GUIL®

Since 1983

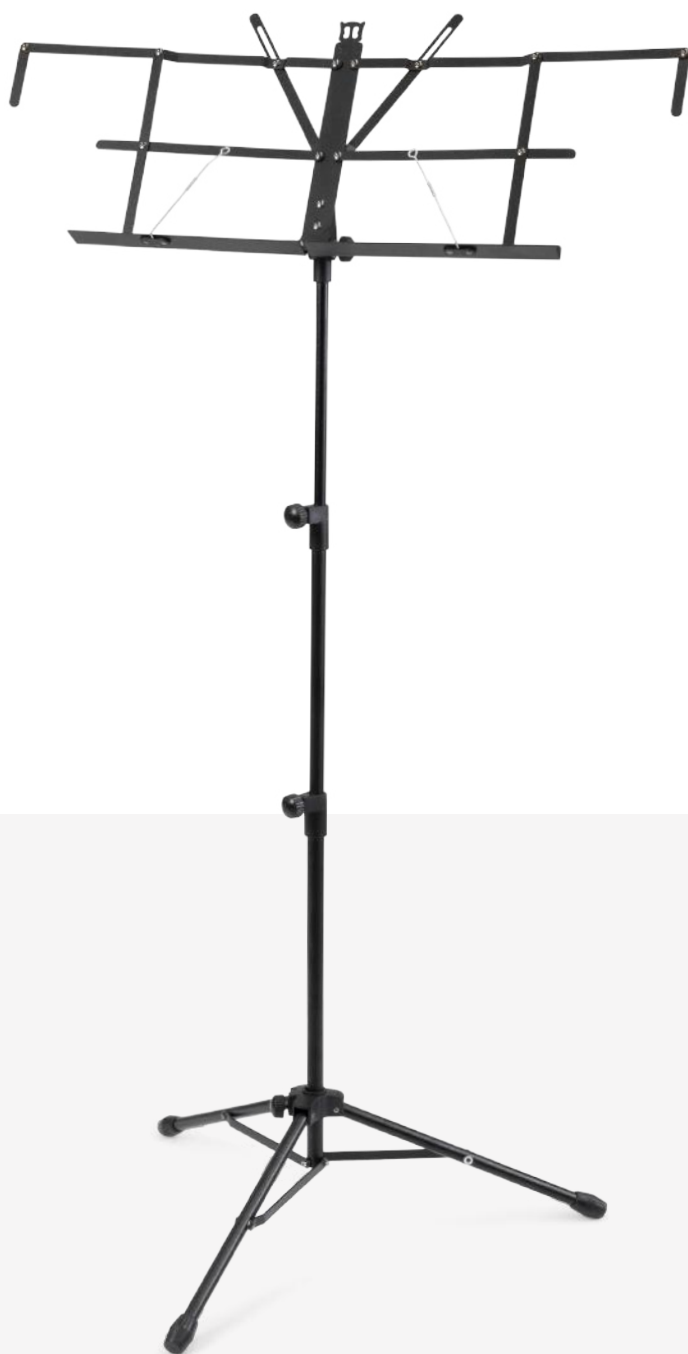

Foldable, light-weight and compact music stand. It is manufactured in steel with double-thick tubing (it is stronger than conventional folding music stands).

This height adjustable music stand has a desk made with metal plates that have smooth edges to prevent injury to the user.

Our music stand has a practical, quick and easy system for opening up the desk. Its special design with additional sheet holders allows you to use large format sheet music.

The folding music stand ref. AT-02 has an angle adjustable desk that is provided with two sheet holders to hold the music scores in the desired position.

The AT-02 music stand includes a nylon carrying case with a handle (ref. BL/AT) for easy transport and storage.

The base is attached to the rest of the stand using bolts, which prevents wobbling through looseness, guaranteeing great stability of the whole stand.

The sturdy structure, made in steel and finished with a black anti-scratch paint, has legs with rubber feet that guarantee a perfect grip to the floor as well as being non-marking.

SPECIFICATIONS AT-02

- Adjustable Height: **87 cm - 164 cm**
- Footprint: **Ø 66 cm**
- Desk Dimensions: **71 x 29 x 3 cm**
- Folded Dimensions: **55 x 12 x 7 cm**
- Carry Bag: **Included (65 x 18 cm)**
- Net Weight: **1.55 Kg**
- Colour: **Black**

**ORCHESTRA MUSIC STAND FOR PROFESSIONAL USE. WITH METALLIC DESK WITH DOUBLE SHELF**

Quality orchestra music stand, adjustable in height, with metallic desk with one-handed angle adjustment.

For its great durability, it is **the perfect music stand for orchestras, bands and musicians** that need a professional music stand that combines an **elegant design with stability, resistance and durability and also for music conservatories & schools** where they are passed from person to person and have a frequent use.

It also has an **INNOVATIVE DESK ANGLE CONTROL SYSTEM**: when it is moved into the desired position it maintains this position **WITHOUT THE NEED OF PRESSURE KNOBS**.

Its desk has 2 shelves to put your things on (baton, pen, mobile etc.).

The height of the music stand is adjustable using its pressure knob system. It is manufactured in steel and finished with a textured, black, anti-scratch paint.

