HOUE

2027

A NEW CHAPTER IN OUR DESIGN PHILOSOPHY BEGINS

2026 became a milestone year for HOUE. Achieving B Corp certification with a score of 91.6 points is something we are extremely proud of.

It reflects how HOUE has grown since 2007 — not only in the way we design products, but also in how we consider environmental and social aspects in our business.

We continue this journey with CLICK 304, where our iconic CLICK concept evolves through stainless steel, 50% post-consumer recycled plastic lamellas, and optional soft seating. At the same time, CLICK Café introduces a younger and more compact expression for cafés and smaller outdoor spaces. ORA brings together aluminum, ceramic, and terrazzo in a table, defined by engineering precision and visual balance. HEO introduces a softer seating experience through a hand-woven cord back and sculptural aluminum details.

We also introduce the new MIJO lamp, marking the next step in our ambition to establish a strong position within portable outdoor solar lighting.

This maturity is reflected in the 2027 collection. For years, HOUE has aimed to be known for democratic Danish design: colorful, playful, and accessible furniture with strong quality and pricing. Today, we are evolving that DNA towards a more refined, enduring and timeless expression of Danish outdoor design.

Together, I think these introductions represent a more mature HOUE — while staying true to the values that brought us here. We believe this is our strongest collection yet, and we look forward to creating an even better HOUE experience together with you in 2027.

Kind regards,
Lars Houe

DESIGNED TO SIT WELL

AT HOUE, GREAT SEATING IS ABOUT MORE THAN HOW A CHAIR LOOKS. IT'S ABOUT HOW IT FEELS TO SIT IN IT. WE PAY CLOSE ATTENTION TO THE DETAILS THAT MAKE A REAL DIFFERENCE TO COMFORT — FROM THE SHAPE AND PROPORTIONS TO THE MATERIALS AND CONSTRUCTION.
OUR SEATING COLLECTION BRINGS TOGETHER DISTINCTIVE DESIGN, EVERYDAY COMFORT AND MATERIALS SELECTED FOR OUTDOOR LIVING. FROM DINING CHAIRS TO LOUNGE SEATING, EACH DESIGN HAS ITS OWN CHARACTER, DEFINED BY ITS FORM, CONSTRUCTION, AND ATTENTION TO DETAIL.

MADE FOR TERRACES, GARDENS AND OUTDOOR DINING, OUR SEATING COMBINES LASTING DESIGN WITH THE COMFORT THAT MAKES YOU WANT TO STAY A LITTLE LONGER.

EATING

OUTDOOR SEATING

NEW

DESIGNED BY
HENRIK PEDERSEN

CLICK 304 LOUNGER EXTENDS THE CLICK COLLECTION WITH A RELAXED, SCULPTURAL EXPRESSION.

CRAFTED FROM 304 STAINLESS STEEL AND FEATURING WIDE LAMELLAS CONTAINING 50% POST-CONSUMER RECYCLED PLASTIC. IT DELIVERS THE CHARACTERISTIC CLICK CUSHION-FREE COMFORT IN A MORE REFINED, ARCHITECTURAL EXPRESSION. AN OPTIONAL CUSHION ADDS AN EXTRA LAYER OF SOFTNESS.

OUTDOOR
LOUNGER

CLICK 304

NEW

While the original CLICK is known for its playful color combinations, flexible comfort and accessible design, CLICK 304 introduces a more refined and architectural expression. 304 refers to the stainless steel that gives the CLICK collection its distinctive material expression Crafted from 304 stainless steel and featuring organically shaped teak armrests as standard, CLICK 304 combines understated elegance with durable materials. Designed for demanding outdoor environments and high-quality projects, it brings a more sophisticated expression to the CLICK family without compromising on comfort or character.

Developed for enhanced durability and long-term outdoor use, CLICK 304 marks a new chapter for the collection. An optional cushion completes the design, extending its versatility into a comprehensive soft seating solution.

The wider lamellas create a calm visual appearance while preserving the flexibility and comfort that define CLICK. The design has also enabled the use of material containing 50% post-consumer recycled plastic, reducing the need for virgin plastic without compromising performance.

Where the original CLICK embraces playful combinations of contrasting frame and lamella colors, CLICK 304 takes a more restrained approach. Presented in a monochrome palette of Oat and Mole, the collection introduces a mature, timeless design language while remaining unmistakably CLICK.

