Package

INTERIOR HIGHLIGHTS

Memorable seating

Spectrum of styles

Finely crafted cabin

Wireless connections

Digital recognition

SAFETY HIGHLIGHTS

Center air bag

The advanced restraint systems in the C-Class include an innovative air bag between the driver and front passenger.

Hands-free parking

Standard PARKTRONIC with Active Parking Assist can help you size up parking spots, then maneuver into the space automatically. Audio-visual displays help you navigate tight quarters.

Foresight for reversing

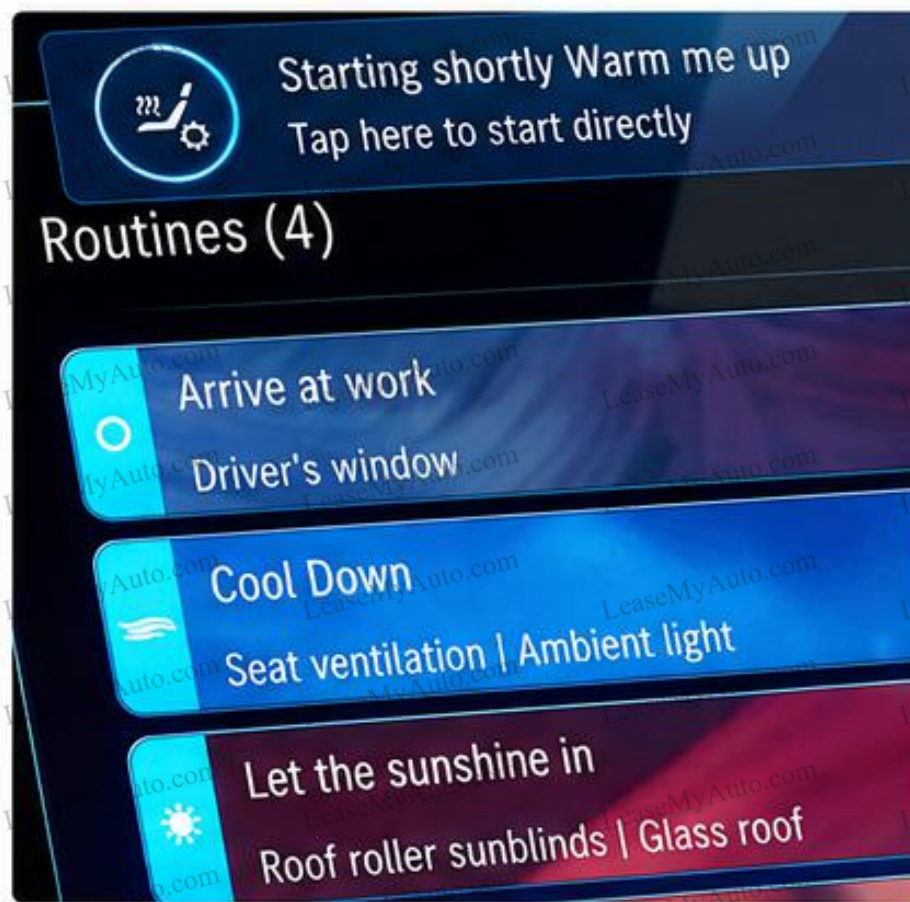

The rearview camera includes standard and wide-angle views, and can alert you to cross-traffic as you back up. Available Surround View cameras can team up for a virtual birdseye view.

Virtual watchdog

After you park, GUARD 360° can alert you if the car is bumped. It can even use the car's exterior cameras to take pictures and send them to you via the Mercedes-Benz app.

TECH HIGHLIGHTS

Situational awareness

MBUX Routines let you automate everyday functions based on location, conditions or other parameters, from warming the seats when it's cold to playing your favorite Friday night soundtrack.

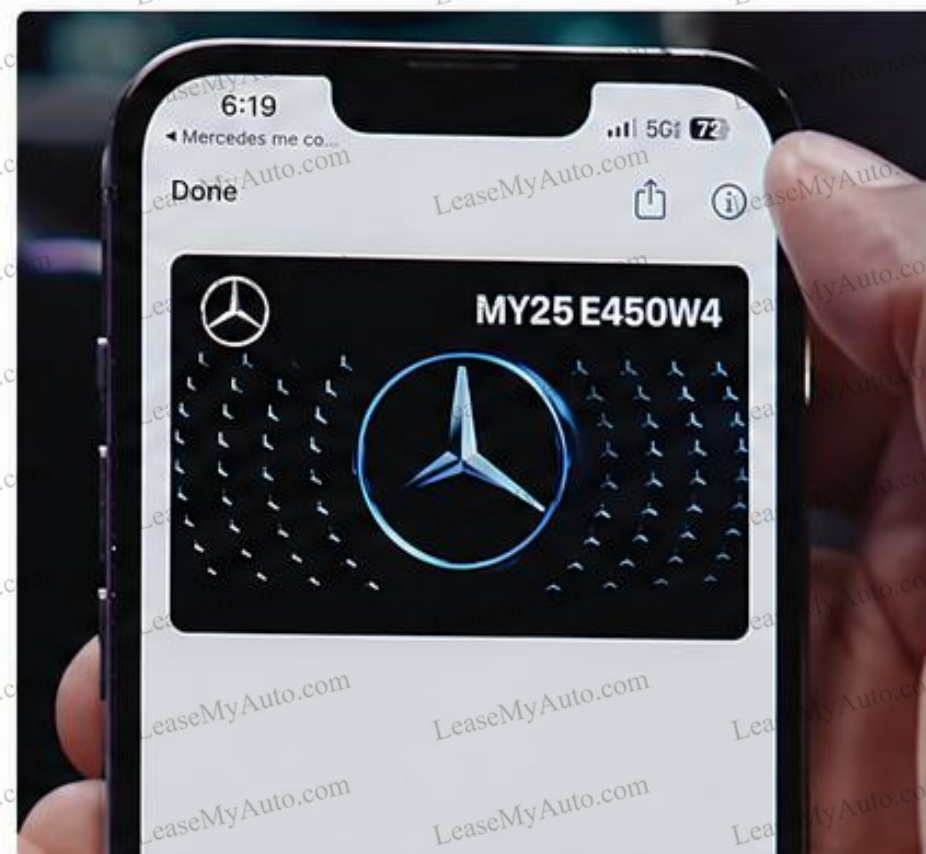

Artificial intelligence, genuine smarts

3rd-gen MBUX (the Mercedes-Benz User Experience) is smarter, quicker to respond, can understand more languages. And it can learn, add apps and update over time, and over the air.

5G communications module

A big benefit of a connected car is how it sets you free to travel with ease, around town or cross-country. The C-Class uses 5G technology to help keep you online more reliably.

Digital Vehicle Key

You can unlock and drive your C-Class using your iPhone® or Apple Watch®. You can pair up to 32 devices, and customize parameters like letting your teenager unlock the car but not drive it.

Hand-built power, high-tech strength

A pair of
performance
sedans

Technology derived
from Formula 1®

AMG Performance
4MATIC

The 416-hp AMG C 43 and 671-hp C 63 S E PERFORMANCE each pair racing-derived turbo and hybrid tech with handcrafted AMG gas engines. Advanced handling systems turn traction into action.
