LABELSTOCK COLLECTION

*wine and spirits, food specialties
luxury packaging, brand identity, storytelling*

*wine destination
labelstock collection*

“Wine Destination” is not merely a slogan, but the very essence of our Company mission. This Catalogue serves as an invaluable source of inspiration, guiding the way you communicate your story and values.

Choose from our diverse product portfolio and infuse your original designs to boost your brand identity.

A carefully selected product portfolio of classic, textured, elegant, trendy and unique face-stock papers offers you limitless possibilities in shaping the design of your wine and spirit labels.

INNADHEX® dedicated range of materials extends to a wider field of applications, like food specialties and craft beer labels, broadening

the horizons for your creative endeavors.

Sustainability remains our unwavering and ongoing commitment. Our collection proudly features FSC certified products and papers crafted from recycled and alternative fibers, making a tangible contribution to environmental causes and circular economy.

Privileged partnership with label manufacturers and close collaboration with label graphic designers establish INNADHEX® as a leading force in the exclusive market of luxury wine and spirit labels. Let this Catalogue be your guide, steering your creative and business solutions towards their final destination.