CLICK 304

DESIGNED BY
HENRIK PEDERSEN

CLICK 304 DINING CHAIR TRANSFORMS THE CLICK CONCEPT INTO A FRAME MADE IN 304 STAINLESS-STEEL FINISHED WITH ORGANICALLY SHAPED TEAK ARMRESTS. FLEXIBLE LAMELLAS CONTAINING 50% POST-CONSUMER RECYCLED MATERIAL DELIVER THE COLLECTION'S SIGNATURE CUSHION-FREE COMFORT, WHILE THE STACKABLE DESIGN COMBINES EVERYDAY PRACTICALITY WITH A CLEAN, TIMELESS EXPRESSION. AN OPTIONAL CUSHION OFFERS AN ADDED LAYER OF SOFTNESS.

HEO

OUTDOOR
DINING CHAIR

HEO IS A DINING CHAIR DEFINED BY COMFORT AND SUPPORT. THE HAND-WOVEN BACKREST IN FLEXIBLE CORD CREATES A SOFT, SUPPORTIVE SHAPE WITH A BALANCED TENSION BETWEEN SOFTNESS AND STRUCTURE. THE ARMRESTS ARE INTEGRATED IN THE ALUMINUM FRAME WHICH FORMS A CLEAN OUTLINE, WHILE THE MIXED-COLOR CORD ADDS DEPTH TO THE CHAIR. ADDITIONALLY, A SEAT CUSHION CAN BE ADDED. THE CHAIR IS STACKABLE.

A NEW LIFE FOR MATERIALS

WE STOPPED LOOKING AT TRASH AS A PROBLEM, AND STARTED SEEING IT AS THE RESOURCE IT IS. AND WE CREATE FURNITURE MADE OF RECYCLED EVERYDAY HOUSEHOLD PLASTIC TRASH.

MYTRASH gives Danish household plastic waste a new purpose through design. By transforming discarded plastic into durable components for outdoor furniture, the concept combines material reuse with Danish design and innovation.

Used in selected HOUE designs, MYTRASH gives materials a new life as functional parts of furniture made for lasting use. In FALK, the material forms the seat shell, while in ReCLIPS, it is used for the lamellas that shape the seat and backrest.

MYTRASH

DESIGNED BY
THOMAS PEDERSEN

DESIGNED BY THOMAS PEDERSEN, FALK COMBINES AN ORGANIC, SCULPTED SEAT WITH POWDER-COATED STEEL LEGS. THE OPENING IN THE SEAT IS AN INTEGRAL PART OF THE DESIGN, CREATING A LIGHTER EXPRESSION WHILE ALLOWING THE BACKREST TO FLEX NATURALLY FOR ADDED COMFORT.
THE FALK MYTRASH CHAIR FEATURES A SEAT SHELL MADE FROM RECYCLED DANISH HOUSEHOLD PLASTIC WASTE, COMBINED WITH 10% GLASS FIBRE AND APPROXIMATELY 3% UV COLOR PIGMENT. PRODUCED IN DENMARK, THE SHELL TRANSFORMS DISCARDED PLASTIC INTO A DURABLE COMPONENT WITH A NEW PURPOSE.
FALK OUTDOOR CARRIES THE EU ECOLABEL, CONFIRMING THAT THE PRODUCT MEETS THE SCHEME'S ENVIRONMENTAL CRITERIA THROUGHOUT ITS LIFE CYCLE.

OUTDOOR DINING CHAIR

CLASSIC, REFINED BY COLOR

CLICK CLASSIC IS DEFINED BY ITS SIMPLE, DISTINCTIVE DESIGN, CUSHION-FREE COMFORT AND THE FREEDOM OF COLOR. THE FLEXIBLE LAMELLAS PROVIDE A COMFORTABLE SEATING EXPERIENCE WITHOUT THE NEED FOR CUSHIONS, WHILE A WIDE RANGE OF COLORS ALLOWS THE COLLECTION TO TAKE ON DIFFERENT EXPRESSIONS. FROM UNDERSTATED TONES TO MORE EXPRESSIVE HUES, CLICK CLASSIC ADAPTS NATURALLY TO ITS SURROUNDINGS WHILE RETAINING ITS OWN IDENTITY.

DESIGNED TO LAST, CLICK CLASSIC ALSO LEAVES ROOM FOR CHANGE. ITS REPLACEABLE LAMELLAS MAKE IT POSSIBLE TO CHANGE COLORS AND CREATE A NEW EXPRESSION OVER TIME. A MORE SUBTLE LOOK OR A BOLD COMBINATION CAN GIVE THE FAMILIAR DESIGN A DIFFERENT CHARACTER, WITHOUT CHANGING WHAT MAKES IT UNMISTAKABLY CLICK.

