WHEY Protein Special Edition

Sporter Whey Protein is engineered for the dedicated athlete who refuses to compromise on quality. By utilizing a premium Whey Protein Concentrate, we've created a formula that balances rapid absorption with a rich, satisfying texture, ensuring your muscles get the fuel they need exactly when they need it.

Why Sporter Whey Stands Out:

Precision-Engineered Muscle Growth Each serving delivers 22g of high-bioavailability protein, triggering muscle protein synthesis to help you pack on lean mass and increase raw power.

The "Final 9" Amino Profile Your body can't produce the 9 essential amino acids (EAAs) on its own. Sporter Whey provides the full spectrum, ensuring your biological "construction crew" has all the tools required for total tissue repair.

Optimal Macronutrient Efficiency With only 3g of carbohydrates and a low-calorie footprint, this formula is designed to fit into the most disciplined cutting phases or clean-bulking regimens.

Rapid Post-Workout Resupply Our fast-acting concentrate enters the bloodstream quickly, neutralizing muscle breakdown (catabolism) and kickstarting the recovery window immediately after your last set.

Gourmet Mixability We've eliminated grit and clumping common in standard powders. Sporter Whey dissolves effortlessly in water or milk, providing a smooth, barista-quality shake every time.

Made in Poland

Whey Protein Powder

Looking to build extra muscle mass and cut your way to a leaner physique? Sporter Isolate Protein Powder is here to help you achieve your goals with a delicious and nutritious formula that supports muscle growth and recovery.

Crafted with high-quality Whey Protein Isolate and Whey Protein Concentrate, each scoop contains 23.4g of protein to help you build lean muscle mass. But we didn't stop there – we've also included 25 grams of essential and non-essential amino acids to provide your muscles with the building blocks they need to repair and grow stronger.

Say goodbye to muscle soreness and hello to faster recovery! Due to the addition of 5 grams of BCAAs in every serving. Plus, with only 115 calories per scoop, our protein powder is the perfect choice for anyone looking to watch their calorie intake while still fueling their diet with the highest-quality protein.

In summary, Sporter Isolate Protein Powder is an essential supplement for anyone looking to build lean, shredded muscle mass. Try it today and experience the difference for yourself!

- 23.4 grams of total protein from a premium whey protein isolate and hydrolyzed whey protein.
- 25 grams of essential and non-essential amino acids to boost muscular growth.
- 5.4 grams of BCAAs to boost muscle synthesis and reduce the effects of muscle soreness.
- 2.6 grams of Leucine delivering the ideal dose to trigger muscle protein synthesis and accelerate your recovery.
- Only 115 calories per serving.

CASEIN Protein

Powder 100% Micellar Casein

Why Choose Sporter Casein Protein?

Slow-digesting protein Casein is absorbed slowly, providing a steady release of amino acids over several hours, making it ideal before sleep or long periods without food.

Supports muscle growth Supplies a sustained stream of protein to muscles, helping repair and build muscle tissue over time.

Reduces muscle breakdown Its slow release helps prevent muscle catabolism, especially during overnight fasting.

Promotes satiety Keeps you feeling full longer, which can help with weight management.

Rich in essential amino acids Provides the building blocks your body needs for recovery, immunity, and overall health.

SUPPLEMENTS FACTS

INGREDIENTS: Micellar casein **(milk)**, cocoa powder, flavors, electrolyte mixture [sodium citrate (sodium), calcium lactate (calcium), sodium chloride (sodium, chloride), magnesium salts of citric acid (magnesium), potassium chloride (potassium, chloride), potassium citrate (potassium)], salt, enzyme complex: [α-amylase (from aspergillus oryzae), neutral protease (from bacillus subtilis), lactase (from apergillus oryzae), lipase (from rhizopus oryzae), cellulase (from trichoderma longibrachiatum)], sweeteners: sucralose, steviol glycosides from stevia.

Supports bone health Contains calcium, which is important for strong bones and teeth.

Boost Your Muscle Growth Overnight

Sporter Casein Protein is a slow-digesting protein that delivers a steady stream of amino acids to your muscles. Unlike fast-digesting proteins, it works over several hours, making it perfect to take before bed. Feeding your muscles while you sleep supports recovery and helps build lean muscle effectively.

Prevent Muscle Breakdown and Stay Full

One of the biggest advantages of Sporter Casein Protein is its ability to reduce muscle breakdown. Its slow release keeps your body in an anabolic state, especially during overnight fasting or long periods without food. It also helps you feel fuller for longer, which can support your weight management goals naturally.

BEEF
Protein Isolate Plus

Why Choose Sporter Beef ISO Plus?

