He picks up both leads with ease, has smooth lope departures, and carries himself collectedly. His gaits are comfortable and easy to sit, making every ride enjoyable whether you are practicing in the arena or just taking him out for a spin. He is seasoned enough to have plenty of experience but still young and full of life, ensuring many more years of enjoyment ahead. Outside the arena, Dakota shines just as brightly. He has been used to gather cattle and knows his way around ranch work, handling obstacles and terrain with confidence. He is also broke to drive, making him a fun and versatile partner whether you want to hook him up to a buggy for leisure drives or simply enjoy his calm, steady nature around the ranch. Dakota is gentle, trustworthy, and safe enough for the entire family to enjoy. Our six-year-old nephew handles him with ease, a true testament to his kind disposition and willing nature. Horses like Dakota, who combine good training, experience, and an easy-going personality, are hard to come by. He is ready to be your go-to partner, whether for work, play, or simply dependable family fun. Feel free to come try him before the sale! Sombrero Ranches, Estes Park, Colorado Offering 970.646.6224

We're proud to present a selection of exceptional horses, all seasoned veterans of the Rocky Mountains. These horses have spent their summers guiding guests through our beautiful trails, many of whom have never ridden before or even seen a horse up close.

Our horses are easy keepers, thriving on a diet of grass hay and three-way grain. They work diligently 5 to 6 days a week and are maintained with a strict schedule of shoeing, worming, and vaccinations. These horses are incredibly sure-footed, safely carrying thousands of guests each year without incident. They've truly seen it all, from excited kids to flapping jackets, and remain unfazed by the commotion.

Working at an elevation of 7,350 feet, these horses are accustomed to thin air and cold weather, which doesn't affect their performance in the slightest. From October to May, they roam freely on 5,000 acres, maintaining their fitness and spirit. You'll find that they ride just as well in May as if they'd been worked all winter. We're confident that these horses will make excellent partners for any rider, whether you're looking for a reliable trail horse or a gentle companion.

Special Offering from North Country Quarter Horses

Fred, Linda and Grace Finke • Big Sandy, MT
www.northcountryquarterhorses.com
406.378.3199 406.262.3407

North Country Quarter Horses (NCQH) is a family-owned ranch in North Central Montana, owned by Fred and Linda Finke. The ranch is located just West of Big Sandy, MT; 30 miles west of the Bear's Paw Mountains and 45 miles south of the Canadian border. NCQH grazes our horses in rough, rocky, flat terrain year-round. Our herd is exposed to extreme heat and bitter cold. This environment helps to create hardy, tough horses that can thrive anywhere. NCQH also run a commercial cattle business. We raise our horses to not only perform in the arena at all levels of competition, but to work cattle and cover ground on the ranch.

The stallions at NCQH are well bred AQHA horses that possess good feet and bone, great dispositions, speed, agility, and conformation. We strive to establish excellence in all aspects of a working or performance horse; stamina, eye appeal, talent, and substance. We focus on breeding performance bred stallions to mares that are both performance and ranch prospects. We select mares to complement our stallions in order to find the perfect balance of speed, performance, cow and foundation lines. Our mares must have keen feminine heads, friendly dispositions, quiet minds, good withers, solid feet, big bone, and size. NCQH cattle are run on big native pastures year-round. We calve in May and June and wean in early December. We have a strong conservation ethic here at NCQH. We work very hard to enhance the natural beauty of the area. Striving to be good stewards of God's creation, we mimic a migrating herd by rotating cattle through many large pasture paddocks. We move and work our cattle using our stallions and ranch raised horses. We use traditional methods for branding and herd management in which our horses are used extensively. We not only raise these horses; we use them ourselves on a daily basis.

NCQH invites you to come take a walk through our pastures. Look at our broodmares and meet our stallions. If you are looking for quality horses that can be used on the ranch or to win at any level of competition, this is the place to look. We hope to see you soon.
