up Your 2027 Program?

Don't wait for peak booking deadlines. Contact your dedicated Harris Seeds Sales Representative today to secure the premier genetics, premium regional tray availability, and complete marketing toolkits necessary to drive profitability.

Hipster Mix

Rocket Mix F1 🌟🌱

This legacy garden performer has shoppers buying it year after year for its tall spikes that display bright closely set florets on sturdy stems. Well rounded mix of nine colors. Height: 30-36", 16-18" spread. 03395 Raw seed: 50 sds \$2.43; 500 sds \$11.24; 1M sds \$15.02; 5M sds \$65.50

GROWER FAVORITE

Rocket Mix

Snaptini™ Mix F1

Controlled and consistent blooms all season long! Snaptini provides a classic compact look that gardeners will love. Meanwhile, because it's daylength neutral, growers will love the ease of production. Formula mix of nine colors. Sell in standard and premium packs, 4-6"+ pots and mixed containers. Height: 6-8", 6-14" spread. 23553 Raw seed: 500 sds \$10.41; 1M sds \$19.36

Twinny Mix F1

Unique, showy open-faced double flowers develop on compact, basal-branching dwarf plants. Breathtaking "butterfly" blooms boast exceptional weather tolerance to both hot and wet summer growing conditions. Formula mixture of vibrant, handpainted shades. Outstanding choice for annual borders, low-maintenance landscapes, and mixed color bowls. Sell in premium packs, 4" to 6" pots, and single or mixed patio containers. Height: 12", 8-10" spread. 22246 Raw seed: 50 sds \$6.72; 500 sds \$19.17; 1M sds \$35.64

Sonnet Mix F1

Bright flower spikes develop on sturdy well-branched plants. Tall luscious spikes make excellent garden bedding plants and garden cut flowers. Formula mix of nine colors. Sell in premium packs, 6"+ pots and single or mixed containers. Height: 18-20", 10-12" spread. 03380 Raw seed: 50 sds \$6.85; 500 sds \$10.62; 1M sds \$19.70

STATICE 🌞

Annual. *Limonium sinuatum*; Germination: Cover seed lightly with vermiculite, 70 degrees F, 5-12 days, Finish: 8-12 weeks.

HIPSTER™ MIX

Limonium is a high demand filler for gardens, a staple for dried production and Hipster's strong stems make it optimal for pot and container production. The intense flower colors grow on dark dense stems and leaves making it a striking addition. Height: 20-28", 12-16" spread. 24305 Raw seed: 500 sds \$12.43; 1M sds \$19.93; 5M sds \$76.15

NEW!**Harmony Mix****Bert****Firecracker****Rio Carnival**

STIPA

Annual. *Anemathele lessoniana* (formerly *Stipa*); Germination: Do not cover seed (requires light); 68-72°F; 7-14 days. Finish: 11-14 weeks.

Sirocco Colorgrass

Graceful, slender ribbons of mounded foliage provide exquisite movement and fine texture in the garden. This breakthrough variety stands out as the only pink-tinted grass easily grown from seed, with its narrow blades turning shades of rich copper and striking bronze-pink under cool weather conditions, full sun, and maturity. Highly heat-tolerant and exceptionally low-maintenance. Sell in 4" pots, premium quarts, or multi-planted in 1-gallon patio containers. Height: 12-14", 22-24" spread. 20782 Multi-Pelleted seed: 100 sds \$21.40; 500 sds \$94.00

**Sirocco Colorgrass**

STOCK

Annual. *Matthiola incana*; Germination: Cover seed lightly; 60-70°F; 7-10 days. Finish: 12-14 weeks.

Harmony™ Mix ●

An early blooming, nicely branched dwarf stock series with exceptional clove-like fragrance. Approximately 50% doubles or selectable by true leaf margin shape. Doubles are serrated; singles are smooth. Height: 6-8", 6-8" spread.

24354 Raw seed: 250 sds \$11.76; 500 sds \$21.66; 1M sds \$34.28

SUNFLOWER ☀️

Annual. *Helianthus annuus*; Germination: Cover seed completely; 70-75°F; 4-8 days; Finish: 4-5 weeks

Bert® F1

Perfect for a 4-6" potted gift, the bright yellow petals surround a chocolate pollen-free disk. Height: 14-18", 8-12" spread.

23536 Raw seed: 25 sds \$5.57; 250 sds \$29.48; 1M sds \$101.52

Firecracker F1

Red and gold bicolor pollen-free flowers with a velvet dark brown central disk. Height: 30", 12-16" spread.

Rio Carnival F1

Pollen-free flowers have stunning teardrop petals tipped in yellow with a rich red center and dark red disk. These uniform, shrub-like plants make a great pot or border plant. Height: 22-27", 10-12" spread.

22801 Raw seed: 50 sds \$15.00; 250 sds \$36.66; 1M sds \$54.40

**Smiley****Smiley Gold****SunBuzz****GROWER FAVORITE****Sunfinity****Teddy Bear**

Smiley™ F1

Broad rich yellow petals surround an attractive pollen-free disk. This early bloomer can kick off your sunflower pot crops sales. Height: 6-20", 12-16" spread.

23738 Raw seed: 10 sds \$6.95; 50 sds \$8.95; 250 sds \$29.02; 1M sds \$82.83; 5M sds \$364.50; 10M sds \$714.46

Smiley Gold™ F1

This potted sunflower has golden petals and a light green center. Slightly earlier to flower (1-2 days) and taller than Smiley. Height: 8-22", 12-16" spread.

24150 Raw seed: 50 sds \$11.47; 250 sds \$29.36; 1M sds \$100.97; 5M sds \$452.15; 10M sds \$800.89

SunBuzz F1

Clear yellow flowers with a pollen-free, dark disk make SunBuzz a real standout. This compact plant needs little to no PGRs, lessening your production costs. Height: 12-20", 8-12" spread.

23554 Raw seed: 250 sds \$35.26; 1M sds \$121.44

Sunfinity™ F1 ●🌱

This next generation of sunflower offers gardeners non-stop blooms, from summer through fall. Highly branched plants produce smaller but far more plentiful flowers than typical sunflowers. Due to its plant habit, a proper pinching and PGR regimen is recommended. Well suited for late spring and early summer, extend your retail sales season with this premium priced product. Ideal for bedding, landscapes, and large patio pots. Visit SyngentaFlowers.com for full details. Sell in 8"+ pots and large single containers. Height: 36-48", 24-36" spread.

23384 Raw seed: 5 sds \$14.38; 25 sds \$43.07; 100 sds \$150.40; 500 sds \$623.00

Teddy Bear

Delightful, fully double fluffy blooms resemble soft pom-poms on sturdy, multi-branching dwarf plants. Eye-catching golden-yellow flower heads are tightly packed with hundreds of silky petals, virtually hiding the center disk. Extremely versatile habit holds its own in the garden or as a fun, child-friendly novelty cut flower. Outstanding choice for small-space gardens and low-growing borders. Sell in 4" to 6" pots and single or mixed patio containers. Height: 24-36", 12-16" spread.

