ABOUT US

Welcome To Our Company About Us!

Established in 2026, we are a trusted exporter and supplier of premium-quality fresh agricultural products from the heart of India.

Based in Khetia, Madhya Pradesh, we specialize in the sourcing, packaging, and export of Green Bananas, Green Chillies, and Onions. Our commitment to quality and freshness ensures that every shipment meets the highest international standards.

Uttibha Global Trade was founded with a singular mission: to connect Indian farmers with global markets while ensuring uncompromised quality. Our headquarters in Khetia, Badwani district, places us in the middle of one of India's most productive agricultural zones. This strategic advantage allows us to source the freshest green bananas, onions, and green chillies directly from farmlands.

We take pride in our rigorous quality control process — from harvesting to packaging, every step is monitored to preserve freshness, flavor, and nutritional value. Our team works tirelessly to ensure that each shipment meets the specific requirements of international buyers, including size grading, color sorting, pest-free certification, and customized packaging solutions. Whether you're a wholesaler, supermarket chain, or food processor, Uttibha Global Trade is your reliable partner for premium Indian produce.

OUR PRODUCTS

RED ONION

Red onions are one of the most sought-after agricultural commodities in international trade, known for their rich color, pungent flavor, and excellent storage capabilities. At Uttibha Global Trade, we offer premium quality red onions that are carefully sourced from the fertile farms of Madhya Pradesh, ensuring superior taste and long shelf life.

Our red onions are sun-dried and properly cured to achieve the perfect texture and flavor profile. Each onion is hand-graded for uniform size and quality, with no sprouts, blemishes, or signs of decay. The deep purple-red skin and crisp layers make them ideal for culinary use across various cuisines worldwide.

OUR PRODUCTS

GREEN CHILLI

Green chillies are an essential ingredient in cuisines around the world, valued for their vibrant color, crisp texture, and distinctive heat. At Uttibha Global Trade, we offer premium quality fresh green chillies that are carefully hand-picked at peak maturity, delivering the perfect balance of pungency and freshness for international markets.

Our green chillies are sourced from the finest farms in Madhya Pradesh, where the ideal climate and growing conditions produce chillies with uniform size, bright green color, and consistent heat levels. We take great care during harvesting and sorting to ensure only the best quality chillies are selected for export.

OUR PRODUCTS

GREEN BANANA

Green bananas are a staple export commodity known for their versatility and long shelf life. At Uttibha Global Trade, we offer premium quality green bananas that are carefully hand-picked at the optimal stage of maturity, ensuring they arrive fresh and ready for ripening or direct use in various culinary applications.

Our green bananas are sourced from the finest farms in Madhya Pradesh, where the tropical climate and fertile soil produce bananas with excellent texture, uniform size, and natural sweetness once ripened. We take great care in the harvesting process, selecting only the best bunches that meet strict quality standards for export.