A LASTING FAVORITE WITH THE FLEXIBILITY TO EVOLVE – IN COLOR, EXPRESSION AND THE WAY IT FITS INTO EVERYDAY OUTDOOR LIFE.

SHAPES OF OUTDOOR LIVING

A TABLE NATURALLY BRINGS A SPACE TOGETHER. IT OFFERS A PLACE FOR EVERYDAY MEALS, A QUIET CUP OF COFFEE OR TIME SPENT WITH OTHERS. HOUE'S TABLE COLLECTION EXPLORES A VARIETY OF SHAPES AND SIZES, FROM SMALL, ROUND TABLES TO LARGER DESIGNS WITH CLEAN, DEFINED LINES, EACH WITH ITS OWN CHARACTER AND PURPOSE.

DESIGNED FOR OUTDOOR LIVING, THE COLLECTION COMBINES TIMELESS DESIGN WITH CONSIDERED MATERIALS AND A NATURAL SENSE OF BALANCE. FROM COMPACT SETTINGS TO LARGER OUTDOOR SPACES, THE TABLES OFFER DIFFERENT WAYS TO MAKE THE MOST OF LIFE OUTSIDE.

TABLE

OUTDOOR TABLES

ORA

OUTDOOR
DINING TABLE

ORA

OUTDOOR
DINING TABLE

ORA IS A STRIKING ROUND DINING TABLE DEFINED BY ITS BALANCED PROPORTIONS AND SCULPTURAL SIMPLICITY. ITS CIRCULAR FORM CREATES A NATURAL SENSE OF CONNECTION, INVITING EVERYONE AROUND THE TABLE INTO THE SAME SHARED SPACE.

THE SLENDER STEM RISES FROM A GROUNDED BASE, EXPLORING THE BOUNDARIES OF WHAT FEELS PHYSICALLY POSSIBLE. ITS TAPERED WAIST CREATES A STRIKING VISUAL CONTRAST BETWEEN TOP AND BOTTOM, BALANCING A SENSE OF LIGHTNESS WITH A STRONG, SCULPTURAL PRESENCE.

THE ROUNDED TERRAZZO BASE SOFTENS THE WEIGHT OF THE FOOT, GIVING IT A LIGHTER, MORE EFFORTLESS EXPRESSION. THESE GENTLE CURVES CONTINUE INTO THE TABLETOP, WHERE THE ROUNDED EDGES CREATE AN INVITING AND TACTILE FEEL.

DIVIDED INTO THREE SECTIONS, THE TABLETOP OFFERS GREATER FREEDOM IN HOW CHAIRS ARE POSITIONED AROUND IT, OPENING UP THE SPACE FOR MORE FLEXIBLE AND NATURAL GATHERINGS.

OUTDOOR DINING

CIRCLE

DEFINED BY ITS INVITING ROUND SHAPE, CIRCLE BRINGS PEOPLE TOGETHER AROUND A TIMELESS DESIGN. AVAILABLE IN BOTH BAMBOO AND TEAK, THE COLLECTION OFFERS TWO DISTINCT MATERIAL EXPRESSIONS, EACH WITH ITS OWN NATURAL WARMTH AND CHARACTER. THE GRANITE INSERT AT THE CENTER ADDS A CONTRASTING MATERIAL DETAIL WHILE PROVIDING A PRACTICAL SURFACE FOR HOT POTS AND SERVING DISHES.

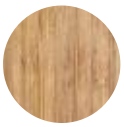

THE NEW TEAK VERSION BUILDS ON THE ORIGINAL DESIGN, ADDING A DURABLE MATERIAL THAT GRADUALLY DEVELOPS A BEAUTIFUL SILVER-GREY PATINA OVER TIME. OUR FSC-CERTIFIED TEAK IS SOURCED FROM RESPONSIBLY MANAGED PLANTATIONS IN BRAZIL. A NATURAL GATHERING POINT, MADE FOR LIFE OUTDOORS.