Sweetheart Kisses 🌸

This low-growing moss verbena, praised by AAS judges for its vibrant red, rose, pink, and a hint of white blooms, adds instant charm to any garden. Delicate, airy foliage forms a soft cushion, setting the stage for an explosion of color that lasts all season long. Height: 10-16", 6-8" spread. 24282 Raw seed: 250 sds \$9.95; 1M sds \$35.00

Finesse®

Magenta-purple blooms. Zones 6-10. Height: 36-48", 24-36" spread. 03702 Raw seed: 250 sds \$9.99; 1M sds \$29.68

VIOLA

Annual. *Viola cornuta*; Germination: Cover seed completely; 60-65°F; 8-15 days; Finish: 12-18 weeks

Highflyer™ Lemon Splash

This multi-purpose pansy is not sensitive to daylength, making it ideal for spring and fall production. Lemon Splash has a bright lemon hue with a soft yellow cap. It's trailing, mounding plant habit and impressive flower power is perfect for pot and basket production. Height: 4-6", 6-8" spread.

24304 Raw seed: 250 sds \$43.94; 1M sds \$110.00

TIGER SERIES F1

These two uniquely patterned violas are particularly suitable for the fall market but are also fine for spring sales. Uniform 1-1½" blooms cover the compact robust plants that are ideal for overwintering. Sell in standard and premium packs, 4" pots and mixed containers. Height: 4-6", 4-6" spread.

23156 Tiger Eye Red: amber with dark contrasting black veins and small central blotch

20081 Tiger Eye Yellow: golden yellow with contrasting black veins and small central blotch

Raw seed: 250 sds \$16.80; 1M sds \$57.92

CATS PLUS SERIES F1

These striking whiskers stand out in the garden both in spring and fall. Sell in standard and premium packs, and 4" pots. Height: 6-8", 6-8" spread.

24274 Marina: dark blue whiskers on pale blue petals

24283 White: blue/purple whiskers on pure white petals

24084 Mix: A blend of blue, purple, yellow, and white.

Raw seed: 250 sds \$14.25; 500 sds \$27.23; 1M sds \$48.86

CORINA™ SERIES F1

An excellent weather resistant series displaying an abundance of fragrant 1" short-stemmed flowers. The ideal series for pot sales with its mounded, compact, well branched plant habit. Suitable for spring or fall production.

24356 Corina Penguin: Dark purple with face.

24357 Corina Honeyfrost: Lavender upper petals with a darker purple face and copper beard.

Raw seed: 250 sds \$12.13; 500 sds \$21.22; 1M sds \$37.72

Penny™ Jump Up Mix F1

Larger than normal viola-sized blooms proliferate over lush green compact foliage. Penny Jump Up varieties feature attractive bicolor blooms with one color on the upper petals, and a contrasting color on the lower petals. For spring and fall markets, this formula mix consists of Orange Jump Up, Peach Jump Up, White Jump Up, and Yellow Jump Up. Sell in standard and premium packs, 4" pots and mixed containers. Height: 4-6", 4-6" spread.

20837 Raw seed: 500 sds \$21.49; 1M sds \$39.90

SORBET® XP SERIES F1

Sorbet XP varieties offer a great plant habit with no need for PGRs. The perfect series for both spring and fall sales. Sell in standard and premium packs, 4" pots and mixed containers. Height: 6-8", 10-12" spread.

23725 Neptune: Cream with blue picotee edges

Zinnia marylandica

Zahara® Mix

A well-balanced mixture of mounding, uniform plants covered with large vivid flowers for bold containers and stunning landscapes. This combination is unique with its wide palette of colors, attracting both pollinators and admirers! Zinnia Zahara Mix is low maintenance with both disease and drought tolerance. Short finish times create opportunities for fast turns and less waste. Bloom size: 2½". Bloom type: Semi-double. Height: 12-18", 12-18" spread.

21046 Mix: shades of red, rose, pink, orange, yellow and white
Film Coated seed: 25 sds \$5.02; 250 sds \$20.49; 1M sds \$70.68

Zahara® Double Brilliant Mix

This vibrant and fully double, drought tolerant mixture consists of three eye catching colors. A slightly larger plant than the semi-double version, Zahara Double Brilliant Mix is ideal for landscape plantings with outstanding performance in difficult hot and dry locations. Like all others in the Zahara family, their flowers are larger than similarly marketed competitors while also presenting high disease resistance. Bloom size: 2½". Bloom type: Fully double. Height: 16-20", 16-20" spread.

23230 Brilliant Mix: cherry, fire, yellow
Film Coated seed: 250 sds \$20.49

AMOS ZITTEL & SONS, INC.

New vendor for 2027!

Harris Seeds is proud to introduce Amos Zittel & Sons, Inc. as our newest vendor partner! Family-owned and operated with deep roots in Western New York since 1964, the Zittel family brings decades of growing expertise straight to your greenhouse.

The Harris Seeds Exclusive Pepper & Tomato Program

We are thrilled to offer this exclusive vegetable program, now available in smaller, grower-friendly tray sizes! Perfect for optimizing your greenhouse space and managing inventory, this program brings top-tier pepper and tomato genetics directly to your production schedule. **New tray sizes and order minimums. More details coming soon!**

Discounts & Ordering Information

- Early Bird Savings: Save 5% on any Spring 2027 Order!
- Order Minimum: Just a 4-tray order minimum on the Spring Flower Program.

Spring Program Tray Sizes

- 17 Strip (40mm Elle): Fuchsias & Geraniums
- 17 Strip (40mm Elle): Begonias & Multi-liners (Please order in multiples of 2)
- 26 Strip (30mm Elle): Geraniums & Miscellaneous Spring Plants
- 32 Strip (50mm Elle): Regal Geraniums

Shipping & Logistics

- Carrier: Shipping primarily via FedEx.
- Packaging: Both half-size and standard-size boxes are available to accommodate your order volume safely.
- All program information will be available on our pricelist at harrisseed.com.

GROWING SUPPLIES

Gro Mor Vacuum Seeder

Dial Seeder

Seed Starting & Soil Mixes

SEEDERS

Gro Mor Vacuum Seeder

Operated with an easy squeeze of the bulb, this hand seeder will save you plenty of time when seeding your flowers and vegetables. Tips are angled for ease of seed pick-up and placement. Seeder features tip storage and seed tray, 5 different tip sizes, and a magnifier attachment for sowing very small seed.

