

2025/2026 BESPOKE COLLECTON

v.2.1

**ESTA
PARKET**

A NEW CHAPTER IN DESIGN

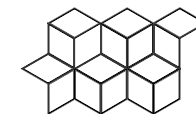

We are proud to present our new collection of parquet designs — an exclusive selection created to meet the demands of today's interiors while reimagining traditional parquet with a modern perspective.

Each pattern is meticulously developed, merging fresh ideas with proven techniques to deliver designs that are both contemporary and timeless.

This collection introduces fresh patterns that breathe new life into classic flooring, balancing the elegance of natural wood with contemporary design trends. From the careful selection of premium materials to the exacting standards of finishing, every detail is thoughtfully executed to ensure a perfect balance of style and functionality.

Whether you're looking to elevate a modern interior or add warmth to a traditional setting, these designs seamlessly complement any space. With this collection, we continue to push the boundaries of parquet design, offering solutions that inspire and endure.

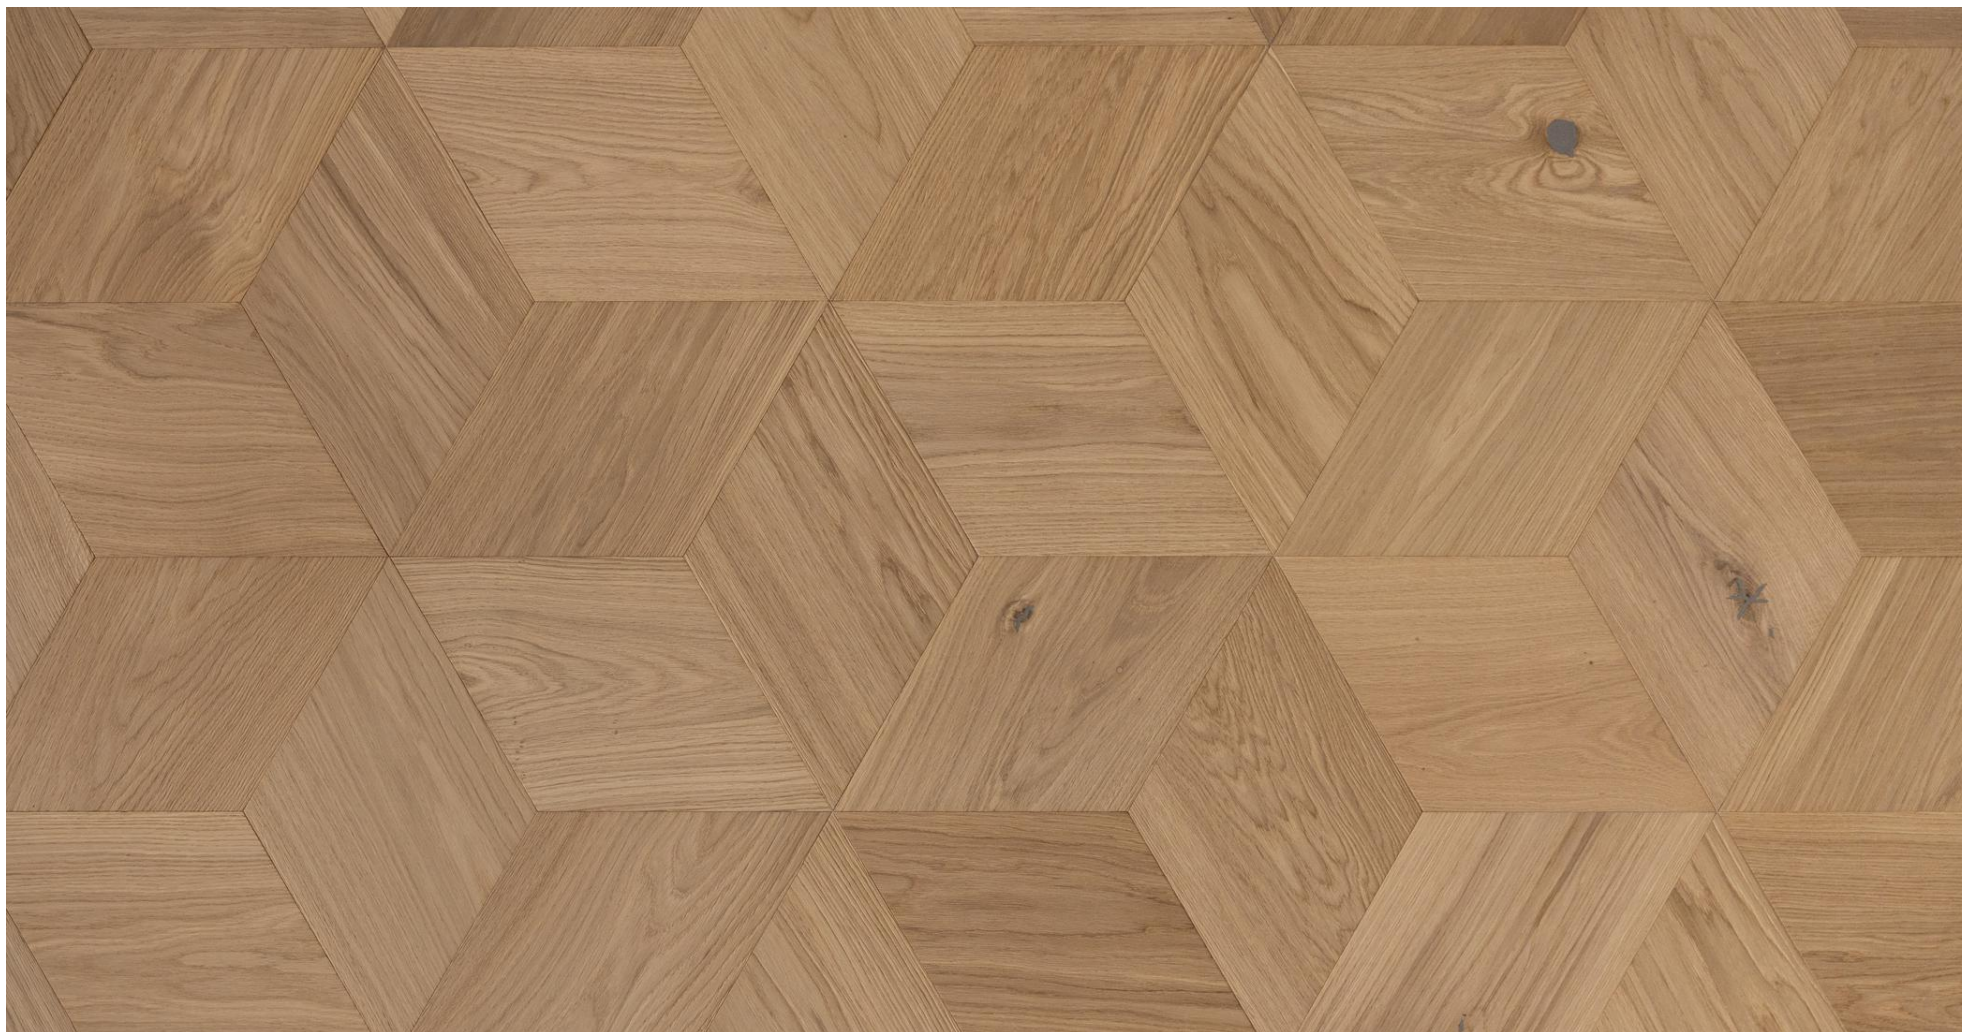

OAK CUBE
INDEX: AA10016

Our 3D-Effect Flooring is built around a unique module: each module is composed of three separate planks, each with its own grain direction and wood structure. When combined, they create a compelling three-dimensional illusion — depth, texture, and visual richness that you can feel with every step.

We offer this design in a variety of wood species and finishes — from warm walnut to classic oak or light ash, and in a wide palette of colors and surface treatments.

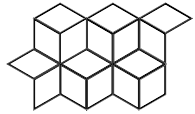

This pattern is often chosen for elegant, timeless interiors, such as museums, heritage buildings, or grand residences, because its sculptural, long-lasting appeal complements classical spaces beautifully.

PATTERN: CUBE **CONSTRUCTION:** 2 LAYER, PLYWOOD **SIZE:** 14X240X277 **GRADE:** ABC
SURFACE: BRUSHED LACQUERED 5% GLOSS **BEVEL:** 4B

OAK CUBE BROWN

INDEX: 10267

Our 3D-Effect Flooring is built around a unique module: each module is composed of three separate planks, each with its own grain direction and wood structure. When combined, they create a compelling three-dimensional illusion — depth, texture, and visual richness that you can feel with every step.

We offer this design in a variety of wood species and finishes — from warm walnut to classic oak or light ash, and in a wide palette of colors and surface treatments.

This pattern is often chosen for elegant, timeless interiors, such as museums, heritage buildings, or grand residences, because its sculptural, long-lasting appeal complements classical spaces beautifully.

PATTERN: CUBE **CONSTRUCTION:** 2 LAYER, PLYWOOD **SIZE:** 14X240X277 **GRADE:** ABCD

SURFACE: LIGHT BRUSHED 5% GLOSS **BEVEL:** 4B

Oak Geometric is a parquet with a bold three-dimensional pattern, built around a modular system of three planks with different grain directions. Their alternation creates a dynamic geometric design that plays with light and shadow with every step.

We offer this design in classic oak across a wide palette of colors and surface treatments.

This pattern is a popular choice for refined, statement interiors – museums, heritage buildings, and distinguished residences – where its sculptural character and lasting appeal are truly at home.

OAK GEOMETRIC AMBER STAVANGER

INDEX: 00013174

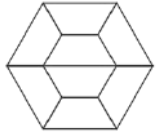

PATTERN: GEOMETRIC **CONSTRUCTION:** 3LAYER, **SIZE:** VARIOUS SIZES **GRADE:** AB

SURFACE: LIGHT BRUSHED 5% GLOSS **BEVEL:** 4B

OAK HEXAGON PURE LINE

INDEX:

Oak Geometric is a parquet with a bold three-dimensional pattern, built around a modular system of three planks with different grain directions. Their alternation creates a dynamic geometric design that plays with light and shadow with every step. We offer this design in classic oak across a wide palette of colors and surface treatments. This pattern is a popular choice for refined, statement interiors — museums, heritage buildings, and distinguished residences — where its sculptural character and lasting appeal are truly at home.

PATTERN: HEXAGON **CONSTRUCTION:** 2LAYER, **SIZE:** VARIOUS SIZES **GRADE:** AB
SURFACE: LIGHT BRUSHED 5% GLOSS **BEVEL:** 4B

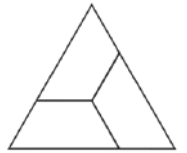

Oak Triangles is a striking geometric parquet created by precision-cut oak boards laid at opposing angles, forming a bold triangular pattern across the surface. The contrast in grain directions between adjacent boards produces a vivid three-dimensional effect – a dynamic interplay of light and shadow that shifts with every change in perspective.

We offer this design in classic oak across a wide palette of colors and surface treatments.

This pattern makes a strong architectural statement – equally at home in contemporary interiors, art spaces, and distinguished residences where visual impact and natural craftsmanship are equally valued.