FOUR OUTDOOR DINING TABLE

FOUR IS DEFINED BY ITS CLEAN LINES AND A CAREFULLY BALANCED MIX OF MATERIALS. THE POWDER-COATED ALUMINUM FRAME IS COMBINED WITH EITHER BAMBOO OR CERAMIC, GIVING THE TABLE TWO DISTINCT EXPRESSIONS. THE OUTER FRAME IS A KEY PART OF BOTH THE DESIGN AND CONSTRUCTION, NEATLY ENCLOSING THE TABLETOP WITHIN ITS PROFILE. BAMBOO ADDS NATURAL WARMTH AND TEXTURE, CONTRASTING WITH THE PRECISION OF THE ALUMINUM, WHILE THE FRAME SURROUNDS THE CERAMIC TABLETOP, HELPING PROTECT ITS EDGES WHILE MAINTAINING A CLEAN, INTEGRATED LOOK.

FROM SMALL TO INFINITY

AVANTI IS A VERSATILE TABLE DESIGNED TO ADAPT TO DIFFERENT SPACES AND OCCASIONS. ITS EXTENDABLE DESIGN ALLOWS IT TO GROW FROM A COMPACT TABLE INTO AN EXCEPTIONALLY LONG DINING TABLE, MAKING ROOM FOR EVERYTHING FROM EVERYDAY MEALS TO LARGE GATHERINGS.

AVAILABLE WITH EITHER THERMO ASH OR ALUMINIUM TABLETOPS, AVANTI OFFERS TWO DISTINCT EXPRESSIONS. THE WOOD BRINGS WARMTH AND A NATURAL CHARACTER, WHILE THE ALUMINUM CREATES A CLEAN, MONOCHROMATIC LOOK. ONE DESIGN, TWO EXPRESSIONS, AND THE FREEDOM TO EXTEND AS FAR AS NEEDED.

ONE DESIGN, MANY EXPRESSIONS

PICO IS A COMPACT CAFÉ TABLE DESIGNED FOR SMALLER SPACES, MAKING IT IDEAL FOR CAFÉS, BALCONIES AND INTIMATE OUTDOOR SETTINGS. ITS CLEAN LINES AND BALANCED PROPORTIONS GIVE IT A DISTINCT EXPRESSION, WHILE THE CHOICE OF COLORS MAKES IT EASY TO MATCH DIFFERENT SURROUNDINGS

WITH A CHOICE OF SIZE, SHAPE AND COLOR, PICO OFFERS THE FREEDOM TO CREATE COMBINATIONS THAT FEEL PERSONAL. THE FOUR-LEGGED VERSION IS ADJUSTABLE, ALLOWING FOR A STABLE PLACEMENT ON UNEVEN SURFACES. KEEP IT UNDERSTATED WITH A HARMONIOUS LOOK OR BRING MORE CHARACTER THROUGH CONTRASTING COLORS. EACH COMBINATION ADDS ITS OWN TOUCH, WHILE THE DESIGN REMAINS UNMISTAKABLY PICO.

OUTDOOR LIVING

THERE'S A CERTAIN EASE TO LIFE OUTDOORS. A FAVORITE SPOT IN THE SUN, A BOOK WITHIN REACH, OR A CONVERSATION THAT LASTS A LITTLE LONGER. SIMPLE MOMENTS, SHAPED BY COMFORT AND THE PLEASURE OF BEING OUTSIDE.

HOUE LOUNGE FURNITURE BRINGS TOGETHER CONSIDERED DESIGN, LASTING COMFORT AND MATERIALS CHOSEN FOR OUTDOOR LIVING.

A NEW MATERIAL EXPRESSION

WITH ITS GENEROUS PROPORTIONS, MODULAR DESIGN AND CLEAN LINES, LEVEL/2 OFFERS A CONSIDERED APPROACH TO OUTDOOR LOUNGE FURNITURE.

THE COLLECTION IS NOW AVAILABLE IN SOURCE MELTEM, A SOFT TAUPE SUNBRELLA® FABRIC THAT ADDS A SUBTLE NEW DIMENSION TO ITS EXPRESSION. MADE WITH 30 - 50% RECYCLED SOLUTION-DYED ACRYLIC, THE FABRIC COMBINES DURABILITY WITH A REFINED, UNDERSTATED LOOK. PAIRED WITH THE MOLE-COLORED FRAME AND OPTIONAL TEAK TABLETOP, IT CREATES A BALANCED COMPOSITION OF COLORS AND MATERIALS.

DRIFT OUTDOOR LOUNGE

AN INVITATION TO SLOW DOWN – AND TO EXPERIENCE OUTDOOR LIVING AT ITS MOST EFFORTLESS.

