NAQI (nah-KEE) derives its name from the arabic word for pure, in the sense of simplicity or austerity.

The new design is made 100% at SKRAM in NC, USA. NAQI was developed to offer a solution for design-driven but budget conscious contract/hospitality projects. Key features include solid timber construction, diverse material options, and contract grade performance. NAQI also features tool-free, interchangeable upholstery to facilitate easy updating or replacment on the fly.