40343 Vacuum Seeder \$28.95

Dial Seeder

Our dial seeder is a customer favorite! Simply fill the seed reservoir and select from six different seed sizes on the rotary dial. Gently tap the side of the seeder to get seeds to flow down the tip to your seed starting flat.

41060 Dial Seeder \$4.95

Vibro Hand Seeder

With a push of a button, this seeder's electronic motor slowly vibrates seed down into your seed flats. Features a speed control knob to easily adjust the vibration rate of the seed. Runs on one 9 volt battery. Quickly change your Vibro Hand Seeder from battery power to 115-volt electric with our converter kit. Manufacturer 60 day warranty.

40342 Vibro Hand Seeder \$86.95

40579 Power Converter \$36.95

Vibro Hand Seeder & Power Converter

SEED STARTING & SOIL MIXES

Organic Mechanics Seed Starter Mix

Formulated for optimal seed germination and provides 4+ weeks of fertilization power. Mix holds moisture, yet drains well for healthy root growth. Start your vegetables, herbs, annuals, and perennials seeds in seedling flats, small fiber pots, or any container for planting seeds. Mix contains coconut coir, pine bark, rice hulls, worm castings, and an OMRI-listed organic fertilizer.

41149 Seed Starter Mix 16qt. \$23.75

Jiffy Seed Starting Mix

Jiffy Mix is an optimum blend of Canadian sphagnum peat and vermiculite that can be used for seed starting, cutting propagation, and transplanting. The blend's pH is 5.5 to 6.2. Each 2.8 cu. ft. bag fills approximately 15 x 1020 flats.

04035 Jiffy Mix \$40.95

Professional Formula Seed Starter Mix

This high quality lightweight mixture of sphagnum moss and horticultural vermiculite is used by many commercial bedding plant producers. This mix is especially easy to moisten, drains well, and holds proper moisture.

04028 Seed Starter Mix 20 qt. \$18.95

MICROGREENS SUPPLIES

BioStrate® 160 Felt

Great for micro greens, this lightweight, pH balanced, bio-based textile absorbs and retains water while providing an inert environment for dense healthy root development. BioStrate is compostable; however, it will maintain its structural integrity for the life of your crop and won't clog filters. Just moisten BioStrate Felt with mist or quickly dip in a water bath, then let excess water drain. Sprinkle seeds to the desired density, then mist. BioStrate performs best when not overwatered. The felt should be kept moist, not saturated. Available in 9½"W x 19½"L sheets and by the roll.

42014 BioStrate 160 9"x250' Roll \$126.25

42015 BioStrate 160 Sheets 20ct. \$24.95

42015 BioStrate 160 Sheets 600ct. \$660.95

BioStrate® 160 Felt

Micro Green Trays

These double thick heavy-duty trays are perfect tray for starting, growing, and harvesting micro greens. These shallow germination trays allow you to cut your micro greens closer to the plant base for increased yields and presentation. The shallow trays also offer better air flow around the plants reducing the chances of fungus or disease. These trays are available with or without drainage holes. Trays measure 10"W x 20"L x 1.25"D.

41801 Drainage 5ct. \$32.95

41801 Drainage 50ct. \$192.95

41800 No Drainage 5ct. \$32.95

41800 No Drainage 50ct. \$192.95

Micro Green Trays

PLUG TRAYS

Plug Trays

Great for individualizing single plants. These heavy duty, semi-rigid black plug trays allow you to easily separate species in one tray, reducing potential disease spread and for easy transplanting. Trays easily fit into our 1020 no-drainage trays and Permanest trays (lip of plug trays may rest on top of other trays so that cells are in the trays, but depending on cell size, the bottom of the cells may not touch bottom of tray. Width of cells measured from top of cell as cells taper.)

Tray measurements:

72 cell – 11"W x 21¼"L
128 cell – 11"W x 21¼"L
288 cell – 10½"W x 20½"L
512 cell – 10½"W x 20½"L

Cell measurements:

72 cell – 1½"W x 1⅞"D
128 cell – 1⅞"W x 2"D
288 cell – ¾"W x 1"D
512 cell – ⅝"W x 1⅝"D

A. Plug Trays 72 Cell

JIFFY PELLETS & PELLET SHEETS

Organic Jiffy-O Pellets and Pellet Sheets

One of your favorite transplantable growing mediums is now available organically! The new OMRI listed Jiffy Pellets and Pellet Sheets are available for organic and controlled environment growers. You can use these to transplant into hydroponic, aquaponic, and aeroponic systems. The Pellet Sheets lightweight plastic sheets hold the pellets in a grid formation while in use. Since the Jiffy pellets are locked into the sheet, they stay put when water is added. Each insert measures 10"W x 20"L, and perfectly fit into our 1020 trays and 11"W x 22"L trays. Loose bulk pellets are also available in the 36mm and 42mm sizes.

30mm pellets expand to 2"H. 105 pellets per sheet.
36mm pellets expand to 11/3"H. 72 pellets per sheet.
42mm pellets expand to 11/2"H. 50 pellets per sheet.

Oasis® Root Cubes®

PROPAGATION SUPPLIES

Oasis® Root Cubes®

Rootcubes growing medium is an engineered hydrophilic foam specifically designed for optimal callus and rapid root development. This cutting propagation medium was designed specifically with the perfect balance of air and water to encourage plant growth and get unrooted cuttings off to a strong start. Rootcubes growing media contains just the right amount of starter nutrients and are an especially economical propagation media. Rootcubes allows for rapid nutrient availability without danger of salt accumulation. It is pathogen-free, providing an environment which helps reduce disease and insect problems. Sheets conveniently into a standard 1020 plastic tray.

3 Count Sheets:

41803 Rootcubes 50 cube Sheet \$37.95

41802 Rootcubes 104 cube Sheet \$37.95

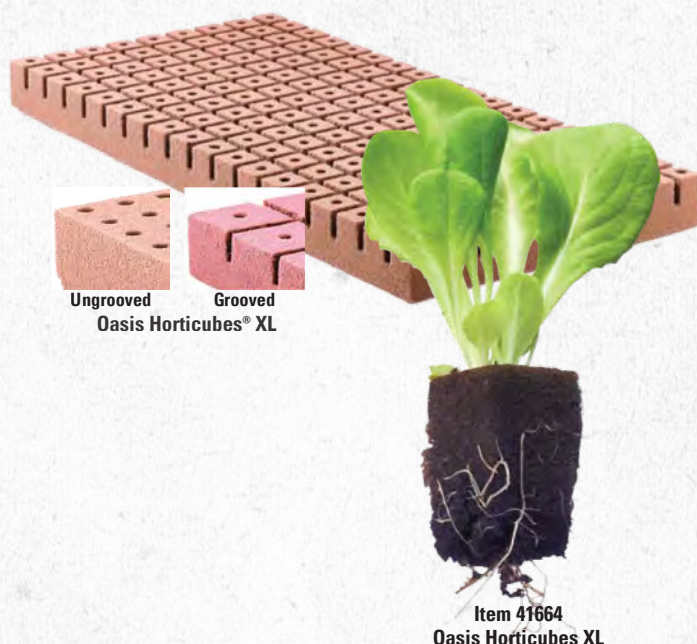

20 Count Sheets:

41803 Rootcubes 50 cube Sheet \$142.95 

41802 Rootcubes 104 cube Sheet \$142.95 

Oasis Cubes

Great for hydroponic production, the sterile media arrives pathogen-free to help reduce disease and insect problems. Media maintains the original air porosity: the cells do not compact after continual watering. All Horticultures® media is manufactured in a "sheet" style, which fits easily into the industry's standard 1020 trays. Each sheet is pre-scored for easy separation of a single cube, a block of cubes, or a strip of cubes. All sheets below are top grooved unless indicated.