Fast-Absorbing Protein with Electrolyte Advantage

Sporter Beef Protein Isolate Plus is not your typical beef protein isolate. Its fast-absorbing formula delivers 23.7g of high-quality protein per serving to fuel muscle recovery and growth. What makes the "Plus" unique is the electrolyte enhancement – a feature that sets it apart from other beef protein products on the market. These electrolytes help maintain hydration, optimize muscle function, and support endurance, giving you a clear advantage in performance and recovery.

Complete Amino Acids for Maximum Strength & Recovery

Beef Protein Isolate Plus provides all 9 essential amino acids, including Leucine, Isoleucine, and Valine, alongside additional amino acids like Glycine, Proline, Hydroxyproline, Arginine, and Glutamic Acid. Together, these amino acids support efficient muscle repair, enhanced strength, and overall physical performance. Unlike ordinary beef protein supplements, the "Plus" formula ensures your muscles receive the nutrients they need during and after exercise, helping you recover faster and perform better.

Clean, Advanced Nutrition for Everyday Fitness

With Beef Protein Isolate Plus, you get a lactose-free, 0g sugar protein option that is both clean and highly digestible. Perfect for post-workout recovery or between meals, it helps meet daily protein requirements while supporting hydration and endurance with its unique electrolyte blend. If you want more than just a regular beef protein isolate, this is the formula that takes your performance and recovery to the next level.

MASS GAINER

Why Choose Sporter Mass Gainer?

High-Quality Protein Delivers 1,300 calories per serving to support significant muscle mass gains.

Protein-Rich Blend Provides 60g of high-quality protein from whey concentrate, whey isolate, and micellar casein for sustained amino acid release.

Carbohydrate Support Includes 254g of quality carbohydrates to replenish glycogen stores & fuel workouts.

Enhanced with Creatine & BCAAs Contains creatine monohydrate and BCAAs to promote strength, endurance, and muscle recovery.

MCT Oil for Energy Incorporates medium-chain triglycerides (MCTs) to provide quick energy and support metabolism.

Sporter High-Protein Mass Gainer is designed to be gentle on your digestive system, ensuring you can fuel your body for growth without discomfort.

The carefully selected ingredients are easy on the stomach, helping to minimize bloating and digestive stress, even with its high-calorie and protein-rich formula.

Proper Direction of use 2 scoops after workout immediately mixed with water and/or 2 scoops throughout the day mixed with water or milk.

Highly Branched Cyclic Dextrin

Why Choose Sporter True Carbs?

Rapid Gastric Emptying The unique molecular structure of Cluster Dextrin® ensures it moves through the stomach faster than traditional carbs, eliminating bloating and mid-workout nausea.

Sustained Energy Release Provides a steady stream of fuel to working muscles, preventing the "crash and burn" effect associated with high-sugar energy drinks.

Optimal Glycogen Replenishment Perfect for post-workout recovery to quickly refill muscle energy stores and reduce downtime between sessions.

Zero Sugar & Zero Fat A 100% clean carbohydrate source that fits perfectly into strict macronutrient plans without adding unwanted calories from fats or simple sugars.

Superior Mixability An unflavored, ultra-fine powder that dissolves instantly in water or can be easily stacked with your favorite Pre-Workout or BCAA formula.

Intra & Post-Workout Versatility Specifically formulated to be light enough for consumption during high-intensity exercise and effective enough for immediate post-training recovery.

Monohydrate Powder

Why Choose Sporter Micronized Creatine Flavored??

- Optimal Physical Support: With a full 5000mg of pure creatine monohydrate per serving, you get the gold-standard dosage proven to support power output and performance during high-intensity training.
- Advanced Micronization Technology: We've refined the creatine particles to a microscopic size. This means superior solubility—no more "sand" at the bottom of your shaker—and a smooth, consistent texture every time you mix.
- Plant-Based & Pure: Designed to fit seamlessly into any diet, our formula is 100% vegan and vegetarian-friendly. We maintain the same rigorous purity standards as our unflavored version, ensuring you get a clean product with zero
- Convenience Without the Shaker: No need to break out the blender or hide the taste in a heavy protein shake. Just add cold water, stir, and enjoy a premium citrus drink that fits perfectly into your busy active lifestyle.

Direction of use:

Add 6.5g (approx. one level scoop) to 200ml of cold water. Shake or stir until dissolved. Once mixed, consume immediately or within 3 hours if kept chilled. Ensure optimal fluid intake (minimum 2-3 liters daily) to support the effects of creatine supplementation. Do not exceed the recommended daily dose.

BETA Alanine

Why Choose **Beta Alanine?**

Endurance & Performance
Delivers a full clinical dose of 4000 mg to buffer lactic acid, delay fatigue, and enhance high-intensity performance.