OAK TRIANGLES PURE LINE

INDEX:

PATTERN: TRIANGLES **CONSTRUCTION:** 2 LAYER, **SIZE:** VARIOUS SIZES **GRADE:** AB

SURFACE: LIGHT BRUSHED 5% GLOSS **BEVEL:** 4B

OAK CHINESE LEAF PURE LINE

INDEX:

Oak Chinese Leaf is an elegant parquet pattern inspired by the flowing forms of nature. Specially cut oak boards with pointed ends are arranged in overlapping rows, creating a graceful, leaf-like composition that ripples across the floor surface. The natural grain of each board runs along its length, enhancing the organic, flowing character of the pattern. We offer this design in classic oak across a wide palette of colors and surface treatments.

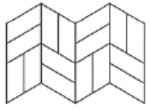

Oak Chinese Leaf suits refined, sophisticated interiors — from boutique hospitality spaces and cultural venues to distinguished private residences — where a floor becomes an artistic element in its own right.

PATTERN: CHINESE LEAF **CONSTRUCTION:** 2LAYER, **SIZE:** VARIOUS SIZES **GRADE:** AB
SURFACE: LIGHT BRUSHED 5% GLOSS **BEVEL:** 4B

OAK CH VERTICAL-HORIZONTAL SEPIA BROWN

INDEX:

Oak CH Vertical-Horizontal presents a distinctive reinterpretation of the classic chevron. By alternating vertical and horizontal rows of angled boards, the pattern creates a rich, layered geometry — a surface that reads differently from every angle. The interplay between the two directions gives the floor a structured yet dynamic character, adding depth and visual movement to any space.

Available in a wide palette of oak tones and surface treatments.

This design suits contemporary, classic, and transitional interiors where a floor with strong graphic presence and architectural personality is desired.

PATTERN: CHEVRON VERTICAL-HORIZONTAL **CONSTRUCTION:** 2 LAYER **SIZE:** VARIOUS SIZES **GRADE:** BC

SURFACE: LIGHT BRUSHED LACQUERED 5% GLOSS **BEVEL:** 2B

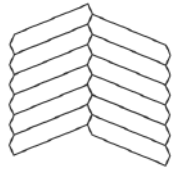

Oak Cutted Ch 60° is a refined variation of the classic chevron, distinguished by boards with precisely angled cuts at both ends. The 60° angle produces a fluid, continuous zigzag across the surface, while the cut ends soften the geometry — creating a pattern that feels simultaneously structured and elegant. The interplay of grain directions adds subtle depth and movement with every shift in light.

Available in a wide palette of oak tones and surface treatments.

This design suits premium residential, hospitality, and contemporary interiors where a sophisticated floor with quiet visual dynamism is desired.

OAK CUTTED CH 60° SEPIA BROWN

INDEX:

PATTERN: TRIANGLES **CONSTRUCTION:** 2 LAYER, **SIZE:** VARIOUS SIZES

BEVEL: 4B

OAK BASKET WEAVE SEPIA BROWN

INDEX: 00013186

Sepia Brown is oak with the warmth of aged wood and the structure of a considered pattern. The basket weave layout — planks rotated at right angles to one another — creates a surface with quiet geometric complexity. A rich brown tone with sepia depth brings a sense of history to contemporary and traditional spaces alike.

PATTERN: BASKET WEAVE **CONSTRUCTION:** 3 LAYER **SIZE:** 14X160X320/480 **GRADE:** BC

SURFACE: LIGHT BRUSHED LACQUERED 5% GLOSS **BEVEL:** 2B

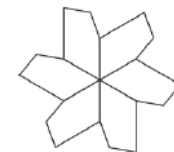

Oak Pentagon Flower combines geometric precision with organic beauty. Specially cut pentagonal oak pieces are arranged to form a repeating flower-like composition, creating a surface with remarkable visual depth and rhythm. The rich Havana tone — warm and deeply saturated — enhances the contrast between adjacent elements, making the pattern bold and immersive.

We offer this design in classic oak across a wide palette of colors and surface treatments.

This pattern is a confident choice for premium hospitality interiors, statement living spaces, and architectural projects where the floor is intended to be a defining feature of the space.

OAK PENTAGON FLOWER HAVANA

INDEX:

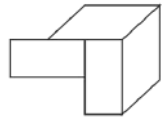

PATTERN: PENTAGON FLOWER **CONSTRUCTION:** 2 LAYER

BEVEL: 4B

OAK ISOMETRY SANDSTONE

INDEX:

Oak Isometry is a bold reinterpretation of the classic basket weave. The precise arrangement of rectangular and square oak elements creates a striking three-dimensional illusion – the surface appears to fold and rise, producing a sculptural, cube-like composition that shifts with the light and the viewer's perspective.

Available in a wide palette of oak tones and surface treatments.

This pattern is a strong architectural choice for premium residential and hospitality interiors where the floor is intended to be a visual centrepiece rather than a backdrop.

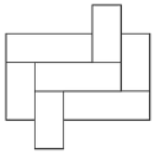

PATTERN: ISOMETRY **CONSTRUCTION:** 2 LAYER

BEVEL: 4B

OAK CROSS-WEAVE SANDSTONE

INDEX:

Oak cross-weave is a calm, structured parquet pattern built on a simple but effective principle: three horizontal boards followed by one vertical, repeating across the surface. This quiet rhythm creates a floor with understated geometric character — ordered without being rigid, and visually engaging without demanding attention. Available in a wide palette of oak tones and surface treatments. This pattern suits contemporary, Scandinavian, and minimal interiors where a clean layout with a subtle architectural accent is desired.

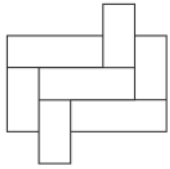

PATTERN: CROSS-WEAVE **CONSTRUCTION:** 2 LAYER

BEVEL: 4B

OAK CROSS-WEAVE PEARL

INDEX:

Oak cross-weave is a calm, structured parquet pattern built on a simple but effective principle: three horizontal boards followed by one vertical, repeating across the surface. This quiet rhythm creates a floor with understated geometric character — ordered without being rigid, and visually engaging without demanding attention. Available in a wide palette of oak tones and surface treatments.

This pattern suits contemporary, Scandinavian, and minimal interiors where a clean layout with a subtle architectural accent is desired.

PATTERN: CROSS-WEAVE **CONSTRUCTION:** 2 LAYER

BEVEL: 4B

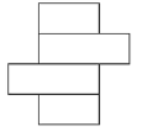

Oak Cross-Weave is a relaxed, large-format parquet pattern that pairs double and triple board groupings in alternating orientations. The generous scale of each element makes the natural oak grain the true focus – wide, expressive boards that showcase the wood's character without distraction. The result is a floor that feels both considered and effortless.

Available in a wide palette of oak tones and surface treatments.

This pattern suits contemporary, Scandinavian, and transitional interiors where a clean, natural look with an easy geometric structure is desired.

OAK CROSS-WEAVE HARVEST

INDEX:

PATTERN: CROSS-WEAVE **CONSTRUCTION:** 2 LAYER

BEVEL: 4B

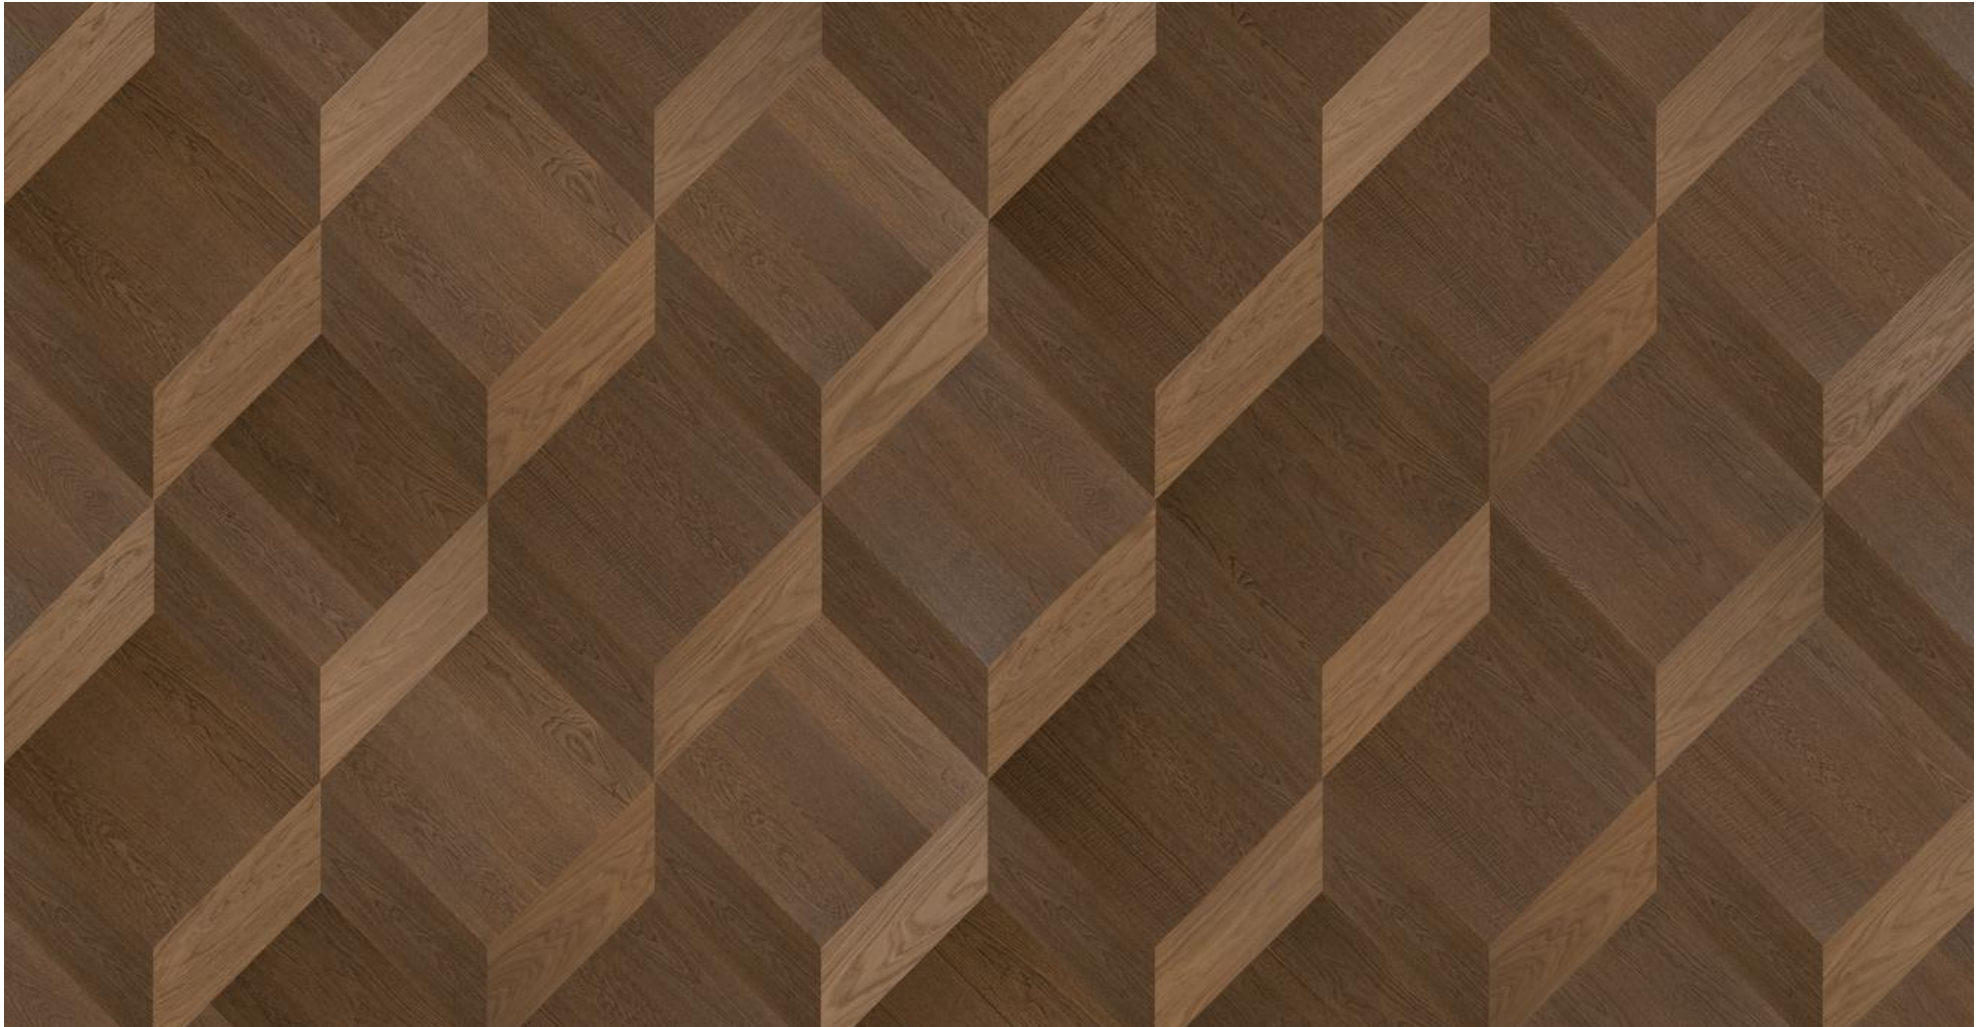

OAK 3D CUBE SEPIA
BROWN AND AMBER
STAVANGER MIX

INDEX:

Oak 3D cube is a parquet pattern of remarkable visual impact. Three precision-cut oak boards arranged at carefully calculated angles create a seamless three-dimensional cube illusion — a surface that appears to have depth, volume, and architectural weight. The effect intensifies with darker tones, where the contrast between light and shadow faces of each cube becomes most dramatic.

Available in a wide palette of oak tones and surface treatments.

This pattern is a bold choice for premium residential interiors, boutique hospitality spaces, and statement rooms where the floor is the defining design element.

PATTERN: 3D CUBE **CONSTRUCTION:** 2 LAYER
BEVEL: 4B

Oak 3D cube is a parquet pattern of remarkable visual impact. Three precision-cut oak boards arranged at carefully calculated angles create a seamless three-dimensional cube illusion — a surface that appears to have depth, volume, and architectural weight. The effect intensifies with darker tones, where the contrast between light and shadow faces of each cube becomes most dramatic.

Available in a wide palette of oak tones and surface treatments.

This pattern is a bold choice for premium residential interiors, boutique hospitality spaces, and statement rooms where the floor is the defining design element.

PATTERN: 3D CUBE **CONSTRUCTION:** 2 LAYER
BEVEL: 4B

Gipsy is oak that moves between warm and cool without committing to either. The basket weave pattern — planks rotated at right angles to one another — gives the floor a relaxed rhythm that feels neither rigid nor random. A muted greige tone with sandy undertones makes it effortlessly versatile, at home in Scandinavian simplicity and Mediterranean warmth alike.

OAK BASKET WEAVE GIPSY

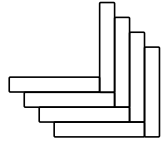

INDEX: 00013185

PATTERN: BASKET WEAVE **CONSTRUCTION:** 3 LAYER **SIZE:** 14X160X320/480 **GRADE:** NORDIC S
SURFACE: LIGHT BRUSHED LACQUERED 5% GLOSS **BEVEL:** 2B

OAK HB XL

INDEX: 00013184

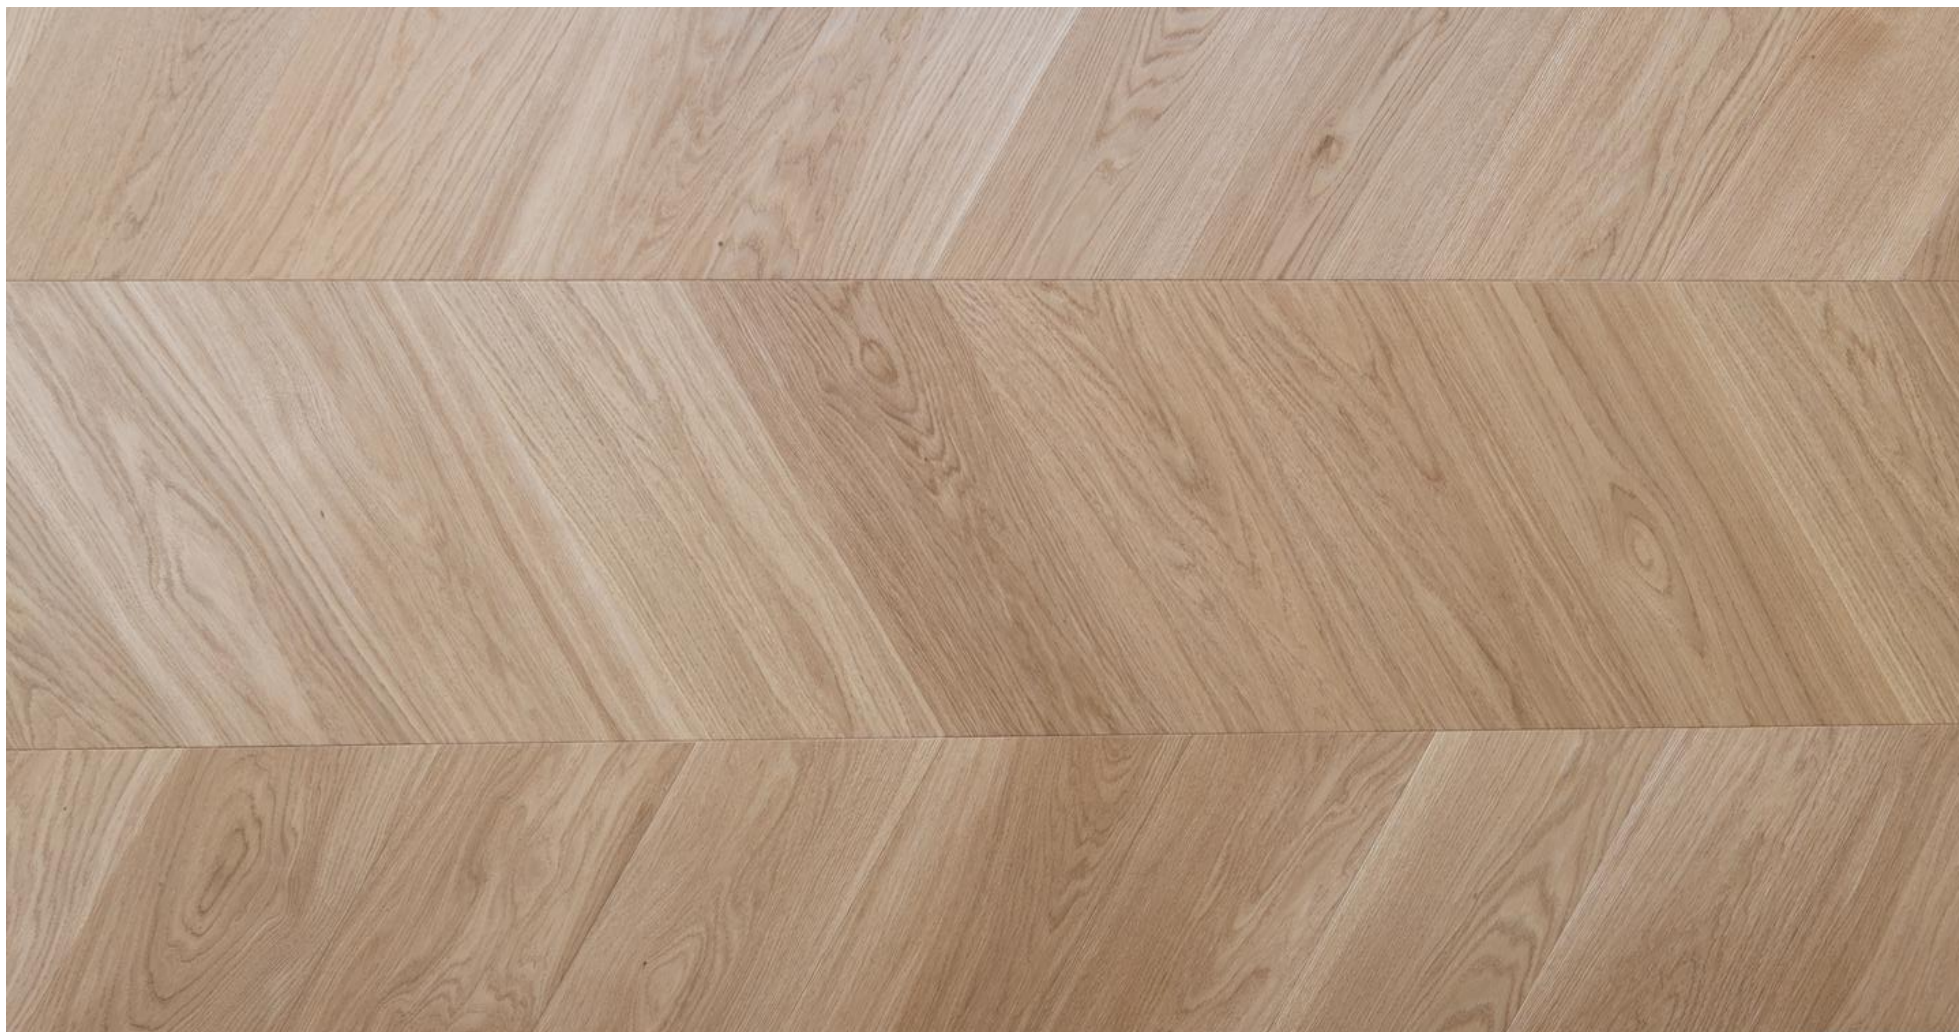

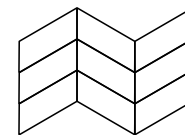

Oak HB XL is herringbone at its most generous. Wide planks laid in a classic zigzag pattern give the floor a strong, confident movement — the larger format makes the geometry more pronounced and the natural grain of the oak more visible. A warm honey tone with golden undertones brings light into the space, making it feel open and grounded at once.

PATTERN: HERRINGBONE **CONSTRUCTION:** 3 LAYER **SIZE:** 14X180X900 **GRADE:** TOWN
SURFACE: BRUSHED LACQUERED 5% GLOSS **BEVEL:** 4B

We present a Chevron 60° design using 180 mm wide boards, creating a bold and distinctive look. The acute 60° angle gives the floor a dynamic, sculptural rhythm, while the wider boards enhance the visual impact and highlight the natural beauty of the wood. This layout offers a contemporary twist on the classic chevron pattern, making it ideal for both modern and timeless interiors.