Oasis Horticultures®

Horticultures are specially engineered for hydroponic seed germination of vegetables and herbs. The higher drainage design helps maintain an ideal air/water balance, even under heavy watering conditions, and keeps the top of the media drier, minimizing algae growth. The low density foam medium enables superior root growth. Sheets are pre-dibbled with seed holes for uniformity in depth and spacing.

3 Count Sheets:

41657 Horticultures 50 cube Sheet \$39.95

41658 Horticultures 104 cube Sheet \$39.95

41660 Horticultures 276 cube Sheet (ungrooved) \$39.95

Oasis Horticultures® XL

Horticultures XL is specifically developed for professional hydroponic growers, and offers proven performance with quicker crop turns and time savings, particularly for lettuce and herb crops. It is the first hydroponic medium to dramatically improve root penetration and seedling top growth by 35%. Specialized media density and fine cell structure promote faster, stronger root growth, allowing for more efficient nutrient absorption, and faster, stronger plant growth. Fully developed roots penetrate the bottom of the cube in just seven days. Pre-dibbled sheets provide uniformity in depth and spacing. Available in single seed or wider multi-seeded dibble hole sizes.

3 Count Sheets:

41661 XL 50 cube Sheet \$39.95

41662 XL 104 cube Sheet \$39.95

Free standard shipping on orders over \$300!

SHIPPING & HANDLING

Shipping & Handling charges include outbound freight and packaging materials. Charges apply to all orders (excluding plugs & liners, and select wholesale items), and are based on the total order value before tax.

Standard Shipping

Upon receiving your order, please allow us 48 hours to process and ship your order. Due to high demand during the peak months of January-May, orders may require additional time for packaging/shipment. Preferred shipment carriers are USPS and UPS. Please advise if you require a special carrier.

Shipping Outside Continental U.S.

We are unable to ship outside the U.S. or its territories. We do not permit our products to be shipped, forwarded, exported, or otherwise transferred outside the U.S. or its territories. The use of third-party freight forwarders or package forwarding services is prohibited. Additional charges may apply when shipping to AK, HI, PR, or U.S. holdings outside of the contiguous USA. Also please note that Credit/Debit cards, Checks and Money Orders must be from a U.S. based financial institution.

Ship Complete Program

We invite you to take advantage of our **Ship Complete** program. To ensure a smooth shipping experience, we will consolidate your order into fewer shipments when there are items on back order. You will choose a date in the future when you absolutely need your products to arrive, we will hold your order until that date, and then ship all the available items at that time. If there are any remaining items that are not ready to ship, we will ship those once they become available.

Order Value	S&H
\$0.01-\$10.00	\$6.99
\$10.01-\$30.00	\$10.99
\$30.01-\$60.00	\$13.99
\$60.01-\$100.00	\$16.99
\$100.01-\$150.00	\$20.99
\$150.01-\$200.00	\$24.99
\$200.01-\$250.00	\$26.99
\$250.01-\$299.99	\$28.99
\$300 or more	FREE

Surcharge

Please be advised that our S&H rates are subject to change and that a surcharge may be applied for a select number of products that require additional postage, including large and heavy supplies, and live plant products shipping directly from our partner growers. Orders shipping to **PR** will incur a \$10 fee for phytosanitary certificates (per order). Orders shipping to **PR, HI, and AK** are encouraged to take advantage of our ship complete process to ensure all items ordered will ship. Backorders will be canceled.

P.O. Boxes & Street Addresses

Customers with P.O. Boxes must include a complete street address to ensure prompt delivery.

P.O. Boxes & Street Addresses

Customers with P.O. Boxes must include a complete street address to ensure prompt delivery.

Deliveries

Please meet your driver when possible and bring in your box(es) from the elements ASAP. Do not refuse shipment for any reason, you will still be financially responsible for the items. Any issues with shipping must be reported within 24 hrs. Please be available on your delivery date.

Shipping & Handling:

PLUGS, BULBS, BARE-ROOTS, AND TUBERS

**Subject to vendor's terms and conditions.*

P.O. Boxes: Vendors cannot ship live plants to P.O. Boxes. Please provide a physical address and phone number at order placement.

Freight: Plugs, live bulbs, roots are shipped by the supplier. P&L freight is calculated at the time of order.

Sales Policies

Sales tax is charged on all orders shipping to a state where we have Sales Tax Nexus. As of 7/1/2026 this includes all states with the exception of DE, MT, NH, NM, and OR (for the most up to date list, please visit our website). Sales tax will be charged on all purchases within those states unless we have your resale or tax exempt certificate on file. If you are tax exempt, please include your resale or tax exempt certificate with your initial order. See Deliveries section under shipping and handling: seeds.

Return & Refund Policy

All seed sales are final. We will no longer accept returns or exchanges unless product is damaged in transit or if the incorrect item was shipped. Growing supplies can be returned within 90 days of purchase. Item must be in saleable condition. A restocking fee may apply. Approved returns must be accompanied by a Return Authorization number (RMA), which can be obtained by calling us at 800.544.7938.

Plug/Liner & Live Goods orders are non-returnable.

Plug/Liner Claims and Live Goods Claims must be made within 24 hours of receiving shipment. For all product cancellation requests, please call 800.544.7938 to discuss your options as conditions do apply.

Prorate Policy

All seeds and plants listed for sale in this catalog are subject to delivery by our growers and suppliers. In the event that a variety is not delivered in full, we may choose to prorate the amount sold to each customer.

Catalog Pricing

Prices in this catalog are effective through June 30, 2027 and are subject to change without notice.

Harris Seeds and Customer Responsibilities

Variety Selection & Cultural Practices

The varietal descriptions and cultural information in this catalog are based on the observations and experience of our employees, associates, and suppliers. We strive to present the varietal and cultural information you need to choose appropriate varieties and raise them successfully.

