FORME NUOVE APRONO AL FUTURO

COLLEZIONE LUMINOSA E LUMINOSA KOMBI

PORTE DESIGN

I-PEA Porte Design è un'azienda innovativa, dove la passione per l'estetica e la ricerca di soluzioni uniche sono supportate da un'esperienza di oltre quarant'anni nel settore porte per interni.

In I-PEA Porte Design la qualità del mæstro artigiano si coniuga con creatività progettuale, precisione ed innovazioni tecnologiche.
Il tendere al meglio e l'impegno a mettersi sempre in gioco, affrontando sfide sempre nuove, è un atteggiamento positivo che guarda al futuro, garantendo un prodotto sempre all'altezza delle aspettative.

Progettate e realizzate interamente in Italia, le porte I-PEA, seducenti e protagoniste, aprono a spazi sempre nuovi, e attraverso forme, materiali di qualità, dettagli ed accessori, trasmettono ad ogni sguardo e ad ogni tocco l'impegno e la passione di chi le realizza.

I-PEA Porte Design offre un'ampia collezione di porte per interni, dove tra il calore delle porte più classiche e il fascino rigoroso delle soluzioni più contemporanee, ogni porta diventa un'elemento di design, in grado di relazionarsi sempre con armonia tra i diversi contesti d'arredo.

I-PEA Porte Design is a company dedicated to innovation. We have been working for more than forty years in the interior doors industry and we are passionate about good design. We will find unique solutions for you.

I-PEA Porte Design quality craftsmanship combines with creative concept, precision and technological innovation.
Our striving for excellence and our commitment to stepping out, constantly taking up new challenges, are positive attitudes with an eye to the future. We grant a product that always meets our clients' requirements.

Wholly designed and manufactured in Italy, fabulous and stunning, I-PEA doors, opens to new environments and conveys at every glance and touch our commitment and passion, through forms, quality materials, attention to detail and accessories.

We take pride in offering a wide choice of interior doors, where between the feeling of warmth of classic doors and the clear, minimalist charm of the latest solutions, our doors are a design elements that perfectly blends within different contexts.

LA DECORAZIONE DIGITALE SU VETRO | DIGITAL GLASS DECORATION

La stampa digitale su vetro è una tecnologia avanzata che consente di riprodurre qualsiasi tipo di file digitale su una lastra di vetro attraverso un sistema a deposito di microparticelle d'inchiostro.

Siamo in grado di stampare immagini, disegni, fotografie, texture e molto altro ancora. Tutti gli inchiostri utilizzati sono a base acqua senza solventi aggiunti, pertanto i colori sono privi di sostanze tossiche.

Le macchine raggiungono altissime definizioni nella riproduzione dell'immagine, e la stampa avviene in quadricromia più due "colori extra" , il bianco e il traslucido, questo consente di avere tutta la gamma cromatica, più combinazioni speciali, dando praticamente possibilità infinite di personalizzazione.

Una volta completato il processo di decorazione, la lastra viene inserita in un forno che asciuga e catalizza il colore in modo da renderlo perfettamente aderente e duraturo nel tempo.

Digital printing on glass is an advanced technology that makes possible to reproduce any type of digital files on a glass sheet through a system of deposit of microparticles of ink.

We can print images, drawings, photographs, textures and much more. All the inks used are water based without added solvents, so the colors are free of toxic substances.

The machines achieve very high definitions in the reproduction of the image, and the printing is done in four colors plus two "extra colors", white and traslucid, this allows you to have the full range of colors, more special combinations, giving virtually infinite possibilities of customization.

Once the decoration process is complete, the plate is inserted into an oven that dries and catalyzes the color to make it perfectly adherent and durable over time.

STAMPIAMO E PERSONALIZZIAMO QUALSIASI VETRO

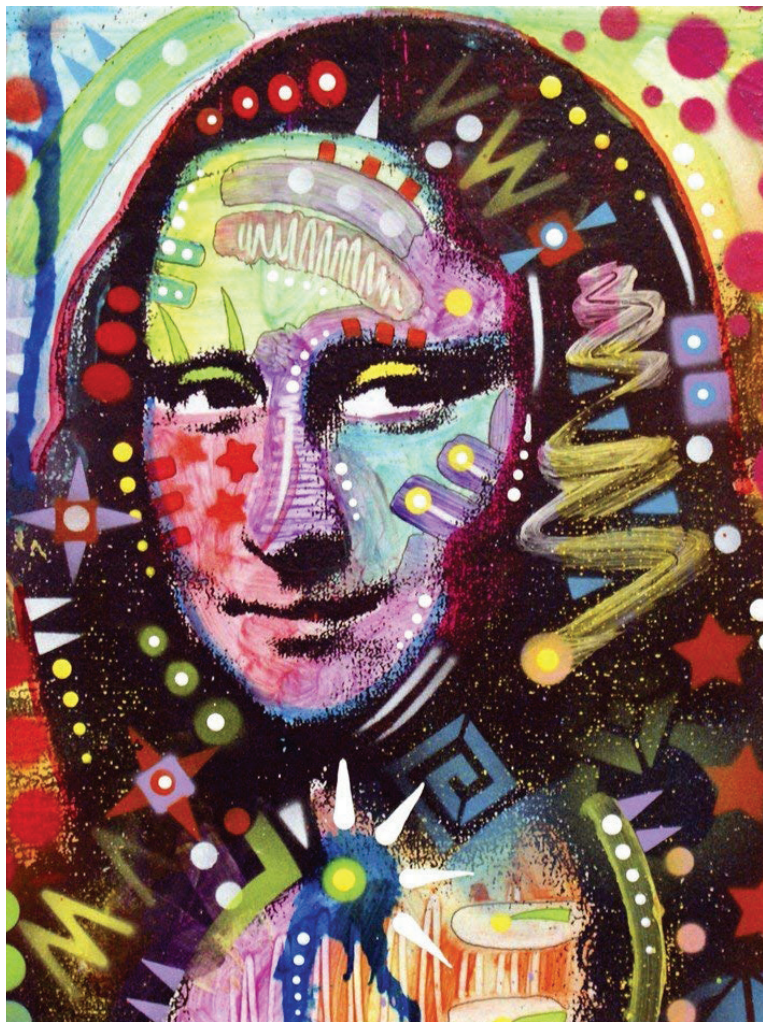

WE PRINT AND CUSTOMIZE EVERY GLASS

Le possibilità offerte dalla decorazione digitale unite alla professionalità e competenza del nostro team creativo ci consentono di offrirvi un servizio di personalizzazione a 360°

Siamo in grado di affrontare qualsiasi esigenza personale e qualsiasi elaborazione grafica.
Mettendo a vostra disposizione la nostra esperienza pluriennale in questo settore.

The possibilities offered by digital decoration combined with the professionalism and competence of our creative team allow us to offer you a 360 ° customization service

Any personal need, or any graphic elaboration we are able to face it, putting at your disposition our long experience in this field.
