INTRODUCTION

Bringing together our most popular tabletop and kitchen essentials, this catalogue showcases an inspiring selection of licensed, contemporary and in-house designs across ceramics and melamine, thoughtfully organised to make browsing by theme simple and enjoyable.

From iconic works of art and literary favourites to contemporary illustrations, Scottish-inspired collections and much-loved humour ranges, you'll discover designs to suit a wide variety of retail styles and customer tastes.

At the heart of the collection is a commitment to quality and UK manufacture. Our products are made here in the UK, bringing together fine bone china and earthenware mugs, coasters, tablemats, potstands and cushion trays with distinctive designs inspired by art, heritage and contemporary illustration.

New for this edition, we've included a handpicked selection of contemporary coaster collections from our sister company, Mclaggan + Co. Designed in-house and manufactured in the UK, with coordinating mugs available across the collections, they complement the Customworks range beautifully and bring together the expertise of two UK manufacturers under one broader wholesale offering.

To make merchandising even easier, you'll also find a selection of retail display solutions for our single coaster collections, from compact countertop displays to floor-standing spinner units. Designed to maximise visibility and encourage impulse purchases, they offer a simple way to create an engaging feature in-store.

Whether you're an independent retailer, gift shop, museum, gallery or heritage attraction, the Tableware Edit brings together distinctive designs, quality UK-manufactured products and flexible collections designed to help you create displays that attract attention and give your customers plenty to discover.

WILLIAM DE MORGAN

William De Morgan (1839-1917) was the foremost ceramic designer of the Arts and Crafts period. His greatest artistic legacy is his rediscovery of the lost art of lustre decoration and the revival of the vivid turquoise and green hues and intricate patterns of Islamic pottery.

“It's always tea time, and we've no time
to wash the things between whiles”

kalidoskopio

Step into Kalidoskopio,
where Shakespeare's most
iconic characters get a colourful,
cheeky makeover.

Shakespeare

The original quill-wielding icon. Writes drama, comedy, and the occasional existential crisis before breakfast.

Malvolio

Believes he is the main character. Wears yellow stockings with absolute confidence. Unshakably extra.

Macbeth

Ambition level: unstoppable. Decision making skills: questionable. Always checking if that forest is moving.

Hamlet

Professional overthinker. Ghost consultant. Probably needs a nap and a hobby that is not revenge.

Titania

Fairy queen with glam vibes. Rules the forest, sparkles on command, takes no nonsense from mortals.

Bottom

Thinks he is a superstar. Accidentally becomes one. Has the energy of someone who would definitely start a band.

Romeo & Juliet

Two teens, one balcony,
maximum feelings.
Zero chill, 100% heart.

Othello

Brave, bold, and brilliant, but
could really use better friends
and fewer dramatic plot twists.

“What angel wakes me
from my flow’ry bed?”
(*A midsummer Night’s Dream*,
Act 3 Scene 1)

MUGS

A mug with big character energy -
bright colours, bold vibes, and perfect
for sipping with dramatic flair.

CERAMIC COASTERS

Protect surfaces with a touch of
theatrical flair. Drama-free drinks only.

A cozy Scottish-themed interior scene. In the background, a stone fireplace with a warm fire burning inside. Above the mantel is a framed picture of a stag's head, a lit candle, and pinecones. To the left, a window looks out onto a snowy landscape, with a lantern and a vase of pine branches on the sill. A plaid blanket is draped over a chair. In the foreground, a dark wooden table holds two mugs with stag head designs, a coaster with a stag head, a spoon, and a plate of cookies. A large blue curved overlay covers the left side of the image.

TELL YOUR STORY THROUGH BEAUTIFUL, BESPOKE MERCHANDISE

Every museum, gallery, historic house, botanic garden and visitor destination has its own unique story to share — and at Customworks, we're here to help you tell it.

Our bespoke offering is both simple and collaborative. Begin by exploring our carefully curated product range, designed to reflect the character and individuality of your venue. Whether you already have artwork in place or would like support from our in-house design team, we'll work closely with you to create something truly special.

From there, we'll provide either a digital visual or physical sample, giving you the chance to see your merchandise come to life before placing your order. With lead times typically just 2–3 weeks from artwork approval and receipt of a purchase order, your bespoke products will be on display in no time.