Customer results may differ from our printed information as growing conditions vary considerably depending upon geographic location, soil type, climatic conditions, pest or disease pressures, and cultural practices.

We recommend that you consult your state's agricultural extension service for varietal suggestions and cultural information specific to your local area. **Although we do our utmost to provide accurate, helpful information and advice, you alone are ultimately responsible for the success or failure of your crops.**

Plant Diseases

Many flower and vegetable species are susceptible to serious seed- and soil-borne diseases. Our seed is carefully grown, treated, and/or tested to prevent seed-borne infection. Despite our best efforts, we are unable to guarantee absolute freedom from seed-borne disease, nor soil-borne organisms from attacking plants during growth. We try to offer superior varieties with resistance and/or intermediate resistance to diseases whenever such varieties are available and adapted to your conditions. We urge you to look for these features as you plan your seed purchases.

Terms and Conditions

IMPORTANT NOTICE TO BUYERS:

Harris hereby states, as its sole and express warranty, that the seeds and products it sells will conform to only those label descriptions that are required by State and Federal Seed Law or other applicable laws. THE HARRIS SEEDS COMPANY AND GARDEN TRENDS, INC. DISCLAIM AND MAKE NO OTHER WARRANTIES, EXPRESS OR IMPLIED, NOR ANY WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, OR OTHERWISE, TO THE EXTENT PERMITTED BY STATE AND FEDERAL SEED LAW AND OTHER APPLICABLE LAWS, ALL SEEDS AND PRODUCTS ARE SOLD AS IS (TEL QUEL).

For dealers reselling Harris seeds, it is their responsibility to inform their customers of Harris Seeds's conditions of sale and limited warranty. Harris further disclaims any liability for any and all alleged seed-borne or product-borne disease losses, whether the alleged infection is seed borne, product-borne, or secondary-caused. Harris makes no representation regarding the seeds or products it sells as free from seed-borne or product-borne disease.

IN NO EVENT SHALL HARRIS OR ANY OF ITS REPRESENTATIVES BE LIABLE FOR CONSEQUENTIAL, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, PUNITIVE, OR ENHANCED DAMAGES, LOST PROFITS OR REVENUES OR DIMINUTION IN VALUE, ARISING OUT OF OR RELATING TO THIS AGREEMENT, REGARDLESS OF (A) WHETHER SUCH DAMAGES WERE FORESEEABLE, (B) WHETHER HARRIS WAS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, AND (C) THE LEGAL OR EQUITABLE THEORY (CONTRACT, TORT, OR OTHERWISE) UPON WHICH THE CLAIM IS BASED.

HARRIS'S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT, WHETHER ARISING OUT OF OR RELATED TO BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHERWISE, SHALL NOT EXCEED THE TOTAL OF THE AMOUNTS PAID TO HARRIS FOR THE PRODUCTS.

All orders are accepted subject to availability.

These disclaimers of warranties and limitations of liability of Harris may not be altered or amended except by an instrument, in writing signed by an authorized representative of Harris as designated by the President and CEO.

By acceptance of the seeds or products, the buyer acknowledges the disclaimers and limitations herein described are conditions of sale and that they constitute the entire agreement between the parties regarding warranty or any other liability. Any claim resulting from the use of seeds or products must be presented to the Harris within 30 days after any defect or other basis of such claim was discovered or should have been discovered during the growing season in which the seed or product was purchased. Harris will not assume any responsibility after the above-mentioned thirty 30-day period. If the buyer's inspection and testing reveals, to Harris's satisfaction, that the products sold do not conform with the limited warranty set forth herein, Harris shall in its sole discretion, and at its expense (subject to the buyer's compliance with the notice procedures set forth above), either (1) replace such products, or (2) credit or refund the price of such products less any applicable discounts, rebates, or credits. If Harris exercises its option to or replace, Harris shall, after receiving the buyer's shipment of such products, ship to buyer, at buyer's expense, the replacement products to buyer. Buyer has no right to return for repair, replacement, credit, or refund any products except as set forth herein or as otherwise required under applicable law.

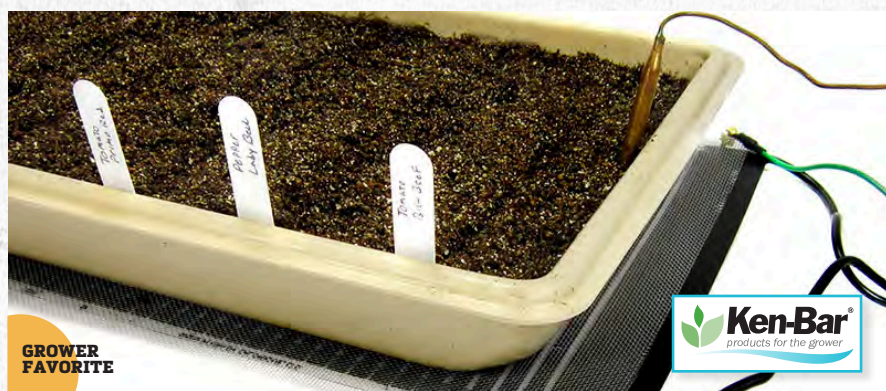

Some states do not allow the exclusion or limitation of the incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights that vary from state to state.

IT IS EXPRESSLY UNDERSTOOD THAT ANY TECHNICAL ADVICE BY HARRIS SEEDS COMPANY AND GARDEN TRENDS, INC. IN REFERENCE TO THE USE OF ITS PRODUCTS IS GIVEN GRATIS. FURTHERMORE, HARRIS SEEDS COMPANY AND GARDEN TRENDS, INC. DO NOT ASSUME ANY RESPONSIBILITY FOR THE ADVICE GIVEN OR THE RESULTS OBTAINED.

No waiver by Harris of any of the provisions of this Agreement is effective unless explicitly set forth in writing and signed by Harris. No failure to exercise, or delay in exercising, any right, remedy, power, or privilege arising from this Agreement by Harris operates or may be construed, as a waiver thereof. No single or partial exercise of any right, remedy, power, or privilege hereunder by Harris precludes any other or further exercise thereof or the exercise of any other right, remedy, power, or privilege by Harris.

8 Tray Light Stand

KEN-BAR LIGHT STANDS

Our new Ken-Bar light stands are a great way to get your plants started indoors without opening up the greenhouse. These sturdy stands feature steel construction and are easy to assemble. Each stand also comes with 4 wheels (2 locking) for easy movement.

Ken-Bar 8 Tray Light Stand ● 📦

This 2-tier stand allows you to start up to 8 standard 1020 tray in a small 23" x 46" footprint. Each light fixture measures 18" wide and 43" long and features three 6400K LED grow light strips. Each fixture also has independent on/off switches allowing you to operate the light fixtures separately. Each tier allows for 6 different height settings to adjust light height as your plants grow. Stand measure 59" T x 23" D x 46" W.