Muscle Support
Increases muscle carnosine levels, helping to improve output during resistance and endurance training

Clean & Pure Formula
Single-ingredient, filler-free powder–no additives, sweeteners, or unnecessary extras.

Versatile Use
Can be taken on its own or stacked with other supplements like creatine or pre-workouts.

Ideal for Daily Use
Perfect for athletes, lifters, and active individuals aiming to push longer and train harder.

Sporter Beta-Alanine is a high-quality amino acid formula designed to boost muscular endurance, delay fatigue, and enhance overall performance during high-intensity workouts. Backed by science and trusted by athletes, it supports increased carnosine levels in muscles–helping you power through more reps, longer sessions, and tougher training days. Whether you're lifting heavy, sprinting hard, or grinding through intense circuits, Sporter Beta-Alanine helps you go the distance. Clean, pure, and easy to mix–no additives, just results. Perfect for stacking or daily use as part of your performance routine.

Why Choose Sporter Citruline?

%100 Pure L-Glutamine High-quality, single-ingredient formula with no fillers, additives, or artificial flavors.

Enhances Muscle Recovery Replenishes glutamine levels lost during intense workouts, speeding up recovery and reducing soreness.

Supports Immune Function Helps maintain a strong immune system, especially under physical stress.

Promotes Muscle Growth Assists in protein synthesis, supporting lean muscle maintenance and growth.

Improves Gut Health Aids in maintaining intestinal health, which is essential for better nutrient absorption and digestion.

Easy to Mix & Unflavored Blends effortlessly into water, shakes, or smoothies without altering the taste.

Sporter Glutamine Powder dissolves quickly and completely in water or your favorite drink, thanks to its fine, pure texture. With consistent use, you can expect faster muscle recovery, reduced soreness, improved endurance, and better overall performance helping you come back stronger after every workout.

Proper Direction of use 1 teaspoon (5g) 30 minutes before workout for optimal results.

PURE HIMALAYAN

SHILAJIT Resin

Why Choose Sporter Shilajit?

Sporter Pure Himalayan Shilajit Resin is a premium, natural dietary supplement sourced from the high-altitude Himalayan region, carefully harvested to ensure maximum purity and potency. Each serving provides 250 mg of 100% pure Shilajit resin, naturally rich in fulvic acid, without any fillers, additives, or artificial ingredients.

This mineral-rich superfood is traditionally valued for supporting overall vitality, boosting natural energy, and enhancing physical performance. Regular use can help maintain stamina, promote muscle strength and recovery, and support endurance during workouts. Additionally, Shilajit contributes to overall wellness by supporting mental clarity, reducing fatigue, and balancing essential minerals in the body.

Ideal for anyone seeking natural ways to improve energy, vitality, and active lifestyle support, Sporter Pure Himalayan Shilajit Resin is a convenient and effective addition to your daily health and wellness routine.

FACTS

COLLAGEN

TYPE I & III

Why Choose Sporter Collagen?

Sporter Collagen is expertly formulated with Type I & III Collagen, the two most essential types your body needs to support healthy skin, joints, bones, and muscles. Sourced from premium, clean ingredients, our formula is easily absorbed and designed to deliver real results from the inside out.

Radiant Skin & Youthful Glow Supports skin elasticity, hydration, and firmness by replenishing structural proteins.

Strong Bones & Flexible Joints Promotes bone density and joint integrity, helping reduce stiffness and support mobility.

Muscle & Tissue Recovery Aids in the repair and regeneration of muscles, tendons, and connective tissues. Natural Anti-Aging Support Reduces visible signs of aging by improving skin texture and minimizing fine lines.

Enhanced Structural Support AProvides strength and resilience to skin, hair, nails, and connective tissues.

BLAZE Electrolyte

Why Choose Sporter Blaze Electrolyte?

Sporter Blaze Electrolyte is your daily hydration companion, crafted to help you feel energized, balanced, and refreshed throughout the day. Its advanced electrolyte blend provides Sodium, Potassium, Magnesium, Chloride, and Calcium, helping your body maintain proper fluid balance and support natural energy levels, especially during workouts, hot weather, or busy days.

This formula goes beyond basic hydration by delivering antioxidant support that helps combat everyday oxidative stress and supports overall wellness. Each serving gives your body the essential minerals and vitamins it needs to stay hydrated, reduce tiredness, and keep muscles functioning normally. Whether you're training, working long hours, or simply want to stay at your best, Sporter Blaze Electrolyte offers an easy, convenient way to replenish lost electrolytes and help your body perform at its peak.

Choose this all-in-one electrolyte supplement for its clean formula, fast hydration support, and balanced mineral profile that is perfect for anyone searching for electrolyte replenishment, hydration support, or a reliable daily electrolyte supplement. With Sporter Blaze Electrolyte, staying refreshed and ready has never been easier.
