We are delighted to welcome you all to our Cowes Week 2026 programme.

Cowes Week can mean many things to different people. For some, it is the exciting and competitive sailing in challenging tidal waters. For others, it is more of a festival of the sea, with a busy and varied social scene. This year is also the 200th Anniversary which will make the week even more special.

We have a busy and varied programme of evening events taking place in the clubhouse this year. In addition our Head Chef has created a delicious brunch, and all-day menu, we are delighted to announce the return of the Seafood menu each day.

From the Balcony with its wonderful views of the Solent to the sunbathed garden at the rear the Clubhouse is the ideal place to relax, entertain guests and enjoy the atmosphere ashore.

We look forward to sharing an excellent week of racing, friendship and celebration together.