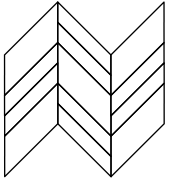

OAK CH 60°
INDEX: 15513 C

PATTERN: CHEVRON 60° **CONSTRUCTION:** 2 LAYER, PLYWOOD **SIZE:** 14X180X440 **GRADE:** AB
SURFACE: DEEP BRUSHED, LACQUERED 5% GLOSS **BEVEL:** 4B

WALNUT CH 60° MULTI WIDTH

INDEX: 35003 C

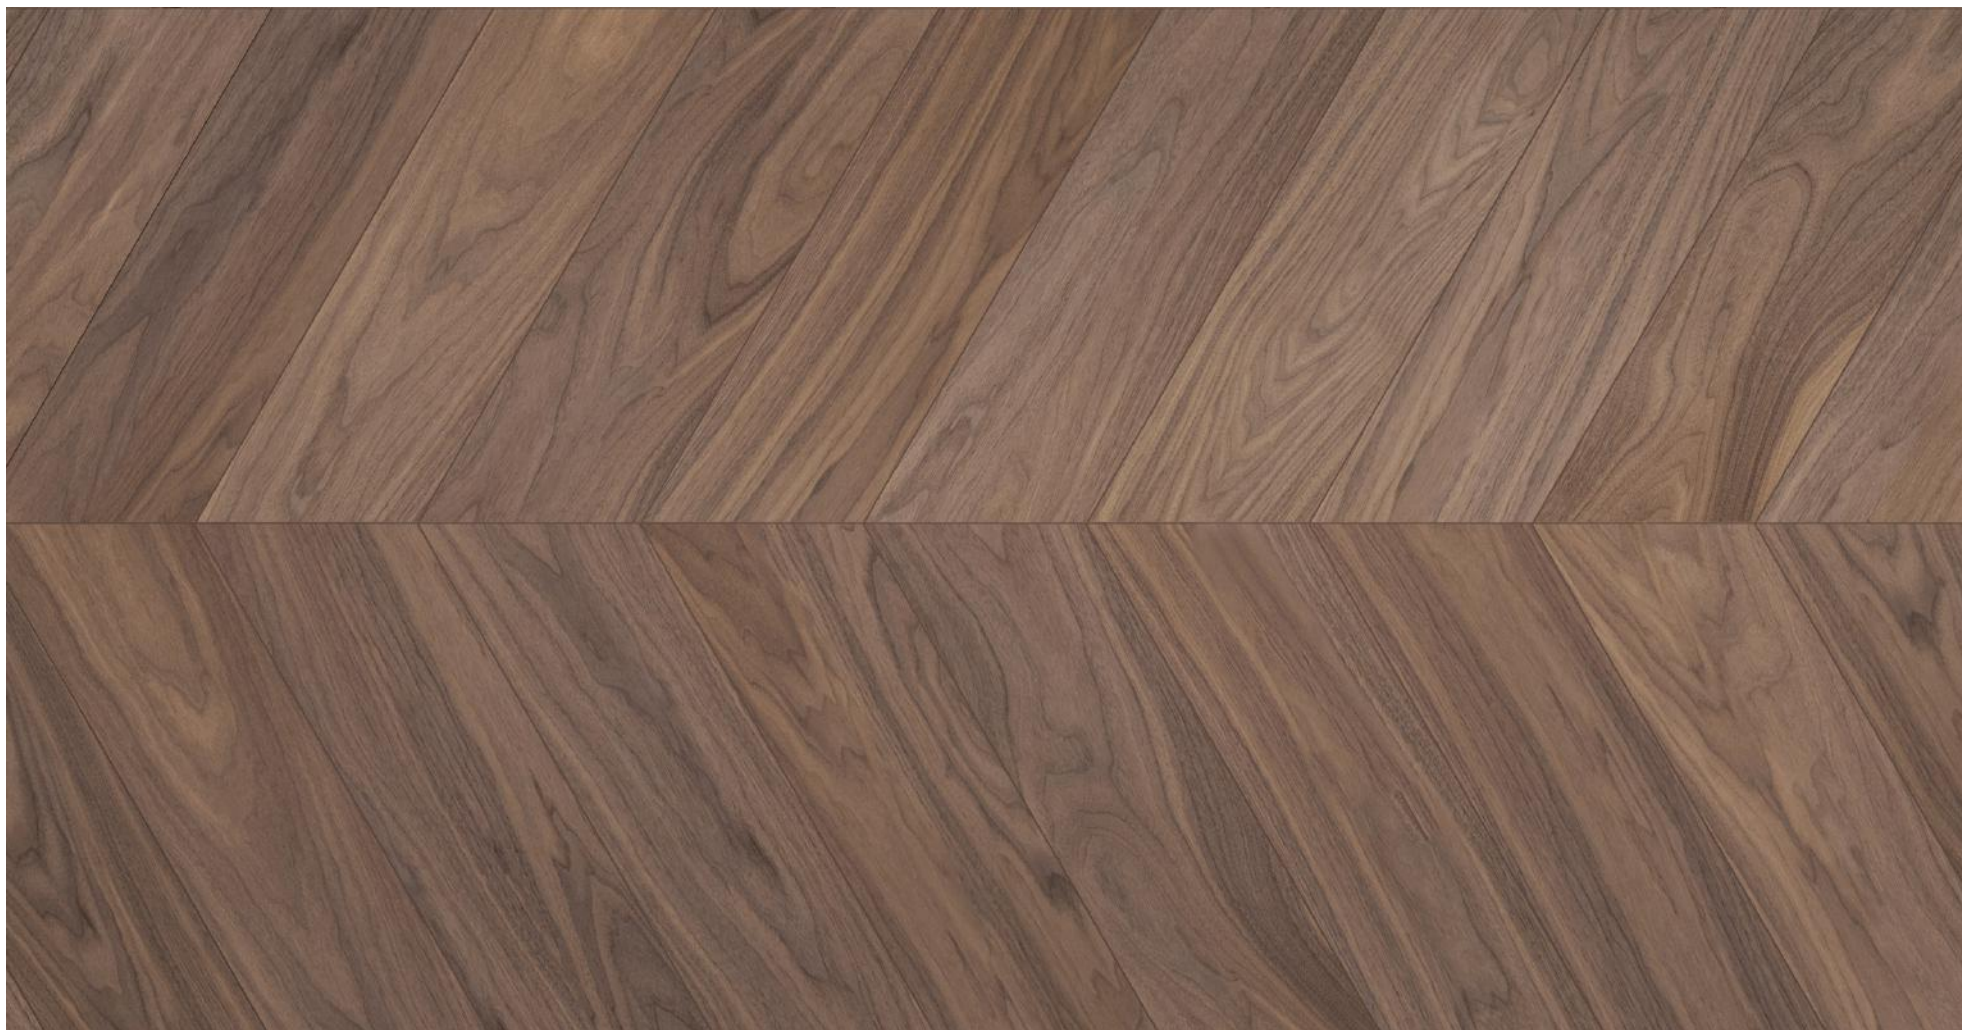

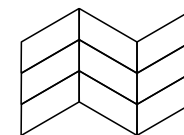

Walnut Chevron 60° Multi Width presents a bold, architectural version of the chevron pattern. The 60° angle creates a dynamic, flowing geometry, while the use of multiple board widths adds rhythm and depth to the surface. Natural walnut grain brings rich tonal variation, giving the floor a warm and sophisticated character. Precise milling ensures sharp alignment of every element, making this design suitable for contemporary, premium, and expressive interiors that require both elegance and visual impact.

PATTERN: CHEVRON 60° MULTI WIDTH **CONSTRUCTION:** 2 LAYER, PLYWOOD **SIZE:** 14X95/190X585 **GRADE:** AB
SURFACE: DEEP BRUSHED, LACQUERED 5% GLOSS **BEVEL:** 4B

We present a Chevron 60° design using 180 mm wide boards, creating a bold and distinctive look. The acute 60° angle gives the floor a dynamic, sculptural rhythm, while the wider boards enhance the visual impact and highlight the natural beauty of the wood. This layout offers a contemporary twist on the classic chevron pattern, making it ideal for both modern and timeless interiors.

SURFACE: DEEP BRUSHED, LACQUERED 5% GLOSS **BEVEL:** 4B

WALNUT NOVA CH 45° (ARROW INSTALLATION)

INDEX: 35006

Walnut NOVA combines the innovation of NOVA construction with the elegance of a classic chevron pattern.

NOVA construction uses patented multi-layer gluing technology to create a highly stable top layer from several bonded layers. This allows us to supply exceptionally clean, fixed-size walnut boards with no open knots and no filler, giving a pure and natural appearance. For this design, the boards are installed in a Chevron arrow style, giving a fresh and contemporary reinterpretation of the traditional chevron layout, creating rhythm, depth, and visual movement in the space.

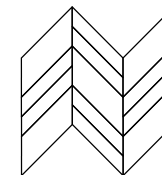

PATTERN: CHEVRON (ARROW INSTALLATION) **CONSTRUCTION:** NOVA, 4 LAYER **SIZE:** 13X120X675

SURFACE: BRUSHED, LACQUERED 10-15% GLOSS **BEVEL:** 4B NANO

Oak Chevron 60° Multi Width offers a dynamic interpretation of the classic chevron. The 60° angle creates a crisp, directional rhythm, while the mix of board widths adds depth and visual variation across the surface. The light oak tone keeps the pattern bright and balanced, highlighting the natural grain without overwhelming the interior. Precise milling ensures sharp alignment of every element, making this design suitable for modern, minimal, and Scandinavian spaces where a clean yet distinctive floor is required.

OAK NOVA HB (DUO INST.) PURE LINE

INDEX: 14502

Oak NOVA construction in Herringbone pattern showcases a unique, performance-optimized board made by gluing multiple layers into one stable top layer using Estaparket's patented technology. This innovation allows us to supply large-scale projects with fixed-size, exceptionally clean-grade oak—something increasingly rare on the market. The grading is so refined that there are no open knots and no filler, giving the surface a pure and natural appearance.