70247 Ken-Bar 8 Tray Light Stand \$699.95

Ken-Bar 2 Tray Light Stand ●

This smaller light stand is great for starting your transplants in a smaller location. Each light fixture measures 13" wide and 23" long and features two 6400K LED grow light strips. Each fixture also has independent on/off switches allowing you to operate the light fixtures separately. Each tier allows for 4 different height settings to adjust light height as your plants grow. Stand measure 45" T x 12" D x 24" W.

70246 Ken-Bar Two Tray Light Stand \$279.95

2 Tray Light Stand

DIGITAL TIMER

Digital Dual Outlet Timer

Using a timer to automate your lighting adds convenience and encourages productive growth with consistent hours of light. Timers feature 1 minute on/off, up to 8 on/off cycles per day, controls 2 outlets simultaneously and can handle 15 amps/1725 watts.

40627 Digital Dual Outlet Timer \$24.95

Digital Dual Outlet Timer

CUT FLOWER SUPPLIES

Your bouquets deserve to look their best! We offer many floral supplies to help in your cut flower production along with our wide selection of cut flower varieties. We have the floral supplies you need to be successful in this increasingly popular cut flower market.

Many vegetables and flowers require light for seed germination. It is important to check your seed packet to see if light is a requirement. If so, these seeds should be sown on top of the soil or very lightly covered to ensure they receive enough light. Another common problem people new to seed starting face is spindly plants that fall over. When seeds are started indoors or outside under very short days, artificial lighting is a must. Lights should be placed very close to each flat, approximately 1½ or 2 inches from the plants. The close proximity of the light ensures that the plants do not stretch toward the light but rather stay healthy and stocky.

LIGHT REQUIREMENT FOR germination

Harris Seeds' premier partner for professional grower supplies!

Harris Seeds is excited to offer Ken-Bar growing products. A member of the GTI-family of brands, Ken-Bar brings over 50 years of industry experience to our growing supplies lineup.

With a commitment to quality and outstanding customer service, Ken-Bar offers American-made equipment and supplies to growers of all sizes.

Specializing in seed germination and greenhouse ventilation, Ken-Bar manufactures its own line of custom Convection Tubing, Agritape Heat Mats, and High Tunnel Greenhouse Vents – all assembled right here in the USA.

High Tunnel Greenhouse Vents

Rigid aluminum vents with openers that provide supplemental ventilation in hot greenhouses.

Row Covers & Support Wires

Extend your grow season and protect your late crops. Durable and re-usable support wires are available in multiple gauges and lengths. Row covers come in slitted or unpunched lengths.

Convection Tubing

Trusted by greenhouse growers across the nation. Offering complete customization to meet your heating, cooling, and airflow needs.

* Look for the Ken-Bar logo () in our supplies selection to view our current offerings.

* For custom-orders and made-to-spec items we encourage you to visit ken-bar.com directly.

Pressure Regulators

Header Pipe Punch

T-Punch Tool

Water Filter

Drip Tape

Header/ Main Line Pipe

Drip Irrigation Valve & Sleeve End Kit

Header Pipe/ Main Line Elbows, Tees, and Couplers

DRIP IRRIGATION SUPPLIES

Pressure Regulators

Keep proper pressure in your drip system so your lines don't blow out. Too much pressure can expand the emitters or cause drip line failure, leaving you with a costly and time-intensive repair.

40597 Regulator 30 PSI \$28.95

40595 Regulator 12 PSI \$28.95

41913 Regulator 10 PSI \$20.95

Water Filter

Having a filter on your drip irrigation system is highly recommended, as filters keep larger particles from passing into your drip tape and emitters causing them to become plugged. Filter can be used with 1", 3/4", and 1/2" main line systems by using a 3/4" female tape lock adapter.

41297 Filter \$29.95

41296 200 Micron Filter \$21.95

Drip Irrigation Valve & Sleeve End Kit

Each kit contains 5 drip line valves and 5 drip line end sleeves.

40281 End Kit \$9.95; 5@ \$8.95ea.

Drip Punch Tools

Quickly punch holes in your header pipe to install fittings and emitters. The Header Pipe Punch Tool makes a punch for standard .4" barb drip line valves. The T-Punch Tool is a metal cutting tool that allows you to punch holes in your header pipe to attach drip emitters and other attachments. It cleanly cuts a 1/8" hole, or press the knob on the handle to expand the 1/8" hole to 1/4".

41031 Header Pipe Punch \$24.95

41258 T-Punch Tool \$9.95

Drip Tape

5/8" standard drip tape. Available in 2 different emitter spacings to fit different crops and your growing needs.

41271 10 mil, 12" spaced, .5 GPM 1000' \$99.95

41831 10 mil, 12" spaced, .5 GPM 6000' \$289.95

41523 15 mil, 36" spaced, .5 GPM 4000' \$239.95

Header Pipe/ Main Line Elbows, Tees, and Couplers

These Power-Loc™ fittings allow you more flexibility along with the ability to add 90 degree angles, splits, and make repairs to your irrigation systems. The connectors tighten down on the header pipe, making a clean, drip-less connection.

41274 Elbow for 1" Pipe \$7.95

41275 Elbow for 3/4" Pipe \$5.95

41277 Tee for 1" Pipe \$7.95

41278 Tee for 3/4" Pipe \$6.25

41280 Coupling for 1" Pipe \$4.25

41281 Coupling for 3/4" Pipe \$4.25

Header/ Main Line Pipe

Drip irrigation main line and header pipe tubing delivers water to drip lines and emitters that keep your plants watered and healthy. Emitters and valves are easily inserted into the main line drip irrigation tubing by using a punch tool.

40503 1" Header Pipe 250' \$174.95

41284 3/4" Header Pipe 250' \$119.95

41729 3/4" Header Pipe 100' \$59.95

Header Pipe/ Main Line Closures

The Power-Loc™ closure tightens down on the header pipe making a clean, drip-less cap to your system. Closures also feature a removable cap to allow you to easily flush your system. The Figure 8 closures are a quick, inexpensive way to close the end of your irrigation system. Run your main line pipe through one hole, bend the pipe over, and run it back through the second hole to form a kink in the line.

