Building Block Engineering Judging Details

Building Block Engineering (Legos) will be judged on July 1 at 3:00 P.M. at the Barber County Extension Meeting Room at 410 W. Kansas. This is a little strange, but to get a judge who knows the 4-H Building Block Project, we had to go before our pre-entry date.

Everyone will gather at 3 pm. They will take turns talking with the judge about their projects.

While we are waiting, we are going to try a new hands-on project that includes youth designing on the fly. All materials will be provided.

Pre-Entries will be due on July 8. I don't expect you to pre-enter before this event.
