60/24 HONEYFLEX BROCHURE

WWW.VAKO.COM

WWW.DOMICET.COM

A modern living room interior featuring a large, low-profile grey sectional sofa with dark legs. The sofa is adorned with several pillows in shades of grey and black, and a striped throw blanket is draped over the left side. Behind the sofa are two large windows with dark frames and light-colored horizontal blinds. Above the windows, two square skylights with black frames are set into the ceiling. The floor is covered with a light-colored, textured rug, and the lower portion of the image shows a dark wood floor with a herringbone pattern.

BRIGHT IDEAS SMART SOLUTIONS

Driven by innovation, defined by quality,
designed for you.

At VAKO/Domicet, smart design starts with flexibility. We create window solutions that adapt, not the other way around.

WHY HONEYFLEX IS THE RIGHT CHOICE

The Versatile Honeyflex & Pleated program is designed to fit every window, every situation. With four profiles, eight mounting options and support for 20–25 mm fabrics, it offers unmatched freedom in application. From tilt turn windows to skylights, from frame mounted to glass mounted even without drilling.

Choose honeycomb or pleated fabrics, top-down-bottom-up operation, day-night control or complete blackout. Available in 12 colours, including five elegant wood finishes, every detail is engineered for comfort, safety and style.

One system. Total control.
The perfect fit for every window.
