Welcome to Your 2027 Benefits Enrollment Journey!

At Simplot, we're committed to supporting you and your family through every stage of life's journey. That's why we offer benefits designed to help you stay healthy, build financial security, and prepare for whatever lies ahead.

As we look toward 2027, there are a few important updates to our medical plan. To comply with IRS requirements for High Deductible Health Plans (HDHPs), the minimum deductible is increasing. As a result, adjustments will be made to the family in-network and out-of-network deductibles. The individual out-of-network deductible will also change.

Additionally, like employers across the country, Simplot continues to experience rising health care and prescription drug costs. To help sustain the comprehensive coverage and valuable programs available through the Simplot Medical Program, medical contributions will increase for 2027. Because our medical plan is self-funded, both Simplot and employees share in the cost of providing this coverage.

While these changes are necessary, Simplot remains committed to investing in your wellbeing. We continue to fund the majority of health care costs, contribute to Health Savings Accounts (HSAs), and provide access to a variety of health, wellness, and support programs at no additional cost when you enroll in the Simplot Medical Program.

As you prepare for Annual Enrollment, we encourage you to review this 2027 Annual Enrollment Guide and explore the resources available to help you make informed decisions. Whether you're focused on your health today, planning for future milestones, or preparing for life's unexpected turns, your benefits are designed to help you chart a course that supports your journey every step of the way.

Together, we can make smarter choices—and create a healthier future for all of us.

Thank you for being part of our team.

Simplot Annual Enrollment Guide – Charting a Course for a Healthier Tomorrow

Your benefits are more than just coverage – they're tools to help you navigate life's journey. Annual Enrollment is your once-a-year opportunity to chart a healthier course for the year ahead. This guide is designed to help you explore your benefits, discover what's available, and make confident decisions that support you and your family. The choices you make throughout the year can improve your health, stretch your health care dollars, and help you prepare for what's ahead.

Here are a few simple ways to stay on course:

#1: Start with Preventive Care

Think of preventive care as your annual tune-up. Routine checkups, screenings, immunizations, and preventive dental visits can help detect health concerns early—before they become more serious and costly.

Stay on Course Tip: Take advantage of Simplot's wellness contribution to your HSA by taking the Wellness (HSA) Incentive LMS course in MySimplot and completing a preventive care visit. For more information visit simplotbenefits.com

#2: Make Your HSA Work Harder For You

Your Health Savings Account isn't just for today's medical bills – it's an investment in your future health. Every dollar you contribute is tax-free, grows tax-free, and can be used tax-free for eligible health care expenses.

Stay on Course Tip: Make the most of your Health Savings Account by taking advantage of **every contribution available to you**. Elect your HSA, contribute enough to receive Simplot's matching contribution and complete your wellness activities to earn the full HSA incentive. It's one of the easiest ways to grow your health care savings for today and tomorrow.

#3: Choose In-Network Providers

Not all health care costs are created equal. Choosing in-network providers helps you receive the highest level of benefits while lowering your out-of-pocket costs.

Stay on Course Tip: Log into your account on the Blue Cross of Idaho website at members.bcidaho.com or the mobile app to search for in-network providers before scheduling care.

#4: Get Support Around Every Bend

Every journey includes unexpected twists and turns. Whether you're facing everyday stress, balancing work and family, or experiencing a significant life event, **Spring Health** provides confidential, personalized support to help you navigate life's moments with confidence. Best of all, these resources are available to you and your eligible dependents at **no additional cost**.

Stay on Course Tip: To access the resources available through Spring Health visit simplot.springhealth.com or call 855-629-0554.

#5: Protect the People Who Matter the Most

Life changes and your benefits should keep pace. Whether you've gotten married, welcomed a child, experienced a loss, or simply haven't reviewed your elections in a while, updating your beneficiaries helps ensure your life insurance, retirement savings, and other benefits are distributed according to your wishes.

Stay on Course Tip: As you make your Annual Enrollment elections, don't forget one of the most important steps in reviewing your beneficiaries. Keeping this information current helps ensure your benefits reach the people you've chosen if the unexpected happens.

Your Path to Health Care Savings

Chart your wellbeing journey by making the most of your benefits all year long. From preventive care to smart Health Savings Account (HSA) strategies, these tips are here to help you grow your savings, avoid surprise costs, and make your benefits work harder for you.

Start with Preventive Care

Taking time for regular checkups isn't just smart, it's one of the best ways to catch potential health issues early, when they're easier (and less expensive) to treat. With Simplot's Medical Program, preventive care is covered at 100% when you use in-network providers, including age and gender specific checkups, screenings, and immunizations. Plus, many qualifying preventive medications cost you \$0, even if you haven't met your deductible.

And there's more! By completing preventive care and wellness activities, you can earn up to \$400 in your Health Savings Account.

How Much You Can Contribute

The IRS limits how much you and Simplot can contribute to your HSA each year. Because Simplot also contributes to your HSA, here's the maximum you can contribute through payroll in 2027.