PATTERN: HERRINGBONE (DUO INSTALLATION) **CONSTRUCTION:** NOVA, 4 LAYER **SIZE:** 13X120X725

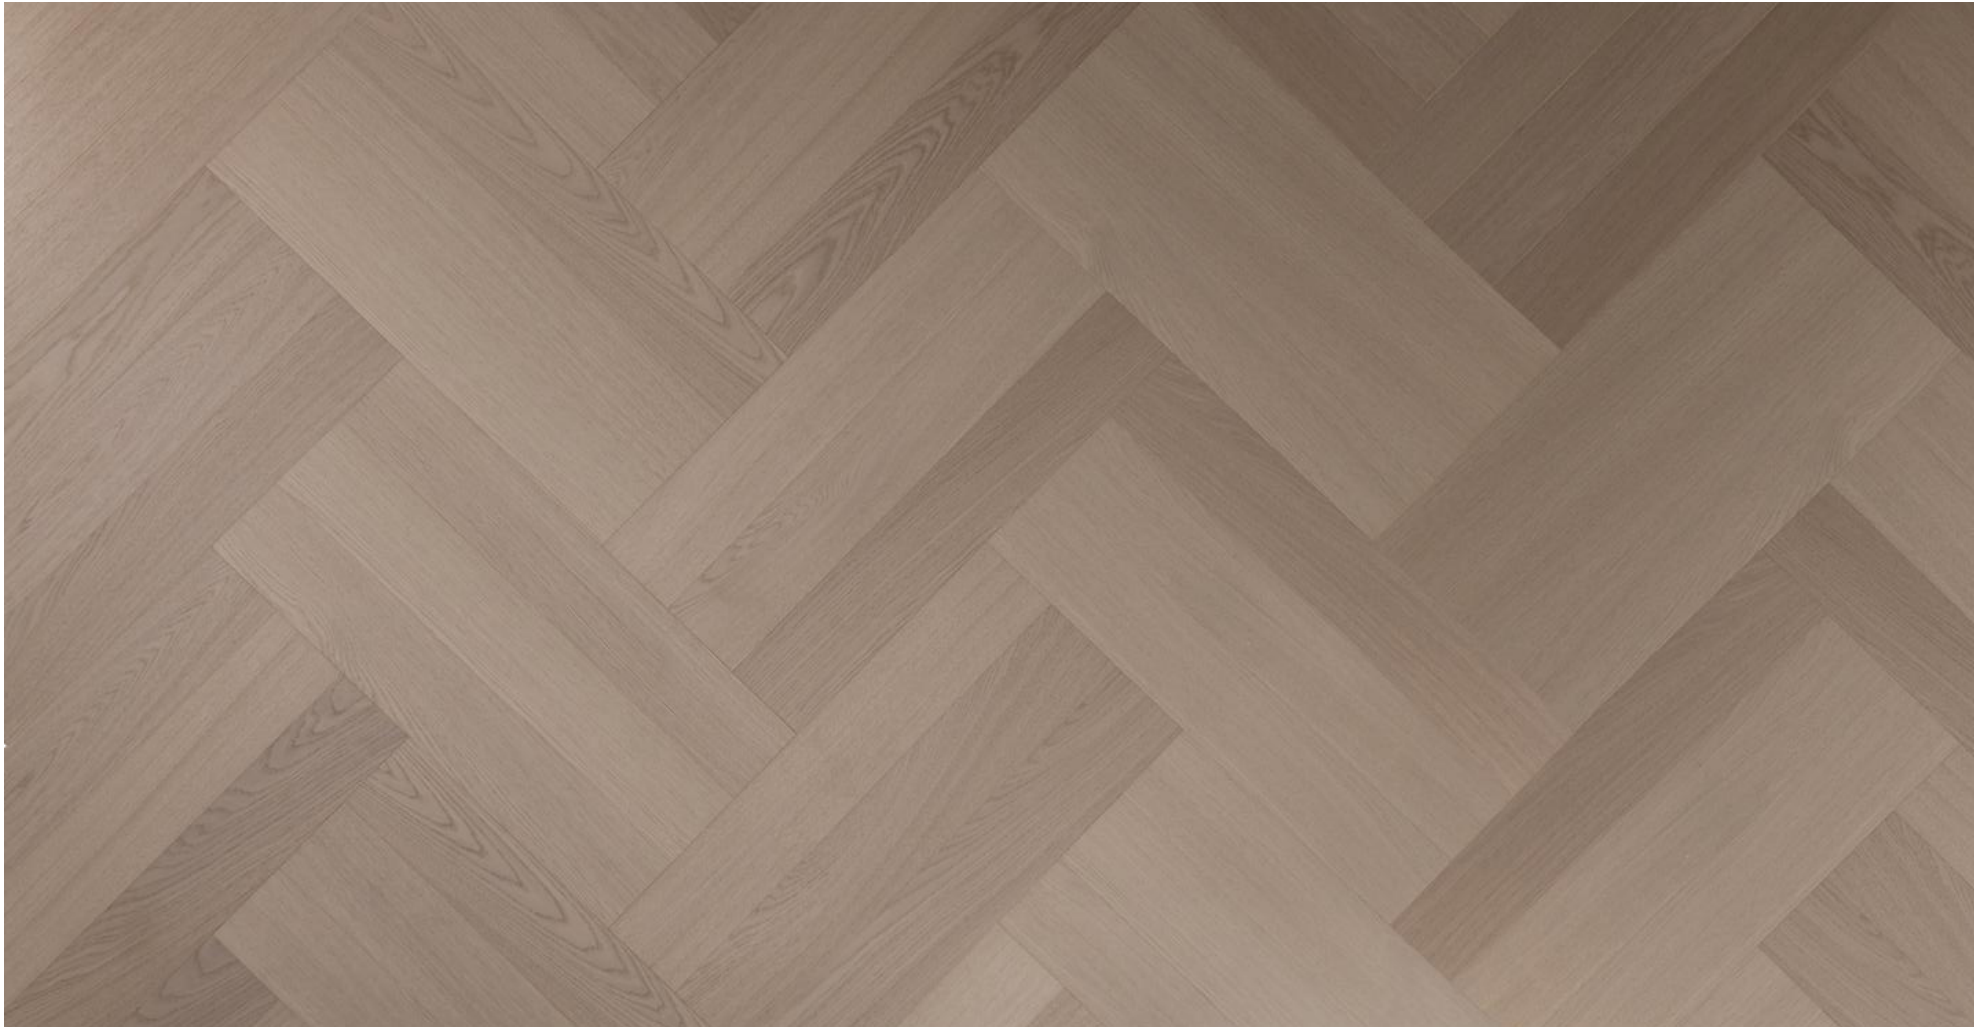

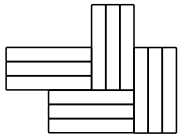

GRADE: ELITE **SURFACE:** BRUSHED, LACQUERED 5% GLOSS **BEVEL:** 4B NANO

Oak NOVA construction showcases a unique, performance-optimized board made by gluing multiple layers into one stable top layer using ESTA PARKET's patented technology. This innovation allows us to supply large-scale projects with fixed-size, exceptionally clean-grade oak—something increasingly rare on the market. The grading is so refined that there are no open knots and no filler, giving the surface a pure and natural appearance.

Oak NOVA is also environmentally responsible: by using this construction method, we can produce up to five times more square meters from the same oak tree, significantly reducing CO₂ impact and helping preserve oak forests. For this presentation, we introduce a fresh interpretation of the classic herringbone pattern, where boards are combined into three, creating a distinctive and contemporary visual effect.

OAK HB XL DAZY

INDEX: 14512 C

Oak HB XL Dazy offers a refined interpretation of the classic herringbone pattern using extra-long boards that create an elegant, elongated visual flow. The light DAZY tone enhances the natural oak structure, giving the floor a clean, modern, and harmonious appearance. Precise milling ensures a seamless fit, while the larger board format reduces joints and adds visual calm. This design is ideal for bright contemporary interiors that need both softness and sophistication.