DRIFT IS DESIGNED TO BRING THE EASE OF INDOOR LIVING OUTSIDE. SOFT CONTOURS, GENEROUS COMFORT, AND REFINED DETAILS CREATE A CALM RETREAT BENEATH OPEN SKIES SLOW DOWN AND LIVE THE OUTDOOR LIFE

THE PREMIUM LOUNGE BECOMES THE QUIET HEART OF LIFE OUTDOORS – A PLACE WHERE EVERYTHING SLOWS JUST ENOUGH.

MORNINGS BEGIN HERE, BAREFOOT AND EASY; AFTERNOONS DRIFT INTO LONG CONVERSATIONS AND SOFT LAUGHTER. AS THE LIGHT CHANGES, SO DOES THE FEELING — A CALM RHYTHM SHAPED BY COMFORT AND AIR. IT INVITES PRESENCE MORE THAN POSTURE, BEAUTY WITHOUT EFFORT, AND THE KIND OF EASE THAT MAKES YOU FORGET THE DIFFERENCE BETWEEN INSIDE AND OUT.

PORTABLE LIGHTING, POWERED BY THE SUN

DESIGNED FOR OUTDOOR LIVING, HOUE LIGHTS COMBINE CONSIDERED DESIGN WITH THE FREEDOM OF PORTABLE LIGHTING. THEIR INTEGRATED SOLAR TECHNOLOGY ALLOWS THEM TO RECHARGE USING SUNLIGHT, FOR ADDED FLEXIBILITY, THEY CAN ALSO BE CHARGED VIA CABLE, MAKING THEM SUITABLE FOR INDOOR USE AS WELL.

EASY TO MOVE AND PLACE WHEREVER LIGHT IS NEEDED, THEY OFFER A FLEXIBLE LIGHTING SOLUTION FOR TERRACES, BALCONIES AND OUTDOOR DINING AREAS. FROM FUNCTIONAL LIGHTING AT THE TABLE TO A SOFTER ILLUMINATION AROUND THE LOUNGE AREA, HOUE SOLAR LIGHTS COMBINE REFINED AESTHETICS WITH PRACTICAL PERFORMANCE – POWERED BY THE SUN.

LIGHT

OUTDOOR
LIGHT

LIGHT Nº1 SOLAR POWERED LIGHT

DESIGNED BY
HENRIK PEDERSEN

LIGHT Nº1 BRINGS TOGETHER LIGHT, MATERIAL AND PRECISION IN A DESIGN WHERE EVERY DETAIL HAS ITS PLACE. THE GLASS SHADE CREATES A DISTINCTIVE STAR-SHAPED LIGHT, WHILE THE SMOOTH ALUMINUM BODY GIVES THE LAMP ITS CLEAN, PRECISE EXPRESSION. EVEN THE BATTERY INDICATOR IS DISCREETLY INTEGRATED INTO THE EDGE OF THE LAMP, KEEPING THE DESIGN UNCLUTTERED.

POWERED BY SOLAR ENERGY OR WIRELESS CHARGING, LIGHT Nº1 COMBINES ITS DISTINCTIVE DESIGN WITH EVERYDAY FUNCTIONALITY. ITS PORTABLE FORM MAKES IT EASY TO MOVE THE LIGHT WHEREVER IT IS NEEDED, FROM THE TERRACE TO THE GARDEN.

THE SILVER LIMITED EDITION INTRODUCES AN ALUMINUM-COLORED FINISH WITH SMOKED GLASS, ADDING A NEW EXPRESSION TO THE DESIGN. UPDATED SOFTWARE BRINGS THREE BRIGHTNESS LEVELS AND AN INTELLIGENT NIGHT MODE THAT SWITCHES ON AT DUSK AND TURNS OFF AFTER SIX HOURS. A NEW GARDEN SPIKE AND WALL HANGER FURTHER EXPAND THE POSSIBILITIES FOR PLACING THE LAMP OUTDOORS.

