

IBPS PRELIMS - 30 DAYS REVISION PLAN

CLASS 15 - TIME & DISTANCE

Question 1-5

Study the following information carefully and answer the given questions Nine persons viz., A, B, C, D, E, F, G, H and I are sitting in a linear row and facing the north. D sits fourth to the left of H, where neither of them sits at the extreme ends. As many persons sit to the left of D as to the right of A. Only three persons sit between the one who sits immediate right of A and F. No one sits between I and F. Only two persons sit between I and G. B sits to the left of G. C neither is an immediate neighbour of H nor sits at the extreme end.

X _ I _ F _ D _ G _ A _ H _

B G

a.e.i.o.p.

IBPS PRELIMS - 30 DAYS REVISION PLAN

CLASS 15 - TIME & DISTANCE

1. Who among the following person sits between C and G?

I). A

II). H ✓

III). I ✓

a. Only I and II

b. Only II

✓ c. Only II and III

d. All I, II and III

e. Only III

2. In which of the following option the second person sits second to the right of the first person?

a. EG

b. HC

c. CD

✓ d. FG

e. AF

E - G

IBPS PRELIMS - 30 DAYS REVISION PLAN

CLASS 15 - TIME & DISTANCE

3. If Z sits exactly between B and the one who sits second to the left of A, then how many persons sit between Z and F?

- ☒ a. One
- b. Three
- c. Five
- d. No one
- e. Two

4. Who among the following person sits third to the left of E?

- a. No one
- b. The one who sits second from the left end
- c. A
- ☒ d. The one who sits second to the right of I
- e. B

5. If the persons whose name is a vowel are facing south, then which of the following statements is/are not true?

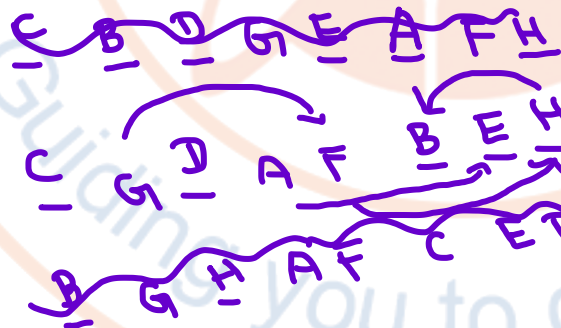

- ☒ a. Only one person sits to the left of E
- ☒ b. H sits second to the right of I
- c. C sits to the right of A
- d. Both a and c
- ☒ e. Both a and b

IBPS PRELIMS - 30 DAYS REVISION PLAN

CLASS 15 - TIME & DISTANCE

6-10

Study the following information carefully and answer the following questions. Eight persons - A, B, C, D, E, F, G and H are sitting in a linear row and facing the south. G sits third to the right of F, where neither of them sits at any one of the extreme ends. Only one person sits between G and A, who doesn't sit to the right of G. The number of persons sitting to the right of A is two more than the number of persons sitting to the left of E. C sits second to the right of D. As many persons sit to the right of C as to the left of H. Less than two persons sit between H and B, who doesn't sit at the end of the row.

IBPS PRELIMS - 30 DAYS REVISION PLAN

CLASS 15 - TIME & DISTANCE

6. What is the position of D with respect to B?

- a. Third to the left
- b. Second to the right
- c. Second to the left
- d. Fourth to the right
- ☒ e. Third to the right

7. A sits second to the right of B and third to the left of C.

- ☒ a. B, C
- b. C, E
- c. H, D
- d. F, C
- e. D, E

8. Who among the following person sits immediate right of H?

- a. The one who sits second to the right of B
- b. F
- c. D
- ☒ d. The one who sits third to the left of A
- e. C