	2027 IRS Limit	Maximum Contributions from Simplot	Maximum Amount You Can Contribute in 2027
Individual	\$4,500	\$950	\$3,550
Family	\$9,000	\$950	\$8,050

Note: If you are age 55 or older, you can also make an additional catch-up contribution of up to \$1,000.

Know your HSA eligibility

You are eligible to participate in an HSA if you're not:

- Covered under another health plan that is not HSA-qualified (such as a spouse's traditional PPO plan, a spouse's Flexible Spending Account (FSA) plan, Medicare, Medicaid, TRICARE or Indian Health Service)
- Claimed as a dependent on another individual's tax return

Special rules apply if you use Veteran Affairs (VA) health services. You also need to meet the requirements to open a bank account in the United States.

If you have questions about your HSA eligibility, contact HealthEquity.

Supporting Your Wellbeing Along the Way

Simplot offers a variety of wellness programs to help you feel your best – emotionally, physically, and in your everyday life. Most of these programs are available at no additional cost when you are enrolled in the Simplot Medical Program, and some programs are open to all employees, regardless of coverage.

From stress management and virtual care to condition support and family planning, there's something here to help you grow stronger and feel supported all year long.

Health Plan Notices. J.R. Simplot Company Group Health & Welfare Plan October 2026

This material contains important legal notices about the health plans sponsored by the J.R. Simplot Company, LLC ("Simplot"), as required under federal law. Please share these notices with your family members and keep them with your other benefit plan information.

Women's Health and Cancer Rights Act

The Women's Health and Cancer Rights Act requires group health plans that provide coverage for mastectomies to also cover reconstructive surgery and prostheses following mastectomies. More specifically, the law mandates that a member receiving benefits for a medically necessary mastectomy who elects breast reconstruction after the mastectomy will also receive coverage for:

- *Reconstruction of the breast on which the mastectomy has been performed;*
- *Surgery and reconstruction of the other breast to produce a symmetrical appearance;*
- *Prostheses; and*
- *Treatment of physical complications of all stages of mastectomy, including lymphedemas.*

This coverage will be provided in consultation with the attending physician and the patient and will be subject to the same annual deductibles and coinsurance provisions that apply for the mastectomy. If you have any questions about your coverage for mastectomies and reconstructive surgery, please contact your health coverage carrier.

Statement of Rights Under the Newborns' and Mothers' Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your health coverage carrier.

Notice of Special Enrollment Rights Under the Health Insurance Portability and Accountability Act (HIPAA)

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days after you or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

If you have a new dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage or within 90 days after the birth, adoption or placement for adoption.

You are also eligible to make a mid-year enrollment change for yourself and your eligible dependents if either of the following events occur:

- *You or your dependent loses Medicaid or Children's Health Insurance Program (CHIP) coverage because you are no longer eligible; or*
- *You or your dependent qualifies for premium assistance under state Medicaid or CHIP in paying your employer group medical plan premiums.*

Unlike other qualifying events, you have 60 days from the date of the Medicaid/CHIP event to request enrollment.

Health Insurance Marketplace Notice

The Health Insurance Marketplace, **healthcare.gov**, is designed to help you find private health insurance directly from insurance companies that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare medical insurance options for you and your family. You may also be eligible for a tax credit that lowers your monthly premium. Open enrollment for 2027 health coverage through the Marketplace begins November 1, 2026, and ends December 15, 2026. You may buy health insurance for yourself and your family members from your state or the Federal Marketplace.

Please note, however, that if you and your dependents are offered medical coverage through the J.R. Simplot Company Group Health & Welfare Plan (the "Simplot Medical Program"), Simplot pays a significant portion of the cost for that coverage. As a result, you may not be able to find less expensive coverage through the Marketplace. Also, keep in mind that the contributions you and Simplot make to the cost of coverage in the Simplot Medical Program are made with pre-tax dollars that are not subject to income tax. If you buy health insurance through the Marketplace, you will pay for it with after-tax dollars.

Because the Simplot Medical Program generally meets the minimum value and affordability standards of the Affordable Care Act (ACA), if you and your family are eligible for Simplot's coverage you will likely not be eligible for a tax credit through the Marketplace.

The Simplot Medical Program meets the government's "minimum value standard" because the share of the total allowed benefit costs covered by the Simplot Medical Program exceeds the 60% ACA threshold. Simplot also has determined that the Simplot Medical Program for most employee groups meets the "affordable" standard under one of the ACA's safe-harbor standards because the premium share for employee-only coverage is less than 9.12% of each employee's household income.

During the year, if your household income drops to the point where the premium for single coverage under the Simplot Medical Program exceeds 9.12% of your annual household income, you might become eligible for premium assistance.

For more information about available benefits under the Simplot Medical Program, refer to the Summary Plan Description (SPD) by visiting **simplotbenefits.com** or call the **Simplot Benefits Service Center at 800-254-3252**.

