Support our local YOUTH

One of our rock star managers (Stef) runs a backyard ultra every year to raise funds for Youth One local Youth and Family Centre. With the help of Cupper's and our supporters she was able to raise close to $10,000 over the last 4 years.

The Oldman Backyard Ultra is a unique running experience where runners try to complete a 6.7 km lap every hour, for as many hours as they can. Her record on this course is 12 laps.

This holiday season, please consider pledging Stef at the Oldman Backyard Ultra.

LSCO MOW Meals on Wheels

Over the years, Meals on Wheels has served over 200,000 meals to seniors and shut-ins. This is done with the help of the Lethbridge Seniors Citizens Centre, and a dedicated core of volunteer drivers.

Every year, Cupper's Coffee & Tea partners with Meals on Wheels to make sure 300 seniors and shut-ins in Lethbridge get a hot meal. This year's Meals on Wheels coupons are scheduled to be available at Cupper's Coffee & Tea at the end of November, 2025.

It's an amazing way to support the Meals on Wheels program. All you have to do is buy the Cupper's coupon card. Cupper's then buys the meal for someone who really needs it!

A tea for every occasion from M21 | LUXURY TEA

Proudly Canadian

M21 Luxury Teas are from Metropolitan Tea, a Canadian based tea company. M21 Luxury Teas are packaged in 100% plant-based, compostable teabags.

Each tea has 24 pyramidal teabags in their beautiful and unique paper cans. The air inside each paper can has been modified to ensure a long-shelf life and maximum freshness of the tea. There are several different tea families, including Canadian locale teas, functional wellness teas, English favourite teas, and fruit/floral teas.

A. Windsor 6 Cup Teapot

The Windsor Teapot is the basic teapot style we all know from our grandmothers, great-aunts… and best friends! These charming standards make 6 cups of tea, steeped just the way you like it. Feel free to use bagged tea, loose tea with a strainer, or a tea ball. They come in colours to suit every mood, style, and level of formality. Sturdy and durable, they'll be there whenever you want a comforting cuppa tea.

You create the glug glug sound when you fill the Gluggle Jug with liquid, and then pour it out. In addition to using it as a pitcher, these also make great unique vases.

GLUGGLE JUG

THE ORIGINAL

The Gluggle Jug Factory in England ensures every jug is perfect, and each size glugs exactly as expected. These are a fun and fully functional quirky keepsake!

MADE TO BE BROKEN.

Money Pots rank among our best-selling gifts. Each one includes a coin and a wish tag—one to get you started and the other to describe your saving goal. Made from high-quality ceramic, each pot features a beautiful coloured glaze. The one thing they lack is a way to retrieve your money! The myth says you save until the pot is full, then break it to make your wish come true. With a wide selection of colours to choose from, a Money Pot awaits to help anyone achieve their wishes.

CAFEC®

Deep 27 Flower Dripper

starting at **$22.95**

Flower filters available in store and online

The CAFEC Deep 27 Flower Coffee Dripper in Clear Dark Green has a narrow 27 degree pitch, unlike traditional pourovers. Thick vertical grooves line the inside of the pourover. These grooves give the flower petal shape that produced a deeper filtration system. This shape and pitch means the water travels through the ground coffee more, producing a rich and sweet cup of coffee every time.
Limited surface contact between the filter and the ribs improves the thermal efficiency. And the raised pedestal under the brewer keeps the filter higher up to brew directly into your cup. Use with CAFEC's Deep 27 Abaca+ Coffee Filters designed with the sharp angle in mind. And add CAFEC Deep 27 Coffee Filter Stand for the complete set!

...All the folks down in Lethbridge liked freshly roasted coffee a lot. But the Grouch *(who got his coffee from yucky fast-food drive-throughs)* did not. The Grouch HATED good coffee and the whole coffee scene. 'Til his friends bought him a bag of BAD COFFEE® beans.

Bad Coffee® is an exclusive Cupper's brand, and it's bold, dark, and intense. Big Flavour layers of cola, molasses, and almond/pecan come through, with a subtle nougat sweetness, too. Studio Stone Creative
Stone Carving Kits

Studiostone Creative has a vision that anyone ages 8 to 99 should be able to carve stone with the right tools and instructions. It all began in Oliver's sculpture studio when one day an elementary school teacher called, asking if he would come to teach the students stone carving. Until that point, he had taught only adults to carve with large blocks of stone and big tools in a 20-hour course.

So the artist became the entrepreneur out to answer the question… "Can anyone create a truly amazing stone sculpture in 90 minutes with no previous experience?"
