THE ASSET INTEGRITY LANDSCAPE **IS CHANGING**

ARE YOU READY?

Malaysia is moving towards more risk-based, technology-driven and self-regulated approaches to asset integrity and statutory inspection.

What does this mean for asset owners, engineers, inspectors and integrity professionals?

PRCF & PSTT

Transforming statutory inspection through advanced inspection technologies

SSI

A new era of risk-based regulatory compliance

OSRMS 2.0

Advancing offshore safety through self-regulation

ROBOTICS & AI

The future of inspection and Asset Integrity Management

Understand the changes. Learn from regulators. Hear from industry.