LUU

SOLAR POWERED LIGHT

LUU COMBINES A ROUNDED SILHOUETTE WITH A CONSIDERED APPROACH TO PORTABLE LIGHTING. DESIGNED BY HENRIK PEDERSEN, ITS COMPACT FORM AND INTEGRATED SOLAR PANEL COME TOGETHER IN A SIMPLE, FUNCTIONAL DESIGN. WITH BOTH SOLAR AND USB-C CHARGING, THE LAMP MOVES EASILY BETWEEN INDOOR AND OUTDOOR SETTINGS, BRINGING WARM LED LIGHT WHEREVER IT IS PLACED. NIGHT MODE ALLOWS LUU TO TURN ON AUTOMATICALLY AT DUSK, PROVIDING LIGHT AS DAYLIGHT FADES. A SILICONE BASE ADDS A PRACTICAL DETAIL, HELPING THE LAMP SIT SECURELY ON DIFFERENT SURFACES. TWO BRIGHTNESS LEVELS ALLOW THE LIGHT TO BE ADJUSTED TO DIFFERENT NEEDS.

FABRICS

SUNBRELLA
Our SUNBRELLA fabrics are OEKO-TEX® and GREENGUARD certified, water-repellent, stain-proof and easy to maintain. The selection used for our outdoor furniture includes:

SUNBRELLA HERITAGE
Heritage fabric is made from 30-50% recycled acrylic, 47% acrylic and 3% polyester. Weave: Canvas. Heritage range brings authenticity and raw charm to living spaces with its natural tones. Colorful fibres from the recycling process of the material may appear in the weave and the fabric color can vary slightly from one batch to another. This creates a unique fabric with a natural look.

SUNBRELLA SOURCE
Source fabric is made from 30-50% recycled acrylic, 47% acrylic, 3% polyester. Weave: Braided 2/2. Finish: Non PFAS. A timeless fabric with recycled fibers.

SUNBRELLA SLOW
Slow Farafra fabric is made from 33% recycled acrylic, 65% acrylic, 2% polyester. Weave: Jacquard. Finish: Non PFAS. The fabric is inspired by budding and flowering. It is distinguished by its puffy texture thanks to curly yarns.

SUNBRELLA NATTÉ
Natté fabric is made from 100% acrylic.

BASIC FABRIC
Basic fabric is water repellent, stain-resistant, and made from 100% polyester.

YALEES
Yalees is made from 100% polypropylene.

PARACORD (POLYESTER)
Polyester cord is a strong, flexible and durable synthetic material suitable for weaving on chair seats and backrests. Polyester offers good tensile strength, dimensional stability, low water absorption and good resistance to UV radiation and weather exposure.
The material dries quickly and is easy to maintain, making it particularly suitable for outdoor furniture. Its flexibility also provides a high level of comfort and helps the weave retain its shape and appearance over time.

PLASTIC

POLYPROPYLENE (PP)
PP is a hard recyclable plastic material. It is low maintenance and durable as UV additives are added to protect the material from sunlight and keep the colors vibrant.

RECYCLED HOUSEHOLD PLASTIC WASTE (PP)
We use recycled polypropylene (PP) from Danish household waste in collections such as ReCLIPS and FALK. The recycled plastic is combined with glass fibres, UV protection and colour pigments to achieve the strength, durability and colour expression required for outdoor use. By giving used plastic a new purpose, we reduce our reliance on virgin plastic and transform existing resources into functional Danish design. As the recycled raw material can vary in colour from batch to batch, minor colour variations or dots may occur in the finished products.

POST-CONSUMER RECYCLED PLASTIC (PP)
We use 50% PCR plastic to create collections such as CLICK 304 products and CLICK Café. PCR plastic is made from plastic waste that has previously been used by consumers. The material is sorted and reprocessed into granules that can be used to produce new plastic components. As PCR is a recycled material, minor variations in color and texture may occur and are considered natural characteristics of the material.

METAL

STEEL
Steel parts are powder coated with two layers; a primer and a top layer that is UV resistant and suitable for outdoor use.
The surface treatment prevents rust, but if damaged rust will develop. Therefore, we recommend that scratches exposing the metal are repaired with repair lacquer.

AISI 304 STAINLESS STEEL
AISI 304 is a strong, corrosion-resistant stainless steel that is well suited for outdoor furniture production. The material offers high mechanical strength and good resistance to normal weather conditions.
Combined with a powder coating specifically designed for outdoor use, AISI 304 provides excellent durability, even in coastal and seaside environments.

ALUMINUM
Aluminum parts have one layer of powder coat that is UV resistant and suitable for outdoor use. The surface treatment will prevent corrosion and repairing scratches with repair lacquer is recommended - mainly to keep the appearance of the product.

