BEWILDERBEEST *Tiny Notes*

Hester & Cook has been honored to work with the English brand, Bewilderbeest, on a number of stationery products and we are delighted to include them in our Tiny Notes launch!

Bewilderbeest is the proudly absurd creation of Chief Nitwit, Iain Hamilton, and Chief of Odd, Maddy Hamilton. This husband and wife duo's style is absurd and extraordinary as Iain works with pen and ink (and nonsense) to create richly detailed illustrations. Most feature a combination of animals and absurd jokes that are cheeky, but not rude, so you can still send them to your grandma.

VICKI SAWYER *Tiny Notes*

Hester & Cook has had the honor of working with artist Vicki Sawyer on many products, both stationery and tabletop over the years, and we love including her whimsical paintings in our Tiny Notes category!

Inspired by nature, Vicki Sawyer has a vast portfolio of delightful paintings featuring birds, insects, and animals of all kinds. Her playful creatures have been bringing joy to recipients for years, and we have no doubt these Tiny Notes will bring a smile to anyone who receives them!
