OPEN LETTERS TO *President Biden*

BLACK WOMEN for KAMALA

OPEN LETTER TO PRESIDENT JOSEPH R. BIDEN

Dear Mr. President,

We, Black Women For Kamala (BWFK), write to express our profound gratitude for your service and leadership of our country. Your trust in Black women and your embodiment of integrity, compassion, and strength have not gone unnoticed. Your selfless dedication to putting our country first has reinvigorated our national pride. You set out to save the soul of America and indeed Mr. President, you did just that.

Throughout your distinguished career as Senator, Vice President, and now President, you have consistently demonstrated patriotism and grace under fire. You restore faith in American democracy and restored dignity to the office of the President. Your compassionate yet decisive leadership has been a stabilizing force for our nation. You have kept your promises and steered the country in a positive direction, cementing your legacy through policies and protections that benefit all Americans.

Over the past three years, you and Vice President Harris have leveraged the full power of the Federal Government to advance racial justice and equity, ensuring the promise of America extends to all communities, including Black Americans.

Your accomplishments are numerous and significant:

1. Reducing the wealth gap for Black Americans, contributing to a 60% increase in wealth compared to pre-pandemic levels.
2. Achieving the lowest Black unemployment rate on record.
3. Reducing child poverty to historic lows.
4. Expanding access to quality, affordable healthcare.
5. Advancing voting rights and police accountability.
6. Providing historic funding for Historically Black Colleges and Universities (HBCUs).
7. Nominating the first Black woman to the Supreme Court and appointing more Black women to the federal circuit than all previous presidents combined.
8. Signing the Emmett Till Antilynching Act and establishing Juneteenth as a national holiday.
9. Investing over $295 million in infrastructure funding and historic preservation grants to protect places significant to Black history.
10. Creating the first-ever White House Office of Gun Violence Prevention, leading to a 12.4% reduction in homicides across the United States.

Your choice of Vice President Harris as your running mate and governing partner, along with the appointment of other senior Black women throughout your Administration, has demonstrated to the nation the importance and value of trusting Black women, especially in leadership roles.

As we look to the future, we pledge to work tirelessly to ensure that your legacy continues through Vice President Harris as she endeavors to become the 47th President of the United States.

BLACK WOMEN for KAMALA

Mr. President, you have kept your promises to us, and we promise we will not allow your legacy to be undone. We continue to fight for the soul of our Nation.

As you said in your Oval Office address, "Nothing can come in the way of saving our democracy,"

Just know we're in this together.

Sincerely,

Waikina Clanton

Mr. President! This is a bitter sweet moment. I am going to miss your leadership. It was amazing to watch your skill of bringing people together. I love your whit and quick thinking demonstrated during the State of the Union addresses. I am thankful for all the things you've accomplished in a short period of time. Re-establishing trust with foreign nations, giving four more years of freedom, leading us to an extremely low unemployment rate, and giving us, blank women a voice. Believing in us.

Choosing Kamala Harris as your VP and nominating our first black female justice to the Supreme Court and now passing the torch to Kamala for President.... it speaks volumes! And yes! As you have said, it matters! And you are redefining black jobs. I saw that speech at the NAACP. You dropped the mic on that statement. But you also meant it. It wasn't a line but a truth you are helping us spread. So thank you, thank you, thank you!!

THANK YOU President Biden for ALWAYS being a class act and for putting our nation first.

You have done so much for middle class Americans like me. I'm a somewhat new nurse, and was forced to change careers (going into nursing) at the age of 45.

I incurred a lot of debt in my masters nursing program (over 150k) and had to basically wipe out my 401k to keep a roof over me and my daughter's head.

My debt has not been eliminated, but thanks to the 'Nurse Corps Loan Repayment Program,' and Presidents like you, I will have 60% eliminated via my employer over a 2 year period. I am still responsible for making $600 monthly payments, which is a challenge, but I remain thankful.

My family and I have always thrown our FULL support behind you.

WE THANK YOU. WE LOVE YOU. WE WISH YOU ALL THE BEST.
We will support Vice President Kamala Harris just the same.
