

Delhi Public School Varanasi

Under the Aegis of DPS Society, New Delhi

AARAMBH

Experience the Excellence

At Delhi Public School, Varanasi, we believe that the primary years lay the foundation for a child's lifelong approach to learning. **Aarambh** is our primary years programme, currently offered across Grades 1 to 7, expanding by one grade level each year. It is designed to help children build strong academic foundations while developing confidence, curiosity, and independence. Through meaningful classroom experiences, thoughtful teaching, and opportunities to explore beyond textbooks, children learn not just what to think, but how to think.

Key Features

01

Small Class Sizes

02

Strong STEM Foundation

03

Integrated Technology

The Aarambh Experience

Monthly parent-teacher gatherings to celebrate success and build partnerships.

02

Fortnightly Learning Letters

Updates every two weeks providing detailed insights into academic and personal growth.

04

Friday Parent Connect

Weekly personalised calls from school highlighting progress and next steps.

Meet Our Leaders

Mr. Gautam Rajgarhia

Promoter & Chairman

DPS Varanasi | Lava Nagpur | Nashik | Hinjawadi | Pune East

At DPS Varanasi, Aarambh is our commitment to seeing every child, not as one of many, but as an individual with their own pace, strengths, and potential. Now in its second year, this programme for grades primary and middle years is designed around close attention and genuine mentorship, so no child is left to simply keep up, but is helped to truly excel. I am proud of what this journey represents for our students and their families, and excited for all that lies ahead.

Mr. Siddharth Rajgarhia

Chief Learner & Director

DPS Varanasi | Lava Nagpur | Nashik | Hinjawadi | Pune East

At DPS Varanasi, we believe education should inspire children to question, explore, connect and create. Aarambh brings globally inspired, IB-aligned learning together with the strong academic foundation and values of DPS. Through inquiry, hands-on experiences and real-world learning, we nurture confident, curious and compassionate learners who think independently and ask better questions.

Ms. Munmun Sengupta

Principal Learner Incharge

Through Aarambh, we give children the time and the gentleness to grow well, to ask, to try, to reflect. Each child here is known by name and by nature, and each is helped to become confident, kind, and quietly sure of who they are.

Ms. Roli Mankhand

Academic Head

Aarambh places inquiry at the heart of learning. Children build strong foundations in language and numeracy, then use them to explore real questions, connect ideas across subjects and reflect on their own thinking, so that understanding, not memorisation, becomes a lifelong habit.

Ms. Chandrani Roy

Programme Leader, Aarambh

At Aarambh, we nurture curious, confident, and independent learners through a blend of CBSE and internationally inspired practices. Our aim is to inspire every child to explore, think, learn, and grow with purpose.

Ms. Chandni Pundir

Programme Leader, Aarambh

Every great journey begins with a single step. At Aarambh, we believe those first steps matter most. Our commitment is to go beyond textbooks to build thinkers, problem-solvers, and compassionate human beings.

F.A.Q.

01

Which Grades?

1st - 7th Grades

02
