SMART VALVE CONTROLLER

Key Features

Control Your Pipe Valve Remotely

Instantly open or close valves directly from your smartphone from anywhere.

Immediate Notifications

Stay informed with instant push notifications during a leak emergency.

Flexible Installation

Versatile compatibility with standard water and gas pipes from 1/2" to 1" thick.

Autonomous System

Pairs with our smart water leak detector to shut off your valves the moment a leak is detected.

TECH SPECS

Device
- Composition: Metal
- Mounting: Free Standing
- Size Range: Compatible with pipe sizes 1/2" to 1"

Ratings
- Waterproof: Yes
- Certificates: FCC, CE, RoHS

Power
- Wired: Yes
- Power Supply: Adapter
- Voltage Output: 12V/1A

Valve Specs
- Valve Closing/Opening: 5-10 Seconds
- Valve Pressure: 1.6Mpa
- Torque: 30-60kg.cm
- Application valve type: Handle valve

Connectivity
- Mobiel App: Connected Shop
- Status Monitoring: Yes
- Integration: No
- Signal: Wifi
- Frequency: 2.4GHz