WOOD

PINE
For centuries, pine wood has been a cornerstone of outdoor craftsmanship, trusted for its ability to withstand natural environment.
Our specially selected wood is sourced from sustainably managed European forests (FSC® – FSC C153404) and are oiled to preserve your furniture from moisture and effects of outdoor exposure.
Over time pine wood will get a deeper and intense color. For the best care we recommend to regularly apply oil to create a protective layer against the natural environment. Storing the furniture indoors during winter prevents damage from freezing temperatures and moist.

THERMO ASH
Our thermo ash is sourced from sustainably managed European forests (FSC® – FSC C153404) and is thermally treated at a temperature of 215°C without any addition of chemical substances. This treatment turns the color of the wood into a warm brown color and ensures an impressive durability.
Over time wind and weather will give the thermo ash a grey patina. To keep or to regain the brown color, just sand the surface and treat it with an oil suitable for outdoor furniture. We recommend treating the thermo ash with oil on a regular basis.

BAMBOO
Bamboo is a type of grass that grows from its roots and when harvested it quickly grows back without the need for watering or use of pesticides.
For outdoor furniture it is a material that needs to be taken care of in order to maintain a rich and beautiful surface. The material has a hard surface but since it does not contain oil naturally, it becomes porous if left to dry out. We recommend treating the bamboo with oil specifically for outdoor furniture on a regular basis to help protect it from the elements.

TEAK
Teak is a hard and naturally oily tropical hardwood (FSC® – FSC C153404) that is particularly well suited for furniture and outdoor use. The wood is naturally resistant to moisture, rot, fungi and insect attack, providing a lifespan life even under demanding weather conditions.
Teak has a warm golden-brown color that naturally develops a silver-grey patina over time when exposed to outdoor conditions. This color change does not affect the strength or durability of the wood.

CERAMIC
Our ceramic is made from high-pressure sintered ceramic (porcelain stoneware). The material is extremely dense, non-porous and resistant to UV radiation, frost, stains and scratches. The surface is easy to clean and does not absorb water, oil, or grease. The ceramic plates are suitable for permanent outdoor use and will maintain their color and appearance for many years.

TERRAZZO
Terrazzo is a composite material made from natural stone aggregates, typically marble or granite, bound together with cement. The material is cast, ground, and polished to create a smooth and decorative surface. Terrazzo is durable, easy to maintain, and suitable for outdoor use.

In general, other conditions apply to all materials exposed to extreme climates. Please refer to our maintenance guides for detailed information.

LIGHT No1

At HOUE we focus on high quality design and carefully select the best material options available. We see it as our responsibility to develop durable products and our furniture is built to withstand the wear and tear of everyday use.

