How Lunch Sparked a Legacy

by Scott Johnson

FireBoss Realty is more than a real estate team; we're a family serving families. What started as one conversation over lunch has grown into a legacy of helping people feel supported, understood, and truly cared for.

In his 80s, my father-in-law, Al Hendricks, developed a daily habit of eating lunch at the Chick-fil-A in Murphy, Texas, at exactly 11:52 a.m. (except Sundays.) He always sat at the same table tucked away from the crowd. Al had been a real estate appraiser in Chicago for 25 years before his health forced him to retire.

I met Al for lunch one day, and he wasn't having a good day. He didn't like being retired, but his health issues wouldn't even allow him to be a greeter at Walmart. To keep busy, Al mowed a small part of his yard every day. This day, his body wouldn't cooperate. As we were visiting about his frustration, he said, *"You need to find something that you will be able to do when you get old, and you won't be able to fight fire when you are old."* We continued our conversation, and about 10 minutes later, he said, *"You need to get a real estate license. You've got that lady down here that's really old, and she's still selling real estate."* He was talking about Ebby Halliday. He had seen a news story about her being 100 years old and still going to the office.

I considered his sage advice, discussed going into real estate with Amie, and we started taking the necessary courses to obtain our real estate licenses. Al passed away before we obtained our licenses, but his legacy lives on through his daughter and grandchildren as FireBoss Realty. Al will always be honored as our founder with his birthday proudly displayed as our helmet shield number ... 906.

Great real estate legacies start with a simple conversation – **Give Us A Call!**

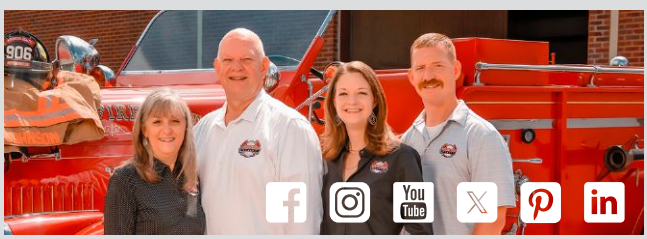

WHAT IS A FIREBOSS?

I started in the fire service on Jan. 5, 1987. On my first day at the fire station, the front-line engine was at the shop for repairs, and in its place was a reserve fire engine ... **a 1968 Fire Boss**.

This engine had a 750 GPM two-stage pump, 3" supply hose, and an open cab. Some called it a convertible, but there was no converting it ... there was simply no roof for the cab. If it rained, you got wet, and if it hailed, you got pounded. There was a tarp to keep the cotton jacketed hose dry and protected from the sun, but nothing to protect the people. The fire department owned two of these fire engines, and to this day, they are the only vehicles I have ever seen with windshield wipers on both the inside and the outside.

Many great days were spent responding on "The Fire Boss." For me, this was the vehicle that launched the greatest career on the planet. It seemed only fitting to carry on the name for the second greatest career on the planet – **FireBoss Realty!**

WELCOME FROM THE CHAMBER!

Jessica Zuniga, Board Chair & Tina Stelnicki, IOM, CEO

Welcome to the 2026 edition of the ***Wylie Area Connection Business Directory & Community Resource*** — your guide to the businesses, leaders, and organizations that make Wylie a dynamic place to live, work, and do business. This publication serves as a community resource, featuring helpful information about the City of Wylie, including local parks, a city map, and highlights of public art and landmarks found throughout our community.

This year marks a significant milestone for the Wylie Area Chamber of Commerce as we celebrate our 50th anniversary. Since its founding, the Chamber has served as a trusted resource for local businesses—providing connections, advocacy, and opportunities that support a strong and resilient business community.

As we reflect on this milestone, we are also focused on what lies ahead. The Chamber continues to evolve to meet the needs of our growing business community through new programs, deeper connections, and expanded opportunities for engagement. As Jessica Zuniga, 2026 Chairman of the Board of Directors, shares:

> *"For five decades, this Chamber has been the heartbeat of Wylie's business community—supporting entrepreneurs, strengthening partnerships, and helping our city grow into the thriving, opportunity-rich place it is today. As we celebrate our past, we are also boldly stepping into the future, accelerating toward what's next."*

We proudly celebrate and thank the Chamber members who advertise in this publication. Their investment brings these pages to life and reflects a shared belief in the power of supporting one another locally. We also extend our heartfelt appreciation to all Chamber members who continue to invest in their businesses by investing in the Chamber—fueling connection, collaboration, and the momentum that keeps Wylie moving forward.

Wylie's success is built on the strength, creativity, and commitment of its local businesses. Together, we are shaping a community where families prosper and opportunity continues to grow for generations to come.

