ABOUT WEMSA®

The **Wisconsin EMS Association®**, known as **WEMSA®**, is the leading voice for EMS in Wisconsin, representing EMS departments and professionals in the state. As the largest state association representing EMS professionals, we are proud to be leading the way in Wisconsin.

WEMSA hosts the largest annual educational conferences and expos for EMS and Fire professionals across the Midwest. For over 40 years, WEMSA has continued to bring together both EMS providers to network, learn, and develop their skills with local and national speakers on cutting-edge topics, clinical-based techniques, and leadership development.

FROM THE DIRECTOR

Emergency Medical Services in Wisconsin is not standing still and neither are we.

The **Wisconsin EMS Association® (WEMSA®)** was built on a simple but powerful foundation: **community**. Everything we do is in service of the men and women across Wisconsin who answer the call every day. From building lasting relationships to championing the next generation of EMS leaders, our work is driven by purpose and guided by our role as Your Voice for EMS® in Wisconsin.

We hear it directly from our members, they need better resources, stronger training, and partners who understand the demands of the profession. The WEMSA Conference exists to answer that call.

Our conference serves as that connection to resources, training, and connections to partners that wish to support Emergency Medical Services in the Midwest.

As manufacturers, distributors, and industry supporters, you are an essential part of that story. The tools you bring to the field, the solutions you develop, and the support you provide to EMS agencies across our state make a real and lasting difference in patient outcomes and provider experience.

We would be honored to have you join us at our 2027 WEMSA Conference, not just as an exhibitor, but as a partner in the work we do together. Come connect with providers, introduce your latest innovations, and stand alongside those who have dedicated their careers to serving others.

We look forward to welcoming you.