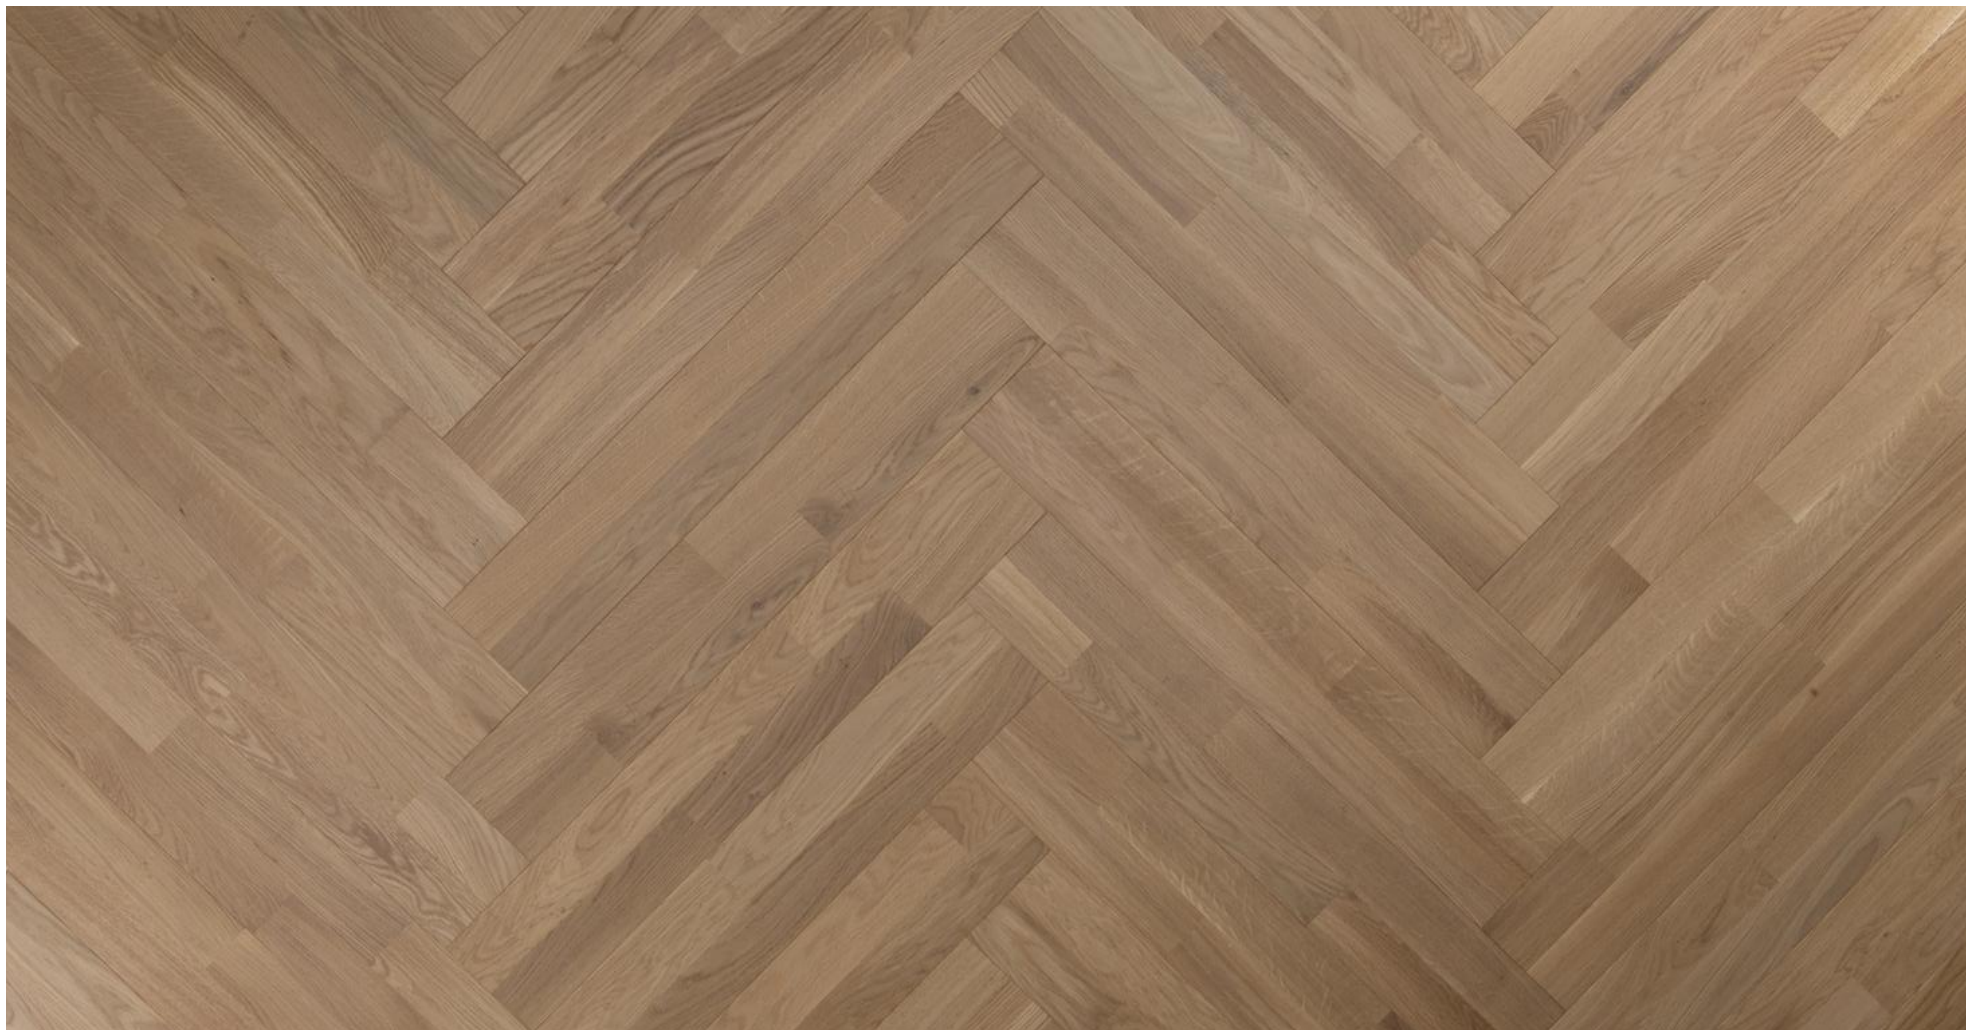

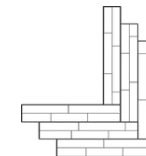

PATTERN: HERRINGBONE XL **CONSTRUCTION:** 3 LAYER **SIZE:** 14X180X900 **GRADE:** TOWN
SURFACE: BRUSHED, LACQUERED 5% GLOSS **BEVEL:** 4B

We present a 2-strip floor installed in a Herringbone pattern — a first-of-its-kind approach that creates a completely new visual rhythm and pattern. The narrow two-strip format brings a refined, elegant texture to the floor, while offering endless design possibilities. This innovative pattern is available in all colors and finishes, allowing full creative freedom for any interior style.

OAK 2 STRIP HB PURE LINE

SURFACE: LIGHT BRUSHED, LACQUERED 5% GLOSS **BEVEL:** 4B

ASH HB XL SANDSTONE

INDEX: 24020 C

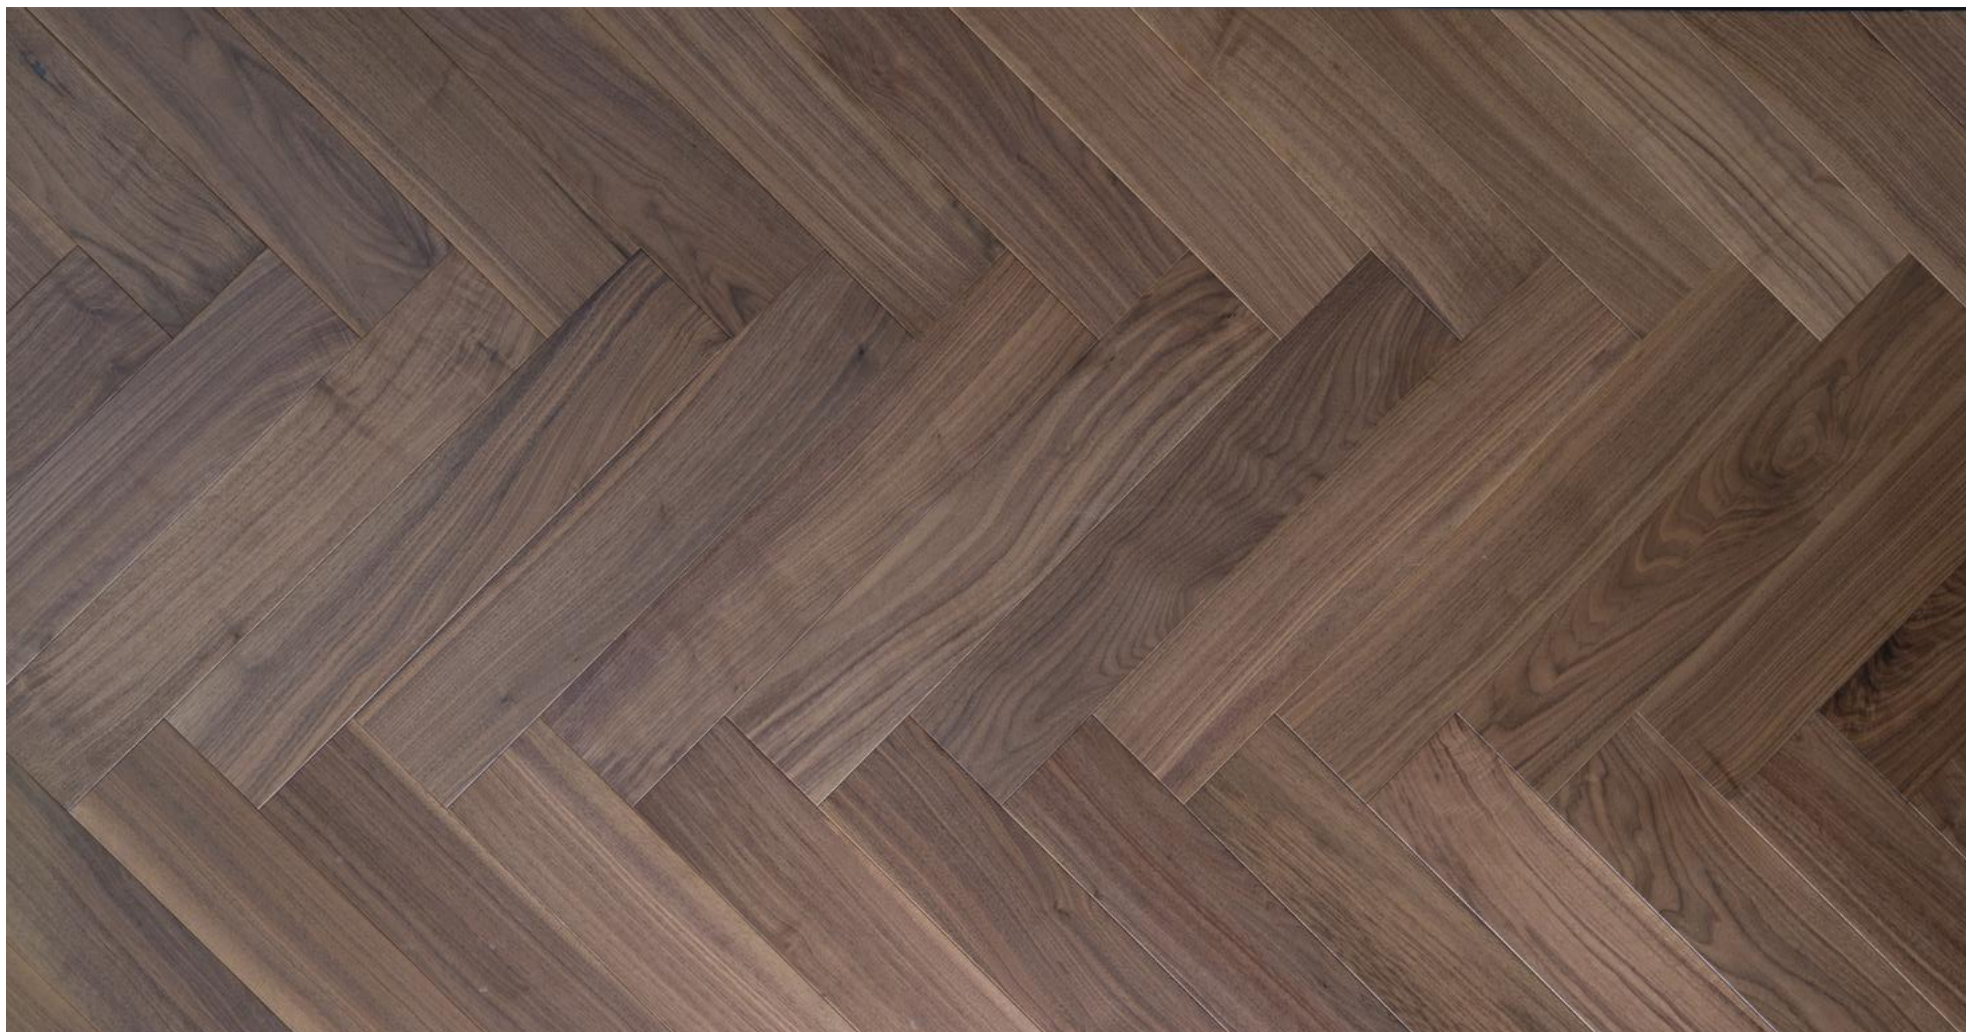

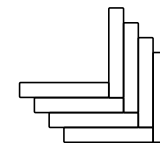

Ash HB XL Sandstone presents a contemporary herringbone made from extra-long ash boards, giving the pattern a spacious, elongated visual rhythm. The Sandstone tone softens the naturally expressive ash grain, resulting in a calm, elegant surface with subtle color transitions. Precise milling ensures a seamless fit, while the larger format reduces the number of joints and enhances visual consistency. This design is an excellent choice for bright, modern interiors that need both lightness and refined character.

PATTERN: HERRINGBONE XL **CONSTRUCTION:** 3 LAYER **SIZE:** 14X180X900 **GRADE:** ELEGANT
SURFACE: BRUSHED, LACQUERED 5% GLOSS **BEVEL:** 4B

Walnut Herringbone presents a refined herringbone pattern that highlights the natural depth and expressive grain of walnut. The warm tonal variations create a rich, elegant surface with a calm, continuous rhythm. Precise milling ensures clean geometry and seamless alignment of each element, emphasizing the clarity and balance of the classic herringbone layout. This design suits premium, contemporary, and timeless interiors where a sophisticated and naturally luxurious floor is desired

OAK PONY TAIL 60°

INDEX: 15512 C

Our Pony Tail pattern in Oak features a striking 60° geometric angle, creating a bold, dynamic visual effect. Each board's natural grain is highlighted, and the pattern's acute angles produce a rhythmic flow that brings depth and movement to any space. Available in various Oak tones and finishes, this design combines the elegance of classic chevron layouts with a modern, sculptural twist. It is ideal for both contemporary interiors and timeless, refined spaces.