Thank you for being part of this remarkable journey. Here's to 50 years of excellence—and to the energy, growth, and promise that will define 2026 and beyond. •

155 Years of Faith—*A Future Full of Hope.*

There's something special happening at The Cross Church in Wylie. For 155 years, this community has been a place where lives are transformed, where people discover their purpose, and where faith becomes real. From its humble beginning as Shiloh Missionary Baptist Church of Nickleville in 1870 to its vibrant present as The Cross Church, one thing has never changed: a passionate commitment to spread God's fame by making disciples of all people. And according to Lead Pastor Dr. Kris Segrest, while celebrating the past is significant, the best days are ahead! "The best way to honor our legacy is to secure our future."

Pastor Kris describes the church's goal simply: *make heaven more crowded.* That's not just a catchy phrase—it's how this church has lived for over a century and a half.

When the railroad shaped community life, the church relocated near the train depot to reach people where they were. When tornadoes and hailstorms devastated homes in the area, church members boarded windows, tarped roofs, and served neighbors whether they attended services or not. Through every season, The Cross Church has been defined not by its building or programs, but by people who genuinely care about their community.

"We have always asked ourselves, if our church ceased to exist someday, would the community miss us?" said Senior Associate Pastor Allen Stroud. "And we would like to think they would."

Learn more about the The Cross Church by visiting **thecross.com**

After 155 years of faithful presence, the answer is undeniable. And here's what makes this anniversary so exciting: we're not just celebrating 155 years of history. We're anticipating what God is about to do next.

The Cross Church is investing in the next generation through ministries for children and young adults. We're growing our community outreach programs that meet real needs — from food distribution to counseling services, from marriage enrichment to recovery support. We're embracing technology to reach people in fresh ways while never losing the personal touch that makes this community special.

Every life changed, every family strengthened, every person who discovers their calling — it happens because people choose to get involved, to show up, to say yes to what God is stirring in their hearts.

Maybe you're new to the area and looking for community. Maybe you've been here for years but haven't connected yet. Maybe you're exploring faith for the first time or finding your way back after some time away. Maybe you're ready to serve but don't know where to start.

Whatever your story, *there's a place for you at The Cross Church.*

For 155 years, The Cross Church has been meeting people where they are — in their questions and doubts, their joys and struggles, their search for meaning and purpose. That invitation extends to you today.

Come experience a community where you can belong, where your story matters, and where you'll discover what God has uniquely designed you to do. Come see what happens when biblical truth meets everyday life. Come be part of what God is doing as His fame is spread.

We welcome all to join our weekend gatherings. Our diverse services and ministries aim to introduce people to Jesus and to be a place that offers hope, spiritual growth, and belonging. Messages each week are based on the infallible Word of God with real life application.

We offer Christ-centered, high-energy, age-appropriate, fun weekend and weekday worship experiences for the next generation, ages birth through 12th grade.

We gather every Saturday at 5:30 p.m. and Sunday at 9:30 and 11 a.m. for worship that's authentic and Bible-centered. We meet on the weekend and throughout the week in small groups where real relationships are built. We serve our community in practical ways that demonstrate God's love. And we're constantly asking the question: how can we help people take their next step with Jesus?

As Pastor Kris often says, "The best is yet to come."

And you're invited to be part of it.

CITY OF WYLIE

Mayor Matthew Porter

Welcome to Wylie, Texas!

I hope you find that Wylie offers an outstanding quality of life and a true hometown feel for our more than 63,000 residents, a welcoming environment for businesses, and unique experiences for visitors. My appreciation for this community and the values that make it such a wonderful place to raise a family has only strengthened as my wife and I celebrated our daughter Chloe's first birthday.

Founded in 1887, Wylie's rich history is still visible today, especially in our historic downtown district. A walk down Ballard Avenue invites you to explore locally owned shops, enjoy a meal at one of our many restaurants, and admire beautifully preserved Victorian and Craftsman-style architecture. Make it a day and play in Olde City Park, stop by the Welcome Center at Brown House, and explore our downtown.

Community spirit defines Wylie. Throughout the year, our city hosts events that bring thousands of people together, including Boo on Ballard, the 500 Pedal Car Race, Bluegrass on Ballard, the Taste of Wylie, the Wylie Arts Festival, the Wylie Area Chamber of Commerce Championship Rodeo, and our annual Christmas parade and tree lighting. I hope to see you at one of the many community events so you can discover why we proudly call ourselves "Wide Awake Wylie."

