

The background of the entire page is a photograph of industrial equipment, specifically several large, silver-colored pipes or valves. The pipes are arranged in a row, receding into the distance, creating a sense of depth. The lighting is dramatic, with strong highlights and shadows. The image is split horizontally by a dark grey triangle pointing upwards, which separates the logo area from the main title area.

Welcome to Our Company

At Gator, we pride ourselves on manufacturing pipe fittings from the highest-grade plastic, brass, steel, and aluminium. Our extensive range is designed to meet the needs of even the most challenging installations, with sizes ranging from compact 8mm fittings to robust 208mm clips.

Our innovative resealable packaging ensures simplicity and ease of use, tailored for the modern heating engineer. By offering a price-conscious product without compromising on quality, we empower you to maximize profits on every job while providing reliable, top-tier solutions to your clients.

We manufacture premium plumbing fittings using state-of-the-art injection moulding techniques. Whether you need galvanised steel and brass fittings, rubber-lined clips, or sturdy brackets, our products are designed to meet the highest standards for your project requirements.

We're here to support you and your team of plumbers in finding the ideal fittings for a wide variety of pipe sizes and applications. Discover our complete range in our comprehensive product catalogue and experience the Gator Fixings difference.

Who Are We?

Gator Fixings is quickly establishing itself as a leading UK manufacturer of pipe clips and fixings, with a growing product range. We supply both national and regional plumbing and heating distribution centres, providing next-day delivery across the country. Our products are designed to meet the increasing demand for quality and reliability in installations, featuring convenient resealable packaging in practical quantities for enhanced usability.

What Do We Supply?

At Gator Fixings, we cater to all your needs, whether you're looking for a simple selection of hinged pipe clips for a small project or a comprehensive range of industrial pipe clips, fittings, and accessories for a large-scale plumbing business. Our range includes brass, steel, galvanised and plastic. We are committed to keeping you equipped for every job by constantly updating and expanding our product range to meet the evolving demands of the industry.

Our Quality Guarantee

Our plastic clips are crafted using a durable mix of PPE and plasticiser, offering built-in sturdiness with the flexibility required for seamless domestic installations. For larger commercial projects, our extensive range includes sizes up to 172mm, ensuring reliability for the most demanding environments.

Don't settle for overpriced hardware – explore the Gator Fixings range today and experience quality and reliability.

Hinged Clips/Spacers

Features & Benefits

- Providing a sturdy fit for copper pipes
- Designed for internal and external use
- Self Locking snap-on top
- 360 degree pipe support at High temperatures

Code	Product	Quantity
HSPC15	Hinged Single Pipe Clip 15mm (bag 100)	1
HSPC22	Hinged Single Pipe Clip 22mm (bag 100)	1
HSPC28	Hinged Single Pipe Clip 28mm (bag 50)	1
HDPC15	Hinged Double Pipe Clip 15mm (bag 50)	1
HDPC22	Hinged Double Pipe Clip 22mm (bag 50)	1
HPCSTDO	Hinged Pipe Clip Standoff Spacer (bag 100)	1

Coloured Pipe Clips

Features & Benefits

- Colour co-ordinated to identify hot, cold, and gas pipes
- No more loose clips with resealable bags
- High grade polypropylene for extra long lasting fittings
- Designed with a clip on feature for simple installments
