Yusuf Abdullah

be.net/ysfbdlh

Creativity, efficiency, experience, and dedication are my core strengths. I am a Product Designer having broad experience in the 3D design process, allowing me to quickly communicate exact and specific details that a company or a client expects from a project. My expertise encompasses Architecture and Furniture Visualization, leveraging 3D applications and raster graphic software to produce refined and visually compelling models and visualizations. I maintain an innovative, fresh, and professional approach to all projects. I am proficient in Unreal Engine, Blender, SketchUp, and Photoshop.