Wylie is consistently recognized as one of the Best Places to Live and Raise a Family in the nation and is known as one of the safest communities in the country. Our award-winning Wylie Independent School District offers exceptional educational opportunities, complemented by the Collin College Wylie campus. Wylie Fire Rescue holds a top ISO-1 rating, our Police Department is recognized for outstanding service, and our parks and recreation system encourages an active lifestyle. With Lavon Lake and Lake Ray Hubbard nearby, outdoor adventure is always close.

On behalf of the City Council, City Manager, and city staff, welcome to Wylie. Whether you are visiting or call Wylie home, we invite you to experience all that Wide Awake Wylie has to offer.

PUBLIC ART IN WYLIE

100 Years: A Visual History

Montage 48/61

Fire Station #3
210 N. W.A. Allen Blvd.

Seven mosaic panels on this 14-foot wall depict Wylie Fire Rescue's rich history and service. The artists worked from photographs, placing thousands of tile pieces together to create black-and-white and color images. It was Wylie's first public art installation.

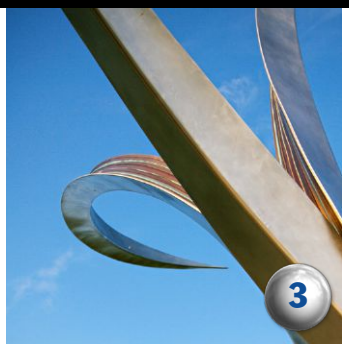

Catch

Madeline Wiener

Founders Park
851 Hensley Ln.

This design, consisting of a thrower and a catcher carved out of solid, dolomitic limestone, is physically and visually interactive. Evoking a feeling of movement, it welcomes sports league participants and visitors to Founders Park. Both figures are approximately 6 feet tall and between 5 and 6 feet in length.

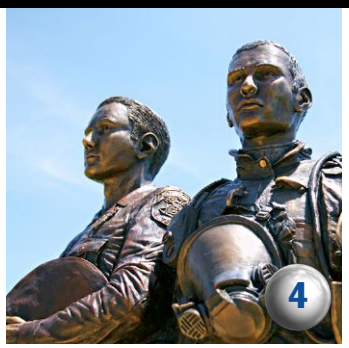

Entwine

Michael Szabo

Wylie Municipal Complex Trail
300 Country Club Rd.

Standing over 32 feet tall and created from stainless steel and bronze, Entwine dances like prairie grasses in the wind. Szabo said that, despite the fact that Wylie has more than tripled its population in the last 15 years, it has not lost any of its identify; it has "struck an admirable balance between its deep roots and the future growth."

Heroes of Wylie

Sid Henderson

Wylie Public Safety Complex
2000 N. Hwy. 78

Members of Wylie's police and fire departments provided input into the design and emotion of this bronze sculpture. Plaques engraved with "Fireman's Prayer" and "Police Officer's Prayer" are featured on its base. The piece is a tribute to those serving the Wylie community and a reminder of those who lost their lives in the terrorist attacks of 9/11.

Lift-Off

John Davis

Oncor Park
961 E. Brown St.

Davis used the circle and the spiral to form this kinetic sculpture, a celebration of the essence of the disc golf park. The spiral suggests energy and propulsion of the disc, and a wind vane in the shape of a disc connects to the airborne aspect of the golfing activity and can give golfers an indication of wind direction.

Never Forget

Terrance Martin

Fire Station #4
3200 McMillan Rd.

Never Forget pays homage to the 343 first responders who lost their lives on 9/11. The iconic aluminum structures contain actual pieces from the World Trade Center that people can reach in and touch. The names of first responders who gave their lives are laser-cut into the metal, along with the image of a kneeling firefighter.

Prairie Crossing

Michael Szabo

Wylie Municipal Complex Trail
300 Country Club Rd.

Ribbons of stainless steel and rich textured bronze reach 11 feet at their highest point. Evoking the beautiful chaos of prairie grasses, the arches give the visitor a feeling of being in the prairie that has defined this region. Prairie Crossing is the companion piece to Entwine, located on the Municipal Complex grounds.

RESCUED

Robert Barnum

Wylie Animal Shelter
949 Hensley Ln.

Located at the Wylie Animal shelter, RESCUED celebrates the bond between rescued animals, shelter staff, and those who adopt these animals. The plaque says its mission is to, "Honor the noble and dedicated work of the Wylie Animal Shelter staff and volunteers and recognize their efforts to care for and find forever homes for lost animals."

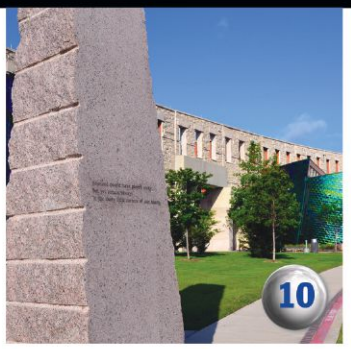

Revery

Katy Antill

Wylie Municipal Complex Trail
300 Country Club Rd.

