About VIS

VIS is a school with bright ideas and strong sense of belonging. It provides our students with a safe, inspiring environment where learning goes hand-in-hand with adventure. The mountains become classrooms for resilience, teamwork, and confidence – all while being part of a truly international community.

Verbier

Verbier offers the perfect backdrop: a charming alpine village, world-class skiing, mountain adventure and breath-taking views.

Switzerland's renowned safety, quality of life, and central location in Europe make VIS an ideal place for young people to grow, thrive, and discover their potential.

Academics

Our internationally recognised IB curriculum provides students with an inspiring and challenging academic journey from ages 3 to 18. Through exceptional teaching, small class sizes and personalised support, we empower every student to achieve their full potential both inside and outside the classroom.

Values

Boarding

Our welcoming boarding community provides students with a true home away from home. At VIS, boarding is built around exceptional care, personalised support and a strong sense of community. Our dedicated pastoral team ensures every student feels safe, valued and at home throughout their journey with us. VIS offers a number of different boarding opportunities:

· All year round
· Winter term only
· Weekly or Flexi boarding
