

Build STEAM Expertise. Lead Real Classroom Impact.

Join the 2026–2027 STEAM Micro-Credentialing Program

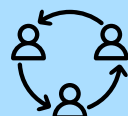

STEAM Micro-Credentialing At A Glance

A **three salary-point program** comprised of three courses of two modules each completed over one academic year

Course content is delivered using a **blended learning approach** with instructor-led, face-to-face and high-quality eLearning

Educators engage as a **community of practice** and produce **Evidence of Learning Artifacts** (EOLAs)

STEAM Micro-Credentialed Educators Will

Deeply understand the **California Content Standards**, especially the Next Generation Science Standards, and the implications of these standards and shifts on teaching and learning in a 21st Century STEAM classroom

Design and deliver rigorous, real-life, relevant, and engaging **interdisciplinary performance tasks**

Leverage instructional technology to create and deliver interdisciplinary progressions of learning with **high impact instructional strategies** and arts embedded to enhance learning

Continuously **plan, deliver, reflect and revise** their instruction

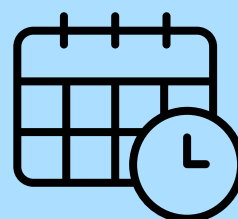

Collaborate and lead the building of **partnerships that support all students**

Why Apply?