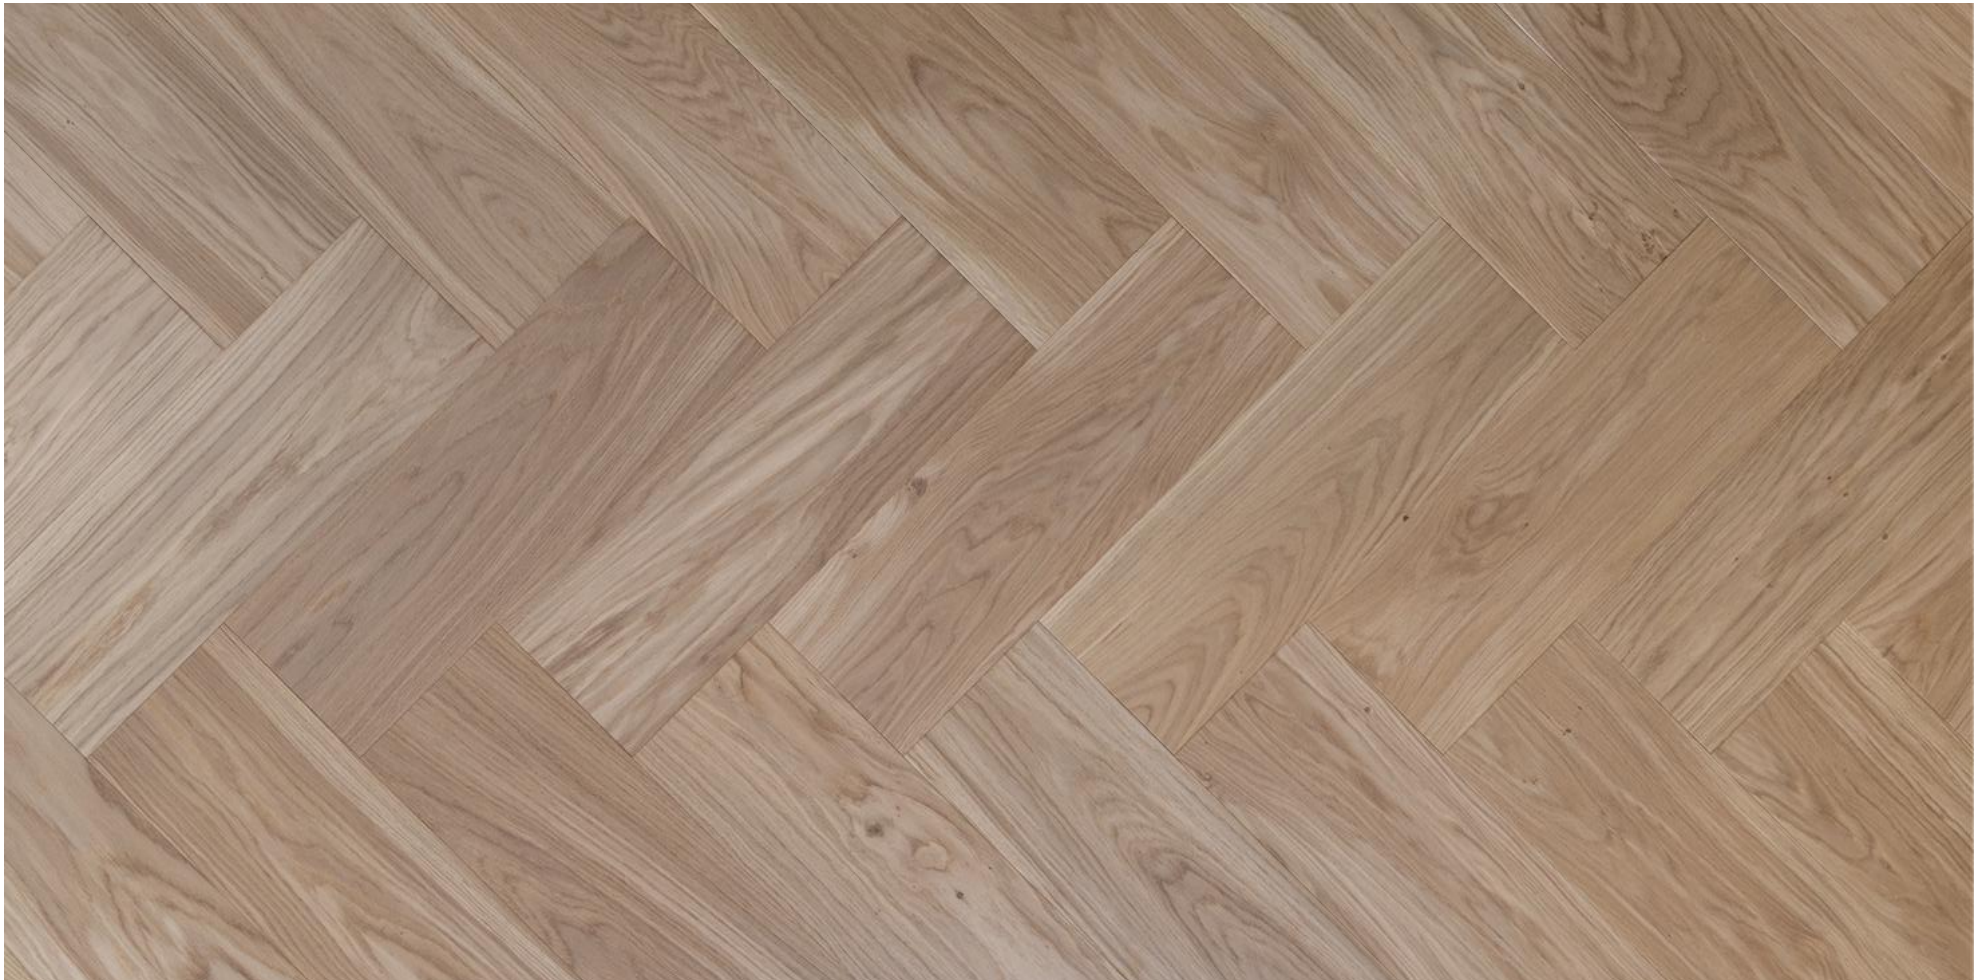

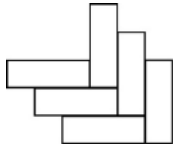

PATTERN: PONY TAIL 60° **CONSTRUCTION:** 2 LAYER, PLYWOOD **SIZE:** 14X180X440 **GRADE:** AB
SURFACE: DEEP BRUSHED LACQUERED 5% GLOSS **BEVEL:** 4B

Oak Whale Bone Pure Line offers a clean and contemporary version of the classic herringbone pattern. The boards are arranged in a refined whale-bone layout that creates a soft, elongated visual flow across the surface. The Pure Line tone highlights the natural character of oak with gentle color variations and a bright, balanced appearance. Precise milling ensures a seamless fit and a consistent rhythm, making this design well-suited for modern, minimal, and Scandinavian interiors where a calm yet distinctive floor is desired.

WALNUT PONY TAIL 60°

INDEX: 35004 C

Our Pony Tail pattern features a striking 60° geometry, giving a bold and dynamic visual when laid. It can be crafted in premium wood species such as Walnut, Oak, and Ash, offering both warmth and sophistication in different tones.

The acute 60° angle creates a rhythmic flow and a sense of motion across the floor, making it a perfect choice for modern, architectural interiors. This pattern brings a sculptural and contemporary feel while maintaining the elegance of classic chevron layouts.

PATTERN: PONY TAIL 60° **CONSTRUCTION:** 2 LAYER, PLYWOOD **SIZE:** 14X180X440 **GRADE:** AB

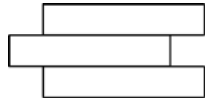

SURFACE: DEEP BRUSHED LACQUERED 5% GLOSS **BEVEL:** 4B

Our Handscraped surface features gently rounded curves with no sharp edges. Using our unique technology, we prevent the open cracks often found in traditional handscraped flooring, avoiding wood movement and sharp fibers. Every detail is carefully smoothed for a 100% safe and pleasant texture for your family.

The finish is created both manually and by machine, applying four layers of protective coating to maximize natural oil absorption. This deep oil penetration makes future maintenance easier and allows the surface to be refreshed effortlessly with Naturalwax oil whenever needed.

US OAK 1 STRIP HAVANA

INDEX: 11683 C

US Oak 1 Strip Havana features a rich, deep-toned finish that enhances the natural movement of oak grain, giving the floor a warm and expressive character. The color treatment creates a balanced contrast that highlights the structure of the wood without overwhelming the surface. Standard 180 mm 1-strip boards form a clean, uniform layout suitable for both contemporary and classic interiors. The surface treatment supports long-term visual consistency, ensuring that the elegant Havana tone maintains its refined appearance in everyday use.

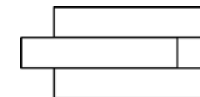

PATTERN: 1 STRIP **CONSTRUCTION:** 3 LAYER **SIZE:** 14X180X2200 **GRADE:** AB
SURFACE: BRUSHED LACQUERED 5% GLOSS **BEVEL:** 2B

Oak 1 Strip Multi Width Pure Line combines the clarity of single-strip boards with a subtle variation in widths, creating a calm yet visually engaging layout. The Pure Line tone keeps the oak bright and natural, highlighting the grain without adding contrast. Different board widths introduce a gentle rhythm across the surface, making the floor feel more dynamic while remaining understated. This design fits well into modern, minimal, and Scandinavian interiors where a clean, natural look with a soft architectural touch is desired.

SURFACE: DEEP BRUSHED OSMO OIL **BEVEL:** 4B

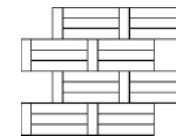

The Esta Art Solo decor combines three vertical strips with one horizontal strip to create a clean, modern geometric layout. Its unique structure can visually elongate a room, making spaces appear longer and more open.

Deep brushing enhances the wood's character—metal brushes open the pores and highlight the grain, while plastic brushes round and smooth the fibers to ensure a safe, maintenance-friendly surface with no sharp edges.

The boards can be installed floating or glued down, offering an affordable way to achieve elegant geometric effects. A wide selection of colors and finishes is available, giving designers and homeowners greater freedom to match any interior style.

Oak Dutch Pattern 2 Dazy offers a calm, contemporary interpretation of the classic Dutch layout. The light DAZY tone softens the geometric structure, highlighting the natural oak grain while keeping the overall look bright and balanced. The pattern is formed by precise rectangular elements and cross-boards, creating a structured rhythm without overwhelming the space. This design suits modern, Scandinavian, and minimal interiors where a subtle architectural accent is desired, providing both visual interest and a soft, harmonious surface.

OAK DUTCH PATTERN STAVANGER

INDEX: 11673 C

Oak Dutch Pattern Stavanger offers a refined interpretation of the classic Dutch pattern, composed of rectangular blocks and bordering elements that form a structured geometric layout. The warm oak tone highlights the natural grain and gives depth to each module, creating a floor with a strong architectural presence. This format brings rhythm and visual interest while maintaining a balanced, elegant appearance. The carefully milled elements ensure precise alignment, making the pattern suitable for both traditional and contemporary interiors that require a distinctive, timeless look.