Its folding base section is manufactured in 22 mm tubing and put together with M6 screws, guaranteeing maximum stability and durability. Its legs have rubber feet that guarantee a perfect grip to the floor as well as being non-marking.

TRANSPORT: GUIL has developed a trolley for easy handling and manoeuvrability of our music stands. This trolley (ref. CRO-02) has a capacity of up to 15 units. It has a special design that lets it to rotate on its own axis (360°), allowing to be turned around in small spaces and making it easily manoeuvrable for a single person.

**SPECIFICATIONS AT-12**

- Adjustable Height: **105 cm - 168 cm**
- Footprint: **Ø 76 cm**
- Desk Dimensions: **47 x 35 x 5.5 cm**
- Double shelf: **Yes**
- Angle adjustment: **Manual**
- Net Weight: **4.3 Kg**
- Material: **Steel**
- Colour: **Black**

**ORCHESTRA MUSIC STAND FOR PROFESSIONAL USE. WITH METALLIC DESK WITH DOUBLE SHELF**

With metallic desk with double shelf. Its fixed base has reduced dimensions, indispensable for places with limited space.

Specially designed to be exceptionally sturdy for use in orchestras or music conservatories where they are passed from person to person and have a frequent use.

Its desk has 2 shelves to put your things on (baton, pen, mobile etc.).

It has a **SPECIAL DESK ANGLE CONTROL SYSTEM**; when it is moved into the desired position it maintains this position without the need of pressure knobs.

THE ORCHESTRA MUSIC STAND REF. AT-13 INCLUDES PROTECTIVE FEET PADS (FLOOR PROTECTORS) FOR PARQUET OR DELICATE FLOOR SURFACES IN GENERAL.

The desk with two shelves is made of steel and finished with a black, anti-scratch paint.

TRANSPORT: GUIL has developed a trolley for easy handling and manoeuvrability of our music stands. This trolley (ref. CRO-02) has a capacity of up to 20 units.

SPECIFICATIONS AT-13

- Adjustable Height: 101cm - 155 cm
- Footprint: Ø 49 cm
- Desk Dimensions: 47 x 35 x 5.5 cm
- Double shelf: **Yes**
- Angle adjustment: **Manual**
- Net Weight: **4.2 Kg**
- Material: **Steel**
- Colour: **Black & Chrome**

TROLLEY FOR MUSIC STANDS. FITTED WITH 5 WHEELS. MAXIMUM MANOEUVRABILITY

Heavy-duty trolley to transport and store music stands and protection screens, even in small spaces. Ideal to use in music conservatories, music halls, theatres, schools, academies, etc. **CRO-02 trolley is compatible with music stands from other brands.** It is fitted with 5 wheels: three swivel wheels, two of them with brakes ($\varnothing$ 100 mm) and two $\varnothing$ 200 mm wheels.

The capacity of the trolley, depending on the model of the stand or protective screen, is as follows: 15 units of AT-12 stands and 20 units of AT-13 stands. Note: As manufacturers, we can produce special sizes made to order.

Its special "Cage design" guarantees the protection of the music stands and protection screens where they are being transported. All contact points are covered with foam/rubber to protect the stands.

Includes a blocking system that stops the music stands from slipping while being moved around (keeping music stands in place).

This practical trolley can be fully dismantled for an easy storage. It is made in steel with an anti-scratch paint finish for maximum durability. Its ergonomic handles are covered with non-slip rubber.

The two $\varnothing$ 200 mm wheels allow you to turn the trolley on a central axis meaning it can be turned around in reduced spaces and making it easily manoeuvrable for a single person.

MUSIC STAND TO SECURE IT TO GUIL PLATFORMS. METALLIC DESK WITH DOUBLE SHELF

“ INTEGRATED ”

Practical metallic music stand that can be fitted to any of our platforms (any version or size) by attaching it to their multifunctional rail. With this adaptor there is no need for the conventional base of the music stand which takes up space. This product leaves the whole platform free for the user.

The music stand and the adaptor are manufactured in steel and finished with a textured, black, anti-scratch paint.

This music stand is height adjustable and has a metallic desk with two shelves to put your things on (baton, pen, mobile etc.). The desk has an innovative angle control system which makes it maintain its position without the need of pressure knobs.

The AT/TM-01 music stand can be used at the same time as the mic. stand for platforms ref. PM/TM-01; both are very practical accessories for any kind of event that is carried out in a reduced space, with a small platform/stage.

SPECIFICATIONS AT/TM-01

- Height: **83.5 cm - 150 cm**
- Desk Dimensions: **47 x 35 x 5.5 cm**
- Double shelf: **Yes** - Connector: **included**
- Net Weight: **3.73 Kg** - Material: **Steel**
- Colour: **Black**

LP-01

METALLIC MUSIC STAND LAMP WITH FOUR ARTICULATIONS

Music stand lamp with four articulations allowing it to be placed in any position, achieving a complete and uniform lighting.

Its special design distributes concentrated light over the music stand desk, reducing light dispersion. It has a fitting for light bulb or LED light of up to 25 watts, with an E14 fitting (bulb not included).

LP-01 music stand lamp attaches easily to any music stand. Its clamp has a protective mounting plate to prevent damage to music stands. It is provided with 1.5 m electrical cable with on-off switch and Euro-style plug.
