ADDGLUE

Technologie innovante

La technologie uhlsport **ADDGLUE** garantit une sensation de jeu exceptionnelle et une durée de vie maximale du ballon. Grâce à son double collage et à sa surface sans couture, elle offre une rondeur parfaite, un contrôle optimal et une très faible absorption d'eau.

Les **panneaux préformés** améliorent la fixation et assurent des trajectoires de vol précises.

La **vessie High-Air-Retention** maintient la pression d'air plus longtemps et garantit une forme parfaitement ronde.

Enfin, la structure **DOUBLE FOAMING**, composée de deux couches de mousse laminées, apporte une excellente rondeur et un contrôle supérieur du ballon.