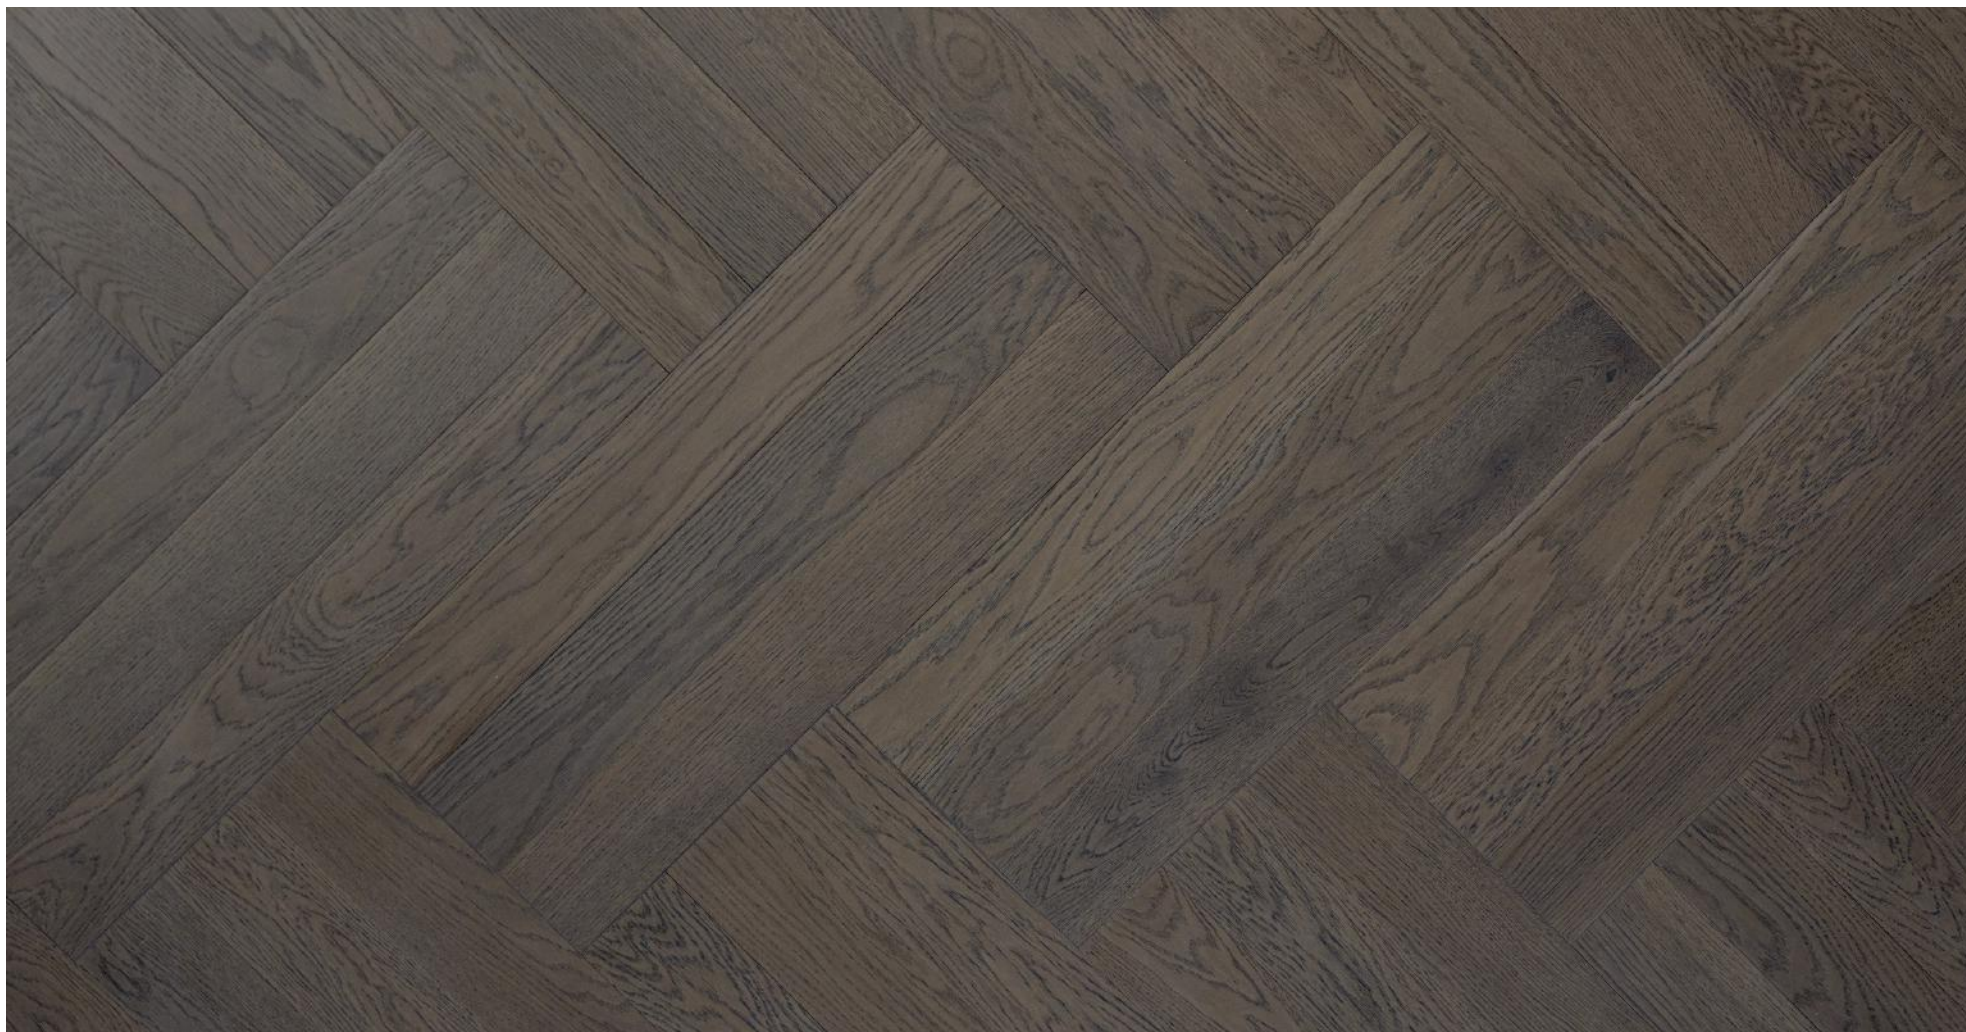

PATTERN: DUTCH PATTERN **CONSTRUCTION:** 2 LAYER, PLYWOOD **SIZE:** 14X120X600 **GRADE:** AB+ NORDIC S
SURFACE: BRUSHED LACQUERED 5% GLOSS **BEVEL:** 4B

Lava Grey is oak in its most restrained form. A geometric pattern of three planks with alternating grain directions creates a surface that feels alive — shifting subtly with every change of light. The deep grey tone with an ashen undertone works equally well in minimalist and classical interiors.

SURFACE: LIGHT BRUSHED LACQUERED 5% GLOSS **BEVEL:** 4B

WARRANTY: CARING ABOUT YOU

ESTA PARKET offers a 35-year limited warranty for private use when our flooring is installed and maintained according to manufacturer guidelines.

COMPREHENSIVE COVERAGE

Our warranty ensures protection against manufacturing defects and damage caused by normal indoor moisture conditions, provided installation and care guidelines are followed.

PRECISION IN CRAFTSMANSHIP

Each plank is carefully inspected before it reaches you. If you find a visually defective plank before installation, we will replace it free of charge through your retailer.

RADIANT HEAT READY

Our floors are compatible with underfloor heating systems. For optimal performance, ensure the surface temperature does not exceed 27°C (81°F).

SUSTAINABILITY MEETS DURABILITY

Wood is a natural material that matures beautifully over time. Variations in color and texture highlight its authenticity and are a testament to its natural origin. With proper care, ESTAPARKET floors are designed to provide decades of elegant performance while maintaining their timeless charm.

MOISTURE CONTROL GUARANTEE

Our floors are engineered to withstand fluctuations in indoor humidity (40%-60%) when installed according to our guidelines. To maintain optimal performance, consider installing a humidifier or dehumidifier where necessary.

EXCLUSIONS & IMPORTANT NOTES:

- **Natural Characteristics:** Variations in color, grain, and texture, as well as natural aging and color changes, are not considered defects.
- **Misuse & Damage:** The warranty does not cover scratches, dents, stains, or damage caused by water saturation, improper maintenance, pets, or heavy furniture.
- **Environmental Factors:** Extreme conditions, such as excessive heat or moisture, can impact performance and are not covered under warranty.

FILING A CLAIM:

To submit a warranty claim, please contact your retailer or write to us at Technomar & Adrem AS, Vana Narva mnt. 22, 74114 Maardu, Estonia. Claims must include proof of purchase, installation, and maintenance records.

WHY CHOOSE ESTAPARKET?

- Our warranty reflects our dedication to quality and longevity.
- By investing in ESTA PARKET, you're choosing flooring that is not only beautiful and durable but also aligned with sustainable practices.
- Each project we undertake is crafted to perfection, ensuring every detail meets your expectations.

SUSTAINABILITY: CARING FOR THE FUTURE

At ESTA PARKET, we craft flooring solutions that bring together timeless quality, elegant design, and environmental care.

RESPONSIBLY SOURCED MATERIALS

We use wood from certified forests (FSC, PEFC), ensuring sustainable forestry practices and resource renewal.

EFFICIENT PRODUCTION

Our advanced technologies maximize resource utilization and minimize waste, reducing our environmental footprint.

DURABILITY AS AN ECO-VALUE

ESTA parquet flooring is designed to last for decades, reducing the need for frequent replacements and conserving resources.

SAFE AND LOW-EMISSION MATERIALS

We use finishes and adhesives with low volatile organic compound (VOC) emissions, ensuring safety for your home and the environment.

ENERGY-EFFICIENT MANUFACTURING

We optimize energy consumption and implement eco-friendly technologies throughout the production process.

THE FSC CERTIFICATION GUARANTEES THAT
THE WOOD USED IN A PRODUCT IS SOURCED
IN A WAY THAT:

Protects Biodiversity: The forest management practices maintain or enhance biodiversity, water resources, and ecosystems.

Respects Indigenous Rights: The rights of indigenous people to use the forest are upheld, and their land and resources are protected.

Supports Workers and Communities: The certification ensures fair wages, safe working conditions, and respect for the rights of workers and local communities.

Promotes Legal and Sustainable Logging: Logging practices avoid illegal logging, reduce environmental impact, and promote the long-term sustainability of forests.

CERTIFICATES

The Real Wood logo is exclusively managed by authorized manufacturers who are members of the European Federation of the Parquet Industry (FEP). Choosing real wood supports ecological sustainability.

M1 certification guarantees that emissions from Esta Parket are as slow, as they are found in the trees in Nature, making Esta Parket floor perfectly safe for your home.

The FSC® (Forest Stewardship Council®) certification ensures that wood products come from responsibly managed forests that provide environmental, social, and economic benefits.

The FEP certification is issued by the European Federation of the Parquet Industry, ensuring compliance with the highest standards in parquet production. The FEP certification represents reliability, craftsmanship, and a commitment to ecological responsibility.

The Bona High Durability Finishes certification confirms that Technomar & Adrem Ltd. meets the highest standards for adhesion, chemical resistance, impact resistance, abrasion resistance, and scratch resistance. This ensures durable and long-lasting performance of the finishes.

The SCS certification confirms that Technomar & Adrem AS meets standards for sustainable production and distribution of FSC Mix and FSC Controlled Wood, reflecting a commitment to responsible forestry and environmental care.

The ISO 9001 certification represents a global standard for quality management systems, demonstrating a company's commitment to delivering consistently high-quality products and services. For Esta Parket, this certification underscores our dedication to excellence at every stage of production, from sourcing premium materials to crafting flooring that meets the most rigorous standards.