9. If G is related to F and A is related to E in a certain way, then who among the following person is related to H?

a. C

☒ b. F

c. D

d. B

e. E

10. Which of the following statement(s) is/are TRUE as per the given arrangement?

☒ I). A is an immediate neighbour of D

☒ II). B sits fourth to the left of G

☒ III). As many persons sit between C and F as between B and H

a. Only II and III

b. Only I

☒ c. Only I and II

d. Only III

e. All I, II and III

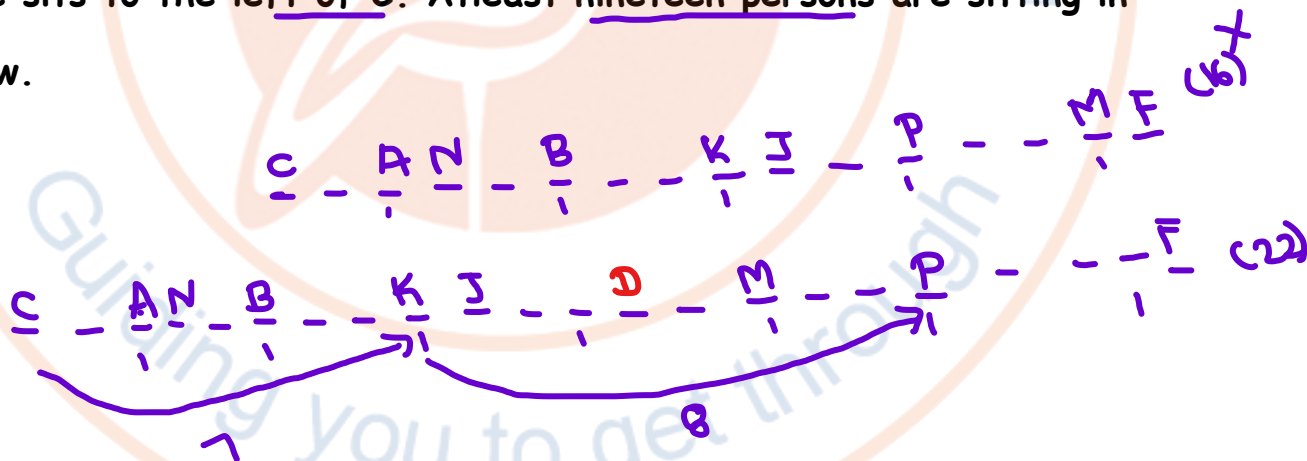

IBPS PRELIMS - 30 DAYS REVISION PLAN

CLASS 15 - TIME & DISTANCE

11-15

V ← N ↑ → R

Study the following information carefully and answer the given questions. Certain number of persons are sitting in a linear row and all are facing north. P sits fourth to the left of F, who sits at one of the extreme end. Only two persons sit between P and M. J sits fifth to the left of M. Only six persons sit between J and A, who sits to the immediate left of N. C sits third to the left of N. B sits fifth to the right of C. The number of persons sitting between B and J is one more than the number of persons sitting between K and B. No one sits to the left of C. Atleast nineteen persons are sitting in the row.

IBPS PRELIMS - 30 DAYS REVISION PLAN

CLASS 15 - TIME & DISTANCE

11. What is the position of B with respect to M?

- a. Ninth to the right
- b. Tenth to the right
- ✓ c. Ninth to the left
- d. Tenth to the left
- e. Eighth to the left