The vibrant mosaic celebrates the region's uncultivated past, depicting the native prairie landscape with its wildlife, wildflowers, butterflies, and birds that once thrived here. From bison to butterflies, the artwork reflects the rich biodiversity that defined the land. The metal elements pay tribute to Caddo pottery unearthed during construction of the municipal complex.

Something Real

Steve Gillman

Wylie Municipal Complex
300 Country Club Rd.

"This piece is about the site and the city – its past and present, its people, and its nature as a modern civic center," said artist Steve Gillman. "Its monumentality lends dignity and a sense of place while inviting visitors into Wylie's Municipal Complex." The seven monoliths are engraved with quotes from historian Beb Fulkerson's newspaper column, "The Town of Wylie."

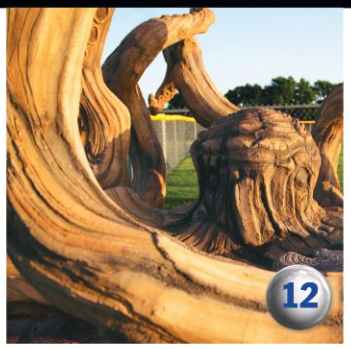

Teatro XIX

Herk van Tongeren

Wylie City Hall
300 Country Club Rd.

This bronze work comprised of a column, an arch, and geometric shapes, represents the community gathering places found in ancient Greece and Rome. Originally displayed in Atlanta, Ga., Teatro XIX was donated to the city in 2010 because of its significance to our modern day municipal complex ... Wylie's community gathering place.

Up Your Game

Johnny Edwards

Community Park
800 Thomas St.

As guests approach the baseball complex at Community Park, they are greeted by Batterpillar holding five bats, and his adversary, Octopitcher, with its eight tentacles. Hand sculpted out of cement over steel armatures and finished to appear to be wood carvings, the artist created a piece that combines whimsy and substance.

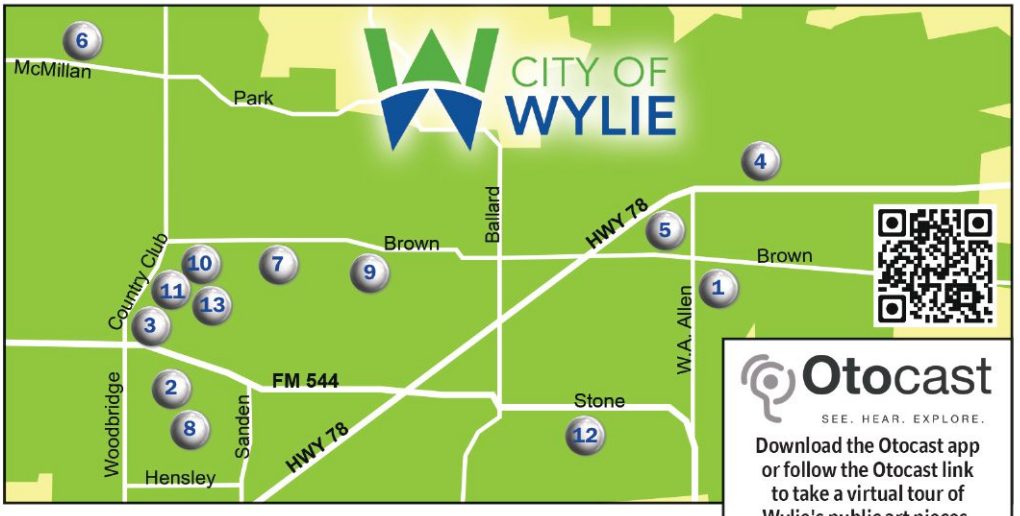

Voices of Wylie

Living Lenses

Smith Public Library
300 Country Club Rd.

This 13-foot-wide stainless steel sculpture features hemispheres that spiral toward each other representing Wylie's rich history as the "Onion Capital of the World." The sculpture conceals a speaker, and visitors are invited to type their thoughts and emotions, which are translated into Braille text dots and turned into musical tones through an electronic sampler.

Public Art Program

Funding for the City of Wylie's public art program comes from two sources: 1% of capital improvement project fees, and vendor booth fees and sponsorships from Bluegrass on Ballard and the Wylie Arts Festival. Since the program's inception, the City has been committed to providing projects that beautify the city and engage the collective heart of the community. The 13 public art pieces located at various points around town provide opportunities for citizens to reminisce and learn about times past and to create a treasured town culture for current and future generations.