41265 Power-Loc for 1" Pipe \$4.95

41266 Power-Loc for 3/4" Pipe \$4.25

41262 Figure 8 for 1" Pipe 5ct. \$3.95

41263 Figure 8 for 3/4" Pipe 5ct. \$3.50

DRIP IRRIGATION KITS

Drip Irrigation Kit for Smaller Acreage Farms

Drip irrigation sends a uniform distribution of water directly to the root zone of plants, avoiding waste and runoff. This system can save up to 50% water compared to conventional systems and minimizes negatives like soil compaction, erosion, and weed growth. It also tends to minimize leaf burn and fungal diseases. Kits can be configured in many layouts by cutting the header and drip tube to specified lengths. The maximum length to cut each line is 550'. These systems may be used with black plastic mulch by laying drip tape under the plastic. Components include: (1) Roll 1" x 250 ft. Flat Tube Header/ Main Line; (3) Rolls 10 mil. x 1000 ft. "T-Tape" Drip Line; (1) 1" Pressure Regulator with 1" Adapter (garden hose inlet); (1) 1" Screen Filter with Adapter and Clamp; (1) 1" End Plug for Head Line w/ Clamp; (1) Pressure Gauge with Stake; (30) Drip Line Connectors with Shut-Off Valve; (1) Hole Punch for Head Line; (30) Drip Line End Sleeves; (5) Drip Line Repair Couplers.

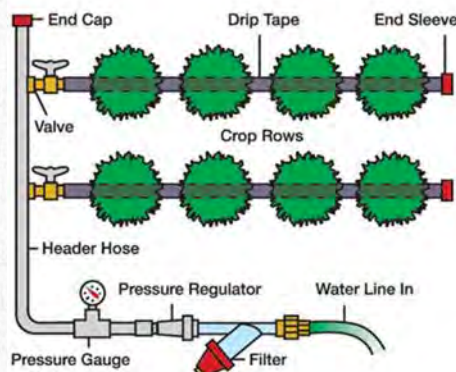

40131 Drip Irrigation Kit \$569.95 (Save \$106.95!)

Medium Drip Kit

Components include: (1) Hose adapter; (1) 3/4" Filter; (1) 3/4" Pressure Regulator; (1) Pressure Gauge with Tee; 100 ft. Soft Poly Header/Main Line; (1) Roll 10 mil. x 1000 ft. Drip Line; (20) Drip Line Connectors with Shut-Off Valves; (1) Hole Punch for Header Line; (20) Drip Line End Sleeves; (5) Drip Line Repair Couplers; (1) End Cap for Header Line.

40184 Medium Drip Irrigation Kit \$315.95

(Save \$32.65!)

Dramm Watering Wands

Dramm Seeding Nozzle

Dramm Fog It Nozzle

IRRIGATION

Dramm Watering Wands

Known for their high quality, Dramm is the industry standard for your watering wand needs. Each 30" wand features a 400 ppl water breaker head and a thumb shut off valve.

41915 16" Watering Wand \$17.50; 2@ \$16.50 ea.

40205 30" Watering Wand \$21.50; 2@ \$19.95 ea.

Dramm Seeding Nozzle

The seedling nozzle allows you to water fragile plants, seedlings, and cuttings without fear of knocking them over. The nozzle sprays at a rate of 1/2 gallon/minute.

40320 Seedling Nozzle \$12.25

Dramm Fog It Nozzle

This nozzle allows you to mist young seedling and cuttings. The nozzle has three misting jets and sprays at a rate of 1 gallon of water/minute.

40321 Fog It Nozzle \$14.25

Dramm Siphonject Fertilizer Mixer

The Dramm "Siphonject" Fertilizer Mixer draws a concentrated fertilizer solution from a bucket through a flexible suction tube, diluting it with the passing water stream at an approx. 20 to 1 ratio. This plastic siphon unit contains 3/4" male and female hose threads.

40122 Dramm Siphonject \$17.95

Dramm Water Breaker Nozzle

Protect your plants with the soft, low-flow 750 watering nozzle. 750 Micro-holes in stainless steel create an ultra-soft flower shower which will not disturb delicate soil or harm tender plants.

42017 Dramm 750 Water Breaker \$23.95

Dramm Water Breaker Nozzle

Dramm Siphonject Fertilizer Mixer

High Tunnel/ Greenhouse Vent with Auto Opener

Automatic Vent Opener

Dramm Water Timer

Save time and water! This mechanical automatic water timer shuts off irrigation and sprinklers after a preset duration to conserve water and prevent overwatering. The automatic water timer can be set to water for any length between 5 and 120 minutes. Just turn your water spigot on and set the timer. Fits all standard 3/4" garden hose fittings.

40207 \$19.95

Dramm Water Timer

VENTING

High Tunnel/ Greenhouse Vent with Auto Opener

This easy to install vent can be placed in the end wall to provide supplemental ventilation for extremely hot conditions. During moderate weather, high tunnels are generally vented by rolling up the sides and opening the doors on each end. However, extremely hot weather often requires additional ventilation, with the best vent position at the roof or peak of the structure. Each vent comes with two types of vent openers: manual and auto-temperature. The manual opener is operated with a hand pull wire, while the auto-temperature opener operates automatically and can be adjusted to open at temperatures between 60-77°F. Vent acts as a great insurance policy if you are unable to open your main vents or other venting fails. Installs in minutes with wiggle wire and channel locking. Measurements are of actual vent and do not include the frame.

70144 Vent 12"W x 12"H \$169.95

70145 Vent 18"W x 18"H \$209.95

70146 Vent 24"W x 24"H \$248.95

70164 Vent 30"W x 30"H \$299.95

Automatic Vent Opener

Use this automatic vent opener to ensure your plants do not over heat in your greenhouse or cold frame. Easily attachable to most greenhouse vents and cold frames, the opener operates automatically and can be adjusted to open at temperatures between 60-77°F. No batteries or electricity needed.

70011 Automatic Vent Opener \$63.95

70184 Replacement Cylinder \$29.95

INSECT CONTROL

A. Captain Jack's Deadbug Brew®

Captain Jack's Deadbug Brew contains Spinosad, a product first isolated from a naturally occurring soil dwelling bacterium that was collected on a Caribbean island from an abandoned rum distillery. Deadbug Brew kills bagworms, borers, beetles, caterpillars, moths, loopers, leaf miners, spider mites, thrips and more! Use on ornamentals, fruit, vegetables, berries, citrus, grapes, and nuts. 32 oz. concentrate makes 16 gallons of spray. **Not available for sale in AK or HI.**

41130 Deadbug Brew 32 oz. \$29.95

B. Active Eye Microscope

The Active Eye line of microscopes uses super-bright LED bulbs to illuminate your specimens with no eye strain. The lightweight construction allows you to bring the microscope into the field or greenhouse. Provides targeted, optimal illumination and features an adjustable zoom from 60x to 100x. Mount to your phone camera for easier viewing. Includes batteries and case.

41156 Active Eye \$23.95

C. Thyme Guard

Made from the essential oil extracted from the thyme herb, Thyme Guard is a 100% biodegradable broad spectrum contact and systemic liquid organic bactericide, fungicide, and insecticide for use in all crops, turf, and ornamentals. Dilute into water at a rate of 0.5% (2 quart/100 gallons) to 0.125% (1 pint/100 gallons). Thyme Guard is tank mixable with most other chemicals. Do not mix with peroxides and/ or sulfonates. Can also be used at any time including on harvest day.