12. How many persons are sitting in a row?

- a. 20
- b. 23
- c. 19
- ✓ d. 22
- e. 21

13. The number of persons sitting between C and K is _____ than the number of persons sitting between K and P.

- a. Two more
- ✓ b. One less
- c. Three more
- d. Two less
- e. One more

14. How many persons are sitting between C and J?

- a. Nine
- b. Seven
- c. Six
- d. Ten

☒ e. Eight

15. If D sits fourth to the right of K, then as many persons sit to the right of D as to the left of _____.

- ☒ a. J
- b. K
- c. N
- d. P
- e. M

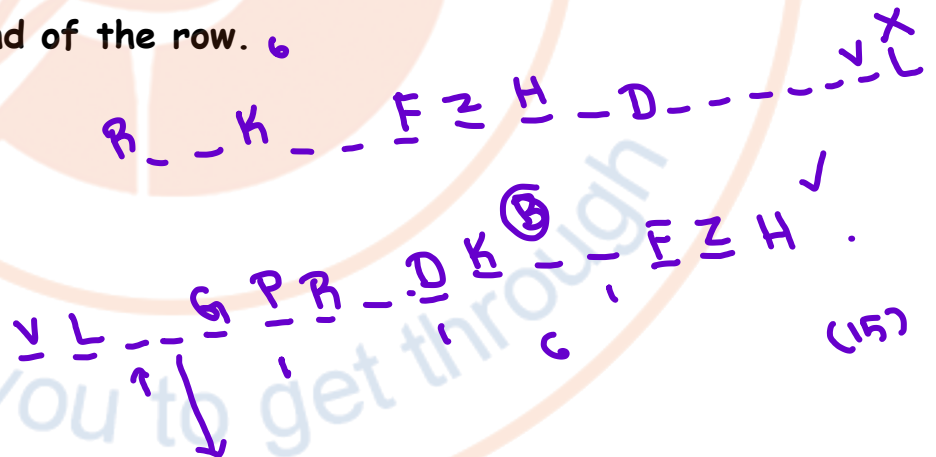

IBPS PRELIMS - 30 DAYS REVISION PLAN

CLASS 15 - TIME & DISTANCE

16-20

Study the following information carefully and answer the given questions. A certain number of persons are sitting in a linear row facing north direction. Not more than 19 persons are sitting in the row. Only three persons sit between F and D, who doesn't sit adjacent to Z. H sits second to the right of F. K sits fourth to the left of Z, who is an immediate neighbor of H. Only two persons sit between K and R. As many persons sit between R and Z as between D and L, who doesn't sit adjacent to H. V sits immediate left of L. Only four persons sit between V and P, who sits immediate right of G. V and H sit at the end of the row.

16. How many persons are sitting in the linear row?

a. 16

b. 18

☒ c. 15

d. 17

e. 19

17. Who among the following person sits fifth to the right of the one who sits second to the left of P?

a. K

☒ b. D

c. F

d. Z

e. H

18. The number of persons sitting to the right of _____ is two less than the number of persons sitting to the left of _____

a. P, H

b. V, Z

c. P, F

☒ d. F, G

e. D, L

19. If B sits as one of the neighbors of K, then how many persons sit between B and L?

- a. Four
- b. Five
- c. Six
- d. Seven
- ☒ e. Eight

20. What is the position of V with respect to R?

- ☒ a. Sixth to the left
- b. Fifth to the left
- c. Sixth to the right
- d. Seventh to the left
- e. Fourth to the right

IBPS PRELIMS - 30 DAYS REVISION PLAN

CLASS 15 - TIME & DISTANCE

21-25

Study the following information carefully and answer the given questions. A certain number of persons sitting in a linear row and facing the south direction. H sits fourth to the left of E. D sits second to the right of T, who sits adjacent to E. As many persons sitting between H and T as to the right of D, who sits an immediate neighbour of J. Only six persons sit between J and I, who sits third to left of A. K sits fourth to the right of I. Only five persons sit between K and O, who sits second from the extreme end. If G sits an immediate right of D, then

21. how many persons sit to the left of G?

- a. 10
- b. 12
- c. 13
- d. 09
- e. 08

22. What is the position of O with respect to E?

- a. Sixth to the left
- b. Fifth to the right
- c. Seventh to the left
- d. Fourth to the left
- e. Third to the left