For more information about the Marketplace, go to **healthcare.gov** and select your state of residence. You may be asked for information about the Simplot Medical Program, which can be found in the SPD.

Summary of Benefits and Coverage

You will receive a Summary of Benefits and Coverage (SBC) explaining the medical plan options available to you. The SBC is a snapshot of a health plan's costs, benefits, covered health care services, and other features like cost sharing rules and significant limits and exceptions to coverage. The SBC also is available by visiting **simplotbenefits.com** or by contacting the **Simplot Benefits Service Center at 800-254-3252**.

Notice Regarding Wellness Program

Simplot sponsors a voluntary wellness program under the J.R. Simplot Company Group Health & Welfare Plan (the "Plan") that is available to eligible employees and, for most employee groups, their family members, to encourage and promote health and/or prevent disease. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others.

If you choose to participate in the wellness program, you need to complete the MySimplot LMS course and a preventive service visit. Examples of a preventive service visit include, but are not limited to, a preventive annual exam, colorectal cancer screening, breast cancer screening and lung cancer screening.

You are not required to participate in the wellness program. However, if you choose to participate in the wellness program, you may be eligible for reduced costs for your health coverage under the Plan. For example, you may be eligible for employer contributions to your Health Savings Account. The Company will provide you with more specific information regarding the wellness program available to your employee group in your enrollment packages.

Legal Notices

If you fail to timely complete the enrollment process, you may not be eligible for the wellness program, including the rewards, for that plan year. If you fail to timely satisfy any requirements of the wellness program, you may forfeit the right to continue your participation in and/or receive any available rewards under the wellness program for the remainder of the plan year. If you are unable to participate in any of the health-related activities to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting the Simplot Benefits Service Center at 800-254-3252.

The Company is required by law to maintain the privacy and security of your personally identifiable health information. Although the wellness program and the Company may use aggregate information it collects to design a program based on identified health risks in the workplace, the wellness program will never disclose any of your personal information either publicly or to the Company, except as necessary to respond to a request from you for a reasonable accommodation needed to participate in the wellness program, or as expressly permitted by law. Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit **www.healthcare.gov**.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or **www.insurekidsnow.gov** to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at **www.askebsa.dol.gov** or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2026. Contact your State for more information on eligibility.

Medicare Prescription Drug Notice

Important Notice from J.R. Simplot Company About Your Prescription Drug Coverage and Medicare

If you or a family member is eligible for Medicare, please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with J.R. Simplot Company and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area.

Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice. This notice applies to the Simplot Medical, the Hawaii Kaiser Health Maintenance Organization (HMO), the Hawaii Medical Assurance Association (HMAA) and the BlueCross BlueShield Global Solutions International Welfare Benefits programs provided through the J.R. Simplot Company Group Health and Welfare Plan.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Simplot has determined that the prescription drug coverage offered by the Simplot Medical, the Hawaii Kaiser Health Maintenance Organization (HMO), the Hawaii Medical Assurance Association (HMAA) and the BlueCross BlueShield Global Solutions International Welfare Benefits programs of the J.R. Simplot Company Group Health and Welfare Plan are, on average for all plan participants, expected to pay out as much as the standard Medicare prescription drug coverage will pay and are considered Creditable Coverage.

Because your existing coverage is on average at least as good as standard Medicare prescription drug coverage, you can keep this coverage and not pay extra if you later decide to join a Medicare drug plan.

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Simplot coverage may be affected depending on which program you are enrolled in and whether your company coverage is primary or secondary. If your current Simplot coverage is primary under Medicare rules, then you can continue to participate in the prescription drug benefit under all Simplot medical programs, and the program will coordinate with your Medicare drug plan. If your current coverage is secondary under Medicare rules, then you should be aware that the prescription drug benefit for the Simplot Medical Program does not provide secondary coverage to other prescription drug plans; however, if your coverage is through the Hawaii Kaiser Health Maintenance Organization (HMO), the Hawaii Medical Assurance Association (HMAA) or the BlueCross BlueShield Global Solutions International Welfare Benefits programs, you can continue to participate in the prescription drug benefit, and the program will coordinate coverage with your Medicare drug plan. If you do decide to join a Medicare drug plan and drop your current Simplot coverage, be aware that you and your dependents will be able to get this coverage back at annual enrollment or upon occurrence of a qualifying event.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Simplot and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later. If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For more information about this notice or your current prescription drug coverage:

Contact Simplot HR Solutions at 208-780-7500.

Note: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Simplot changes. You may also request a copy of this notice at any time.

For more information about your options under Medicare prescription drug coverage:

More detailed information about Medicare plans that offer prescription drug coverage is in the “Medicare & You” handbook. You’ll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov.
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the “Medicare & You” handbook for their telephone number) for personalized help.
- **Call 1-800-MEDICARE (1-800-633-4227).** TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help for paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the Web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).
