

THE 14TH CONVOCATION 21 JUNE 2025 CLASS OF 2025

भारतीय प्रौद्योगिकी संस्थान गांधीनगर
INDIAN INSTITUTE OF TECHNOLOGY GANDHINAGAR

*Rabindranath Tagore
and Mahatma Gandhi at
Shantiniketan in 1940*

Where the mind is without fear and the head is held high

Where knowledge is free

Where the world has not been broken up into fragments

By narrow domestic walls

Where words come out from the depth of truth

Where tireless striving stretches its arms towards perfection

Where the clear stream of reason has not lost its way

Into the dreary desert sand of dead habit

Where the mind is led forward by Thee

Into ever-widening thought and action

Into that heaven of freedom, my Father,

Let my country awake

ABOUT

IITGN

The Indian Institute of Technology Gandhinagar strives to offer the best educational experience in India. IITGN is committed to promoting excellence in science and technology, the humanities and social sciences, and developing rounded and nuanced minds.

IIT Gandhinagar was founded in 2008 and is located in Palaj, Gandhinagar, Gujarat, on the banks of the river Sabarmati. Gandhinagar is close to Ahmedabad, one of the oldest living cities in India. It is known for its rich cultural past, state-of-the-art infrastructure, thriving industries, and many modern amenities. The city is also the hub of prestigious academic and research institutes such as the Indian Institute of Management, Ahmedabad, and the National Institute of Design. Additionally,

Gujarat's long-standing mercantile and business traditions encourage excellence and entrepreneurship. IITGN is rated India's first 5-star GRIHA LD (Green) campus for minimising the negative impact on the environment. The campus has also been declared India's first 5-star campus for ensuring food safety and promoting healthy dining.

IITGN offers BTech programs in Artificial Intelligence, Chemical Engineering, Civil Engineering, Computer Science and Engineering, Electrical Engineering, Integrated Circuit Design & Technology, Mechanical Engineering, and Materials Engineering. In addition to providing MTech programs in all these disciplines, the Institute also offers MTech programs in Biological Engineering and Earth System Science. MSc in Mathematics, Physics, Chemistry, and Cognitive Science programs are also offered. A unique MA program in Society and Culture attracts very promising students. PhD programs are offered in all engineering and science disciplines, as well as in the Humanities and Social Sciences. To address the skill enhancement needs of working professionals, the Institute also offers two e-Master's degree programmes in 'Data Science for Decision Making' and 'Energy Policy and Regulation'.

The Institute promotes critical thinking and appreciation of the interdisciplinary character of knowledge. It emphasises the liberal arts, project-oriented learning, diversity, and globalisation. The five-week immersive Foundation Programme for all new undergraduate students, pioneered by IITGN, is now emulated by many IITs and other institutions in the country. Aarohan, a similar program aimed at post-graduate students, has been started and was exceptionally well received. More than a third of IITGN undergraduates receive the experience of studying abroad during their time at the Institute.

IIT Gandhinagar encourages interdisciplinarity in its research activities. Our faculty and students are engaged in cutting-edge research that has the potential to solve real-world problems and create an impact on society. The IIT Gandhinagar Research Park seeks to foster a powerful interplay between industry and academia and thereby push the boundaries of innovation and research. The Park enables industry partners to be part of a vibrant community and gain access to R&D professionals, students, and state-of-the-art R&D infrastructure at IIT Gandhinagar.

VISION

MISSION & VALUES

MISSION

IIT Gandhinagar, as an institution for higher learning in science, technology and related fields, aspires to develop top-notch scientists, engineers, leaders and entrepreneurs to meet the needs of the society-now and in the future. Furthermore, in this land of Gandhi ji, with his spirit of high work ethic and service to the society, IIT Gandhinagar seeks to undertake ground breaking research, and develop breakthrough products that will improve everyday lives of our communities.

VISION

- To shape IIT Gandhinagar into an exciting place for learning, teaching and research
- To establish a process of learning that is free, fulfilling and enjoyable experience
- To provide an enabling environment to nurture critical and creative minds, and to propel them to greater heights of excellence in their pursuits
- To create a vibrant atmosphere that breeds front runner innovators, scientists, engineers, entrepreneurs, academicians and thinkers of tomorrow
- To provide opportunity for students to learn from wherever, however and whatever they choose to study
- To make IIT Gandhinagar the preferred destination for future generations of students, staff and faculty

VALUES

- Meritocracy
- Unparalleled quality and excellence
- Honesty, Integrity, Sincerity and Devotion
- Trust and freedom with accountability
- Appreciation and celebration of creativity
- Willingness to try new ideas and make mistakes
- Social and Moral responsibility
- Respect for every individual, and diversity
- Co-operation, Collaboration and Team Work

