2026 GLB 250 4MATIC SUV

GLB SUV DESIGN

COMPACT OUTSIDE. BIG ON EVERYTHING.

Seating for up to seven. Rugged, refined, stylish and advanced—yet highly approachable.

TIMELESS

Supportive seating, natural-grain wood options and aluminum accents create a finely finished cabin.

AMBIENT

Available 64-color LED lighting adds multi-hue motifs and soothing themes throughout the cabin.

DIGITAL

Standard dual 10.25-inch displays put instruments, multimedia and touchscreen controls within easy reach.

STYLISH: ATTITUDE AT ANY LATITUDE

Crisp upright lines maximize cabin space. Wheel options range from 18 to 20 inches.

GLB SUV VERSATILITY READY FOR MORE.

Bring up to six friends, take on weekend chores and make every mile memorable.

FLEXIBLE

The sliding 40/20/40-split second row and available 50/50-split third row offer seating for seven or up to 62 cu ft of cargo room.

TURBO TORQUE

The efficient 2.0L turbo engine delivers 221 hp, while mild-hybrid technology can add 13 hp electrically.

8 SPEEDS. 4 MODES.

The dual-clutch 8-speed and DYNAMIC SELECT drive modes adapt performance to every journey.

4MATIC

Available all-wheel drive optimizes stability and traction, with added confidence for loose surfaces and downhill driving.

VERSATILITY FOR EVERY ROAD

Flexible space, responsive power and confident capability—all in one compact SUV.

GLB SUV INNOVATION

SMARTER AT EVERY TURN.

MBUX listens, learns and responds—putting comfort, connectivity and confidence within easy reach.

INSTANT UPGRADE

Power front seats with memory, dual climate zones and a power liftgate make every drive easier. Available luxuries include a Panorama roof and heated steering wheel.

TELL IT. TOUCH IT.

Say "Hey, Mercedes" or use multiple touch interfaces to control key features. Wireless Apple CarPlay and Android Auto are standard.

STAY CONNECTED

Mercedes-Benz Digital Extras help you access Remote Start, vehicle information, Online Music Streaming and available in-car Wi-Fi.

VIRTUAL EYES

Blind Spot Assist helps protect passengers when exiting, while available adaptive cruise adds confidence in traffic.

INTELLIGENCE THAT MOVES WITH YOU

Intuitive technology, seamless connectivity and advanced driver assistance.