41794 32 oz. \$41.95

D. Yellow Sticky Cards ●

Free your plants of whiteflies, gnats, and other flying insects without using pesticides. These bright yellow 3"W x 5"H cards have been coated on each side with a specially formulated non-toxic adhesive that permanently traps insects when they land.

40237 Yellow Sticky Cards 10ct. \$12.95

40237 Yellow Sticky Cards 50ct. \$34.95

E. Wire Sticky Trap/ Sign Holders

These 11" galvanized wire with loop ends are perfect for holding sticky traps. Placement of your sticky cards is important depending on the pests you are monitoring. These holders allow you to place your sticky traps near the soil or higher above the plant canopy. Wire holders also work great for signs and pricing.

41204 Sticky Trap/Sign Holders 10ct. \$15.25

F. Blue Sticky Cards

Blue Sticky Traps attract and catches thrips and leafminers.

The easy-to-open 4"x7" trap reverse folds to expose 4"x14" sticky (yellow or blue) surface with grid for precision monitoring purposes. Approximately 30 square inch adhesive area. Non-poisonous and weatherproof. Punched with hole and twist-tie provided to easily hang trap. Easy to handle and count insects without getting sticky.

41203 Blue 5ct. \$8.25; 2@ \$7.50 ea.

G. Neem Oil

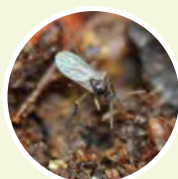

NeemMax is a plant-based, botanical product that contains the full spectrum of bioactive compounds that stop the insect lifecycle. This 4-in-1 product is a Fungicide, Insecticide, Miticide & Nematicide.

42031 Bonide Neem Max \$29.95

DISEASE CONTROL

A. MilStop® WP Fungicide 5 lb.

MilStop is an EPA-registered, potassium bicarbonate-based foliar fungicide that kills powdery mildew on contact by pulling water from spores and their growing strands. The patented formulation easily spreads out evenly for great leaf coverage, providing 1-2 weeks of residual protection. MilStop also helps control alternaria blight, anthracnose, black spot, botrytis blight, leaf spot, downy mildew, and more. OMRI Listed for organic production. **Not available for sale in AK, DC, HI, WY.**
41247 MilStop WP 5 lb. \$96.95

B. Liquid Copper Fungicide

Bonide's patented formula allows for greatly expanded use, from turf to veggies and fruit to flowers. The concentrate provides excellent control of blights, leaf spots, rusts, mildews, scab, anthracnose and mold with as little as 1½ teaspoons per gallon. Also suitable for indoor use and is a natural way to control disease. 16 oz concentrate. **Not available for sale in AK and DC.**
40568 Liquid Copper Fungicide \$29.95

C. Tenet WP Fungicide

New standard for soil-borne disease control, TENET® WP is a second-generation biorational fungicide that contains two powerful species of beneficial Trichoderma fungi that effectively control or suppress soil-borne diseases. Tenet is highly effective against Fusarium spp., Phytophthora spp., Pythium spp., Rhizoctonia spp., Sclerotinia spp., Sclerotium rolfsii, Thielaviopsis basicola, Verticillium spp., as well as Armillaria sp and Rosellinia sp. When applied, the active ingredients that grow in the soil and around the plant's root system using multiple modes of action to suppress and destroy disease causing fungi. The two unique beneficial fungi in Tenet work in complimentary temperature ranges: T. gamsii germinates at 44.6°F and T. asperellum at 53.6°F and both are most active between 75° and 86°F. With this broad range of activity, Tenet is perfect for both early season planting in cooler soil as well as late season applications. For use as a soil drench, soil spray, irrigation, or in hydroponic systems. OMRI Listed for organic production.
41854 Tenet WP Fungicide 1lb \$69.95

D. Armory Beneficial Bacteria

Armory is a high concentration of several select beneficial plant bacteria. These powerful species of Bacillus and Streptomyces are all scientifically proven plant growth, yield, and vigor-promoting bacteria. This unique and powerful product not only strengthens plants, but can also be used to greatly enhance soil quality. Soil that has been sterilized with overuse of chemicals, old or re-used potting soil, and other low-quality growing mixes can greatly benefit from being treated with Armory. Armory can be used as a drench, liquid feed, irrigation, spray, or seed treatment. It is compatible with fungicides, insecticides, fertilizers, and biological stimulants. Armory is 100% soluble and it will not clog machinery. Mixing rates depend on application method, 2oz package. OMRI Listed for organic production.
41852 Armory Beneficial Bacteria 2oz. \$34.95

E. Revitalize Biofungicide

This uniquely formulated fungicide triggers a plant's immune response in order to control and prevent common fungal diseases.
42030 Revitalize Biofungicide \$25.95

BIO STIMULANT

Pure CV-Grow™

Supports every stage of plant growth with solutions designed to enhance plant health, provide meaningful and measurable results, and improve efficiency. Pure CV™ empowers growers to achieve impressive economic results by enhancing plant health and optimizing crop productivity. With Pure CV™, growers can expect decreased grow and production times, increased yields, and improved crop quality, resulting in higher market value and greater profit potential. By naturally strengthening plants and promoting nutrient absorption, Pure CV reduces the need for costly interventions, saving growers additional inputs and maintenance while supporting resilient, high-quality harvests. Mix 8oz of concentrate per acre for most standard applications. Ships direct from manufacturer, for best results order 30 days before application.

42071 Pure CV Grow 1Gallon \$299.00

ANIMAL CONTROL

Heavy Duty Deer Fencing

Deer Fence PRO is a safe, humane alternative to wire fencing. It acts as a barrier and discourages deer and other small animals from destroying gardens and other vegetation. Lightweight but strong, this deer fencing is easy to install. Made of UV resistant polypropylene strands bonded together, this fence will last for years. Size: 7' x 100'. Mesh size on fencing measures .75" x .75". Fence does not come with stakes. 40341 Fencing 7'W x 100'L \$92.95

Deer-X Fencing

Install this black polypropylene temporary fencing around your property, slanted or vertically, to help keep deer out. Mesh size is 5/8"W x 1/2"H. Does not include stakes.

05058 Deer-X Fencing 7'W x 100'L \$30.95

Bird Netting

Protect your prized fruit, vegetables, and hard work from being damaged by destructive animals. Netting is a humane way to prevent animals from feeding on or harming plants. Bird netting is constructed by UV protected polypropylene strands that have a 3/4"W opening.

05053 Dalen Bird-X Netting 14'W x 14'L \$14.95

05054 Dalen Bird-X Netting 28'W x28'L \$38.50