23. How many persons sit between J and I?

- a. Seven
- b. Nine
- c. Three
- d. Six
- e. Four

24. Who among the following person sits fifth to the right of the one who sits second to the left of A?

- a. E
- b. K
- c. H
- d. I
- e. T

25. Who among the following person doesn't sit between the one who sits immediate right of K and O?

- a. E
- b. A
- c. H
- d. I
- e. Both a and d

IBPS PRELIMS - 30 DAYS REVISION PLAN

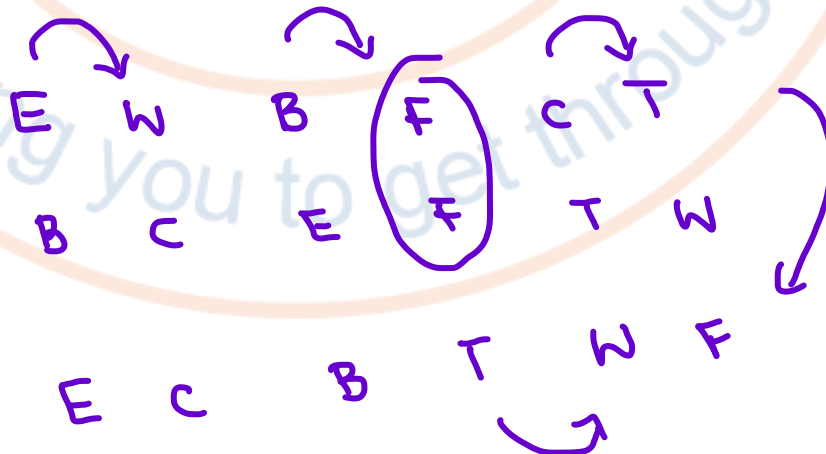

CLASS 15 - TIME & DISTANCE

26-30

Study the following information carefully and answer the given questions. Six persons E, B, C, F, W and T are sitting in a linear row and facing the north. E sits at any one of the extreme ends. Only one person sits between F and T. Only two persons sit between E and F. C sits to the right of W but not immediate right. W sits immediate left of B and does not sit at extreme ends.

E	T	W	F	B	C	X
E	W	B	F	C	T	✓
T	W	F	B	C	E	X
W	B	F	C	T	E	X

WBC

26. How many persons are sitting between F and W?

- ☒ a. As many persons sit between B and E
- b. Three
- c. Two
- d. As many persons sit to the right of T
- e. More than three

27. If all the persons are arranged in alphabetical order from the left end, then whose position is remained unchanged?

I). C ☒ II). F III). T

- a. Only I
- ☒ b. Only II
- c. Only III
- d. Only I and III
- e. No one

28. If E is related to W, B is related to F in a certain way, then who among the following one is related to T?

- a. B
- b. E
- ☒ c. C
- d. W
- e. F

29. Who among the following person sits third to the left of T?

- a. The one who sits immediate right of B
- b. No one
- c. W
- d. The one who sits second to the right of E
- e. E

30. If the positions of F and T are interchanged and the positions of C and W are interchanged then how many persons sit between T and W?

- a. Two
- b. Five
- c. Three
- d. Four
- e. None

IBPS PRELIMS - 30 DAYS REVISION PLAN

CLASS 15 - TIME & DISTANCE

Practice Set

Study the following information carefully and answer the given questions. Seven persons -- E, F, G, H, K, L, and O -- are sitting in a linear row and facing the north. K does not sit to the right of F. G sits immediate left of E. Two persons sit between F and G. F does not sit to the right of G. H sits to the left of F. Three persons sit between L and H. Only one person sits between K and O.

1. Which of the following person sits immediate left of G?

- a. O
- b. G
- c. F
- d. K
- e. L

2. How many persons sit between G and H?

- a. No one
- b. One
- c. Two
- d. Three
- e. More than three

3. If all the persons are arranged in alphabetical order from the left end, then what is the position of G with respect to L after arrangement?

- a. Third to the left
- b. Third to the right
- c. Second to the left
- d. Second to the right
- e. Immediate left

4. If the distance between adjacent persons is 3m, then what is the distance between K and L?

- a. 3 m
- b. 9 m
- c. 6 m
- d. 12 m
- e. 15 m

5. If X sits between F and O, then what is the position of K with respect to X?

- a. Third to the right
- b. Third to the left
- c. Second to the left
- d. Second to the right
- e. Immediate right

Study the following information carefully and answer the given questions. A certain number of persons are sitting in a linear row facing north. Only five persons sit between E and Y, who sits third to the right of A. U sits immediate right of A. Only three persons sit between U and I, who sits third from one of the extreme ends. Only six persons sit between I and J. The number of persons sitting between Q and J is two more than the number of persons sitting to the right of E. V sits second to the right of Q. Not more than four persons sit between V and Y. N sits fifth to the right of E.

6. What is the sum of the number of persons sitting in the row and the number of persons sitting to the right of E?

- a. 32
- b. 27
- c. 25
- d. 42
- e. 39

7. If P sits immediate left of Q, then who among the following person sits sixth to the right of P?

- a. Y
- b. J
- c. E
- d. A

e. U

8. The number of persons sitting between V and I is one less than the number of persons sitting between _____ and _____.

a. J, N

b. U, Y

c. Q, E

d. Y, I

e. A, Q

9. Who among the following person sits fifth to the left of Y?

a. Q

b. The one who sits seventh to the left of E

c. N

d. The one who sits immediate right of I

e. No one, Y sits at extreme left end

10. What is the position of A with respect to J?

a. Fourth to the left

b. Twelfth to the right

c. Sixth to the left

d. Ninth to the right

e. Fourteenth to the right