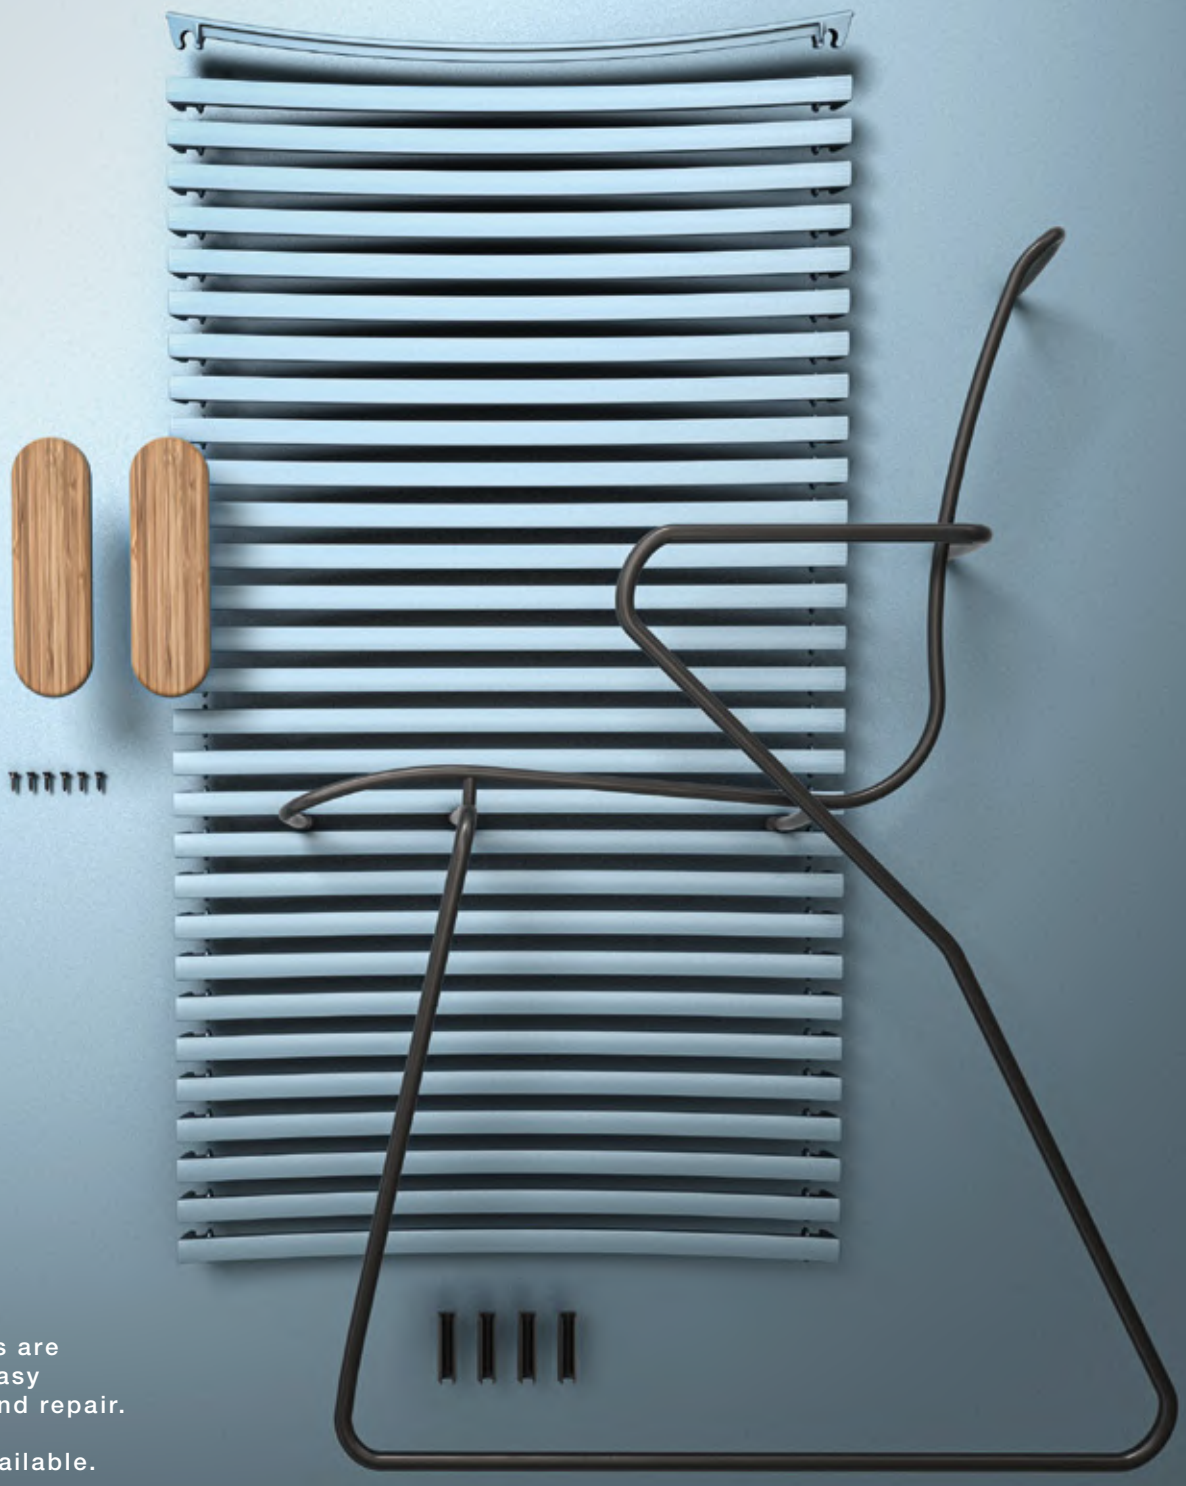

As the sustainability agenda has become increasingly important it is obvious that the throw-away culture belongs to the past. Instead, it is required that furniture is not only of high quality – but also designed to ensure that it is easy to maintain and repair – or even possible to replace parts if required.

We believe that there are a lot of sustainable achievements to be gained in the use phase of our products. With proper care the lifespan can be extended significantly, and this is fundamental in order to minimize the environmental impact.

We offer products for maintenance as well as spare parts to replace and renew parts such as lamellas and armrests – this keeps the original look and function of your furniture for many years to come.
