LIQUID AND ENVIRONMENTAL WASTE EXPO

CO-LOCATED WITH AUSJET28

2028 SPONSORSHIP & STAND PROSPECTUS

WHERE THE INDUSTRY FLOWS TOGETHER.

The Liquid and Environmental Waste Expo: safe handling, smart solutions and sustainable practices for liquid and hazardous materials.

OCTOBER 25-26, 2028 • SYDNEY SHOWGROUND • LIVE DEMOS • EDUCATION • LATEST TECHNOLOGY

THE OPPORTUNITY

AUSTRALIA'S DEDICATED PLATFORM FOR AN ESSENTIAL INDUSTRY.

Australia's liquid and environmental waste sector now has an event of its own: Liquid and Environmental Waste Expo (LEW). Two days of learning, networking and hands-on time with the latest equipment for treatment, sanitation, remediation and resource recovery.

CO-LOCATED WITH AUSJET28

AUSJET28

Water jetting, drain cleaning, hydro excavation and industrial vacuum equipment. Its visitors share your pressures on compliance, safety and workforce. Supported by AUSJET.

SUPPORTED BY

AUSJET
High Pressure Water Jetting Assoc.

WHY EXHIBIT

WHAT BUYERS COME TO SEE.

Buyers attend Liquid and Environmental Waste Expo (LEW) to discover and compare:

- Liquid waste collection, transport and treatment solutions
- Septic, grease trap and wastewater management technologies
- Vacuum tanker trucks, equipment and fleet solutions
- Industrial waste handling and environmental services
- Stormwater, sewer and drainage maintenance technologies
- Hydro excavation and non-destructive digging equipment
- Resource recovery and waste-to-value solutions
- Environmental compliance, monitoring and reporting services
- Pumps, hoses, tanks and specialist liquid waste equipment
- Technologies that improve efficiency, safety and sustainability

LEW brings together liquid waste contractors, environmental service providers, utilities, councils, infrastructure operators, industrial facilities and major waste generators seeking practical solutions, trusted suppliers and innovations that improve operational performance, regulatory compliance and environmental outcomes.

WHO YOU'LL MEET

THE BUYERS, FACE TO FACE.

WASTE & RESOURCE RECOVERY OPERATORS

- Liquid waste collectors and transporters
- Treatment and processing facilities
- Hazardous waste specialists
- Industrial service providers

WATER & UTILITIES

- Water authorities
- Wastewater treatment operators
- Utilities and infrastructure providers
- Stormwater management professionals

INDUSTRIAL & COMMERCIAL WASTE GENERATORS

- Manufacturing facilities
- Food and beverage processors
- Mining and resource companies
- Oil, gas and energy operators
- Transport and logistics businesses

GOVERNMENT & REGULATORS

- Local councils
- State government agencies
- Environmental regulators
- Policy and compliance professionals

ENVIRONMENTAL & ENGINEERING PROFESSIONALS

- Environmental consultants
- Engineering firms
- Contaminated land specialists
- Sustainability managers

TECHNOLOGY & EQUIPMENT BUYERS

- Operations managers
- Plant managers
- Procurement teams
- Asset managers
- Project engineers

A MULTI-BILLION-LITRE INDUSTRY...

THAT NEVER STOPS.

The two events connect suppliers with the industries responsible for keeping Australia's wastewater, liquid waste and environmental service sectors moving.