PRINCIPLES

- Lifelong commitment to learning
- Encouragement of merit
- Passion and motivation for work
- Professionalism
- Respect for law
- Concern for the improvement of the society
- Transparency in functioning of the Institute
- Dedication to the Institute

CORE FEATURES

- A safe and peaceful environment
- Relevant and responsive to the changing needs of our students and the society
- Academic autonomy and flexibility
- Research Ambiance
- Nature of faculty and students:
 - Faculty recruiting norms are much higher than most of the academic institutes in India
 - Students are inducted strictly on a merit basis
- Sustainable and all-inclusive growth, including community outreach programmes
- Infrastructure: Liberal funding to the laboratory facilities and amenities to make them comparable to those best in the world
- Administration: Exclusive concern of IIT Gandhinagar, and handled internally
 - Director given adequate powers to manage most academic, administrative and financial issues (within the framework)
- Residential Campus:
 - Leads to closer academic and social interaction between students and faculty
 - Develops stronger community spirit and provides opportunity to learn from each other
 - Sustained academic ambiance resulting in higher creativity from everyone

GOALS

- To build and develop a world-class institution for creating and imparting knowledge at the undergraduate, post graduate and doctoral levels, contributing to the development of the nation and the humanity at large
- To develop leaders with vision, creative thinking, social awareness and respect for our values
- To foster excellence in teaching and research to make a global impact
- To engage in path-breaking research that would influence national policies
- To pursue sustainable technological solutions to societal problems
- To focus on lean engineering solutions for sustainable development
- To be the leader for academic and industrial collaborations in various disciplines, nationally and internationally
- To create awareness of the true significance of learning and teaching
- To enrich local schools and communities through value-added interactions
- To encourage excellent language skills as part of the institutional culture
- To prepare students not just for their first job, but their last job as well

ABOUT THE CONVOCATION ATTIRE

The origin of the academic dress (convocation dress) which includes the robe, the hood and the classical cap, can be traced back to the universities of Europe in medieval times. The *Stole-robe*, designed specifically for the first convocation of IITGN, is a combination of the western academic attire and Indian free-flowing draped garments.

It uses the rich fabric *Mashru*, which is traditionally woven in Gujarat and *Ghicha silk*, which is hand woven and hand spun *Khadi silk*.

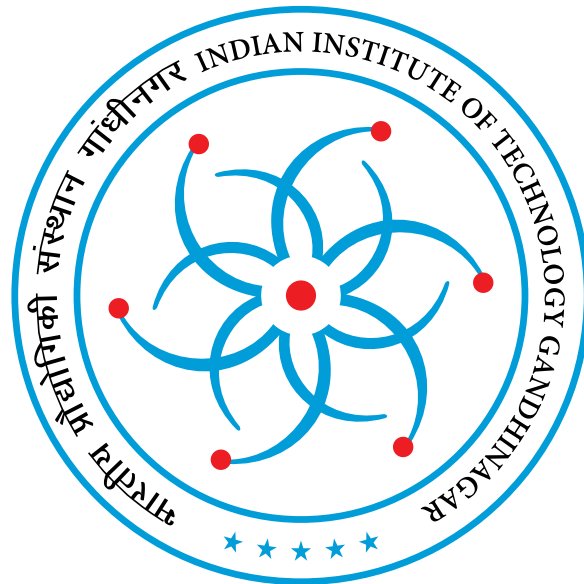

Mashru is a mixed fabric characterised by a smooth silk surface and a soft cotton backing that requires the weaver to be highly skilled, and is a time-consuming process. Fabrics such as the *Mashru* are dying handloom traditions because of industrialization and the widespread use of the power loom.

Ghicha silk is an embodiment of the *Gandhian* philosophy, in which *Khadi* is not just a cloth but a whole movement to promote self-reliance and indigenous skills, crafts and textiles.

The use of *khadi* as part of the academic dress offers an opportunity to celebrate national heritage and freedom while supporting local businesses.

SIGNIFICANCE OF

IIT GANDHINAGAR LOGO

The symbol signifies creation, showing the random motion of the particles. In the present world of high technology, where IIT Gandhinagar would play a vital role, it showcases the use of technology for growth and prosperity.

The symbol has many interpretations:

- The symbol depicts the basic elements, electrons and protons in rhythmic pattern symbolizing creation.
- The movement of the arms depicts growth and the floral pattern in the center depicts prosperity.
- The floral pattern also signifies nature and the enveloping arms showcase how it can be harnessed by technology. Together they show creation of a sustainable environment.
- The movement of the arms depicts high technology by fine intersecting arcs and small dots at its ends.
- The central dot depicts the gravity and stability which anchors the symbology.
